#### JAMES ARCHIBALD CAMPBELL, B.A., PRESIDENT

Principal Buie's Creek Academy, 1887; Superintendent Harnett County Public Schools, 1890-1894, 1897-1899; B.A., Wake Forest College, 1911; Baptist Pastor since 1886

#### BURGESS PINCKNEY MARSHBANKS, M.A., LL.B., VICE-PRESIDENT

B.A., Wake Forest College, 1908; M.A. and LL.B., Wake Forest College, 1909; Assistant in Physics Wake Forest College, 1908-9; Graduate Student State College, 1924; Mathematics and History, Buie's Creek Academy, 1909-

Mathematics

#### LESLIE HARTWELL CAMPBELL, M.A., DEAN

B.A., Wake Forest College, 1911; M.A., Wake Forest College, 1916; Graduate Student University of North Carolina, 1912; Graduate Student Columbia University, 1913 and 1924; English and Latin, Buie's Creek Academy, 1911-

English

#### MISS MABEL POWELL, B.A.

B.A., Georgetown College, 1924; Chair of English, Saint Mary's Seminary, 1920-1921; English and Latin, Buie's Creek Academy, 1924-

Latin

#### MISS LELA COBB, B.A.

B.A., Meredith College, 1923; French and Mathematics, Mountain View Junior College, 1923-1924; Graduate Student Wake Forest College, 1924; French and Mathematics, Buie's Creek Academy, 1924-1926

Mathematics and French

#### \*RICHARD CAMPBELL PETTIGREW, B.A.

B.A., Furman University, 1925; Graduate Student University of North Carolina, 1924-1925; English and Latin, Buie's Creek Academy, 1925

English and Latin

#### MISS GLADYS STRICKLAND, B.A.

B.A., Meredith College, 1924; Teacher of French and English, Salemburg High School, 1924-1925; French and English, Buie's Creek Academy, 1925-1926

French and English

#### GEORGE GREER RICHARDS

Graduate Buie's Creek Academy, 1923; Receives B.A. Degree Wake Forest College, 1926

Latin and Greek

#### LEROY BROWN MARTIN

Graduate Buie's Creek Academy, 1920; Athletic Coach and Teacher of History, Mountain View Junior College, 1923-1925; Receives B.A. Degree Wake Forest College, 1926

History and Director of Athletics

<sup>\*</sup>On leave of absence for 1926-1927.

#### S. O. BRANDON

Student Wake Forest College, 1920-1923; Teacher of Mathematics, Mountain View College, 1924-1925; Teacher of Mathematics, Mars Hill College, 1925-1926

Mathematics and Assistant in Athletics

#### JOHN EDWARD AYSCUE, M.A., B.D.

M.A., Wake Forest College, 1903; B.D., University of Chicago, 1905; Pastor Greenville Baptist Churches

Bible and Religious Education

#### MISS JESSIE ALLEN, B.A.

B.A., Meredith College, 1923; Graduate Student University of North Carolina, 1924; French and German, Wingate Junior College, 1923-1926

French and German

#### NELSON A. HAYES

Graduate Mars Hill College, 1922; Student Wake Forest College, 1922-1923; Principal Plymouth High School, 1923-1924; Science, Buie's Creek Academy, 1924-; Candidate for B.A. Degree Wake Forest College, 1926

Science

#### GEORGE LERON EDWARDS

Student Wake Forest College, 1918-1921; Summer Student East Carolina Training College, 1924; Principal Junior High School, 1922-1924; History, Buie's Creek Academy, 1924-; Candidate for B.A. Degree Wake Forest College, 1926

History

#### MRS. ABBIE BENTON BONSTEEL

Diploma Training School, Louisville; S. S. Field Worker; Author "Hidden Pearls"; B.A. Degree Bessie Tift College, 1926-

English

#### MRS. BESSIE CAMPBELL LYNCH, DIPLOMA IN MUSIC

Meredith Graduate, 1916; Student New York School of Music and Arts, 1924; Head of Piano, Buie's Creek Academy, 1916-

Piano

#### ARCHIBALD EDGAR LYNCH

Graduate Buie's Creek Academy, 1913; Shenandoah Institute, 1914-1915; Student New York School of Music and Arts; Student Moody Training School; Student Winona Lake; Evangelistic Singer Home Board, 1919-1922; Vocal Music, Buie's Creek Academy, 1922-

Vocal Music

#### MRS. ETHEL THOMAS EDWARDS

Graduate Buie's Creek Academy; Oxford College; New York University; Teacher of Art, Fruitland Institute, 1922-1924; Teacher of Art, Buie's Creek Academy, 1924-

Art

#### MISS ESTELLE BURT

Graduate Buie's Creek Academy, 1920; Graduate Averett College, 1924; Member Faculty, Buie's Creek Academy, 1924-

Expression

#### MISS LULA FRANCES BROOKS

Graduate Brockman School of Music, 1898; Graduate Baptist Bible Institute, 1923; Student of Alford Wooler of International Reputation; Teacher of Violin, Baptist Bible Institute; Member of Faculty, Buie's Creek Academy, 1924-

Violin and Director of Orchestra

#### I. M. WALLACE, B.S., B.C.S.

B.S., Ohio Valley College; B.C.S., Bowling Green Business University; Teacher Commercial Department, Oklahoma City Schools; Principal Commercial Department, Clinton College, Kentucky; Commercial Department, Buie's Creek Academy, 1915—

Commercial Department

#### MISS NETTIE MOON

Graduate Buie's Creek Academy, 1917; Student Meredith College, 1917-1918; Student University of North Carolina and Wake Forest College; Member of Faculty, Buie's Creek Academy, 1919-1921; 1922-1924, 1925-

Dean for Women

#### MISS MABEL BURT

Graduate Buie's Creek Academy; Two Years a Student at Chowan College; Student University of North Carolina; Member of Faculty of Buie's Creek Academy, 1920-

Seventh Grade

#### MRS. JOSEPHINE HARMON BRADLEY

Graduate Buie's Creek Academy, 1916; Teacher in State Schools for five years; Student University of North Carolina; Member of Faculty, Buie's Creek Academy, 1925—

Sixth Grade

#### MRS. ETHEL UPCHURCH BROADHURST

Student Meredith College, Wake Forest College, University of North Carolina; Member of Faculty, Buie's Creek Academy, 1920-

Fifth Grade

#### MRS. VIRGINIA KIVETT EDGERTON

Graduate Buie's Creek Academy; Two Years Student North Carolina College for Women; Student Southwestern Baptist Seminary; Member Faculty, Buie's Creek Academy, 1923-

Fourth Grade

#### MISS HAZEL EDWARDS

Graduate Apex High School; Student State College; Student Wake Forest College; Member of Faculty Buie's Creek Academy, 1924-1926

Third Grade

#### MRS. GEORGE GREER RICHARDS

Graduate Buie's Creek Academy, 1923; Student Wake Forest College, 1923-26; Faculty Buie's Creek Academy, 1926.

Third Grade, 1925-26

#### MRS. ORA GREENE CAMPBELL

Graduate Buie's Creek Academy; Student State College; Student University of North Carolina; Member of Faculty, Buie's Creek Academy, 1922-

Second Grade

#### MISS THELMA PARKER

Student Littleton Female College; Student Asheville Normal; Student University of North Carolina; Member of Faculty, Buie's Creek Academy, 1924-

First Grade

#### STACY ALLEN DUNCAN, B.A., M.D.

B.A., Wake Forest College, 1921; Tulane University, 1924 School Physician

#### MISS MALVA HIGHT

Librarian and Secretary to President

J. F. BLACKMAN

Keeper Boys' Dormitory

MRS. STELLA HORTON

Matron Girls' Dormitory

R. E. DUNCAN

# Buie's Creek Inniar College

This institution has just closed its thirty-ninth annual session, one of the most prosperous in its history.

For this wide patronage, and for the many kind expressions concerning the work we are doing for the rising generation, we extend to our patrons and the public generally our sincere thanks.

To our former students we feel especially grateful, and hereby acknowledge our indebtedness to them for their correct deportment and diligent application to study while here, and for their faithful efforts in helping to build up the school. With our past experience to help us, trusting in our friends for a continuance of their patronage and their interest in the school, and looking still to God for His help and guidance, we hope to do even better work, and make the school a more effective agency for the uplift of humanity.

#### LOCATION

Buie's Creek Junior College is most fortunate in its location. It is situated a little east of the center of Harnett, in one of the finest sections of this rapidly developing county. It is five miles to Lillington, the county seat, on the Norfolk Southern Railroad and the present terminus of the Atlantic and Western Railroad, four and one-half miles to Coats, the nearest depot on the Durham and Southern Railroad, connecting Durham on the Southern with Dunn on the Atlantic Coast Line, and eleven miles to Dunn. The Durham and Southern makes connection at Apex with passenger trains on the Seaboard Air Line. This places us in easy reach of the principal railroad lines. Route No. 60 of our State Highway System, from Greensboro, Sanford, Lillington, Dunn, Clinton to Wilmington passes by the Academy. Highway route No. 21, from Raleigh to Lillington, Fayetteville, and Lumberton, passes within four miles of us, connecting with route No. 60 one mile north of Lillington. We are in easy reach of the public highways. The community is exceedingly healthful, the standard of morality high. Being in a quiet country place, we save our patrons much extravagance in dress, avoid many temptations to immorality incident to the average town and city, and having no "lounging" or sight-seeing places, there are few causes to divert the mind from study. The school village, consisting of about 250 population, is composed of people who have gathered here to educate their children, and they are, therefore, interested in keeping the community life pure and the student body busy. The whole atmosphere is educational; everything centers about the school. It would be difficult to find anywhere a community more favorable in every way to the student life. The helps and restraints of home life are thrown around the students. A prominent pastor of this State writes: "The moral and religious atmosphere of the school is superior to any school I ever knew."

Reports are required as to the deportment of students in their boarding places.

#### GROWTH AND DEVELOPMENT

In January, 1887, the first school building, 48 by 22 feet, was completed, and the present principal opened school, hoping to continue five months, if the patronage would justify. Many of the best citizens of the community thought it would be impossible to continue that long. The school was a success, and in order to give the children better advantages, it was decided to build a room for the Primary Department.

In the summer of 1887 a room 18 by 24 feet was added to the east side of the main building. The school continued to grow in patronage and usefulness, and in the summer of 1893 a wing 18 by 30 feet was added to the west side of the main building.

In order to give accommodation to the growing patronage and furnish buildings more suited to our needs, in 1896 we erected a new administration building, 50 by 36 feet, three stories high, with a projection in front 14 by 16 feet.

The administration building, 136 feet long, contained six large recitation rooms, with Art Hall, Commercial Hall, Library, Society Halls, nicely carpeted and furnished. On the morning of December 20, 1900, the closing of the fall term, at the hands of an incendiary the buildings were destroyed by fire.

During the spring of 1898 we had erected a large, open tabernacle, 80 by 90 feet, which we used for Commencement exer-

TREAT DORMITORY

cises. After the fire, this large tabernacle was fitted up for schoolroom work, supplied with new patent desks, heaters and other necessary conveniences and comforts, and, January 8, 1901, we opened school here, having seven large, comfortable recitation rooms. Thus, without serious interruption, the work went along. To our students and teachers who rallied around us, working with their own hands, paying their money and soliciting help from others to keep the school going; to the citizens of the community who came and tendered their teams and help in every way, and to hundreds of friends everywhere who wrote letters, sent help and made it possible for the school to continue, we return our heartiest thanks.

#### THE OLD ADMINISTRATION BUILDING

This building, costing more than \$30,000, was constructed of high-grade brick, made on our own grounds. The corner stone was laid May 23, 1901, and the work was pushed along as funds permitted, this building being sufficiently completed to allow us to enter November 2, 1903. It is an everlasting monument to the love, loyalty and sacrifice of our students and friends.

This building is 92 feet long, 70 feet wide, two stories high, with a wing from the rear 50 feet long, 36 feet wide, also two stories high. On the first floor are four recitation rooms, 35 by 40 feet each, furnished with new patent desks, blackboards, globes, charts, etc. The second story has four rooms, 35 by 40 feet each. Beginning with the year 1926-27 the old administration building will be used for the elementary grades and special departments.

#### TREAT DORMITORY FOR GIRLS

Through the liberality of Mr. M. C. Treat, of California, who gave \$1,000 starting the fund, and hundreds of other loyal friends, a beautiful dormitory, costing more than \$25,000, has been erected, and was ready for the accommodation of girls August 26, 1913. The building is of brick, has two stories, thirty-two rooms, besides the basement, and will accommodate about eighty girls. The rooms are large, well lighted, well ventilated, affording accommodation for two girls to each. The

building is steam-heated, has electric lights and water, and everything possible will be done to safeguard the health of the girls and give them a pleasant place for study.

#### WILLIAM PEARSON BUILDING

During the fall of 1915 a building for primary grades was erected, and used first December 28, 1915. It was named the William Pearson Building, in honor of the man who made the first canvass for the school, who always helped, by word and purse, to aid the school, and who died May 25, 1915. Beginning with the year 1926-27 this building will be used by the music department.

# FRED N. DAY ANNEX

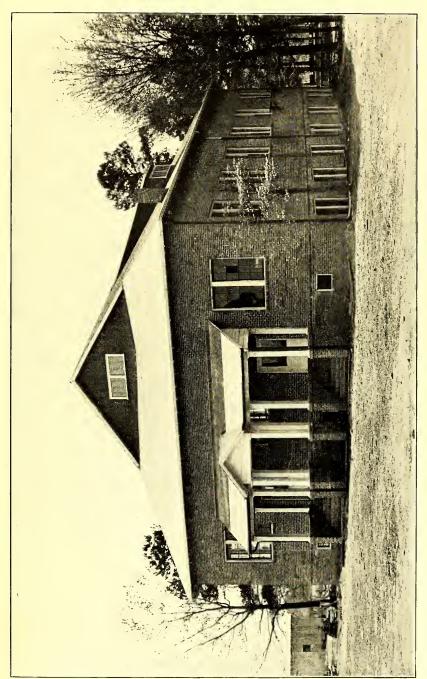

In February, 1920, Evangelist Fred N. Day, Winston-Salem, purchased the nine-room house near the dormitory, known as the Beavers property, paying \$3,000 for the same, presenting it to the Buie's Creek Academy, Incorporated. The Annex will accommodate about fourteen girls.

### CARRIE RICH MEMORIAL LIBRARY

On March 12, 1922, Mr. D. Rich, of Winston-Salem, through Evangelist Fred N. Day, made public announcement of his purpose to erect a library building at Buie's Creek in memory of his wife, Mrs. Carrie Rich. The building is known as the "Carrie Rich Memorial." The building has been completed and was opened for use during the spring term of 1925. There is no prettier library building and equipment in our State. The equipment and building cost about \$50,000.

# Boys' Dormitory

On April 18, 1923, contract was closed for erecting a dormitory for boys. It is a two-story building, forty-five rooms, steam-heated, has electric lights and first-class furnishings. The building and furnishings are modern, well suited for dormitory life, and cost more than \$40,000. Members of the faculty room in this dormitory and have the government of the boys.

#### ENDOWMENT

Mr. D. H. Senter, Chalybeate Springs, contributed one thousand dollars a few years ago to start an endowment for the school. To this has been added smaller amounts, which, with the accrued interest, at present totals about \$1,500.

During the Commencement exercises in 1924, Mr. W. C. Ellis, Greenville, S. C., suggested a plan for increasing our endowment on an insurance plan. Alumni of the school are asked to take a ten-year endowment policy payable to the school for amounts from \$100 up. The members of the senior class of 1925 subscribed, in this way, about \$5,000 to this fund. Other Alumni are co-operating in this movement. Policies in force and pledges at present amount approximately to \$15,000.

One of the greatest needs of the school is a stable income to supplement the small fees paid by our students. In no more effective way can the friends of the institution lend their help than in adding to this fund.

#### Mr. Duke's Gift.

For many years one of the imperative needs of the school has been a modern system of sanitation. In 1923 Mr. Alonzo Parrish, Benson, an alumnus of the institution and member of the Board of Trustees, gave the school a deep-well pump, gasoline engine, steel tower and a 15,000 gallon tank. A deep well was sunk on the campus, which gives an ample supply of water for all school purposes. No funds were available for completing the sewerage line and installing the equipment in the buildings. In the spring of 1926 Mr. B. N. Duke gave the school \$25,000 for completing the sewerage system and for meeting other needs. The work is now nearing completion. All buildings will be connected with the sewer line before the next session.

#### GYMNASIUM

In December, 1923, Mr. D. Rich made a proposition to give \$2,500 toward erecting a building to be used as a gymnasium and temporarily used for an auditorium, on the condition that the other friends of the school would raise a similar amount.

Contract was let for this building December 31, 1923, and was used first April 10, 1924. The building is 60 by 90 feet, has basement, is of brick veneer, and cost more than \$15,000. This building will be furnished with necessary equipment for physical training, indoor games, shower baths, etc.

# FRED N. DAY HOME

In January, 1925, Rev. Fred N. Day purchased for \$2,000 a seven-room residence, with adjacent lots amounting to about two acres of land. This property adjoins the school grounds and was donated to Buie's Creek Academy. It is planned to use this home for married students. The school now owns two such homes and it is hoped that others may be provided by individuals, churches and associations. The trustees will be glad to donate the land for such purposes. During the last year fourteen married men were enrolled as students and it has been difficult to provide suitable places for their families.

### THE D. RICH BEQUEST

September 26, 1923, Mr. D. Rich conducted the devotional exercises at chapel. At that time he told us that he slept but little on the previous night, because much of the time was spent in talking with the Lord about Buie's Creek. There was born in his soul that night, he said, this striking expression: "Buie's Creek must live." He expressed the hope that he might be able to do something for Buie's Creek. On October 21, 1924, he fell on sleep, having left in his will to the trustees of Buie's Creek Academy one-eighth of his estate. One-half of this amount, approximately \$150,000, now in the hands of the school, is being used to erect the new D. Rich Memorial Administration Building.

# THE D. RICH MEMORIAL ADMINISTRATION BUILDING

The new D. Rich Memorial Administration Building will provide handsomely for our college and high school departments. This building of tapestry face brick, trimmed with Indiana limestone, and made of fireproof construction, is to

match in beauty the new Library, a memorial to Mrs. Carrie Rich. The building, 160 feet long and 121 feet wide, includes an auditorium to seat 1,250 comfortably, 12 class rooms, 2 laboratories, 2 study halls, 2 society halls, and several office rooms. Provision has been made for furnishing the building throughout with new equipment. It is to be ready for the 1926-27 session.

# FORMAL TRANSFER OF PROPERTY

In 1887 Buie's Creek Academy, consisting of one acre of land and one-room house, was owned by the public school system. After the fire destroyed the building in 1900 J. A. Campbell erected a school building as private property. In 1911 Buie's Creek Academy, Incorporated, was organized, with a body of twenty trustees appointed by the Little River Association. Since that time Buie's Creek Academy, Inc., has owned and operated the dormitories and J. A. Campbell has owned and operated the school. In order to meet the demands for increased equipment and secure permanence to the life of the institution, the private property including buildings, equipment and grounds have all been transferred to the trustees of Buie's Creek Academy, Inc. Changes in the charter have been made and the trustees are now appointed by the Baptist State Convention.

The trustees have made a lease of the property to J. A. Campbell who will conduct the school along the same lines he has done since 1887, having the moral and financial support of the trustees and the Baptist State Convention.

# CAROLINA POWER AND LIGHT COMPANY

The Carolina Power and Light Company has extended its line from Duke to Buie's Creek and gives us the advantage of a regular current at all times.

# Raised to Junior College

On account of the contracting field of high school work due to the increasing competition from the State schools, and the correspondingly larger field of college work, the trustees of the school are convinced that we should add two years of college courses. With the increased equipment made possible by the D. Rich bequest, and the B. N. Duke gift, they are convinced that this is the opportune time to enter this new work. The President presented the proposal to the Baptist Board of Education and secured their unanimous consent to offer one year of college work during the 1926-27 session. With the approval of the Baptist State Convention in 1926 the school will offer two years of college work. It is the purpose of the trustees and faculty to standardize the work so as to receive full credit for work completed. Requirements of the State Department of Education are being rigidly complied with in order to have the first year's work fully accredited.

BOYS' DORMITORY

# THE JUNIOR COLLEGE

# Requirements for Entrance

Requirements for entrance into the college conform to the regulations adopted by the North Carolina Association of Colleges. A minimum of fifteen units leading to High School graduation is required of all regular students. The following units are prescribed: English, 3; Mathematics, 3; Foreign Language, 2; Science, 1; History, 1.

Students are admitted in the following ways:

- 1. By certificate. A certificate of graduation, with recommendation for college entrance, from high schools of approved standing admits a student without examination.
- 2. By examination. Students from non-accredited high school, and those with less than fifteen units for graduation, may be admitted only by the removal of such deficiencies by examination. These examinations will be held upon the first day of the fall term. Candidates for admission by examination should forward to the President their application for examination on the required subjects.
- 3. By special permission. In accordance with the practice of other colleges, students of mature years are admitted by permission of the President as "special" students. Such students must demonstrate their ability to profit by the courses taken. Positively no credit towards graduation will be allowed "special" students until the entrance requirements are fully met.

# Requirements for Graduation

Three courses of sixty-four semester hours each, leading to the "Associate in Arts" diploma, are offered. These courses are planned to meet the respective needs of students seeking classical, scientific and vocational training. Students undecided as to their future plans are urged to elect Group I.

Group I. "Associate in Arts," Leading Toward B.A. Degree.

English I and II	12 hours
Mathematics I	
History I	6 hours
Bible I	6 hours
Science	10 hours
Latin I	6 hours
French I	6 hours
or	
{ German I	
Greek I	
Greek I	10 hours
Electives to total	64 hours

Three units in Latin and two in French, or four units in Latin, are required for entrance in Group I.

Group II. "Associate in Arts," Leading Towards B.S. Degree.

English I and II12	hours
Mathematics I 6	hours
History I 6	hours
Science10	hours
Bible I 6	hours
Modern Language12	hours
Electives12	hours

For entrance into this group, two units each in any two foreign languages are required.

### Group III. "Associate in Arts," Leading to Vocational Certificate.

English I and II12	hours
Mathematics I 6	hours
History I 6	hours
Science 6	hours
History I 6	hours
Science I10	hours
Bible I 6	hours
Foreign Language 6	hours
Electives18	hours

For entrance to course III two units in Foreign Language are required for entrance. The same language offered for entrance must be pursued for one year.

### ENGLISH

### Mr. Campbell

- C-1. Composition—This course consists of a more thorough mastery of the fundamental principles of composition and an intensive study of selected masterpieces as a basis for constant practice in self-expression. Weekly themes, reports, and conferences. Three hours a week, both semesters.
- C-2. English Literature—A survey of English Literature with emphasis on historical movements and developments of types of literature. Three hours a week, both semesters.

### MATHEMATICS

### Mr. Marshbanks

- C-1 a. College Algebra—Rapid review of elementary algebra. Theory of equations, quadratics, inequalities, variations, progressions, binomial theorem, logarithms. Three hours a week for first semester.
- b. Trigonometry. Trigonometrical equations, theory of logarithms, solution of right and oblique triangles, special problems. Three hours a week for second semester.
- C-2. Analytic Geometry—Open to students who have completed C-1. Three hours a week for both semesters.

### HISTORY

#### MR. MARTIN

C-1. History of Western Europe. This course embraces the period from the decline of the Roman Empire through the Thirty Year War. Careful study is given to the growth and influence of the principal medieval institutions and movements as they bear upon modern problems.

Each student is required to keep a loose-leaf note-book for notes on collateral reading and for map-drawing.

Three hours a week for both semesters.

C-2. American History—First semester: Brief survey of the colonial period; study of the social, economic, and political conditions of the Revolutionary period; development of the national government. Second semester: Growth of sectionalism; the civil war; the reconstruction period and its problems; national expansion; present-day conditions and problems.

Three hours a week for both semesters.

#### FRENCH

#### MISS ALLEN

C-1. French Literature of the Nineteenth Century. Prerequisite, two units of French for entrance. Consist of readings from great novelists and dramatists of the nineteenth century with a brief history of the literature; a careful study of grammar, composition, and conversation.

Three hours a week for both semesters.

C-2. French Drama of the Seventeenth Century—A study of the earlier French drama as an introduction to the reading of selected plays from Corneille, Moliere, and Racine.

Three hours a week for both semesters.

#### GERMAN

### MISS ALLEN

C-1. Elementary German—This course for beginners offers a careful study of grammar, practice in pronunciation, and composition and the translation of two hundred pages of comparatively difficult German.

Three hours a week for both semesters.

C-2. Reading of selections from German prose of the nineteenth century. Prose composition. Careful review of grammar. Practice in conversation.

Three hours a week for both semesters.

### LATIN

### MISS POWELL

C-A. Vergil's Æneid. Six books read. Emphasis on syntax. Prose composition. Some appreciation of the poem as a masterpiece of literature is developed. Brief survey of Latin literature. Prerequisite, three units of high school Latin.

Five hours a week for both semesters.

C-1. Cicero's Essays and Letters (selections)—Prose composition. Emphasis on syntax. Horace, Odes and Epodes. Some attention given to Roman history and mythology.

Three hours a week for both semesters.

#### GREEK

### Mr. RICHARDS

C-1. Elementary Greek. This course is of special interest to ministerial students and to those students who desire the cultural background derived from a knowledge of the Greek classics in the original. The major portion of the year is devoted to securing thorough knowledge of elementary Greek grammar, preparatory to the careful reading of at least one book of Xenophon's Anabasis.

Five hours a week for both semesters.

C-2. Xenophon's Anabasis, Book II, III, IV—Prose Composition. Careful review of grammar. Selections from Herodotus. A knowledge of Greek mythology is required.

Three hours a week for both semesters.

#### BIBLE

### REV. J. E. AYSCUE

C-1. A comprehensive study of the Old and the New Testament.

A—The Old Testament.

This course aims to give the student a knowledge of its origin and development in the light of archaeological and historical research and to acquaint him with the literary style and main message of each book.

B-The New Testament.

This course seeks to give the student a general knowledge of the origin and history of the New Testament writings, and to place special emphasis on the study of the life and teachings of Jesus and of the work and writings of Paul.

Three hours a week for both semesters.

C-2. Homiletics—Of interest chiefly to ministerial students. Practice in preparation of sermons and in public speaking. Some discussion of pastoral problems.

Two hours a week for both semesters.

#### EDUCATION

#### REV. J. E. AYSCUE

C-1. An Introduction to Education—A study of the teacher's work with a consideration of problems and methods, designed to meet the needs of Elementary teachers for professional credit.

Three hours a week for both semesters.

#### BIOLOGY

### MR. HAYES

C-1. General Biology—A general survey of the field biology. This course deals with the essential distinguishing characteristics, structures, functions, and interrelations of plants and animal, and their relation to inorganic nature.

Three hours a week recitations and lectures, four hours a week laboratory, both semesters.

#### CHEMISTRY

### MR. HAYES

C-1. General Chemistry—Emphasis is placed on the fundamental chemical laws and principles of Chemistry from the historical, practical, and theoretical standpoints, being chiefly inorganic with an introduction to organic.

Three hours a week recitation and lectures, four hours a week laboratory, both semesters.

# THE ACADEMY

# Requirements for Admission

For years the first seven grades preparatory to entrance into the high school department have been offered. Students completing this course, and those from other schools with a Certificate of graduation from the seventh grade will be admitted to the high school.

Students for advanced standing must bring Certificates from accredited schools. Candidates for entrance to the Junior and Senior Classes will be required to take examinations on English Grammar and Arithmetic. The faculty reserves the right to reclassify students whenever convinced that a mistake has been made in their classification.

# Requirements for Graduation

Two courses are offered leading to our high school diploma. The first course will admit students unconditionally to all colleges. The second course meets the requirements of technical and vocational colleges, and offers more electives to those not going to college. We strongly recommend the classical course to all students expecting to enter a college of liberal arts, and to those undecided about their future.

# Courses of Study

#### ENGLISH

The course in English combines composition and literature. To gain efficiency in oral and written English, emphasis will be given to grammar, spelling, punctuation, paragraph structure, and organization of themes. In the study of literature, effort will be made to enable the student to interpret for himself the writer's thought. The Literature and Life series, in four volumes, has been adopted for the work in literature throughout the high school. These volumes meet the college entrance requirements, containing judicious selections for class study and parallel reading.

- I. A. Sentence and Theme Revised (Ward).
  - B. Literature and Life (Greenlaw-Stratton), Book I.
- II. A. Everyday English (Bolenius).
  - B. Literature and Life (Greenlaw-Stratton), Book II.
- III. A. Composition and Rhetoric (Tanner).
  - B. Literature and Life (Greenlaw-Miles), Book III.
- IV. A. Guide to Composition (Royster-Thompson).
  - B. Literature and Life (Greenlaw-Miles), Book IV.

### LATIN

- A—I. First Book in Latin (Collar, Daniel, and Jenkins). Thoroughness in forms and principles of syntax emphasized. Regular translation and practice in writing simple English into Latin.
- A—II. Cæsar's Gallic War—Books I to IV (Walker). Bennett's Latin Grammar, Reviews and Drills. Composition (Bennett, Part I).
- A—III. Cicero—Six Orations (Bennett). Bennett's Latin Grammar. Composition (Bennett, Part II).
- A—IV. Vergil's Æneid—Books I to VI (Bennett). Bennett's Latin Grammar. Composition (Bennett, Part III).

### FRENCH

A—I. Chardenal's Complete French Course (one-half).

Emphasis on pronunciation and accuracy in forms and construction, written exercises, reading—La Belle France, A. de Monvert. Le Voyage de M. Perrichon, Labiche et Martin.

A—II. Chardenal's Complete French Course (completed). Composition, sight reading—Le Roi des Montagnes, E. About. La Mare au Diable, Sand.

### MATHEMATICS

- A. Arithmetic-Wentworth and Smith.
- A—I. Algebra (Slought and Lennes) to quadratics. Special drills on fundamental principles, factoring, fractions and equations. Special attention given to solutions of problems and quadratics.
- A—II. Algebra (Slaught and Lennes). Quadratics, logarithms, binomial theorem, graphs duly emphasized, thorough reviews.
- A—III. Plane Geometry (Wentworth and Smith). Students are taught to reason, not memorize. Original exercises.

#### HISTORY

- A—I. History of Europe, Ancient and Medieval (Robinson and Breasted). Special emphasis on the growth of institutions, government, and literature.
  - A-II. History of Europe, Our Own Times (Robinson and Beard).
- A—III. History of the American People (West). This is an advanced course, requiring additional readings, themes and note books. Admission to this course is restricted to juniors and seniors.

#### BIBLE

- A—I. (a) Study of the Bible—Old Testament (Burroughs). New Testament (Robertson).
- (b) New Sunday School Normal Manual (Spillman, Leavell and Burroughs).
  - (c) Other Books of the Normal Course.

#### SCIENCE

- A—I. (a) Physical Geography (Tarr). (b) Physiology—Advanced course (Ritchie).
- A—II. General Science (Caldwell-Eikenberry). Simple experiments, practical applications. Note books are required to be kept by each student.
- A—III. Biology. An introductory study of fundamental principles of biology, emphasizing some of the most important elements of physiological biology by the solving of concrete problems in the laboratory and classroom. Three hours a week recitation, four hours a week laboratory.
- A—IV. Chemistry. This course acquaints the student with the methods and procedure of chemistry not only from a theoretical but also from a practical standpoint, showing some of the applications to industries and daily life. Three hours a week recitation, four hours a week laboratory.

# School of Business and Higher Accounting

# I. M. Wallace, Instructor

The 20th Century Bookkeeping and Gregg Shorthand Courses now used by many of the Business Colleges of the North and South, have been offered here for a number of years, and we feel safe in saying that no school in the State gives courses more thorough or more helpful than ours. Our motto is: "Learn to Do by Doing."

Any person with fifteen (15) units of High School work, who completes the following subjects will be awarded a diploma in Bookkeeping: Bookkeeping, Banking, Higher Accounting, Commercial Arithmetic, Business Calculations, Business Penmanship, Commercial Law, Business Correspondence, and Spelling. Any person with fifteen (15) units from a High School, completing the following subjects will be awarded a diploma in Shorthand: Shorthand, Typewriting, Business Correspondence, Spelling. Student has the privilege of taking Business Penmanship. A student without the full fifteen (15) units, who completes all subjects in either Shorthand or Bookkeeping courses, except Higher Accounting, will be awarded a certificate. A student could make up the required units in the Literary Department and then be awarded a diploma from this department. The faculty reserves the right to accept or reject any of the high school units which a student brings from another school.

The Bookkeeping and Higher Accounting course, by the use of the Budget System, teaches Bookkeeping on an actual business plan. The moment a student takes up this subject he becomes as an actual Bookkeeper. Individual help is given in this department. The teacher thus comes in personal contact with the student, enabling him to give his best help. The student is not hindered by the progress or deficiencies of other students, and may proceed with his work as rapidly as he may be inclined. Our Banking Course is very practical and gives the student a good idea of the modern Banking System.

The Higher Accounting presupposes a thorough knowledge of the theory of accounts from the constructive standpoint. Constructive theory will therefore be referred to only with regard to the reasons for its adoption and the underlying scientific principles. In the treatment of the more Advanced Theory and Practice, the principal aim is to give a thorough professional training in Practical Accounting, Theory and Auditing in preparation for the higher positions of auditor, comptroller or executive of large corporations, and also to assist in passing the C. P. A. Examinations.

### COMMERCIAL LAW

A knowledge of law controlling or affecting ordinary business transactions in any of the various branches of commercial affairs is of inestimable value to those engaged in them. It increases the value of the service of a clerk, bookkeeper or other office assistant. An employee having such knowledge of law renders a safer service, and naturally becomes more competent to make sales, offer terms for contracts, decide upon acceptance or proposals, and to attend to other matters entrusted to him in the absence of his employer.

### Business Arithmetic

The instruction given in this particular branch offers the student the finest opportunity for becoming accurate, rapid and proficient. The subjects of Interest, Percentage, Stock and Bonds, Insurance, Banking, Averaging Accounts and Partnership settlements receive special attention. The shorter methods of computing interest and discounts are freely and profitably used.

#### PENMANSHIP

All students receive daily instruction in penmanship. Our purpose is to train the student in a plain, business handwriting. The necessity for ability to write well is unquestionable and students must possess this ability in order to fill acceptably positions in any office.

### SHORTHAND

No other subject more quickly, more lastingly and more surely brings a young person up from the no-salary and noopportunity period to the Independence Day of Good Salaries and contact with big men and big business. And it is not difficult to master. If it were, the thousands of successful reporters and secretaries and the countless other thousands who make Shorthand a means to a higher end, would have failed in the learning, for they were no duller, no brighter than the rest of you.

Ladies fill good positions with grace and acceptability. There is no better way for them to gain a livelihood and to become useful women. Male stenographers are in great demand.

### TIME

From six to nine months is required to complete the work in bookkeeping and higher accounting, and about five or six months for shorthand, depending, of course, upon the advancement and capacity of the student.

### Tuition

Course (five months) in either the bookkeeping or the shorthand for \$25.00 if paid in advance, or \$5.50 in advance if paid by the month. The shorthand department is supplied with a number of new Remington machines.

We offer you the best courses within our knowledge. Investigate it and be convinced.

# School of Music

A. E. LYNCH

Mrs. Lynch

Miss Brooks

For thirty-one years we have been maintaining a strong Music Department, piano and vocal, and for nineteen years we have had our own band and orchestra. This explains why so many of our students become leaders and teachers of music. We believe there is no preparatory school in our State that offers such fine advantages in this art. We have enlarged our Music Department and strengthened our teaching force. Seven new pianos have been installed, using exclusively the Haines Brothers pianos. New practice rooms will be furnished. The band and orchestra will be supplied with new instruments.

All students receive, without extra cost, one-half hour's instruction daily in the study of vocal music. We teach the rudiments of music, the scale, the keys, time, sight singing, giving the opportunity for every student to become an independent reader of music.

An advanced chorus class meets one-half hour daily, at small cost, in which note reading, transposition and sight singing are practiced. This class assists in music for church and public entertainments.

For all who desire to extend the study of music, individual and class instruction is given at small cost. We study Melody, Harmony, Composition, Voice Culture, and all subjects necessary to make one capable to teach vocal music or become a leader in sacred and secular music. Great numbers of our former pupils are to be found teaching and leading music classes.

Certificates will be awarded those students who complete the course offered in vocal or instrumental music.

MUSIC CLASS

ORCHESTRA

# Pianoforte

Mrs. Lynch Miss Brooks

The course of study of the Pianoforte includes different grades or exercises and composition. It will be the effort of the teacher to adapt the instruction to the personal needs of the student.

First Year—Arm, hand and wrist foundation work, hand and finger position. All major scales one octave. Good legato touch. First Steps for the Young Pianist by Hazel Gertrude Kinscella, Vol. 63, given in the first semester. Pieces and duets suitable for beginners are supplemented. Second Steps for the Young Pianist by Hazel Gertrude Kinscella, Vol. 84, given in the second semester.

SECOND YEAR—Further development of technical work. Major scales two octaves. Third Steps for the Young Pianist by Hazel Gertrude Kinscella, Vol. 110, given for the entire year. Ten Musical Tales by Miss Kinscella, and other pieces supplemented, also duets.

Third Year or First Year High School—Scales, major and minor. Biehl, Op. 44; Burgmuller, Op. 100; Duvernoy, Op. 176; Kohler, Op. 157; Clementi, Sonatinas in C and G. Selected elementary pieces.

FOURTH YEAR OF SECOND YEAR HIGH SCHOOL—Scales continued. Biehl, Op. 44, Book II; Burgmuller, Tone and Rhythm, Book I; Heller, Studies of Style, Op. 47; Kohler, Short School of Velocity, Op. 242; Beethoven's Sonatinas in G and F. Selected easy pieces.

FIFTH YEAR OF THIRD YEAR HIGH SCHOOL—Major and minor scales and triads. Biehl, Twenty-five Easy Studies, Book III; Duvernoy, School of Mechanism; Heller, Studies for Style, Op. 47; Schytte, Melody, Op. 106; pieces of moderate difficulty.

SIXTH YEAR OF FOURTH YEAR HIGH SCHOOL—Scales, major and minor, in thirds, sixths and tenths. Beren's School of Velocity, Book I; Heller's Studies, Op. 46; Jensen, Twenty-five Piano Studies; Haydn's Sonatas in C and G; more difficult pieces.

No deduction is made for lost lessons, except in case of illness of a month's duration. No teacher is expected to make up lost lessons unless the teacher is responsible for the loss.

All persons completing the Piano course must have completed the English course, must have had one year in Harmony, one year in History of Music and Musicians, one year in Theory.

No definite time can be given for the finishing of the course in piano. The average student, by diligent work, will be able to finish the above course in six years.

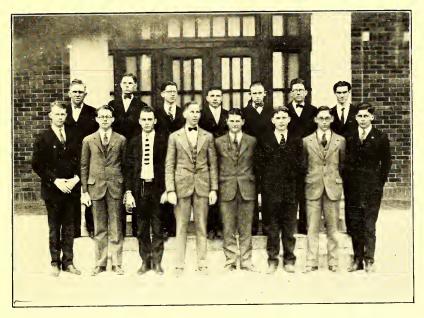

Recitals are given throughout the year, at which the student learns how to appear in public.

Public recital is required of those completing the course in music.

# *Horal Alusic*

## Mr. Lynch

We give a thorough course in Vocal Music. We teach the rudiments of music, time, transposition of scale, sight singing, training in voice, etc. For three years the teacher in charge of this subject has been directing the music in evangelistic meetings, and will be able to give valuable training to those who desire to become leaders in music.

MALE CHORUS

COMMENCEMENT REPRESENTATIVES

# Course in Violin

FIRST YEAR—Hohmann, Vol. I; Schubert, Vol. I; Seveik Technical Studies, Book 1; Scales in first position. First grade pieces by John Craig Kelley, and simplified arrangements of standard solos.

Second Year—Hohmann, Vol. 2, Kaysor, Book I, Op. 20, or Wahlfahrt Op. 45, Sevcik, Book 1. Scale studies in three octaves. Solos selected in first three positions.

Third Year—Scales and studies in all keys, Alard. Kayser, Books 2 and 3. The art of bowing by Emil Kross Op. 40. Chas. Dancla Op. 89. 6 Petete Airs Varies. Solos selected in first five positions.

FOURTH YEAR—Seveik Op. 8, shifting the position and Op. 9. Preparatory exercises for double stopping. Mazas Etudes Brillantes, Book 2. Solos selected.

FIFTH YEAR—Krentzer 40 Etudes "Caprices." H. Scheadieck scales and arpeggios. Solos selected.

Sixth Year—Fiorillo 36 Caprices, Master pieces Books 1 and 2. Mendelssohn Concerto E. Minor and Op. 17. Legende by H. Wienawski.

### CLASS LESSONS IN VIOLIN

The Municipal loose leaf method is used for class. This is a course of systematic violin teaching for class employed in the after school classes in New York, and other cities.

The first year course covers the requirements for first position playing. The studies are progressively arranged for systematic development of left hand and also fundamental bowing and rythmic needs.

The second year course—The exercising material includes studies for more advanced varieties of bowing. The pupils are carried through all the higher positions and studies for the development of technical dexterity. Correction of faulty intonation, relaxation of the bow, arm and wrist, are given.

After the third year course the student will be sufficiently prepared for the more advanced studies by Kreutzer, Rode, Fiorilli, etc.

Besides the regular periods for instruction we have rehearsals for Orchestra twice a week. Members of the Ensemble class are required to join the Junior Orchestra.

# Band and Orchestra

### Miss Brooks

We give instruction in all Band and Orchestral instruments—Cornet, Clarinet, Saxophone, Mandolin, etc. We specialize in Violin. Besides the regular periods for instruction, we have rehearsals for the Orchestra three times a week, Band rehearsals twice a week.

### PIPE ORGAN

Our church has installed a pipe organ, built by the M. P. Moller Organ Company, Hagerstown, Md., and costing \$2,500. It has two manuals of sixty-one keys each, from C to C, and the pedals 30 keys, from C to F. It has all the latest and modern improvements and is pronounced by competent judges to be a superior instrument.

### Expression

## MISS ESTELLE BURT

The purpose of this department may be understood from the following summarized positions:

- I. The thorough and harmonic development of the entire individual.
- II. The awakening of imagination and feeling and the securing of creative power by the stimulation of the student's own ideals.
- III. The development in the student of confidence in his best instincts, and a consciousness of his possibilities.
- IV. The evolution of the most efficient personality, which by a perfect knowledge of self, brings self-forgetfulness.

### Courses of Instruction

I. Development of Expression.—Fundamental Principles of expression. Cultivation of the imagination. Definite and progressive methods of acquiring the fundamentals of expression. This course includes the study of selections from the great orators, essayists, dramatists and poets. Evolution of expression. Vols. 1, 2, 3 and 4, by Emerson are used.

- II. Bodily Expression and Gesture.—Cultivation of general physical response to sensation, thought and emotion. Principles underlying bodily response. A study of the mind and its activities, and daily practice in applying the principles to bodily expression.
- III. Voice Training.—Expressive voice culture; exercises to develop resonance, flexibility, smoothness, purity, power and brilliancy of tone. Remedying defects in the voice. The relationship of the vital to the vocal organs.
- IV. Literary Interpretation.—Critical study of and drill in rendering the different forms of literature. Abridgment and arrangement of selections for public recitals, Bible.

### CERTIFICATES

Students who have successfully completed the course of study, covering a period of two or three years, according to the ability of the student, and the amount of time devoted to it—and the full course in English, will receive Certificates.

# School of Art

### Mrs. Edwards

On the second floor of the building, in a well-lighted room, the Art classes meet. The department is furnished with vases, jars and other objects for still-life work, also cast models of parts of the human figure and bust for antique drawing.

During the first year's course special emphasis is placed upon training the eye to see.

Throughout the entire course the individuality of the student is encouraged and originality emphasized.

A prize will be offered for the best piece of original work from still life or nature in any medium.

This is made to encourage real study of the principles of Art and the truth of things as it appears in nature.

FIRST YEAR—Elementary in Charcoal, Pencil or Crayon; Ink and Color Wash; Geometrical Figures from Casts; Painting Simple Landscapes, Flowers and Still-life Studies in Oil, Pastel and Water Colors.

Second Year—Charcoal work from the antique—Hands, Feet, Bust and Statues, Perspective Designing and Stenciling; Painting in Oil, Pastel, Water Colors.

THIRD YEAR—Drawing from Life, Pen-and-Ink Illustrations, Sketching Landscapes, and Painting from Nature; Composition and Art History.

Certificates will be awarded those who complete the required course, together with the full course in English.

### THE PRANG COURSE

We call special attention to this course, which will be of great value to public school teachers, as Drawing is now required in the public schools. This course consists of a systematic training, complete in itself, beginning with easy and finishing with more difficult subjects in—

Representation—Spheric, Cubic, Cylindric Models and Objects; Grasses, Seedlings, Fruits, Vegetables, Leaves and Flowers; Familiar Objects, Prose Drawing.

CARRIE RICH MEMORIAL LIBRARY

# Library and Reading Room

### Miss Hight

A few years ago a generous, public-spirited citizen of our community donated a number of useful volumes as the nucleus for a library for the school. To these many kind friends made valuable gifts, until we had about 1,500 volumes in the library. These were lost in the fire. We are rapidly rebuilding the library, having at present about 3,000 volumes.

The publishers of the following papers have donated a year's subscription to our Reading Room. Much of good has been carried on through these papers into many lives. In the name of our students we thank each contributor:

Asheboro Courier, Charity and Children, Chatham Record, Dunn Dispatch, Eastern News, Greenville Reflector, Goldsboro News, Harnett County News, Orphan's Friend, Progressive Farmer, Robesonian, Smithfield Herald, Tarboro Southerner, The Independent, Western Recorder.

Students receive the following magazines and papers:

Atlantic Monthly, American, Country Life, Current Opinion, Current History, Dearborn Independent, Etude, Farmer's Wife, Forbes, Greensboro News, Independent, Ladies Home Journal, Literary Digest, News and Observer, New York Times, Review of Reviews, Saturday Evening Post, Sampson Independent, Success, Teachers College Record, Times, World's Work, Outlook, Popular Science, Good Housekeeping, Woman's Home Companion, Country Gentleman.

The students have access to such papers as the "Texas Standard," "The Baptist," "The Watchman-Examiner," and the leading daily papers.

The following friends have contributed to the Library during the year:

Rev. R. C. Lanier, Greensboro, 8 volumes; Mrs. W. T. Woodard, Selma, 1 volume; Rev. C. F. Hudson, Raleigh, 1 volume; Mr. W. C. Laney, Hickory, 1 volume; Miss Grace Warrick, Goldsboro, 25 volumes; Mrs. Charles Anderson, Nashville, Tenn., contributed from her husband's library more than 100 volumes; Rev. E. N. Johnson, Dunn, 4 volumes; Mrs. C. D. Ray, Oxford, contributed from her father's library, Dr. R. H. Marsh, nearly 200 volumes.

We are profoundly grateful to all these friends.

# Summer School

Since 1902 we have been conducting a Summer School, beginning about the middle of May, and continuing for six weeks.

The summer session does regular classroom work and credit is given towards a High School diploma for work completed. The Literary and Commercial branches are taught by members of our regular faculty.

# Religious Advantages

The work of each day is begun with song and prayer. Each student is required to attend the chapel exercises, and encouraged to enter into the spirit of worship to the Creator. In these exercises the school attempts to impress upon the students the wisdom of pure, upright living, and the folly and ruin of sin in its every form.

On Sunday a well-organized Sunday School meets in the Academy Building. All students are required to attend the Sunday School and enjoy the work. Prof. I. M. Wallace is Superintendent, and he is actively supported by every member of the faculty. By the untiring efforts of the entire membership the school has met the requirements of an A-1 school. Students are thus given opportunity to see a large, enthusiastic Sunday School at work and catch the spirit of service in their home churches.

The Baptist Young People's Union, divided into four sections, with four groups in each section, meets weekly. All of these Unions are very active—all A-1 Unions.

A Young People's Prayer Meeting, conducted mainly by students, meets every first and third Sunday nights. This organization, under the control of Prof. L. H. Campbell, is maintaining a high standard of service.

The Buie's Creek Baptist Church, of which the Principal has been pastor for thirty-two years, holds its preaching services on the second and fourth Sundays in each month, morning and night.

CREEK PEBBLES STAFF

B. Y. P. U.

The Methodist Episcopal Church, with Sunday School every Sunday and preaching monthly, is near enough for students to attend.

The Presbyterian Church, with a neat house of worship, has preaching monthly, with Sunday School every Sunday.

Evangelistic meetings are held once or twice a year. Last year these meetings were conducted in the spring term by Rev. H. T. Stevens, pastor of Green Street Baptist Church, High Point. In these meetings and during our regular preaching services there have been about fifty baptisms for the year. The new brick church costing about \$25,000, is in use. This church is well equipped with Sunday-school rooms, a new pipe organ costing \$2,500, and is a great addition to our chances to serve those who come to us.

A prominent professor in one of our leading colleges has said: "Of all the preparatory schools in the State with which I am acquainted (and I know the principal ones) there is not another where the influences for good morals are equal to yours."

# SUNDAY SCHOOL LECTURES

For a number of years we have had the services of expert Sunday-school workers, who have given us a series of lectures on Normal Training, with emphasis on the preparation of Sunday-school workers.

### Public Lectures and Addresses

September 1—Fall opening—Rev. H. T. Stevens, High Point.

September 6—Perry Morgan, B. Y. P. U.

September 10—Rev. E. N. Johnson, "To the Uttermost."

September 13—Rev. Fred N. Day, Winston-Salem.

September 22—Rev. Zeno Wall, "Coming to the Kingdom for This Hour."

October 7-Rev. C. F. Hudson, Raleigh.

November 6—Dr. R. L. Pittman, Fayetteville.

November 26—Rev. H. T. Stevens, High Point (Thanksgiving).

November 27-Dr. J. R. Jester, Winston-Salem.

November 30-December 4—Miss Dorothy Kellam, Raleigh, Y. W. A.

December 13—Rev. B. Townsend, Prof. Owen Odum.

January 24—Rev. C. C. Wheeler, Holly Springs.

January 31—President Carlyle Campbell, F. Hunter Creech, Esq. February 16—Rev. E. N. Johnson, "Explanation of Failures." February 22—Mr. F. S. Cullom, Dunn, "Service v. Selfishness." March 7-17—Rev. H. T. Stevens, High Point, revival services. March 21—Rev. T. W. Siler, Siler City. March 26—Dr. W. N. Johnson, Mars Hill, Stewardship. March 28—B. F. McLeod, Esq., Buie's Creek. March 29-April 2—Miss Winnie Rickett, Raleigh, B. Y. P. U. March 31—Dr. C. E. Maddry, Raleigh.

# Literary Societies

In connection with the school there are four enthusiastic and well-organized literary societies — Washingtonian, Athenian, Eutrophian, and Philologian.

The Washingtonian, for members of the Primary and Intermediate grades, is under the direction of one of the lady teachers, and meets weekly.

The Athenian is for young ladies, and meets Monday afternoons for recitations, readings, essays, discussions, and the transaction of business. In 1919 the Athenian Society was divided into two sections—Astro-Athenian and Sappho-Athenian.

The Eutrophian and Philologian are for young men, and meet Friday night for debate, declamations, reading essays, and the transaction of business.

All boarding students are required to join one of the literary societies within thirty days after registration, unless excused by the faculty.

Any student expelled from a society becomes subject to expulsion from school.

All applications for membership in any society shall be approved by a committee of the faculty, and neither society shall have more than three-fifths of the aggregate membership of both societies.

No student is allowed to be signed up for either society or to attend a meeting of either society until the eighth day after registering as a student.

ASTRO SOCIETY

SAPPHO SOCIETY

# MEDALS AND PRIZES

Medals and prizes are awarded annually as follows:

Ten dollars in gold for best all-round student, Mr. Claude Gore.

Excelsior Medal, for best student of the opposite sex.

Five dollars in gold, given by Mr. Roy Pope, for punctuality and loyalty.

The J. W. Jordan Orator's Medal.

Best declamation.

Best recitation.

The J. R. Carter Medal, given by Mr. P. A. Carter of New York, in memory of his brother, for best student in languages.

Athletics and Scholarship, given by Prof. L. H. Campbell.

The literary societies award medals at the end of each term for best improvement in society work, and the Philologian and Eutrophian societies award a medal for best debater.

# MINISTERIAL LOAN FUND

Through the liberality of Mr. M. C. Treat, of California, we are permitted to offer a loan of from \$25 to \$75 a year to worthy ministerial students who cannot otherwise attend school. The young men applying for help must show evidence of consecration and capability, giving recommendation from their pastor and church.

Parties receiving help are required to give their note, to be paid in four years time; earlier if convenient.

# HELP FROM EDUCATION BOARD

The Education Board of the North Carolina Baptist State Convention is helping young men preparing for the ministry in secondary schools. All such applications for help must be endorsed by the church of which the beneficiary is a member, by the Moderator of the Association, and by the Chairman of the Executive Board. Application blanks can be secured by writing to the Principal.

# Athletics

Mr. Martin Mr. Brandon Mr. Edwards

We believe that relaxation and exercise are necessary for the physical and mental development of students; that athletic contests, when properly safeguarded, have an important place in school life in accomplishing these aims. While we do not encourage professionalism, nor allow unnecessary loss of time from school work, we seek to enlist every student in some form of regular exercise. Faculty supervision and coaching is provided for various forms of gymnastic exercise and games with the view of developing clean sportsmanlike conduct on the part of all students. We have teams in all the major sports, football, baseball, basketball, track, and tennis, which compare favorably with teams from other schools in our section.

We are fortunate in securing for next year three professors with enviable reputation on college teams to coach our sports. Mr. Martin, a letter man for four years in football and baseball from Wake Forest College, with two years experience as coach, will be assisted by Mr. Brandon and Mr. Edwards. All of these men have been selected after due consideration of their moral fitness as well as their ability to coach the games.

We are well equipped to develop the physical life of our students with our spacious campus containing many courts for mass games and tennis; with a large athletic field under the control of the school; and with our new gymnasium 60x90 feet, supplied with toilets and shower baths.

Beginning with next session all boarding students will be required to attend regular classes in physical education meeting twice a week. Graduation will be denied those who fail to come up to the standards of the department. The course includes gymnastics, competitive games, and instruction in hygiene.

No student will be allowed to represent the school on any team whose deportment and scholastic record fails to meet the approval of the faculty. Profanity and rowdyism on the athletic field are not tolerated.

The school awards monograms in football, basketball, baseball, track, and tennis.

FOOTBALL

BASEBALL

# Boarding Arrangements

GIRLS' DORMITORY. Young ladies board in Treat Dormitory or the Fred N. Day Annex, and are under the supervision of the Dean of Women. They are not allowed to receive company at the dormitory, except under the supervision of the Dean. The buildings have electric lights, the dormitory is steamheated, and both are supplied with running water.

Boys' Dormitory. A dormitory for boys has been built. It is a two-story building, forty-five rooms, is supplied with electric lights, steam heat and water. Members of the faculty room here and have the oversight of the boys.

FURNISHINGS. Those who room in the dormitories and the annex must furnish one pair of sheets, one pair of pillow-cases, one pillow, one quilt, towels, comb, etc. Most of our rooms are equipped with double beds.

Deposit. Each applicant for room in dormitories must deposit \$2 to secure assignment.

Private Homes. Young men may board and room in private homes. In these homes some families give board and furnished rooms. In other families "clubs" are conducted, at the end of the month each member of the club paying his *pro rata* expense of the board.

No student will be allowed to board or room in any private home, unless the keeper of the home pledges to support the government of the school and to report weekly as to the conduct of students in the home.

# Expenses

(For Semester of 18 Weeks)

# TUITION AND SETTLEMENT

Elementary Department\$  Academy  Junior College  Matriculation (Includes Registration, Library, Medical, and Athletic Fees)	15.00 22.50 27.50 12.50	
Board		
In Dormitory, with Room, Heat, and Lights\$	81.00	
In "Clubs" with Room, Heat and Lights about		
In Private Families, Regular Board with Room\$90 to	\$105	
Extras		
Music (Vocal, Piano, Violin, Band, each)\$	22.50	
Piano Practice	2.50	
Harmony and Music History	4.50	
Expression	22.50	
Business Course	22.50	
Shorthand and Typewriting	22.50	
Laboratory fees, Chemistry and Biology (Academy), each	2.00	
Laboratory fees, Chemistry and Biology (Junior College) each	4.00	

In literary department a discount of fifty per cent on tuition is given orphans, widows, ministers, and ministers' children.

#### SETTLEMENTS

- 1. All fees must be paid upon registration, before students are admitted to classes.
  - 2. Settlement for tuition is due upon entrance.
- 3. Charges for board must be paid for each half-semester in advance.

Any variation in the above terms of settlement must be approved by the President before entrance.

Tuition will be refunded only in case of sickness or unavoidable absence for more than a month. No deduction for board for less than two weeks can be allowed, and then only for half time.

No credits for work completed will be given students until settlement of all charges are made.

# Rules and Covernment

- 1. We will not play cards or any games of chance.
- 2. We will not carry concealed weapons.
- 3. We will not use profanity.
- 4. We will not drink wine, whiskey, or any other intoxicants, except it be in cases of dangerous sickness or prescribed by a physician.
- 5. We will not leave the school grounds without the permission of the Dean or his representative.
  - 6. We will neither write nor pass notes.
- 7. We will not use tobacco in the schoolrooms, nor smoke in and around the buildings.
- 8. We will not mark, cut or in any way deface the school furniture or buildings, and will pay for all damage done to property by us.
- 9. We will refrain from all talking during school hours, except by permission, and then will not disturb those around us.
- 10. During school hours we will not be away from our study rooms, except for recitation or by permission, and then will promptly return.
- 11. At night we will not be away from our boarding places after dark, except by permission.
- 12. Students leaving the school are required to get permission from the Dean or his representative on the faculty.
- 13. Students missing morning roll call, without being excused, five times, may be summoned before the faculty; for ten unexcused absences the student may be expelled. Students absent from three recitations on any subject during a month, without being excused, may be required to stand examination on that subject.

- 14. Students are required to have written permission from their parents in leaving school. Parents are urged to give their children as few permissions as possible. Except in cases of emergency, no student can have permission to be away more than eight times during the year.
- 15. Students are not allowed to miss classes on the day before or the day after a holiday.
- 16. We will endeavor to refrain from any conduct, either in or out of school, known to us to be damaging to ourselves or the interests of the school.
  - 17. Students are required to attend religious services.

Before matriculating, all students will be required to subscribe to the above rules of government, pledging their honor to cheerful obedience.

# Suggestions About Dress

The following suggestions are offered to aid the girl in planning her wardrobe for the school year:

#### Dresses-

- (1) Sport dresses of cotton material for fall and spring (ginghams, linens, chambrey or any cotton material which can be easily laundered).
  - (2) Woolen sport dresses for winter.
- (3) One one-piece dress of any nice material for church going and any special occasions. (Evening and sleeveless dresses are not worn here.)
- (4) One plain white linen dress, or any heavy white cotton goods, for commencement wear.

# Wraps-

One heavy sweater, coat or cape, raincoat and rubbers.

#### Shoes-

Sport shoes and sport slippers are more serviceable here.

VOLUNTEER BAND AND MINISTERIAL STUDENTS

COMMERCIAL CLASS

# Special Notes

- 1. Students coming by railroad will be met at Dunn, Coats, or Lillington, August 30 and January 3 if notified.
- 2. We have a healthful location. No school in the State furnishes a better atmosphere for student life.
- 3. Post office in sight of the Academy. Two mails daily, except Sunday. The Carolina Telephone Company's line extends to Buie's Creek, with central at Dunn. The Bank of Buie's Creek affords an easy way of sending money to students.
- 4. Our buildings are new, comfortable, commodious, and well furnished with patent desks, maps, charts, globes, etc.
- 5. The school is highly endorsed by all its patrons and other prominent men who are acquainted with our work.
  - 6. Firm but mild discipline is enforced.
- 7. Lectures on morals, etiquette, etc., are given, from time to time, by the Principal and other members of the faculty. Public lectures by prominent men at least quarterly.
- 8. Seven hundred and sixty-seven students last year. Why so many? (1) Because of the thorough and practical work done here—merit. (2) Unsurpassed moral advantages. Fewer temptations to idleness and immorality than almost any other community, and parents are learning that it does not pay to disregard the moral advantages in deciding where to send to school. (3) The school is cheaper than other schools of similar grade, offering equal advantages. (4) We are doing what we can to make the school a blessing to the people, and are depending on God to help us.
- 9. We have an able faculty, representing Wake Forest College, Chowan College, Columbia University, Ohio Valley College, Bowling Green Business University, University of North Carolina, Meredith College, Furman University, New York School of Music, Moody Training School, North Carolina College for Women, Georgetown College, Baptist Bible Institute, Southwestern Training School, Louisville Training School, Bessie Tift College, University of Chicago.

# Commencement, 1925

#### SATURDAY, MAY 9.

8:15 p.m.—Primary Grades.

#### SUNDAY, MAY 10

11:30 a.m.—Sermon, Dr. F. E. Gaines, Greenville, S. C. 8:15 p.m.—Sermon, Dr. F. E. Gaines, Greenville, S. C.

## Decisions of Four Indges

#### (W. P. STACY, CHIEF JUSTICE OF N. C.)

Buie's Creek Academy is situated in a healthy locality. It is conducted under Christian influences and offers a wholesome solution for those who are faced with the problem of selecting a school for their children.

#### (L. R. VARSER, ASSOCIATE JUSTICE OF N. C.)

I consider Buie's Creek Academy thorough and successful in imparting instruction. The Christian influence that prevails throughout its student life is such that parents may feel satisfied to commit their children to its care. I have the fullest confidence in its management and do cheerfully commend it.

#### (JUDGE E. H. CRANMER, SUPERIOR COURT)

I recall, often, my visit to your splendid school. You are doing, and have done, a wonderful work. Your school is one of the bright spots in North Carolina, and I wish, sincerely, you could take ten times as many students as your present plant will accommodate. I wish, too, a few thoughtful men and women from each county in North Carolina could visit your fine school.

As a North Carolinian I am proud of, and grateful for, Buie's Creek Academy.

#### (JUDGE W. A. DEVIN, SUPERIOR COURT)

I have had opportunity to visit Buie's Creek Academy on two occasions. I have known its honored Superintendent many years, and some of his assistants. I have watched the careers of a number of young men who were students there. From this personal knowledge and through other sources of information, I have formed the opinion that no where can better, cleaner, saner mental training be had, nor do I know of an institution where the environment is more fitted for the development of moral character. You are doing a great work there and I rejoice in it.

## What School Superintendents Say

#### (Hon. A. T. Allen, Superintendent of Public Instruction for N. C.)

I want to congratulate you on your large enrollment for this year. Buie's Creek Academy has done a great work in North Carolina and I am delighted to know that its prospects for the future are so bright. I certainly hope this work will continue to grow in usefulness and service and I know it will as long as your hand guides its destinies.

#### (HON. J. HENRY HIGHSMITH, SUPERVISOR OF HIGH SCHOOLS FOR N. C.)

I take pleasure in speaking in commendation of Buie's Creek Academy. The school has rendered a very fine service in the equipment of young people for entrance to college and for engaging in various kinds of work. There is a decidedly wholesome atmosphere about the school. Many young men and women who are more mature than average high school boys and girls enter the school each year and find the work not only pleasant, but stimulating, and are encouraged to complete their secondary school course. This is a distinctive feature of the work of the Academy. Buie's Creek Academy has rendered an unusually effective service to students who have had limited school advantages. This school is a real educational asset to North Carolina.

#### (From Hon. J. Y. Joyner, Ex-Supt. of Public Instruction for North Carolina)

I retain most delightful recollections of my visit to your school. I was greatly impressed with the fine spirit of your students, the excellence of your Commencement exercises, and the pride of the people of the community in Buie's Creek Academy and their admirable loyalty to it. The marvelous success of your school in a rural district, four miles from any railroad, and the transformation that has been wrought by its influence in that section of the country, is a splendid object lesson in what can be accomplished by pluck, energy, faith, and consecration to a noble work. Your school is doing a blessed work by placing excellent educational advantages within the reach of hundreds of young men and young women of moderate means, and within the reach of many absolutely without means.

#### (FROM SUPT. B. P. GENTRY, HARNETT COUNTY)

The opportunities for the proper training of young men and young women at Buie's Creek are so well known that it seems sufficient to me to say Buie's Creek will carry the right message. These two words have almost become synonyms of growth, development, and progress in Christian education. They suggest a place of power and achievement. Viewing the school and its work as an interested and close observer, I do not hesitate to class it as a big asset, not only to Harnett County, but to the State and county as a whole. Properly located and controlled by men who always dare to do the right, it will ever remain a fit training place for the youth of our land.

## What College Presidents Say

(From Hon. E. C. Brooks, Ex-Supt. of Public Instruction for North Carolina, Now President of State College)

I was very much impressed during my recent visit to Buie's Creek with the fine spirit that prevails in your community. The loyalty of the students to the institution and the admiration and respect in which it is held by the people are an evidence that your institution fills a large place not only in Harnett County, but in the State. It has grown up around a man who seems to have a genius for stimulating and inspiring young men and young women.

#### (FROM PRESIDENT POTEAT, WAKE FOREST COLLEGE)

I beg to congratulate you upon the fact that your school had forty-two men in Wake Forest College the past session, and that of that number ten were in the graduating class. I congratulate you further upon the high purpose, the seriousness, and the habit of work which we have here come to recognize as characteristic of the Buie's Creek men.

#### (FROM PRESIDENT BOATWRIGHT, RICHMOND COLLEGE)

The young men who have come to Richmond College from Buie's Creek Academy have been students of character and high purpose. Their college work has indicated careful training, and on this basis I am glad to give my cordial endorsement to the work of your Academy.

#### (FROM PRESIDENT FOUST, N. C. COLLEGE FOR WOMEN)

It gives me much pleasure to bear testimony to the excellent work that is being done by your institution. We have had several students from your school and they have shown good preparation. I believe that you are doing a great work and that your school deserves the support and encouragement that it is receiving from our best citizens.

#### (FROM DR. E. A. ALDERMAN, PRESIDENT OF UNIVERSITY OF VIRGINIA)

I am very glad to bear testimony to the culture and training evinced by pupils of Buie's Creek Academy at this University. By an acquaintance of several years with the work of that Academy, I am prepared to state that it is doing a high quality of work and is a credit to its principal and the section which maintains it.

#### (FROM DR. CHAS. E. BREWER, PRESIDENT OF MEREDITH COLLEGE)

I know of no school that is doing greater work than is being done at Buie's Creek Academy under the direction of Rev. J. A. Campbell. The students coming from that institution are not only well prepared for their class work, but also have the right attitude.

## (FROM PRESIDENT L. R. SCARBOROUGH, SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY, TEXAS)

From what I saw the day I visited the school I put it down in my deepest soul that there can be no better place in this country for a boy or girl to get a start in education. I do not know of a place anywhere that I would rather have my children educated than in Buie's Creek Academy. I count it one of the greatest spiritual assets Baptists have in the South.

#### (FROM DEAN W. H. WANNAMAKER, TRINITY COLLEGE)

Trinity College has from time to time had among its students young men who were trained at the well-established Buie's Creek Academy. It gives us pleasure to say that we believe this school deserves its good reputation, and we sincerely hope it will continue to enjoy the patronage of people wishing to place their boys where they can get good training and sound instruction.

#### (FROM PRESIDENT H. W. CHASE, UNIVERSITY OF NORTH CAROLINA)

I am very glad to say that it has been our experience that the men who come here from Buie's Creek Academy come well prepared for work at the University. They are good men, and we are always glad to have them.

You will be interested to know that one of the men you sent us this year has thus far made a record of over ninety-five per cent in five of the six courses which he has so far completed. This is a most extraordinary record for a first-year man.

#### (FROM PRESIDENT W. J. McGLOTHIN, FURMAN UNIVERSITY, S. C.)

It has been my good fortune to touch the students who come from Buie's Creek in one way and another for many years, and it is a pleasure to testify that they have uniformly been filled with the highest spirit of devotion to the work of education and to all the higher things of the spirit. There is no secondary school among Baptists which has a better influence upon its students than Buie's Creek, in my judgment. I heartily commend it to all who are seeking a high-grade Christian secondary school.

#### (FROM PRESIDENT E. W. SIKES, CLEMSON COLLEGE, S. C.)

The spirit of Buie's Creek Academy is one of the finest that I have ever known. Great emphasis is placed upon character building. There is an atmosphere of culture and refinement that greatly edifies. There is much there of the spirit of the famous old high schools that have become historical. High morals and religion are kept above par. The atmosphere of the place stimulates one for higher things. Any young man is fortunate who has had the advantages of such training for four years.

#### (FROM PRESIDENT JOHN E. WHITE, ANDERSON COLLEGE, S. C.)

From its beginning, I have followed the development of Buie's Creek Academy on its way to be the great school it is today. Every year has marked its progress. Its standards, its equipment, and above all, its inspirational spirit, make it one of the outstanding institutions of North Carolina. Its reputation has extended beyond the State; its students going to colleges and universities have reflected its thoroughness. One of the highest tests of any school is what its graduates feel about it and say about it. Buie's Creek men and women have impressed me with the enthusiasm with which they bear witness to the school and to the great and good influence of its principal on their lives.

## Mhat Other Prominent Men Say

#### (Dr. J. R. JESTER, PASTOR FIRST BAPTIST CHURCH, WINSTON-SALEM.)

In the Fall of 1924, it was my pleasure to spend ten days at Buie's Creek speaking twice each day, in Revival Services. In all of my ministry I do not recall a more delightful season. The spiritual atmosphere that exists in Buie's Creek Academy is most wholesome. Every effort is made to implant the highest ideals of Christian character in the minds and hearts of the students. If any student fails to respond to such influence, we feel that such failure cannot be charged to those who are giving their lives and best effort in a sacrificial way to train the students for real service. The Buie's Creek spirit is unique. We have seen no school that exerts a finer Christian influence. May heaven's favor continue upon J. A. Campbell and those associated with him in the noble work of this Institution.

(FROM HON. J. A. POWERS, SOLICITOR FOR SIXTH DISTRICT.)

Many of your students were class-mates of mine at Wake Forest College. Many others I have known personally and by reputation, I think I can speak with authority when I say that your institution is rendering the greatest service of any institution within my knowledge. I never hesitate to recommend your school whenever and wherever I have opportunity.

#### (FROM HON. JOSEPHUS DANIELS, EX-SECRETARY U. S. NAVY)

One of the institutions that is doing the most good in this section of the State is Buie's Creek Academy, Harnett County. It is not ambitious for greatness, but its principal, Rev. J. A. Campbell, is ambitious to see it grow in usefulness. It has been like a light set on a hill to a large section of country, and has shed a radiance of better education and enlarged opportunities that will tell for the State's betterment in all the years that are to come. If every section of the State had such an academy, North Carolina would in a few years take front rank.

(FROM REV. C. E. MADDRY, D.D., SECRETARY OF BOARD OF MISSIONS FOR N. C.)

We judge any institution by its finished product. Measured by this standard, Buie's Creek can meet the test. As a high-grade preparatory school it ranks second to none in North Carolina. The students going out from this school stand shoulder to shoulder with those of any other school.

But the finest asset of Buie's Creek is its wholesome, Christian atmosphere. The school is built up and lives around the great historic spirit of its founder and director. The spirit of noble sacrifice and unselfish service sooner or later grips and dominates every young life that touches Buie's Creek. May the blessings of heaven, without stint and measure, be poured out continually upon the great school.

(FROM REV. R. T. VANN, D.D., EDUCATIONAL SECRETARY, RALEIGH, N. C.)

A recent visit to Buie's Creek Academy was the fulfillment of a long-cherished desire. The reputation of the school had led me to expect a good deal, but I found much more. The gently rolling country, the quiet forest, the absence of railroads and ills that follow them, the social life, simple and clean, all combine to render the location ideal. The full nine months session, with seven or eight hours of work each day, accounts in part for the excellent showing of proficiency in the pupils, while the painstaking labor of principal and teachers explains the rest.

(From Dr. Clarence H. Poe, Editor Progressive Farmer, Raleigh, N. C.)

It gives me great pleasure to bear testimony to the splendid work of Buie's Creek Academy, especially as it impressed itself upon me during my recent visit. I remarked upon my return that I doubted whether any other school in North Carolina has accomplished as much in proportion to the money expended upon it. You have reached a class of young men from our farms, most of whom no other institution would have reached, and the good accomplished is incalculable.

(FROM REV. LIVINGSTON JOHNSON, D.D., EDITOR BIBLICAL RECORDER)

It was my great pleasure to visit Buie's Creek recently. I had heard much of this school and its excellent work, but can truly say that my expectations, high as they were, were more than met. Nearly five hundred pupils are gathered from sixty-five counties of this State, and from many other States.

These young men and women impress one as having an earnest purpose in life. They are there to better prepare themselves for future usefulness.

Most of them are poor, and could not secure an education were it not for the peculiar advantages offered them by Buie's Creek Academy. Any parent can feel safe in putting his child under the care of Professor Campbell. There is a spiritual atmosphere pervading the whole institution which impresses one as soon as he reaches the community.

#### (FROM HON. J. A. OATES, FAYETTEVILLE, N. C.)

One of the great marvels in the educational revival in North Carolina is the wonderful internal and expansive growth of the Buie's Creek Academy. It was once the school of Rev. J. A. Campbell, but is now the school of the people. The State does not own it, yet it is a public school. No church owns it, yet its strong influence for Bible truth and morality cannot be calculated. Buie's Creek needs the people and the people need Buie's Creek.

The elements have met in Buie's Creek to make it a great Southern preparatory school. These elements are a practical, consecrated principal of experience, a school with an enviable record already established, a patronage which means loving friends, a location ideal. The people of North Carolina could do the educational work of their State no better service than to take stock in Buie's Creek Academy.

#### (From Rev. B. W. Spilman, D.D., Field Secretary Sunday School Board, Kinston, N. C.)

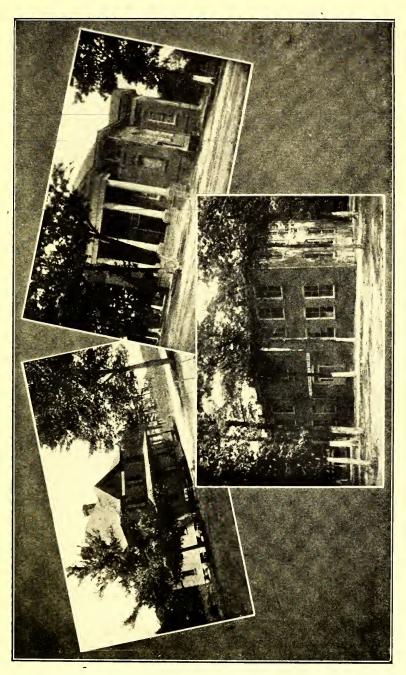

I have recently spent several days at Buie's Creek Academy. It is in many respects the best academy in North Carolina. The building is equipped with modern appliances. There is a faculty whose superior is not to be found in any academy in the State, and the spirit of Christ pervades the institution.

#### (FROM DR. G. W. PASCHAL, WAKE FOREST, N. C.)

I have never been at Buie's Creek to see your plant, but I know your school. "By their fruits ye shall know them." For twenty-six years now I have been dealing with students fresh from Buie's Creek. Without exception they have shown the influence of such training in books, in religion, in character, as I could wish that my own sons may receive in their high school course.

#### (FROM REV. C. H. DURHAM, D.D., LUMBERTON, N. C.)

It was my privilege to visit Buie's Creek Academy recently. For a number of years I have viewed it from a distance with increasing admiration. On this occasion it was my great pleasure to view it at close range and become better acquainted with its inner life and work. Having heard so long of some of the chief characteristics of the place, it was not surprising to find the moral and

religious tone of the community to be very pronounced. Also to find it remarkably free from loud, worldly display, so prevalent nowadays. The visitor soon has the conviction that faithful, honest work is done here. And he soon finds himself prepared to believe that the students of this institution move in an atmosphere which is calculated to develop strong, healthy, Christian character. Of course, every one agrees that the godly life of Principal J. A. Campbell is stamped on the school and the entire community. Few men are loved and respected by their pupils, associates and neighbors as much as he is. The work that he and his faithful teachers are doing can't be estimated this side of eternity. To all the Baptist people in North Carolina it should be a source of profound gratitude that we have such a school as this.

(FROM DR. P. E. BURROUGHS, EDUCATIONAL SECRETARY, NASHVILLE, TENN.)

Buie's Creek Academy holds a unique place among the educational institutions of the entire country. The rank which its students are taking in the higher institutions of learning sufficiently attests its scholarship. Besides its scholarship, and almost better than its scholarship, is its fine moral and spiritual atmosphere. If there is a safer and choicer place for our young people than Buie's Creek Academy, the writer does not know about it.

## What Our Patrons Say

(MR. D. W. COBB, MERCHANT, GOLDSBORO, N. C.)

I am glad of the opportunity to add my word of praise and appreciation for the splendid work you are doing at Buie's Creek.

I am well pleased with your school and am glad to say that my son has done splendid work while there. Your Christian influence is worth so much to a young man that I am sure no one would hesitate selecting Buie's Creek for his boy.

My wife as well as myself are proud that our boy has been in your school this year.

#### (Dr. C. E. Schaible, Chair of Bible, Coker College, S. C.)

We are very much pleased with the progress that Maynard has been making, since he has gone to Buie's Creek Academy. We feel that we did well in sending him to you. I shall be glad to recommend Buie's Creek Academy to anyone. Your Christian standards and ideals are bound to work good to anyone who can respond at all to good influences.

#### (Hon. J. C. Meekins, Jr., Washington, N. C.)

I consider your institution the best preparatory school in this State.

To my mind there are four qualities, which are absolutely necessary to a boy's success, in after life: Religion, thoroughness, thrift and economy. In visiting my boy, who is with you, I find that these conditions are stressed at Buie's Creek more than at any place I have ever seen. I have two more boys for you, one will go next year and the other as soon as he is prepared to enter.

#### (FROM REV. H. R. MOSELEY, D.D., EL CRISTO, CUBA)

I wish to add my testimonial to that of many others to the excellent work done in your school. In the year my son spent there he not only did good work in his studies, but the influence of the school at a formative period of his life was most helpful to him. I am glad I sent him to you, and hope to send my other boy this fall or next. .

#### (FROM REV. FRED N. DAY, WINSTON-SALEM, N. C.)

I have been for a number of years personally acquainted with Professor Campbell and his school. I have had three sons under his care and am also interested in educating others there. In my opinion there is no safer or better school to which to send your children.

#### (FROM MR. CHARLES H. HOLT, PRINCETON, N. C.)

It gives me much pleasure to express my appreciation of your most excellent school. The lives of the boys and girls that finish at Buie's Creek are the greatest living expression of the Christian spirit at the school. I have one son that graduates this term, and it will be my greatest desire to send my remaining five children to Buie's Creek.

#### (FROM MR. J. L. AYCOCK, ELBERON, N. C.)

For the last two years my son has been a student of Buie's Creek Academy, and I am well pleased with the progress which he has made. He is very enthusiastic about his work there and speaks in highest terms of the school and faculty. It has been my privilege to visit Buie's Creek a few times, and I think that I have never seen such loyalty to the school and the things that are best among any student-body as is shown by the boys and girls of your institution.

#### (FROM MR. A. P. THOMAS, SHALLOTTE, N. C.)

Because of a lack of knowledge of Buie's Creek at the time I sent my two oldest children away to school, I did not send them there. This I have to regret. Since then, however, I have tried to make up for my mistake by sending you my remaining eight children—the eighth and last being now with you. Had I ten more to educate they would at least have the chance to attend your school. I have been more than pleased with the training each of my eight children has received from year to year under you and your corps of consecrated teachers. Blessings on you, and thanks for your fatherly interest in my children at all times.

#### (FROM REV. E. R. NELSON, BAPTIST PASTOR, HENDERSON, N. C.)

It affords me pleasure to commend both you and your school. I have been most favorably impressed with your methods and with the conduct of the work and my admiration and love for you increase with every visit.

I shall always be glad that I sent my daughter to Buie's Creek Academy. This is a Christian secondary school of the highest order. I have a well-founded suspicion that the head of the school is very careful as to whom he associates with himself in the work.

Particular attention is given to discipline, and parents may feel sure that their children are safe at this school.

Professor Campbell has an inimitable knack of appealing to the best and the noblest that is in one, creating ideals and lifting the aspirations of his students, so that one feels ashamed not to be and do his best.

The esprit de corps of the students, and former students, proves that one never quite gets over attending Buie's Creek; he loves the place, the teachers, and, most of all, its founder and principal, J. A. Campbell.

#### (FROM REV. J. W. DOWNEY, BAPTIST PASTOR, SEVERN, N. C.)

I have patronized Buie's Creek Academy now for two years by sending my oldest son there. It gives me the greatest pleasure to say I think it the place for a boy to come under the influences of the best religious and highest ideals possible that can be found anywhere. I thank God for what it has done for my boy, and trust that it may stand many more years to bless the boys and girls of our country.

#### (FROM I. D. HARRELSON, FARMER, WINNABOW, N. C.)

Having been a student at your school more than twenty years ago, it was not hard for me to decide where to send my children when ready for high school. I sent you my oldest son. He is now in Richmond doing well. You now have my oldest daughter and six others are getting ready for Buie's Creek. I am perfectly satisfied so long as my children are under your watchful eyes. I regard your school as second to none on earth. My father, now eighty-six years old, wishes me to add that he has been watching your school with prayerful interest since its first beginnings, and he will never cease to love you and the school for what it has done for the Master's cause.

#### (FROM MR. J. OWEN WILLIAMS, NEWTON GROVE, N. C.)

In selecting a high school for my two daughters, I am sure I made no mistake in selecting Buie's Creek. Having been a student there myself, I knew that they would be well cared for. I am pleased with the results and wish to thank you for the kind interest you have taken in them. Fortunate indeed are those who enter your school.

#### (FROM REV. K. C. HORNER, BAPTIST PASTOR, GATESVILLE, N. C.)

It is my candid opinion that Buie's Creek preparatory school, with its consecrated and wide-awake superintendent, Prof. J. A. Campbell, and his fine corps of teachers, is equal to any and exceeded by no other school of its kind in the State or elsewhere.

I rejoice that I am a patron of this school, and do hereby heartly recommend it to be all right morally, educationally, financially, and socially.

#### (FROM W. H. MCNEILL, ATTORNEY AND COUNSELLOR-AT-LAW, CARTHAGE, N. C.)

Many years of thorough and excellent work has put Buie's Creek Academy abreast with the very best schools of the country, and when I began to think of sending my son away to school I wanted the best for him, and began to cast about for the safest and best, and decided upon Buie's Creek. To this good hour I have never entertained a single regret upon my choice. I cannot express my confidence and high esteem for Prof. J. A. Campbell and his faithful and efficient force of teachers.

The moral and religious influence of this school is a household term, but along with this most appreciated fact there should be emphasized the other associated necessity for good school work, and that necessity is a healthy and vigorous student atmosphere. All of these good and wholesome conditions prevail and are in evidence in Buie's Creek.

I am glad that I came to know this school in its every-day work, and shall ever remain its friend and advocate before the public.

#### (FROM MR. A. D. ATKINS, FARMER, CARY, N. C., R. F. D.)

It gives me great pleasure to give your school my unqualified endorsement. During the two years that I have been a patron of your school I have found that you not only give literary instruction of the best, but also endeavor to build up character. I would advise any one wishing to place his children under Christian influence to send them to Buie's Creek. I often say there may be as good schools as Buie's Creek, but I know of no better.

#### (FROM MR. C. C. JONES, CARTHAGE, N. C.)

If an institution is to be judged by its fruits (and how else shall we judge it?) I know of one man who as a boy attended this school, got his bearings, and often refers to it as the deciding factor in his life's work, who if he were the only one that could be pointed to as a credit to the school, it would have been worth all the efforts ever put forth there, and the school would be counted a great success. But I know of many such. They are scattered all over the country. That seems to have been and is the aim of the school-to help boys and girls find their life's work. Too many are aimlessly drifting, jumping from pillar to post, and have no purpose in life; Buie's Creek helps them to find themselves and gives them a vision of the "life beautiful." I know of no better influence anywhere, and the good that this school has done can never be estimated as we estimate things in this world. Any man having money he desires to invest in boys and girls, where it will pay large dividends in things that abide forever, while empires crumble, would do well to look into the work of Buie's Creek. Its guiding hand all these years has been that matchless man, J. A. Campbell. How he has done the work he has is a marvel.

#### (FROM MR. CLAUDE STEPHENSON, FARMER, WILLOW SPRINGS, N. C.)

I wish to say that I think your school the best preparatory school within my knowledge. The Christian influence which surrounds the girls and boys under your management is the most wonderful part of school life. I am glad of the privilege to patronize such a school, feeling that my daughter will be well cared for while there.

#### (FROM MR. S. A. ADAMS, MERRY HILL, N. C.)

I do not believe North Carolina has a preparatory school superior to Buie's Creek. I have visited the school twice since my daughter has been a student there and I have sought information from her and from many others. I believe that the privileges and opportunities for intellectual training offered in your school are as good as can be found anywhere, but I rejoice that the moral and spiritual training given your students will count for even more. The high ideals of Christian living held up in your school, beautify and glorify the intellectual training given.

### Boosting B. C. A.

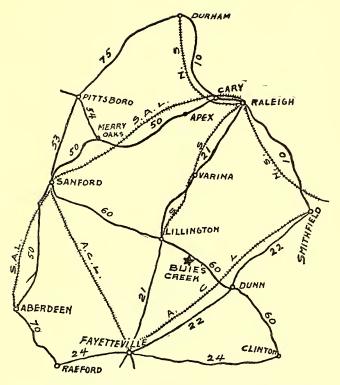

Faithful and true-hearted, let us cheer our dear old high; We revere her and defend her and her colors proudly fly; We will stand for her united, of her deeds we gladly tell, Her colors streaming, glad faces beaming, So here's a cheer for her that we all love so well.

#### CHORUS

Joyous and ever loyal, let us boost for B. C. A. Let every heart sing, let every voice ring, There's no time to lose or play; It's ever onward our course pursuing, May defeat ne'er our zeal dismay, But united we will boost for her, our B. C. A.

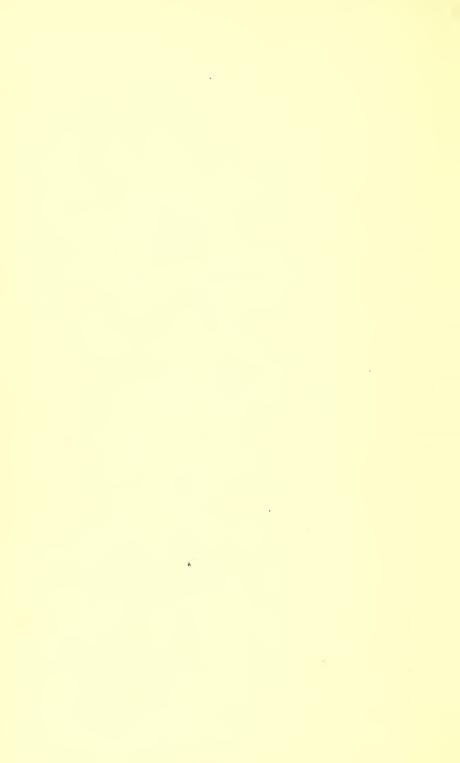

Honors she has taken, she has sons in fame's great hall, May she always rank the highest, may her colors never fall; There's no other that can match her when we try her students' steel; Her boys the fleetest, her girls the sweetest, Then here's a cheer for her, for her who ne'er will yield.

MAP SHOWING DIRECT HIGHWAY ROUTES TO BUIE'S CREEK

The Carolina Coach Company's bus lines from Raleigh, Fayetteville, Smithfield, Dunn and Lillington pass Buie's Creek, making three return trips daily.

- Socials and Entertainments—A. E. Lynch, Mrs. Lynch, Miss Brooks, Miss Moon.
- Discipline—J. A. Campbell, B. P. Marshbanks, L. H. Campbell, Miss Moon, Miss Powell.

# Camphell College

This institution has just closed its fortieth annual session, one of the most prosperous in its history.

For this wide patronage, and for the many kind expressions concerning the work we are doing for the rising generation, we extend to our patrons and the public generally our sincere thanks.

To our former students we feel especially grateful, and hereby acknowledge our indebtedness to them for their correct deportment and diligent application to study while here, and for their faithful efforts in helping to build up the school. With our past experience to help us, trusting in our friends for a continuance of their patronage and their interest in the school, and looking still to God for His help and guidance, we hope to do even better work, and make the school a more effective agency for the uplift of humanity.

### LOCATION

Campbell College is most fortunate in its location. It is situated a little east of the center of Harnett, in one of the finest sections of this rapidly developing county. It is five miles to Lillington, the county seat, on the Norfolk Southern Railroad and the present terminus of the Atlantic and Western Railroad, four and one-half miles to Coats, the nearest depot on the Durham and Southern Railroad, connecting Durham on the Southern with Dunn on the Atlantic Coast Line, and eleven miles to Dunn. The Durham and Southern makes connection at Apex with passenger trains on the Seaboard Air Line. This places us in easy reach of the principal railroad lines. Route No. 60 of our State Highway System, from Greensboro, Sanford, Lillington, Dunn, Clinton to Wilmington passes by the College. Highway route No. 21, from Raleigh to Lillington, Fayetteville, and Lumberton, passes within four miles of us, connecting with route No. 60 one mile north of Lillington. We are in easy reach of the public highways. The community is exceedingly healthful, the standard of morality high. Being in a quiet country place, we save our patrons much extravagance in dress, avoid many temptations to immorality incident to the average town and city, and having no "lounging" or sight-seeing places, there are few causes to divert the mind from study. The school village, consisting of about 250 population, is composed of people who have gathered here to educate their children, and they are, therefore, interested in keeping the community life pure and the student body busy. The whole atmosphere is educational; everything centers about the school. It would be difficult to find anywhere a community more favorable in every way to the student life. The helps and restraints of home life are thrown around the students. A prominent pastor of this State writes: "The moral and religious atmosphere of the school is superior to any school I ever knew."

Reports are required as to the deportment of students in their boarding places.

### GROWTH AND DEVELOPMENT

In January, 1887, the first school building, 48 by 22 feet, was completed, and the present principal opened school, hoping to continue five months, if the patronage would justify. Many of the best citizens of the community thought it would be impossible to continue that long. The school was a success, and in order to give the children better advantages, it was decided to build a room for the Primary Department.

In the summer of 1887 a room 18 by 24 feet was added to the east side of the main building. The school continued to grow in patronage and usefulness, and in the summer of 1893 a wing 18 by 30 feet was added to the west side of the main building.

In order to give accommodation to the growing patronage and furnish buildings more suited to our needs, in 1896 we erected a new administration building, 50 by 36 feet, three stories high, with a projection in front 14 by 16 feet.

The administration building, 136 feet long, contained six large recitation rooms, with Art Hall, Commercial Hall, Library, Society Halls, nicely carpeted and furnished. On the morning of December 20, 1900, the closing of the fall term, at the hands of an incendiary the buildings were destroyed by fire.

During the spring of 1898 we had erected a large, open tabernacle, 80 by 90 feet, which we used for Commencement exer-

cises. After the fire, this large tabernacle was fitted up for schoolroom work, supplied with new patent desks, heaters and other necessary conveniences and comforts, and, January 8, 1901, we opened school here, having seven large, comfortable recitation rooms. Thus, without serious interruption, the work went along. To our students and teachers who rallied around us, working with their own hands, paying their money and soliciting help from others to keep the school going; to the citizens of the community who came and tendered their teams and help in every way, and to hundreds of friends everywhere who wrote letters, sent help and made it possible for the school to continue, we return our heartiest thanks.

### THE OLD ADMINISTRATION BUILDING

This building, costing more than \$30,000, was constructed of high-grade brick, made on our own grounds. The corner stone was laid May 23, 1901, and the work was pushed along as funds permitted, this building being sufficiently completed to allow us to enter November 2, 1903. It is an everlasting monument to the love, loyalty and sacrifice of our students and friends.

This building is 92 feet long, 70 feet wide, two stories high, with a wing from the rear 50 feet long, 36 feet wide, also two stories high. On the first floor are four recitation rooms, 35 by 40 feet each, furnished with new patent desks, blackboards, globes, charts, etc. The second story has four rooms, 35 by 40 feet each. Beginning with the year 1926-27 the old administration building was used for the elementary grades and special departments.

### TREAT DORMITORY FOR GIRLS

Through the liberality of Mr. M. C. Treat, of California, who gave \$1,000 starting the fund, and hundreds of other loyal friends, a beautiful dormitory, costing more than \$25,000, has been erected, and was ready for the accommodation of girls August 26, 1913. The building is of brick, has two stories, thirty-two rooms, besides the basement, and will accommodate about eighty girls. The rooms are large, well lighted, well ventilated, affording accommodation for two girls to each. The

building is steam-heated, has electric lights and water, and everything possible will be done to safeguard the health of the girls and give them a pleasant place for study.

### WILLIAM PEARSON BUILDING

During the fall of 1915 a building for primary grades was erected, and used first December 28, 1915. It was named the William Pearson Building, in honor of the man who made the first canvass for the school, who always helped, by word and purse, to aid the school, and who died May 25, 1915. Beginning with the year 1926-27 this building was used by the music department.

### FRED N. DAY ANNEX

In February, 1920, Evangelist Fred N. Day, Winston-Salem, purchased the nine-room house near the dormitory, known as the Beavers property, paying \$3,000 for the same, presenting it to the Buie's Creek Academy, Incorporated. The Annex accommodates about fourteen girls.

### CARRIE RICH MEMORIAL LIBRARY

On March 12, 1922, Mr. D. Rich, of Winston-Salem, through Evangelist Fred N. Day, made public announcement of his purpose to erect a library building at Buie's Creek in memory of his wife, Mrs. Carrie Rich. The building is known as the "Carrie Rich Memorial." The building has been completed and was opened for use during the spring term of 1925. There is no prettier library building and equipment in our State. The equipment and building cost about \$50,000.

### Boys' Dormitory

On April 18, 1923, contract was closed for erecting a dormitory for boys. It is a two-story building, forty-five rooms, steam-heated, has electric lights and first-class furnishings. The building and furnishings are modern, well suited for dormitory life, and cost more than \$40,000. Members of the faculty room in this dormitory and have the government of the boys.

### ENDOWMENT

Mr. D. H. Senter, Chalybeate Springs, contributed one thousand dollars a few years ago to start an endowment for the school. To this has been added smaller amounts, which, with the accrued interest, at present totals about \$1,500.

During the Commencement exercises in 1924, Mr. W. C. Ellis, Greenville, S. C., suggested a plan for increasing our endowment on an insurance plan. Alumni of the school are asked to take a ten-year endowment policy payable to the school for amounts from \$100 up. The members of the senior class of 1925 subscribed, in this way, about \$5,000 to this fund. Other Alumni are co-operating in this movement. Policies in force and pledges at present amount approximately to \$15,000.

During the year 1926-'27, additional gifts from Mr. B. N. Duke have been received, making his entire benefactions for the institution \$50,000.00. After installing water and sewerage system and making several necessary improvements in buildings and grounds, it is hoped that about \$20,000 may be put into additional endowment fund.

One of the greatest needs of the school is a stable income to supplement the small fees paid by our students. In no more effective way can the friends of the institution lend their help than in adding to this fund.

### Mr. Duke's Gifts

For many years one of the imperative needs of the school has been a modern system of sanitation. In 1923 Mr. Alonzo Parrish, Benson, an alumnus of the institution and member of the Board of Trustees, gave the school a deep-well pump, gasoline engine, steel tower and a 15,000 gallon tank. A deep well was sunk on the campus, which gives an ample supply of water for all school purposes. No funds were available for completing the sewerage line and installing the equipment in the buildings. In the spring of 1926 Mr. B. N. Duke gave the school \$25,000 for completing the sewerage system, connecting all the buildings with sewer, and for meeting other needs. Three additional gifts made by Mr. Duke during the year bring his contributions to \$50,000.00.

### GYMNASIUM

In December, 1923, Mr. D. Rich made a proposition to give \$2,500 toward erecting a building to be used as a gymnasium and temporarily used for an auditorium, on the condition that the other friends of the school would raise a similar amount. Contract was let for this building December 31, 1923, and was used first April 10, 1924. The building is 60 by 90 feet, has basement, is of brick veneer, and cost more than \$15,000. This building is furnished with necessary equipment for physical training, indoor games, shower baths, etc.

### FRED N. DAY HOME

In January, 1925, Rev. Fred N. Day purchased for \$2,000 a seven-room residence, with adjacent lots amounting to about two acres of land. This property adjoins the school grounds and was donated to Buie's Creek Academy. It is planned to use this home for married students. The school now owns two such homes and it is hoped that others may be provided by individuals, churches and associations. The trustees will be glad to donate the land for such purposes. During the last year fourteen married men were enrolled as students and it has been difficult to provide suitable places for their families.

### THE D. RICH BEQUEST

September 26, 1923, Mr. D. Rich conducted the devotional exercises at chapel. At that time he told us that he slept but little on the previous night, because much of the time was spent in talking with the Lord about Buie's Creek. There was born in his soul that night, he said, this striking expression: "Buie's Creek must live." He expressed the hope that he might be able to do something for Buie's Creek. On October 21, 1924, he fell on sleep, having left in his will to the trustees of Buie's Creek Academy one-eighth of his estate. One-half of this amount, approximately \$150,000, now in the hands of the school, is being used to erect the new D. Rich Memorial Administration Building.

### THE D. RICH MEMORIAL ADMINISTRATION BUILDING

The new D. Rich Memorial Administration Building provides handsomely for our college and high school departments. This building of tapestry face brick, trimmed with Indiana limestone, and made of fireproof construction, matches in beauty the new Library, a memorial to Mrs. Carrie Rich. The building, 160 feet long and 121 feet wide, includes an auditorium to seat 1,250 comfortably, 12 class rooms, 2 laboratories, 2 study halls, 2 society halls, and several office rooms. The building is furnished throughout with new equipment.

### FORMAL TRANSFER OF PROPERTY

In 1887 Buie's Creek Academy, consisting of one acre of land and one-room house, was owned by the public school system. After the fire destroyed the building in 1900 J. A. Campbell erected a school building as private property. In 1911 Buie's Creek Academy, Incorporated, was organized, with a body of twenty trustees appointed by the Little River Association. Since that time Buie's Creek Academy, Inc., has owned and operated the dormitories and J. A. Campbell has owned and operated the school. In order to meet the demands for increased equipment and secure permanence to the life of the institution, the private property including buildings, equipment and grounds have all been transferred to the trustees of Buie's Creek Academy, Inc. Changes in the charter have been made and the trustees are now appointed by the Baptist State Convention.

The trustees have made a lease of the property to J. A. Campbell who will conduct the school along the same lines he has done since 1887, having the moral and financial support of the trustees and the Baptist State Convention.

### CAROLINA POWER AND LIGHT COMPANY

The Carolina Power and Light Company has extended its line from Duke to Buie's Creek and gives us the advantage of a regular current at all times.

### Raised to Junior College

On account of the contracting field of high school work due to the increasing competition from the State schools, and the correspondingly larger field of college work, the trustees of the school were convinced in 1926 that we should add two years of college courses. With the increased equipment made possible by the D. Rich bequest, and the B. N. Duke gifts, they were convinced that this was the opportune time to enter this new work. The President presented the proposal to the Baptist Board of Education and secured their unanimous consent to offer one year of college work during the 1926-'27 session. The Baptist State Convention at Wilmington in 1926, authorized the advancement of the school to junior college standing for the year 1927.

### CHANGE OF NAME

While authorizing the school to become a Junior College, the same Convention recommended to the Board of Trustees the change of name from Buie's Creek Junior College to Campbell College. This resolution, introduced by Rev. A. C. Hamby, reads as follows:

"In view of the fact that our brother, Dr. J. A. Campbell, working strenuously and untiringly through a period of forty years, has built a great school at Buie's Creek, known through the years as Buie's Creek Academy, Inc., and recently changed to Buie's Creek Junior College, and,

"Whereas, it is eminently fitting that such devotion to the cause of education should be kept in memory perpetually, and the name and work of Brother Campbell be preserved as a cherished memorial of North Carolina Baptists, be it,

"Resolved, that the Baptist State Convention now in session, request its Board of Education and the Board of Trustees of Buie's Creek Academy, Inc., to change the name from Buie's Creek Academy, Inc., to Campbell College."

In compliance with the above resolution, the Board of Trustees met at Buie's Creek, April 7th, 1927, and unanimously adopted the charter changing the name of the corporation from Buie's Creek Academy, Inc., to Campbell College, Inc.

### WORK APPROVED BY STATE DEPARTMENT

The Standardizing Committee of the State Board of Education, after carefully investigating the work of the school, has recommended that full credit be given for the first year of work "hour for hour up to thirty semester hours." The report of the Committee further provides for an inspection in the year 1927-1928, "to determine the rating of the school as a Standard Junior College, the notion being that such rating will be given if the requirements of the North Carolina Conference are met."

# COLLEGE DEPARTMENT

### Requirements for Entrance

Requirements for entrance into the college conform to the regulations adopted by the North Carolina Association of Colleges. A minimum of fifteen units leading to High School graduation is required of all regular students. The following units are prescribed: English, 3; Mathematics, 3; Foreign Language, 2; Science, 1; History, 2. The remaining units may be earned from the list of subjects printed on the following page.

Students are admitted in the following ways:

- 1. By certificate. A certificate of graduation, with recommendation for college entrance, from high schools of approved standing admits a student without examination.
- 2. By examination. Students from non-accredited high school, and those with less than fifteen units for graduation, may be admitted only by the removal of such deficiencies by examination. These examinations will be held upon the first day of the fall term. Candidates for admission by examination should forward to the President their application for examination on the required subjects.
- 3. By special permission. In accordance with the practice of other colleges, students of mature years are admitted by permission of the President as "special" students. Such students must demonstrate their ability to profit by the courses taken. Positively no credit towards graduation will be allowed "special" students until the entrance requirements are fully met.

### SUBJECTS WITH ENTRANCE CREDITS

### Requirements for Graduation

Three courses of sixty-four semester hours each, leading to the "Associate in Arts" diploma, are offered. These courses are planned to meet the respective needs of students seeking classical, scientific and vocational training. Students undecided as to their future plans are urged to elect Group I.

Group I. "Associate in Arts," Leading Toward B.A. Degree.

For entrance to course III two units in Foreign Language are required for entrance. The same language offered for entrance must be pursued for one year.

### Courses of Instruction

### ENGLISH

Mr. Campbell Mr. Pettigrew Miss Strikland

- C-1. Composition—This course consists of a more thorough mastery of the fundamental principles of composition and an intensive study of selected masterpieces as a basis for constant practice in self-expression. Weekly themes, reports, and conferences. Three hours a week, both semesters.
- C-2. English Literature—A survey of English Literature with emphasis on historical movements and developments of types of literature. Three hours a week, both semesters.

### MATHEMATICS

#### Mr. Marshbanks

- C-1. a. College Algebra—Rapid review of elementary algebra. Theory of equations, quadratics, inequalities, variations, progressions, binomial theorem, logarithms. Three hours a week for first semester.
- b. Trigonometry. Trigonometrical equations, theory of logarithms, solution of right and oblique triangles, special problems. Three hours a week for second semester.
- C-2. Analytic Geometry—Open to students who have completed C-1. Three hours a week for both semesters.

### HISTORY

### MR. AYSCUE

C-1. History of Western Europe. This course embraces the period from the decline of the Roman Empire through the Thirty Year War. Careful study is given to the growth and influence of the principal medieval institutions and movements as they bear upon modern problems.

Each student is required to keep a loose-leaf note-book for notes on collateral reading and for map-drawing.

Three hours a week for both semesters.

C-2. American History—First semester: Brief survey of the colonial period; study of the social, economic, and political conditions of the Revolutionary period; development of the national government. Second semester: Growth of sectionalism; the civil war; the reconstruction period and its problems; national expansion; present-day conditions and problems.

Three hours a week for both semesters.

#### FRENCH

### MISS ALLEN

C-1. French Literature of the Nineteenth Century. Prerequisite, two units of French for entrance. Consist of readings from great novelists and dramatists of the nineteenth century with a brief history of the literature; a careful study of grammar, composition, and conversation.

Three hours a week for both semesters.

C-2. French Drama of the Seventeenth Century—A study of the earlier French drama as an introduction to the reading of selected plays from Corneille, Moliere, and Racine.

Three hours a week for both semesters.

### GERMAN

### MISS ALLEN

C-1. Elementary German—This course for beginners offers a careful study of grammar, practice in pronunciation, and composition and the translation of two hundred pages of comparatively difficult German.

Three hours a week for both semesters.

C-2. Reading of selections from German prose of the nineteenth century. Prose composition. Careful review of grammar. Practice in conversation.

Three hours a week for both semesters.

#### LATIN

#### MISS POWELL

C-A. Vergil's Eneid. Six books read. Emphasis on syntax. Prose composition. Some appreciation of the poem as a masterpiece of literature is developed. Brief survey of Latin literature. Prerequisite, three units of high school Latin.

Five hours a week for both semesters.

C-1. Cicero's Essays and Letters (selections)—Prose composition. Emphasis on syntax. Horace, Odes and Epodes. Some attention given to Roman history and mythology.

Three hours a week for both semesters.

#### GREEK

### Mr. Pettigrew

C-1 a. Elementary Greek. The purpose of the first semester's work is to provide the student with a thorough foundation in the elements of Greek grammar, syntax, and composition, preparatory to the work in prose translation of the second semester.

Five hours a week for first semester.

b. Xenophon's Anabasis. Careful translation of typical passages from the first four books of the Anabasis, with strict emphasis on grammar and syntax. Regular exercises in prose composition.

Five hours a week for second semester.

C-2. Homer's: The Iliad or the Odyssey. Several books are carefully read, and the poem is considered as a whole, with reference to structure, origins, portrayal of Homeric life, and importance in world literature. Composition, parallel reading, and reports. Prerequisite: Greek C-1, or two units of Greek for entrance.

Three hours a week throughout the year.

#### BIBLE

#### Mr. Ayscue

C-1. A comprehensive study of the old and the New Testament.

A—The Old Testament.

This course aims to give the student a knowledge of its origin and development in the light of archaeological and historical research and to acquaint him with the literary style and main message of each book.

B-The New Testament.

This course seeks to give the student a general knowledge of the origin and history of the New Testament writings, and to place special emphasis on the study of the life and teachings of Jesus and of the work and writings of Paul.

Three hours a week for both semesters.

C-2. Homiletics—Of interest chiefly to ministerial students. Practice in preparation of sermons and in public speaking. Some discussion of pastoral problems.

Two hours a week for both semesters.

### EDUCATION

### Mr. Campbell

C-1. An Introduction to Education—A study of the teacher's work with a consideration of problems and methods, designed to meet the needs of Elementary teachers for professional credit.

Three hours a week for both semesters.

#### BIOLOGY

### MR. HAYES

C-1 General Biology—A general survey of the field biology. This course deals with the essential distinguishing characteristics, structures, functions, and interrelations of plants and animal, and their relation to inorganic nature.

Three hours a week recitations and lectures, four hours a week laboratory, both semesters.

### CHEMISTRY

### MR. HAYES

C-1. General Chemistry—Emphasis is placed on the fundamental chemical laws and principles of Chemistry from the historical, practical, and theoretical standpoints, being chiefly inorganic with an introduction to organic.

Three hours a week recitation and lectures, four hours a week laboratory, both semesters.

# THE ACADEMY

### Requirements for Admission

For years the first seven grades preparatory to entrance into the high school department have been offered. Students completing this course, and those from other schools with a Certificate of graduation from the seventh grade will be admitted to the high school.

Students for advanced standing must bring Certificates from accredited schools. Candidates for entrance to the Junior and Senior Classes will be required to take examinations on English Grammar and Arithmetic. The faculty reserves the right to reclassify students whenever convinced that a mistake has been made in their classification.

### Requirements for Graduation

Two courses are offered leading to our high school diploma. The first course will admit students unconditionally to all colleges. The second course meets the requirements of technical and vocational colleges, and offers more electives to those not going to college. We strongly recommend the classical course to all students expecting to enter a college of liberal arts, and to those undecided about their future.

### Courses of Instruction

#### ENGLISH

The course in English combines composition and literature. To gain efficiency in oral and written English, emphasis will be given to grammar, spelling, punctuation, paragraph structure, and organization of themes. In the study of literature, effort will be made to enable the student to interpret for himself the writer's thought. The Literature and Life series, in four volumes, has been adopted for the work in literature throughout the high school. These volumes meet the college entrance requirements, containing judicious selections for class study and parallel reading.

- I. A. Sentence and Theme Revised (Ward).
  - B. Literature and Life (Greenlaw-Stratton), Book I.
- II. A. Everyday English (Bolenius).
  - B. Literature and Life (Greenlaw-Stratton), Book II.
- III. A. Composition and Rhetoric (Tanner).
  - B. Literature and Life (Greenlaw-Miles), Book III.
- IV. A. Guide to Composition (Royster-Thompson).
  - B. Literature and Life (Greenlaw-Miles), Book IV.

### LATIN

- A—I. First Book in Latin (Collar, Daniel, and Jenkins). Thoroughness in forms and principles of syntax emphasized. Regular translation and practice in writing simple English into Latin.
- A—II. Junior Latin Reader. Bennett's Latin Grammar, Reviews and Drills. Composition (Bennett, Part I).
- A—III. Cicero—Six Orations (Bennett). Bennett's Latin Grammar. Composition (Bennett, Part II).
- A—IV. Vergil's Eneid—Books I to VI (Bennett). Bennett's Latin Grammar. Composition (Bennett, Part III).

### FRENCH

A-I. Chardenal's Complete French Course (one-half).

Emphasis on pronunciation and accuracy in forms and construction, written exercises, reading—La Belle France, A. de Monvert. Le Voyage de M. Perrichon, Labiche et Martin.

A—II. Chardenal's Complete French Course (completed). Composition, sight reading—Le Roi des Montagnes, E. About. La Mare au Diable, Sand.

#### MATHEMATICS

- A. Commercial Arithmetic.
- A—I. Algebra (Slaught and Lennes) to quadratics. Special drills on fundamental principles, factoring, fractions and equations. Special attention given to solutions of problems and quadratics.
- A—II. Algebra (Slaught and Lennes). Quadratics, logarithms, binomial theorem, graphs duly emphasized, thorough reviews.
- A—III. Plane Geometry (Wentworth and Smith). Students are taught to reason, not memorize. Original exercises.

### HISTORY

- A—I. History of Europe, Ancient and Medieval (Robinson and Breasted). Special emphasis on the growth of institutions, government, and literature.
  - A—II. History of Europe, Our Own Times (Robinson and Beard).
- A—III. History of the American People (West). This is an advanced course, requiring additional readings, themes and note books. Admission to this course is restricted to juniors and seniors.

#### BIBLE

- A—I. (a) Study of the Bible—Old Testament (Burroughs). New Testament (Robertson).
- (b) New Sunday School Normal Manual (Spillman, Leavell and Burroughs).
  - (c) Other Books of the Normal Course.

#### SCIENCE

- A—I. General Science (Caldwell-Eikenberry). Simple experiments, practical applications. Note books are required to be kept by each student.
- A—II. Biology. An introductory study of fundamental principles of biology, emphasizing some of the most important elements of physiological biology by the solving of concrete problems in the laboratory and classroom. Three hours a week recitation, four hours a week laboratory.
- A—III. Chemistry. This course acquaints the student with the methods and procedure of chemistry not only from a theoretical but also from a practical standpoint, showing some of the applications to industries and daily life. Three hours a week recitation, four hours a week laboratory.

### School of Business and Higher Accounting

### I. M. WALLACE, Instructor

The 20th Century Bookkeeping and Gregg Shorthand Courses now used by many of the Business Colleges of the North and South, have been offered here for a number of years, and we feel safe in saying that no school in the State gives courses more thorough or more helpful than ours. Our motto is: "Learn to Do by Doing."

Any person with fifteen (15) units of High School work, who completes the following subjects will be awarded a diploma in Bookkeeping: Bookkeeping, Banking, Higher Accounting, Commercial Arithmetic, Business Calculations, Business Penmanship, Commercial Law, Business Correspondence, and Spelling. Any person with fifteen (15) units from a High School, completing the following subjects will be awarded a diploma in Shorthand: Shorthand, Typewriting, Business Correspondence, Spelling. Student has the privilege of taking Business Penmanship. A student without the full fifteen (15) units, who completes all subjects in either Shorthand or Bookkeeping courses, except Higher Accounting, will be awarded a certificate. A student could make up the required units in the Literary Department and then be awarded a diploma from this department. The faculty reserves the right to accept or reject any of the high school units which a student brings from another school.

The Bookkeeping and Higher Accounting course, by the use of the Budget System, teaches Bookkeeping on an actual business plan. The moment a student takes up this subject he becomes as an actual Bookkeeper. Individual help is given in this department. The teacher thus comes in personal contact with the student, enabling him to give his best help. The student is not hindered by the progress or deficiencies of other students, and may proceed with his work as rapidly as he may be inclined. Our Banking Course is very practical and gives the student a good idea of the modern Banking System.

The Higher Accounting presupposes a thorough knowledge of the theory of accounts from the constructive standpoint. Constructive theory will therefore be referred to only with regard to the reasons for its adoption and the underlying scientific principles. In the treatment of the more Advanced Theory and Practice, the principal aim is to give a thorough professional training in Practical Accounting, Theory and Auditing in preparation for the higher positions of auditor, comptroller or executive of large corporations, and also to assist in passing the C. P. A. Examinations.

### COMMERCIAL LAW

A knowledge of law controlling or affecting ordinary business transactions in any of the various branches of commercial affairs is of inestimable value to those engaged in them. It increases the value of the service of a clerk, bookkeeper or other office assistant. An employee having such knowledge of law renders a safer service, and naturally becomes more competent to make sales, offer terms for contracts, decide upon acceptance or proposals, and to attend to other matters entrusted to him in the absence of his employer.

### BUSINESS ARITHMETIC

The instruction given in this particular branch offers the student the finest opportunity for becoming accurate, rapid and proficient. The subjects of Interest, Percentage, Stock and Bonds, Insurance, Banking, Averaging Accounts and Partnership settlements receive special attention. The shorter methods of computing interest and discounts are freely and profitably used.

### PENMANSHIP

All students receive daily instruction in penmanship. Our purpose is to train the student in a plain, business handwriting. The necessity for ability to write well is unquestionable and students must possess this ability in order to fill acceptably positions in any office.

### SHORTHAND

No other subject more quickly, more lastingly and more surely brings a young person up from the no-salary and noopportunity period to the Independence Day of Good Salaries and contact with big men and big business. And it is not difficult to master. If it were, the thousands of successful reporters and secretaries and the countless other thousands who make Shorthand a means to a higher end, would have failed in the learning, for they were no duller, no brighter than the rest of you.

Ladies fill good positions with grace and acceptability. There is no better way for them to gain a livelihood and to become useful women. Male stenographers are in great demand.

### TIME

From six to nine months is required to complete the work in bookkeeping and higher accounting, and about five or six months for shorthand, depending, of course, upon the advancement and capacity of the student.

### Tuition

Course (five months) in either the bookkeeping or the shorthand for \$25.00 if paid in advance, or \$5.50 in advance if paid by the month. The shorthand department is supplied with a number of new Remington machines.

We offer you the best courses within our knowledge. Investigate it and be convinced.

### Department of Music

Mr. Lynch Mrs. Lynch MISS BROOKS
MISS CHEEK

For thirty-two years we have been maintaining a strong Music Department, piano and vocal, and for nineteen years we have had our own band and orchestra. This explains why so many of our students become leaders and teachers of music. We believe there is no preparatory school in our State that offers such fine advantages in this art. We have enlarged our Music Department and strengthened our teaching force. Seven new pianos have been installed, using exclusively the Haines Brothers pianos. New practice rooms have been furnished.

We teach the rudiments of music, the scale, the keys, time, sight singing, giving the opportunity for every student to become an independent reader of music.

An advanced chorus class meets one-half hour daily, at small cost, in which note reading, transposition and sight singing are practiced. This class assists in music for church and public entertainments.

For all who desire to extend the study of music, individual and class instruction is given at small cost. We study Melody, Harmony, Composition, Voice Culture, and all subjects necessary to make one capable to teach vocal music or become a leader in sacred and secular music. Great numbers of our former pupils are to be found teaching and leading music classes.

Certificates will be awarded those students who complete the course offered in vocal or instrumental music.

# Piano Department

MISS CHEEK

MRS. LYNCH

### PREPARATORY

FIRST YEAR—Correct use of arm, wrist, hand and fingers at piano. Major and minor scales, one octave, hands separately. Studies suggested: Bilbo, First Lesson in Piano; Crosby Adams, First Reading Book. Pieces suggested: Rogers, First Robin; Gaynor, Hunting Horn, Cradle Song; Hannah Smith, The Violet; Gurlitt, By the Swing, Slumber Song.

SECOND YEAR—Continued study of the arm, hand and fingers; major and harmonic minor scales, two octaves, hands separately; the formation of triads; writing exercises. Studies suggested: Duvernoy, Op. 176; Burgmüller, Op. 100; Gaynor, Studies in Embellishments. Pieces suggested: Friml, The Chase; Gurlitt, Hunting Song; Schumann, Little Romance, Happy Farmer; Mrs. Virgil, Fragrance of May, Summer Fancies; Deunee, Petite Valse. Easy Sonatinas.

Third Year—Technical exercises continued. Major and harmonic minor scales two octaves hands together; major and minor arpeggios. Suggested studies: Kohler, Op. 50; Cramer, Studies in Embellishments; Heller, Op. 47. First year Bach, arranged by Foote. Suggested pieces: Mayer, Butterflies; Merkel, Boy's Mountain Song; Lemont, The Polish Dance; Beaumont, Tarantella; West, March in A Major; Friml, Twilight and Dawn. Sonatinas.

FOURTH YEAR—Technical work continued. Major and harmonic minor scales four octaves hands together; Arpeggio study continued. Suggested studies: Heller, Op. 46; Duvernoy, Op. 120; Jensen, 25 Studies. Bach, Little Preludes. Suggested pieces: Nevin, Barchetta; Schytte, Nocturue in A, Youth and Joy; Deunee, Tarantella; Merkel, Butterfly. Easy Sonatas.

### CLASS WORK

All students who study piano are given instruction in classes arranged according to the need of the student. These classes meet for one hour each week. During the class period effort is made to meet the needs of each student by trying to lay a real

foundation upon which an intelligent study of the piano can be pursued. This course involves a detailed study of rhythm, notation, formation of scales as well as triads, ear training and sight reading, stories about music, and a study of the lives of musicians. Fourth grade students at this class period use as a text-book Angela Diller's First Theory Book.

### COLLEGE

FIRST YEAR—Technique applied to the needs of the student. Scales, major and minor, paralled and contray motion. Arpeggios. Suggested studies: Heller, Op. 46; Loeschoru, Op. 66; Bach, Two-part Inventions. Sonatas: Haydn and Mozart. Selected pieces.

Second Year—Technique continued as needed by the student. Major and minor scales in thirds and sixths. Arpeggios. Suggested studies: Heller, Op. 45; Cramer; Bach, Three-part Inventions; Sonatas. Selected pieces.

Only those students who offer fifteen units may be enrolled as a regular College music student. In addition to the outlined course above each first year College student is required to take the following subjects: English C-I, History C-I, Modern Language (either French C-I or German C-I), and Theory.

Each second year student is required to take English C-II, Music History I, Harmony I, Modern Language (either French C-II or German C-II).

### GENERAL REMARKS

The courses outlined above in both preparatory and College departments are especially for those wishing to specialize in piano. Students not wishing to specialize in piano only without taking the regular course of study may do so. Such students will be given some credit for the study of piano.

Regular practice hours are assigned to each student. College students are expected to practice three hours daily. Preparatory students must practice not less than one hour daily.

All private lessons are thirty minutes in length, two lessons being given each week.

Recitals are given throughout the year, at which the students learn how to appear in public.

# Department of Voice

### Mr. Lynch

The aim of this department is to teach in a very practical way. To do so the work has been divided into three courses:

Course I—Those who have no knowledge of music will be taught the rudiments of music in its simplest form. Correct posture; development of the lungs and breath control; proper use of the diaphragm and abdominal muscles; technique of the lips, tongue and chin; development resonance. Text-books: Music Reader No. 2 (Ruebush); Special studies and pieces designed to develop the medium compass of voice; folk songs, carols, part song easy exercise.

Course II—Further development of tone; legato singing, articulation studies in major and minor scales. Much time used in development of accurate reading of notes. Many cases taught to sing syllables. Text-books: Class and Chorus (Towner-Root series and other exercise books); easy songs by American composers; songs of moderate difficulty by leading composers. Public appearance required in music recitals. Special work given in quartets, choir and group singing.

COURSE III—Extended work in tone placement, resonance and breath control. Special instructions in sacred solos, directing choirs in all kinds of church work. Text-book: Studies by Petrie, concours; Essentials in Conducting, by Gehrkens. To graduate in the course outlined above the pupil must have completed the high school English course.

# Department of Violin

### Miss Brooks

### PREPARATORY COURSE

Primary Studies: Correct position of Violin and bow, scales in first position with Staccato and Legato bowings.

Instruction Books and Exercises: Hohmann, Vol. 1 and 2; Sevcik, Part one and two; Mazas, Vol. 1; or Hersey, Modern Method for Violin; Levensen, Vol. 1; Little Pieces by Papini, Winn, Schumann and other Standard Solos in the first position.

Intermediate Studies: All Major and Minor Scales in two octaves. Hrimaly, Scale Studies; Blumenstengel, Scales and Arpeggios; Levensen, Vol. 2; Wholfart, Studies for Third Position; Kayser, 36 Etudes; Seveik, Vol 1 and 2. Pieces and Concertos in first, second, and third positions; Dancla, Airs Varies V and VI, and other solos of similar difficulty.

### FOR CERTIFICATE

Students majoring in violin are required to study piano two years, and Harmony and Theory one year for certificate.

- 1. Theoretical and practical knowledge of all positions.
- 2. All Major and Minor Scales and Arpeggios with all Staccate and Legate bowings in three octaves.
- 3. Complete in a creditable manner; Sevcik Violin Technic, Vol. 1 and 2 and Op. 8 and 9, Kayser, Etudes, Bk. 3; and Kreutzer, first 20 Etudes.
- 4. Pieces and Concertos by Schubert, Sarasate, Raff, Dancla, Accolay, etc.
  - 5. Give a Public Recital.

### FOR DIPLOMA

Students wishing to take their Diploma in Violin are required to complete the four years' course in Piano and one year in Harmony and Theory.

1. All Major and Minor Scales and Arpeggios in three octaves and with double stops and various bowings; studies from Kruetzer, Fiorillo, Rode, de Beriot.

- 2. Sonatas of Bach.
- 3. Pieces and Concertos by Viotti, Mozart, Wieniawski, Mendelssohn, Tschaikowsky, etc.
- 4. To give a public recital of standard works from memory in a creditable manner.

Two Violin classes meet each week. All students are required to attend one class a week. Part of the time will be given to technical work by the whole class in concert; part to Solo work which will be criticized by the class. Trios and Quartets, Symphonies, and other Orchestral music will be studied and practiced.

### **Orchestral** Instruments

### Miss Brooks

It is the purpose of the Violin Department to build up an Orchestra in the school each year. In order to do this instruction will be given in time and notation and production of tone on Orchestral Instruments.

Orchestra rehearsal once a week. Overtures, Church Music, and the lighter Symphonies will be practiced. Violin students who are finishing the Preparatory course and those who play music in third position will play in the Orchestra.

# School of Art

### Mrs. Edwards

The purpose of the Art Department is not only to give the student a knowledge of drawing and painting but to develop his observation of the numberless beauties of nature, and to inspire devotion in the hearts of those whom we try to teach to the Creator of all beauty.

The Art Class meets in a well-lighted room in the new D. Rich Memorial Building. It is equipped with individual lockers, easles and other necessary material and furnishings.

A China kiln has recently been installed, and China painting is now one of the most fascinating courses of Art taught here.

During the first year's course special emphasis is placed upon the training of the eye to see.

Throughout the entire course the individuality of the student is encouraged and originality emphasized.

FIRST YEAR—Elementary drawing, outline drawing from objects, study of lights and shadows. Painting simple landscapes, flowers and still-life studies in water-color, oil and pastels.

Second Year—Charcoal work from the antique—hands, feet, busts, statues, perspective designing and stenciling; painting in oil, pastel and water colors.

Third Year—Drawing from life, pen and ink illustrations, sketching landscapes, painting from nature; composition and Art History.

Certificates will be awarded those who complete the required course together with the full course in English.

# Library and Reading Room

### Mrs. Harris

A few years ago a generous, public-spirited citizen of our community donated a number of useful volumes as the nucleus for a library for the school. To these many kind friends made valuable gifts, until we had about 1,500 volumes in the library. These were lost in the fire. We are rapidly rebuilding the library, having at present about 3,000 volumes.

The following magazines and papers come regularly to our Reading Room:

The American, Asheboro Courier, Atlantic Monthly, Biblical Recorder, Charity and Children, Charlotte Observer, Chatham Record, Christian Herald, Christian Index, Current History, Current Opinion, Dearborn Independent, Dunn Dispatch, Etude, Forum, Greenville Reflector, Greensboro Daily News, Harnett County News, The Independent, Ladies Home Journal, Literary Digest, Moody Monthly Magazine, National Geographic, News and Observer, New York Times, North Carolina Teacher, Orphan's Friend, Outlook, Progressive Farmer, Popular Science, Robesonian, Review of Reviews, Saturday Evening Post, Sunday School Times, Scribners, Success, Smithfield Herald, Tarboro Southerner, Times, Western Recorder, Woman's Home Companion, World's Work, Winston-Salem Journal.

The following friends have contributed to the Library during the year:

Rev. Victor L. Andrews	\$ 1.00
Mrs. A. E. Alderman, Dunn, N. C.	1.00
Miss Grace Alderman, Fayetteville, N. C	5.00
Mr. and Mrs. C. L. Alderman, Rocky Mount, N. C	2.50
Mr. L. W. Alderman, Oxford, N. C.	5.00
Mr. and Mrs. W. G. Adams, Colerain, N. C.	10.00
Rev. J. E. Ayscue, Buie's Creek, N. C.	5.00
Miss Clara Byrd, North Carolina College for Women	3.00
Baptist Church, Mexico, Mo	5.00
Mr. W. L. Chambers, Buie's Creek, N. C.	1.00
Rev. J. B. Currin, Roxboro, N. C.	3.00
Rev. W. J. Crain, Morehead City, N. C	1.50

Mrs. W. J. Crain, Morehead City, N. C.	\$ 1.50
Little Helen Frances Crain, Morehead City, N. C.	1.00
Mrs. J. A. Cooper, Salemburg, N. C.	2.00
President and Mrs. Carlyle Campbell, Coker College, S. C.	10.00
Rev. J. A. Campbell, Buie's Creek, N. C.	10.00
Prof. L. H. Campbell, Buie's Creek, N. C.	5.00
Miss Marguerite Cain, Buie's Creek, N. C.	1.00
Miss Theo Cain, Buie's Creek, N. C.	1.00
Mrs. J. L. F. Danner, Catawba, N. C.	
	1.00
Mr. Johnston Dees, Greenville, N. C.	2.00
Dr. S. A. Duncan, Coats, N. C.	5.00
Miss Theresa Dickens, Weldon, N. C.	2.00
Rev. J. B. Eller, Statesville, N. C.	2.00
Rev. W. M. Gilmore, Raleigh, N. C.	2.00
Mr. W. W. Green, Durham, N. C.	2.00
Mrs. F. B. Harmon, Buie's Creek, N. C.	1.00
Rev. R. H. Herring, Sanford, N. C.	2.00
Judge T. L. Johnson, Lumberton, N. C.	3.50
Dr. M. L. Kesler, Thomasville, N. C.	2.50
Rev. J. W. Kincheloe, Rocky Mount, N. C.	
	5.00
Rev. J. E. Lanier, Calypso, N. C.	5.00
Mr. and Mrs. A. E. Lynch, Buie's Creek, N. C.	5.00
Mr. J. G. Layton, Lillington, N. C.	1.00
Rev. R. R. Lanier, Cheriton, Va.	3.00
Prof. T. T. Lanier, Jonesboro, N. C.	5.00
Rev. G. T. Mills, Apex, N. C.	5.00
Mr. and Mrs. W. M. Morgan, Angier, N. C.	5.00
Mr. George Marsh, Raleigh, N. C.	10.00
Mr. J. R. McDaniel, Buie's Creek, N. C.	1.00
Mrs. G. W. O'Quinn, Mamers, N. C.	1.00
Prof. Owen Odum, Stoneville, N. C.	10.00
Miss Ada Overby, Angier, N. C.	3.50
Mr. G. W. O'Quinn, Mamers, N. C.	1.00
Rev. W. M. Page, Winston-Salem, N. C.	2.00
Mr. and Mrs. G. F. Pope, Dunn, N. C.	20.00
Rev. J. L. Powers, Aulander, N. C.	10.00
Dr. P. L. Pearson, Raleigh, N. C.	5.00
Mr. John S. Pearson, Birmingham, Ala	50.00
Mrs. R. B. Rives, Wilmington, N. C.	2.50
Dr. H. A. Royster, Raleigh, N. C.	10.00
Mr. W. S. Strickland, Dunn, N. C.	5.00
Mr. A. M. Shaw, Lillington, N. C.	5.00
Miss Annie Shaw, Pleasant Hill, N. C.	1.00
Mr. H. T. Spears, Lillington, N. C.	3.50
Mr. and Mrs. T. B. Summerlin, Mount Olive, N. C.	5.00
Byrd Bros. & Shaw, Inc., Lillington, N. C.	20.00
Mr. James A. Taylor and Son, Dunn, N. C.	10.00

Rev. B. Townsend, Murfreesboro, N. C.	\$ 5.00
Mr. and Mrs. R. M. Warren, Dunn, N. C.	2.00
Dr. R. B. Wilkins, Raleigh, N. C.	5.00
Dr. and Mrs. E. V. Woodard, Selma, N. C.	5.00
Rev. I. L. Yearby, Tarboro, N. C.	5.00

The following friends have contributed books to Library during the year:

Miss Jessie Allen, Buie's Creek, N. C., 2 volumes; Miss Lula Brooks, Buie's Creek, N. C., 1 volume; Mr. H. F. Baxley, Buie's Creek, N. C., 1 volume; Miss Jimmie Baker, Buie's Creek, N. C., 1 volume; Mrs. T. J. Baker, Buie's Creek, N. C., 1 volume; Mr. Spencer Blanchard, Turkey, N. C., 1 volume; Mrs. Abbie Bonsteel, Buie's Creek, N. C., 2 volumes; French and German classes of Campbell College, 2 volumes (French and German Dictionary); Rev. J. T. Byrum, Wilmington, N. C., 1 volume; Mr. Charles Conelly, Burlington, N. C., 1 volume; Mrs. Salene Kivette Chrissman, Greensboro, N. C., 1 volume; Mr. P. A. Carter, New York, N. Y., 11 volumes; Miss Emma Cashwell, Parkton, N. C., 1 volume; Mrs. Ethel Crittenden, Wake Forest, 6 volumes; Mr. O. G. Duke, Raleigh, N. C., 3 volumes; Rev. Fred N. Day, Winston-Salem, N. C., 23 volumes; Miss Cordia Franklin, Crossnore, N. C., 4 volumes; Rev. C. S. Green, Durham, N. C., 6 volumes; Mr. and Mrs. J. N. Gregory, Buie's Creek, N. C., 3 volumes; Mr. Sloane Guy, Jr., Lawrenceville, Va., 3 volumes; Mr. J. P. Henderson, Pembroke, N. C., 5 volumes; Mr. J. D. Hocutt, Ashton, N. C., 5 volumes; Rev. J. P. Harris, Fuquay Springs, N. C., 9 volumes; Mr. and Mrs. W. E. Hatcher, Buie's Creek, N. C., 2 volumes; Mrs. Mary Harris, (Librarian) 3 volumes; Dr. Livingston Johnson, Raleigh, N. C., 19 volumes; Judge T. L. Johnson, Lumberton, N. C., 20 volumes; James Kennedy, Raleigh, N. C., 6 volumes; Rev. John E. Lanier, Calypso, N. C., 30 volumes; Rev. R. C. Lanier, Greensboro, N. C., 6 volumes; Rev. S. N. Lamb, Wake Forest, N. C., 5 volumes; Dr. Charles E. Maddry, Raleigh, N. C., 26 volumes; Mr. E. L. Middleton, Raleigh, N. C., 35 volumes; Dr. T. W. O'Kelley, Raleigh, N. C., 12 volumes; Miss Mabel Powel, Buie's Creek, N. C., 2 volumes; Mrs. J. A. Pettigrew, Florence, S. C., 21 volumes; Dr. Wm. Louis Poteat, Wake Forest, N. C., 1 volume; Rev. H. T. Stevens, High Point, N. C., 6 volumes; Senator F. M. Simmons, Washington, D. C., 3 volumes; Mr. D. B. Teague, Sanford, N. C., 2 volumes; Judge E. W. Timberlake, Wake Forest, N. C., 2 volumes; Dr. A. L. Vail, Philadelphia, Pa., 3 volumes and 5 pamphlets; Mrs. W. E. Wicker, Norfolk, Va., and Miss Ethel Wicker, 14 volumes; Mr. John O. Walton, Salisbury, N. C., 1 volume; Mr. William Britton, Elizabeth City, N. C., 1 volume.

We are profoundly grateful to all these friends.

# Summer School

Since 1902 we have been conducting a Summer School, beginning about the middle of May, and continuing for six weeks.

The summer session does regular classroom work and credit is given towards a High School diploma for work completed. The Literary and Commercial branches are taught by members of our regular faculty.

# Keligious Advantages

The work of each day is begun with song and prayer. Each student is required to attend the chapel exercises, and encouraged to enter into the spirit of worship to the Creator. In these exercises the school attempts to impress upon the students the wisdom of pure, upright living, and the folly and ruin of sin in its every form.

The Buie's Creek Baptist Church, of which the Principal has been pastor for thirty-three years, holds its preaching services on the second and fourth Sundays in each month, morning and night.

A well-organized Sunday School is conducted by the Buie's Creek Baptist Church, which students are required to attend. Prof. I. M. Wallace is Superintendent, and he is actively supported by every member of the faculty. By the untiring efforts of the entire membership the school has met the requirements of an A-1 school. Students are thus given opportunity to see a large, enthusiastic Sunday School at work and catch the spirit of service in their home churches.

The Baptist Young People's Union, divided into four sections, with four groups in each section, meets weekly. All of these Unions are very active—all A-1 Unions.

A Young People's Prayer Meeting, conducted mainly by students, meets every first and third Sunday nights. This organization, under the control of Prof. L. H. Campbell, is maintaining a high standard of service.

The Methodist Episcopal Church, with Sunday School every Sunday and preaching monthly, is near enough for students to attend.

The Presbyterian Church, with a neat house of worship, has preaching monthly, with Sunday School every Sunday.

Evangelistic meetings are held once or twice a year. Last year these meetings were conducted in the spring term by Dr. James B. Turner, pastor Hayes-Barton Baptist Church, Raleigh. In these meetings and during our regular preaching services there have been about fifty baptisms for the year. The new brick church costing about \$25,000, is in use. This church is well equipped with Sunday-school rooms, a new pipe organ costing \$2,500, and is a great addition to our chances to serve those who come to us.

A prominent professor in one of our leading colleges has said: "Of all the preparatory schools in the State with which I am acquainted (and I know the principal ones) there is not another where the influences for good morals are equal to yours."

### SUNDAY SCHOOL LECTURES

For a number of years we have had the services of expert Sunday-school workers, who have given us a series of lectures on Normal Training, with emphasis on the preparation of Sunday-school workers.

### Public Lectures and Addresses

August 31—Fall opening, entrance into D. Rich Memorial, with addresses by Drs. C. E. Maddry, Livingston Johnson, G. W. Paschal, D. B. Bryan and Messrs. D. H. Senter, M. A. Huggins, B. F. McLeod, J. C. Clifford, Perry Morgan and Supt. B. P. Gentry.

September 3—Rev. J. A. Capps, N. C. Conference.

September 5—Judge J. C. Clifford, Dunn.

September 13—Rev. A. C. McCall, Erwin; Rev. W. H. Hollowell, Draper.

September 16—Rev. E. P. Alldredge, D.D., Nashville, Tenn.

September 19—Hon. Charles Ross, Lillington.

October 3—Hon, Johnson J. Hayes, North Wilkesboro.

October 17—Rev. N. G. Duncan, Buie's Creek.

October 17-Hon. D. B. Teague, Sanford.

October 23-Revs, Fred N. Day and S. F. Morton,

October 25-Rev. E. I. Olive, Chapel Hill.

October 31-Dr. L. E. M. Freeman, Raleigh.

November 7—President Carlyle Campbell, Coker College, S. C.

November 19—Rev. D. H. Wilcox, Hon. M. L. Mott, Mr. George Clodfelter.

November 19-Mr. Karl Jansen,

November 20-Play-Peg O' My Heart.

November 21-Mr. D. H. Hood, Dunn,

November 23—Rev. K. D. Stukenbrok.

December 1—Rev. E. N. Johnson, Dunn.

January 16—Dr. C. F. Meserve, Raleigh.

January 23-28—Mr. Perry Morgan and Miss Winnie Rickett, B. Y. P. U., Training School.

January 29—Anniversary of Societies—Addresses by Drs. D. B. Bryan and J. A. Ellis and Hon. H. J. Rhodes.

February 6-Rev. J. A. McMillan, Wake Forest.

February 25-Rev. W. C. Newton, China.

February 28-March 4—Arbor Week.

March 7-17—Revival Services—Dr. J. B. Turner, Raleigh.

March 31-Rev. C. H. Trueblood, Concord.

April 3-Prof. T. W. Sprinkle, Erwin.

April 7—Library Day—Addresses by Drs. C. E. Maddry, A. J. Barton, H. A. Royster, Rev. H. T. Stevens,

April 7-Wake Forest Glee Club.

April 12—Mrs. Franceska Kaspa Lawson, Soprano, Washington, D. C.

April 19—President Wm. Louis Poteat, Wake Forest College.

April 26-Stuart Ross, Pianist, New York City.

# Literary Societies

In connection with the school there are four enthusiastic and well-organized literary societies — Washingtonian, Athenian, Eutrophian, and Philologian.

The Washingtonian, for members of the Primary and Intermediate grades, is under the direction of one of the lady teachers, and meets weekly.

The Athenian is for young ladies, and meets Monday afternoons for recitations, readings, essays, discussions, and the transaction of business. In 1919 the Athenian Society was divided into two sections—Astro-Athenian and Sappho-Athenian.

The Eutrophian and Philologian are for young men, and meet Friday night for debate, declamations, reading essays, and the transaction of business.

All boarding students are required to join one of the literary societies within thirty days after registration, unless excused by the faculty.

Any student expelled from a society becomes subject to expulsion from school.

All applications for membership in any society shall be approved by a committee of the faculty, and neither society shall have more than three-fifths of the aggregate membership of both societies.

No student is allowed to be signed up for either society or to attend a meeting of either society until the eighth day after registering as a student.

### MEDALS AND PRIZES

Medals and prizes are awarded annually as follows:

Ten dollars in gold for best all-round student, Mr. Claude Gore.

Excelsior Medal, for best student of the opposite sex.

Five dollars in gold, given by Mr. Roy Pope, for punctuality and loyalty.

The J. W. Jordan Orator's Medal.

Best declamation.

Best recitation.

Booster pin given by Miss Moon.

The J. R. Carter Medal, given by Mr. P. A. Carter of New York, in memory of his brother, for best student in languages.

Athletics and Scholarship, given by Prof. L. H. Campbell.

The literary societies award medals at the end of each term for best improvement in society work, and the Philologian and Eutrophian societies award a medal for best debater.

### MINISTERIAL LOAN FUND

Through the liberality of Mr. M. C. Treat, of California, we are permitted to offer a loan of from \$25 to \$75 a year to worthy ministerial students who cannot otherwise attend school. The young men applying for help must show evidence of consecration and capability, giving recommendation from their pastor and church.

Parties receiving help are required to give their note, to be paid in four years time; earlier if convenient.

### HELP FROM EDUCATION BOARD

The Education Board of the North Carolina Baptist State Convention is helping young men preparing for the ministry. All such applications for help must be endorsed by the church of which the beneficiary is a member, by the Moderator of the Association, and by the Chairman of the Executive Board. Application blanks can be secured by writing to the Principal.

# Athletics

MR. MARTIN
MR. BRANDON
MR. EDWARDS
MR. HARTSELL

We believe that relaxation and exercise are necessary for the physical and mental development of students; that athletic contests, when properly safeguarded, have an important place in school life in accomplishing these aims. While we do not encourage professionalism, nor allow unnecessary loss of time from school work, we seek to enlist every student in some form of regular exercise. Faculty supervision and coaching is provided for various forms of gymnastic exercise and games with the view of developing clean sportsmanlike conduct on the part of all students. We have teams in all the major sports, football, baseball, basketball, track, and tennis, which compare favorably with teams from other schools in our section.

We are fortunate in securing for next year three professors with enviable reputation on college teams to coach our sports. Mr. Martin, a letter man for four years in football and baseball from Wake Forest College, with two years experience as coach, will be assisted by Mr. Brandon and Mr. Edwards. All of these men have been selected after due consideration of their moral fitness as well as their ability to coach the games.

We are well equipped to develop the physical life of our students with our spacious campus containing many courts for mass games and tennis; with a large athletic field under the control of the school; and with our new gymnasium 60x90 feet, supplied with toilets and shower baths.

Beginning with next session all boarding students will be required to attend regular classes in physical education meeting twice a week. Graduation will be denied those who fail to come up to the standards of the department. The course includes gymnastics, competitive games, and instruction in hygiene.

No student will be allowed to represent the school on any team whose deportment and scholastic record fails to meet the approval of the faculty. Profanity and rowdyism on the athletic field are not tolerated.

The school awards monograms in football, basketball, baseball, track, and tennis.

# Boarding Arrangements

Girls' Dormitory. Young ladies board in Treat Dormitory or the Fred N. Day Annex, and are under the supervision of the Dean of Women. They are not allowed to receive company at the dormitory, except under the supervision of the Dean. The buildings have electric lights, the dormitory is steamheated, and both are supplied with running water.

Boys' Dormitory. A dormitory for boys has been built. It is a two-story building, forty-five rooms, is supplied with electric lights, steam heat and water. Members of the faculty room here and have the oversight of the boys.

Furnishings. Those who room in the dormitories and the annex must furnish one pair of sheets, one pair of pillow-cases, one pillow, one quilt, towels, comb, etc. Most of our rooms are equipped with double beds.

Deposit. Each applicant for room in dormitories must deposit \$2 to secure assignment.

PRIVATE Homes. Young men may board and room in private homes. In these homes some families give board and furnished rooms. In other families "clubs" are conducted, at the end of the month each member of the club paying his *pro rata* expense of the board.

No student will be allowed to board or room in any private home, unless the keeper of the home pledges to support the government of the school and to report weekly as to the conduct of students in the home.

4.00

Laboratory fees, Chemistry and Biology (Academy), each ....

Laboratory fees, Chemistry and Biology (Junior College), each

### SETTLEMENTS

- 1. All fees must be paid upon registration, before students are admitted to classes.
  - 2. Settlement for tuition is due upon entrance.
- 3. Charges for board must be paid for each half-semester in advance.

Any variation in the above terms of settlement must be approved by the President before entrance.

Tuition will be refunded only in case of sickness or unavoidable absence for more than a month. No deduction for board for less than two weeks can be allowed, and then only for half time.

No credits for work completed will be given students until settlement of all charges are made.

### Rules and Government

- 1. We will not play cards or any games of chance.
- 2. We will not carry concealed weapons.
- 3. We will not use profanity.
- 4. We will not drink wine, whiskey, or any other intoxicants.
- 5. We will not leave the school grounds without the permission of the Dean or his representative.
  - 6. We will neither write nor pass notes.
- 7. We will not use tobacco in the schoolrooms, nor smoke in and around the buildings.
- 8. We will not mark, cut or in any way deface the school furniture or buildings, and will pay for all damage done to property by us.
- 9. We will refrain from all talking during school hours, except by permission, and then will not disturb those around us.
- 10. During school hours we will not be away from our study rooms, except for recitation or by permission, and then will promptly return.
- 11. At night we will not be away from our boarding places after dark, except by permission.
- 12. Students leaving the school are required to get permission from the Dean or his representative on the faculty.
- 13. Students missing morning roll call, without being excused, five times, may be summoned before the faculty; for ten unexcused absences the student may be expelled. Students absent from three recitations on any subject during a month, without being excused, may be required to stand examination on that subject.
- 14. Students are required to have written permission from their parents in leaving school. Parents are urged to give their

children as few permissions as possible. Except in cases of emergency, no student can have permission to be away more than eight times during the year.

- 15. Students are not allowed to miss classes on the day before or the day after a holiday.
- 16. We will endeavor to refrain from any conduct, either in or out of school, known to us to be damaging to ourselves or the interests of the school.
  - 17. Students are required to attend religious services.

Before matriculating, all students will be required to subscribe to the above rules of government, pledging their honor to cheerful obedience.

### Suggestions About Dress

The following suggestions are offered to aid the girl in planning her wardrobe for the school year:

### Dresses—

- (1) Sport dresses of cotton material for fall and spring (ginghams, linens, chambrey or any cotton material which can be easily laundered).
  - (2) Woolen sport dresses for winter.
- (3) One one-piece dress of any nice material for church going and any special occasions. (Evening and sleeveless dresses are not worn here.)
- (4) One plain white linen dress, or any heavy white cotton goods, for commencement wear.

# Wraps-

One heavy sweater, coat or cape, raincoat and rubbers.

#### Shoes-

Sport shoes and sport slippers are more serviceable here.

# Special Notes

- 1. Students coming by railroad will be met at Dunn, Coats, or Lillington, if notified.
- 2. We have a healthful location. No school in the State furnishes a better atmosphere for student life.
- 3. Post office in sight of the Academy. Three mails daily, except Sunday. The Carolina Telephone Company's line extends to Buie's Creek, with central at Dunn. The Bank of Buie's Creek affords an easy way of sending money to students.
- 4. Our buildings are new, comfortable, commodious, and well furnished with patent desks, maps, charts, globes, etc.
- 5. The school is highly endorsed by all its patrons and other prominent men who are acquainted with our work.
  - 6. Firm but mild discipline is enforced.
- 7. Lectures on morals, etiquette, etc., are given, from time to time, by the Principal and other members of the faculty. Public lectures by prominent men at least quarterly.
- 8. Seven hundred and thirty-eight students last year. Why so many? (1) Because of the thorough and practical work done here—merit. (2) Unsurpassed moral advantages. Fewer temptations to idleness and immorality than almost any other community, and parents are learning that it does not pay to disregard the moral advantages in deciding where to send to school. (3) The school is cheaper than other schools of similar grade, offering equal advantages. (4) We are doing what we can to make the school a blessing to the people, and are depending on God to help us.
- 9. We have an able faculty, representing Wake Forest College, Chowan College, Columbia University, Ohio Valley College, Bowling Green Business University, University of North Carolina, Meredith College, Furman University, New York School of Music, Moody Training School, North Carolina College for Women, Georgetown College, Baptist Bible Institute, Southwestern Training School, Louisville Training School, Bessie Tift College, University of Chicago.

### Commencement, 1926

### SATURDAY, MAY 3

8:15 p.m.—Primary Grades.

### SUNDAY, MAY 9

11:30 a.m.—Sermon, Rev. J. W. Kincheloe, Rocky Mount, N. C. 8:15 p.m.—Sermon, Rev. J. W. Kincheloe, Rocky Mount, N. C.

## Decisions of Four Indges

#### (W. P. STACY, CHIEF JUSTICE OF N. C.)

Buie's Creek Academy is situated in a healthy locality. It is conducted under Christian influences and offers a wholesome solution for those who are faced with the problem of selecting a school for their children.

#### (L. R. VARSER, ASSOCIATE JUSTICE OF N. C.)

I consider Buie's Creek Academy thorough and successful in imparting instruction. The Christian influence that prevails throughout its student life is such that parents may feel satisfied to commit their children to its care. I have the fullest confidence in its management and do cheerfully commend it.

#### (JUDGE E. H. CRANMER, SUPERIOR COURT)

I recall, often, my visit to your splendid school. You are doing, and have done, a wonderful work. Your school is one of the bright spots in North Carolina, and I wish, sincerely, you could take ten times as many students as your present plant will accommodate. I wish, too, a few thoughtful men and women from each county in North Carolina could visit your fine school.

As a North Carolinian I am proud of, and grateful for, Buie's Creek Academy.

#### (JUDGE W. A. DEVIN, SUPERIOR COURT)

I have had opportunity to visit Buie's Creek Academy on two occasions. I have known its honored Superintendent many years, and some of his assistants. I have watched the careers of a number of young men who were students there. From this personal knowledge and through other sources of information, I have formed the opinion that no where can better, cleaner, saner mental training be had, nor do I know of an institution where the environment is more fitted for the development of moral character. You are doing a great work there and I rejoice in it.

## What School Superintendents Say

#### (HON. A. T. ALLEN, SUPERINTENDENT OF PUBLIC INSTRUCTION FOR N. C.)

I want to congratulate you on your large enrollment for this year. Buie's Creek Academy has done a great work in North Carolina and I am delighted to know that its prospects for the future are so bright. I certainly hope this work will continue to grow in usefulness and service and I know it will as long as your hand guides its destinies.

#### (HON. J. HENRY HIGHSMITH, SUPERVISOR OF HIGH SCHOOLS FOR N. C.)

I take pleasure in speaking in commendation of Buie's Creek Academy. The school has rendered a very fine service in the equipment of young people for entrance to college and for engaging in various kinds of work. There is a

decidedly wholesome atmosphere about the school. Many young men and women who are more mature than average high school boys and girls enter the school each year and find the work not only pleasant, but stimulating, and are encouraged to complete their secondary school course. This is a distinctive feature of the work of the Academy. Buie's Creek Academy has rendered an unusually effective service to students who have had limited school advantages. This school is a real educational asset to North Carolina.

# (FROM HON. J. Y. JOYNER, EX-SUPT. OF PUBLIC INSTRUCTION FOR NORTH CAROLINA)

I retain most delightful recollections of my visit to your school. I was greatly impressed with the fine spirit of your students, the excellence of your Commencement exercises, and the pride of the people of the community in Buie's Creek Academy and their admirable loyalty to it. The marvelous success of your school in a rural district, four miles from any railroad, and the transformation that has been wrought by its influence in that section of the country, is a splendid object lesson in what can be accomplished by pluck, energy, faith, and consecration to a noble work. Your school is doing a blessed work by placing excellent educational advantages within the reach of hundreds of young men and young women of moderate means, and within the reach of many absolutely without means.

#### (FROM SUPT. B. P. GENTRY, HARNETT COUNTY)

The opportunities for the proper training of young men and young women at Buie's Creek are so well known that it seems sufficient to me to say Buie's Creek will carry the right message. These two words have almost become synonyms of growth, development, and progress in Christian education. They suggest a place of power and achievement. Viewing the school and its work as an interested and close observer, I do not hesitate to class it as a big asset, not only to Harnett County, but to the State and county as a whole. Properly located and controlled by men who always dare to do the right, it will ever remain a fit training place for the youth of our land.

# Mhat College Presidents Say

(FROM HON. E. C. BROOKS, EX-SUPT. OF PUBLIC INSTRUCTION FOR NORTH CAROLINA, NOW PRESIDENT OF STATE COLLEGE)

I was very much impressed during my recent visit to Buie's Creek with the fine spirit that prevails in your community. The loyalty of the students to the institution and the admiration and respect in which it is held by the people are an evidence that your institution fills a large place not only in Harnett County, but in the State. It has grown up around a man who seems to have a genius for stimulating and inspiring young men and young women.

#### (FROM PRESIDENT POTEAT, WAKE FOREST COLLEGE)

I beg to congratulate you upon the fact that your school had forty-two men in Wake Forest College the past session, and that of that number ten were in the graduating class. I congratulate you further upon the high purpose, the seriousness, and the habit of work which we have here come to recognize as characteristic of the Buie's Creek men.

#### (From President Boatwright, University of Richmond)

The young men who have come to Richmond College from Buie's Creek Academy have been students of character and high purpose. Their college work has indicated careful training, and on this basis I am glad to give my cordial endorsement to the work of your Academy.

#### (FROM PRESIDENT FOUST, N. C. COLLEGE FOR WOMEN)

It gives me much pleasure to bear testimony to the excellent work that is being done by your institution. We have had several students from your school and they have shown good preparation. I believe that you are doing a great work and that your school deserves the support and encouragement that it is receiving from our best citizens.

#### (FROM DR. E. A. ALDERMAN, PRESIDENT OF UNIVERSITY OF VIRGINIA)

I am very glad to bear testimony to the culture and training evinced by pupils of Buie's Creek Academy at this University. By an acquaintance of several years with the work of that Academy, I am prepared to state that it is doing a high quality of work and is a credit to its principal and the section which maintains it.

#### (FROM DR. CHAS. E. BREWER, PRESIDENT OF MEREDITH COLLEGE)

I know of no school that is doing greater work than is being done at Buie's Creek Academy under the direction of Rev. J. A. Campbell. The students coming from that institution are not only well prepared for their class work, but also have the right attitude.

# (FROM PRESIDENT L. R. SCARBOROUGH, SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY, TEXAS)

From what I saw the day I visited the school I put it down in my deepest soul that there can be no better place in this country for a boy or girl to get a start in education. I do not know of a place anywhere that I would rather have my children educated than in Buie's Creek Academy. I count it one of the greatest spiritual assets Baptists have in the South.

#### (FROM DEAN W. H. WANNAMAKER, TRINITY COLLEGE)

Trinity College has from time to time had among its students young men who were trained at the well-established Buie's Creek Academy. It gives us pleasure to say that we believe this school deserves its good reputation, and we sincerely hope it will continue to enjoy the patronage of people wishing to place their boys where they can get good training and sound instruction.

#### (FROM PRESIDENT H. W. CHASE, UNIVERSITY OF NORTH CAROLINA)

I am very glad to say that it has been our experience that the men who come here from Buie's Creek Academy come well prepared for work at the University. They are good men, and we are always glad to have them.

You will be interested to know that one of the men you sent us this year has thus far made a record of over ninety-five per cent in five of the six courses which he has so far completed. This is a most extraordinary record for a first-year man.

#### (FROM PRESIDENT W. J. McGLOTHIN, FURMAN UNIVERSITY, S. C.)

It has been my good fortune to touch the students who come from Buie's Creek in one way and another for many years, and it is a pleasure to testify that they have uniformly been filled with the highest spirit of devotion to the work of education and to all the higher things of the spirit. There is no secondary school among Baptists which has a better influence upon its students than Buie's Creek, in my judgment. I heartily commend it to all who are seeking a high-grade Christian secondary school.

#### (FROM PRESIDENT E. W. SIKES, CLEMSON COLLEGE, S. C.)

The spirit of Buie's Creek Academy is one of the finest that I have ever known. Great emphasis is placed upon character building. There is an atmosphere of culture and refinement that greatly edifies. There is much there of the spirit of the famous old high schools that have become historical. High morals and religion are kept above par. The atmosphere of the place stimulates one for higher things. Any young man is fortunate who has had the advantages of such training for four years.

#### (FROM PRESIDENT JOHN E. WHITE, ANDERSON COLLEGE, S. C.)

From its beginning, I have followed the development of Buie's Creek Academy on its way to be the great school it is today. Every year has marked its progress. Its standards, its equipment, and above all, its inspirational spirit, make it one of the outstanding institutions of North Carolina. Its reputation has extended beyond the State; its students going to colleges and universities have reflected its thoroughness. One of the highest tests of any school is what its graduates feel about it and say about it. Buie's Creek men and women have impressed me with the enthusiasm with which they bear witness to the school and to the great and good influence of its principal on their lives.

# What Other Prominent Aen Say

#### (Dr. J. R. JESTER, PASTOR FIRST BAPTIST CHURCH, WINSTON-SALEM.)

In the Fall of 1924, it was my pleasure to spend ten days at Buie's Creek speaking twice each day, in Revival Services. In all of my ministry I do not recall a more delightful season. The spiritual atmosphere that exists in Buie's Creek Academy is most wholesome. Every effort is made to implant the highest ideals of Christian character in the minds and hearts of the students. If any student fails to respond to such influence, we feel that such failure cannot be charged to those who are giving their lives and best effort in a sacrificial way to train the students for real service. The Buie's Creek spirit is unique. We have seen no school that exerts a finer Christian influence. May heaven's favor continue upon J. A. Campbell and those associated with him in the noble work of this Institution.

#### (FROM HON. J. A. POWERS, SOLICITOR FOR SIXTH DISTRICT.)

Many of your students were class-mates of mine at Wake Forest College. Many others I have known personally and by reputation, I think I can speak with authority when I say that your institution is rendering the greatest service of any institution within my knowledge. I never hesitate to recommend your school whenever and wherever I have opportunity.

#### (FROM HON. JOSEPHUS DANIELS, EX-SECRETARY U. S. NAVY)

One of the institutions that is doing the most good in this section of the State is Buie's Creek Academy, Harnett County. It is not ambitious for greatness, but its principal, Rev. J. A. Campbell, is ambitious to see it grow in usefulness. It has been like a light set on a hill to a large section of country, and has shed a radiance of better education and enlarged opportunities that will tell for the State's betterment in all the years that are to come. If every section of the State had such an academy, North Carolina would in a few years take front rank.

(FROM REV. C. E. MADDRY, D.D., SECRETARY OF BOARD OF MISSIONS FOR N. C.)

We judge any institution by its finished product. Measured by this standard, Buie's Creek can meet the test. As a high-grade preparatory school it ranks second to none in North Carolina. The students going out from this school stand shoulder to shoulder with those of any other school.

But the finest asset of Buie's Creek is its wholesome, Christian atmosphere. The school is built up and lives around the great historic spirit of its founder and director. The spirit of noble sacrifice and unselfish service sooner or later grips and dominates every young life that touches Buie's Creek. May the blessings of heaven, without stint and measure, be poured out continually upon the great school.

#### (FROM REV. R. T. VANN, D.D., EDUCATIONAL SECRETARY, RALEIGH, N. C.)

A recent visit to Buie's Creek Academy was the fulfillment of a long-cherished desire. The reputation of the school had led me to expect a good deal, but I found much more. The gently rolling country, the quiet forest, the absence of railroads and ills that follow them, the social life, simple and clean, all combine to render the location ideal. The full nine months session, with seven or eight hours of work each day, accounts in part for the excellent showing of proficiency in the pupils, while the painstaking labor of principal and teachers explains the rest.

(FROM DR. CLARENCE H. POE, EDITOR PROGRESSIVE FARMER, RALEIGH, N. C.)

It gives me great pleasure to bear testimony to the splendid work of Buie's Creek Academy, especially as it impressed itself upon me during my recent visit. I remarked upon my return that I doubted whether any other school in North Carolina has accomplished as much in proportion to the money expended upon it. You have reached a class of young men from our farms, most of whom no other institution would have reached, and the good accomplished is incalculable.

(FROM REV. LIVINGSTON JOHNSON, D.D., EDITOR BIBLICAL RECORDER)

It was my great pleasure to visit Buie's Creek recently. I had heard much of this school and its excellent work, but can truly say that my expectations, high as they were, were more than met. Nearly five hundred pupils are gathered from sixty-five counties of this State, and from many other States.

These young men and women impress one as having an earnest purpose in life. They are there to better prepare themselves for future usefulness.

Most of them are poor, and could not secure an education were it not for the peculiar advantages offered them by Buie's Creek Academy. Any parent can feel safe in putting his child under the care of Professor Campbell. There is a spiritual atmosphere pervading the whole institution which impresses one as soon as he reaches the community.

#### (From Hon. J. A. Oates, Favetteville, N. C.)

One of the great marvels in the educational revival in North Carolina is the wonderful internal and expansive growth of the Buie's Creek Academy. It was once the school of Rev. J. A. Campbell, but is now the school of the people. The State does not own it, yet it is a public school. No church owns it, yet its strong influence for Bible truth and morality cannot be calculated. Buie's Creek needs the people and the people need Buie's Creek.

The elements have met in Buie's Creek to make it a great Southern preparatory school. These elements are a practical, consecrated principal of experience, a school with an enviable record already established, a patronage which means loving friends, a location ideal. The people of North Carolina could do the educational work of their State no better service than to take stock in Buie's Creek Academy.

(From Rev. B. W. Spilman, D.D., Field Secretary Sunday School Board, Kinston, N. C.)

I have recently spent several days at Buie's Creek Academy. It is in many respects the best academy in North Carolina. The building is equipped with modern appliances. There is a faculty whose superior is not to be found in any academy in the State, and the spirit of Christ pervades the institution.

#### (FROM DR. G. W. PASCHAL, WAKE FOREST, N. C.)

I have never been at Buie's Creek to see your plant, but I know your school. "By their fruits ye shall know them." For twenty-six years now I have been dealing with students fresh from Buie's Creek. Without exception they have shown the influence of such training in books, in religion, in character, as I could wish that my own sons may receive in their high school course.

#### (FROM REV. C. H. DURHAM, D.D., LUMBERTON, N. C.)

It was my privilege to visit Buie's Creek Academy recently. For a number of years I have viewed it from a distance with increasing admiration. On this occasion it was my great pleasure to view it at close range and become better acquainted with its inner life and work. Having heard so long of some of the chief characteristics of the place, it was not surprising to find the moral and religious tone of the community to be very pronounced. Also to find it remarkably free from loud, worldly display, so prevalent nowadays. The visitor soon has the conviction that faithful, honest work is done here. And he soon finds himself

prepared to believe that the students of this institution move in an atmosphere which is calculated to develop strong, healthy, Christian character. Of course, every one agrees that the godly life of Principal J. A. Campbell is stamped on the school and the entire community. Few men are loved and respected by their pupils, associates and neighbors as much as he is. The work that he and his faithful teachers are doing can't be estimated this side of eternity. To all the Baptist people in North Carolina it should be a source of profound gratitude that we have such a school as this.

(From Dr. P. E. Burroughs, Educational Secretary, Nashville, Tenn.)

Buie's Creek Academy holds a unique place among the educational institutions of the entire country. The rank which its students are taking in the higher institutions of learning sufficiently attests its scholarship. Besides its scholarship, and almost better than its scholarship, is its fine moral and spiritual atmosphere. If there is a safer and choicer place for our young people than Buie's Creek Academy, the writer does not know about it.

## What Our Patrons San

(DR. C. E. SCHAIBLE, CHAIR OF BIBLE, COKER COLLEGE, S. C.)

We are very much pleased with the progress that Maynard has been making, since he has gone to Buie's Creek Academy. We feel that we did well in sending him to you. I shall be glad to recommend Buie's Creek Academy to anyone. Your Christian standards and ideals are bound to work good to anyone who can respond at all to good influences.

#### (Hon. J. C. Meekins, Jr., Washington, N. C.)

I consider your institution the best preparatory school in this State.

To my mind there are four qualities, which are absolutely necessary to a boy's success, in after life: Religion, thoroughness, thrift and economy. In visiting my boy, who is with you, I find that these conditions are stressed at Buie's Creek more than at any place I have ever seen. I have two more boys for you, one will go next year and the other as soon as he is prepared to enter.

#### (FROM REV. FRED N. DAY, WINSTON-SALEM, N. C.)

I have been for a number of years personally acquainted with Professor Campbell and his school. I have had three sons under his care and am also interested in educating others there. In my opinion there is no safer or better school to which to send your children.

#### (FROM MR. J. L. AYCOCK, ELBERON, N. C.)

For the last two years my son has been a student of Buie's Creek Academy, and I am well pleased with the progress which he has made. He is very enthusiastic about his work there and speaks in highest terms of the school and faculty. It has been my privilege to visit Buie's Creek a few times, and I think that I have never seen such loyalty to the school and the things that are best among any student-body as is shown by the boys and girls of your institution.

#### (FROM MR. A. P. THOMAS, SHALLOTTE, N. C.)

Because of a lack of knowledge of Buie's Creek at the time I sent my two oldest children away to school, I did not send them there. This I have to regret. Since then, however, I have tried to make up for my mistake by sending you my remaining eight children—the eighth and last being now with you. Had I ten more to educate they would at least have the chance to attend your school. I have been more than pleased with the training each of my eight children has received from year to year under you and your corps of consecrated teachers. Blessings on you, and thanks for your fatherly interest in my children at all times.

#### (FROM REV. E. R. NELSON, BAPTIST PASTOR, HENDERSON, N. C.)

It affords me pleasure to commend both you and your school. I have been most favorably impressed with your methods and with the conduct of the work and my admiration and love for you increase with every visit.

I shall always be glad that I sent my daughter to Buie's Creek Academy. This is a Christian secondary school of the highest order. I have a well-founded suspicion that the head of the school is very careful as to whom he associates with himself in the work.

Particular attention is given to discipline, and parents may feel sure that their children are safe at this school.

Professor Campbell has an inimitable knack of appealing to the best and the noblest that is in one, creating ideals and lifting the aspirations of his students, so that one feels ashamed not to be and do his best.

The esprit de corps of the students, and former students, proves that one never quite gets over attending Buie's Creek; he loves the place, the teachers, and, most of all, its founder and principal, J. A. Campbell.

#### (FROM I. D. HARRELSON, FARMER, WINNABOW, N. C.)

Having been a student at your school more than twenty years ago, it was not hard for me to decide where to send my children when ready for high school. I sent you my oldest son. He is now in Richmond doing well. You now have my oldest daughter and six others are getting ready for Buie's Creek. I am perfectly satisfied so long as my children are under your watchful eyes. I regard your school as second to none on earth. My father, now eighty-six years old, wishes me to add that he has been watching your school with prayerful interest since its first beginnings, and he will never cease to love you and the school for what it has done for the Master's cause.

#### (FROM MR. J. OWEN WILLIAMS, NEWTON GROVE, N. C.)

In selecting a high school for my two daughters, I am sure I made no mistake in selecting Buie's Creek. Having been a student there myself, I knew that they would be well cared for. I am pleased with the results and wish to thank you for the kind interest you have taken in them. Fortunate indeed are those who enter your school.

#### (FROM REV. K. C. HORNER, BAPTIST PASTOR, GATESVILLE, N. C.)

It is my candid opinion that Buie's Creek preparatory school, with its consecrated and wide-awake superintendent, Prof. J. A. Campbell, and his fine corps of teachers, is equal to any and exceeded by no other school of its kind in the State or elsewhere.

I rejoice that I am a patron of this school, and do hereby heartily recommend it to be all right morally, educationally, financially, and socially.

#### (FROM MR. A. D. ATKINS, FARMER, CARY, N. C., R. F. D.)

It gives me great pleasure to give your school my unqualified endorsement. During the two years that I have been a patron of your school I have found that you not only give literary instruction of the best, but also endeavor to build up character. I would advise any one wishing to place his children under Christian influence to send them to Buie's Creek. I often say there may be as good schools as Buie's Creek, but I know of no better.

#### (FROM MR. C. C. JONES, CARTHAGE, N. C.)

If an institution is to be judged by its fruits (and how else shall we judge it?) I know of one man who as a boy attended this school, got his bearings, and often refers to it as the deciding factor in his life's work, who if he were the only one that could be pointed to as a credit to the school, it would have been worth all the efforts ever put forth there, and the school would be counted a great success. But I know of many such. They are scattered all over the country. That seems to have been and is the aim of the school-to help boys and girls find their life's work. Too many are aimlessly drifting, jumping from pillar to post, and have no purpose in life; Buie's Creek helps them to find themselves and gives them a vision of the "life beautiful." I know of no better influence anywhere, and the good that this school has done can never be estimated as we estimate things in this world. Any man having money he desires to invest in boys and girls, where it will pay large dividends in things that abide forever, while empires crumble, would do well to look into the work of Buie's Creek. Its guiding hand all these years has been that matchless man, J. A. Campbell. How he has done the work he has is a marvel.

#### (FROM MR. CLAUDE STEPHENSON, FARMER, WILLOW SPRINGS, N. C.)

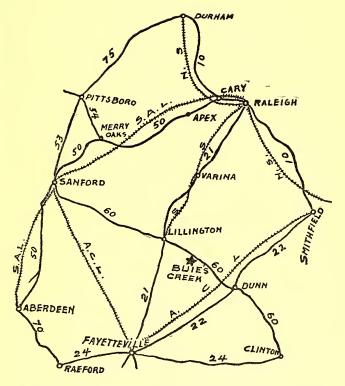

I wish to say that I think your school the best preparatory school within my knowledge. The Christian influence which surrounds the girls and boys under your management is the most wonderful part of school life. I am glad of the privilege to patronize such a school, feeling that my daughter will be well cared for while there.

#### (FROM MR. S. A. ADAMS, MERRY HILL, N. C.)

I do not believe North Carolina has a preparatory school superior to Buie's Creek. I have visited the school twice since my daughter has been a student there and I have sought information from her and from many others. I believe that the privileges and opportunities for intellectual training offered in your school are as good as can be found anywhere, but I rejoice that the moral and spiritual training given your students will count for even more. The high ideals of Christian living held up in your school, beautify and glorify the intellectual training given.

Librarian

#### R. E. DUNCAN

Superintendent of Buildings and Grounds

## Grade Teachers

#### MABEL BURT

Graduate Buie's Creek Academy; Two Years a Student at Chowan College; Student University of North Carolina; Columbia University, 1927; Member of Faculty of Buie's Creek Academy, 1920—

Seventh Grade

## MRS. J. E. AYSCUE

Graduate of N. C. C. W., 1899-1904; Teacher N. C. C. W. 1904-1906; Student N. C. C. W., 1927; Member of Faculty Buie's Creek Academy, 1926—

Sixth Grade and Superintendent of Grades

#### MRS. ANA BLAND

Powhatan College, 1900; Meredith College, 1901-1903; Student State College, 1923; Wake Forest College, 1924; Member of Buie's Creek Academy, 1926—

Sixth Grade

#### MRS. ETHEL UPCHURCH BROADHURST

Student Meredith College, Wake Forest College, 1921, 1926, 1927; University of North Carolina; State College, 1923; Member of Faculty of Buie's Creek Academy, 1920—

Fifth Grade

#### MRS. VIRGINIA KIVETT EDGERTON

Graduate Buie's Creek Academy; Two Years Student N. C. C. W.; Student Southwestern Baptist Seminary; Member of Faculty Buie's Creek Academy, 1923—

Fourth Grade

#### MABEL VIRGINIA CHEEK

Graduate Buie's Creek Academy, 1922; Training School, Pittsboro, 1924-1925; Student University of North Carolina, 1924; Member of Faculty Buie's Creek Academy, 1927—

Third Grade

#### ALTA CHITTY

B.S., Chowan College, 1927; Member of Faculty of Buie's Creek Academy, 1927—

Third Grade

#### MRS. T. Y. SEYMOUR

Graduate Buie's Creek Academy; Student Oxford College, 1907; Five Years Teaching in Public Schools of Robeson County; Member of Faculty Buie's Creek Academy, 1927—

Second Grade

#### THELMA PARKER

Student Littleton Female College; Student Asheville Normal; Student University of North Carolina; Member of Faculty Buie's Creek Academy, 1924—

First Grade

#### Officers of Administration

- J. A. CAMPBELL, President
- B. P. MARSHBANKS, Vice-President

L. H. CAMPBELL, Dean

MISS NETTIE MOON, Dean of Women

MISS ADA OVERBY, Secretary to President

Dr. S. A. Duncan, School Physician

MRS. A. N. JONES, MRS. GROVER SAUNDERS, Matrons Girls' Dormitory

T. Y. SEYMOUR, Superintendent Boys' Dormitory

R. E. DUNCAN, Superintendent of Buildings and Grounds

## Faculty Committees

- Athletics—L. H. Campbell, A. E. Lynch, Robert S. Hays, S. O. Brandon, G. L. Edwards.
- Library—Mrs. Mary Harris, Miss Moon, L. H. Campbell, Mrs. Parker, R. C. Pettigrew.
- Societies-B. P. Marshbanks, Miss Moon, Miss Estelle Burt.
- Classification—L. H. Campbell, B. P. Marshbanks, Miss Powell, Miss Strickland.
- Buildings and Grounds—Mrs. Edwards, Miss Mabel Burt, G. G. Richards, I. M. Wallace, R. E. Duncan, J. E. Ayscue, N. A. Hayes.
- Socials and Entertainments—A. E. Lynch, Mrs. Lynch, Miss Brooks, Miss Moon.
- Discipline—J. A. Campbell, B. P. Marshbanks, L. H. Campbell, Miss Moon, Miss Powell.

## Camphell College

This institution has just closed its forty-first annual session, one of the most prosperous in its history.

For this wide patronage, and for the many kind expressions concerning the work we are doing for the rising generation, we extend to our patrons and the public generally our sincere thanks.

To our former students we feel especially grateful, and hereby acknowledge our indebtedness to them for their correct deportment and diligent application to study while here, and for their faithful efforts in helping to build up the school. With our past experience to help us, trusting in our friends for a continuance of their patronage and their interest in the school, and looking still to God for His help and guidance, we hope to do even better work, and make the school a more effective agency for the uplift of humanity.

#### LOCATION

Campbell College is most fortunate in its location. It is situated a little east of the center of Harnett, in one of the finest sections of this rapidly developing county. It is five miles to Lillington, the county seat, on the Norfolk Southern Railroad and the present terminus of the Atlantic and Western Railroad, four and one-half miles to Coats, the nearest depot on the Durham and Southern Railroad, connecting Durham on the Southern with Dunn on the Atlantic Coast Line, and eleven miles to Dunn. The Durham and Southern makes connection at Apex with passenger trains on the Seaboard Air Line. places us in easy reach of the principal railroad lines. Route No. 60 of our State Highway System, from Greensboro, Sanford, Lillington, Dunn, Clinton to Wilmington passes by the College. Highway route No. 21, from Raleigh to Lillington, Fayetteville, and Lumberton, passes within four miles of us, connecting with route No. 60 one mile north of Lillington. We are in easy reach of the public highways. The community is exceedingly healthful, the standard of morality high. Being in a quiet country place, we save our patrons much extravagance

in dress, avoid many temptations to immorality incident to the average town and city, and having no "lounging" or sight-seeing places, there are few causes to divert the mind from study. The school village, consisting of about 350 population, is composed of people who have gathered here to educate their children, and they are, therefore, interested in keeping the community life pure and the student body busy. The whole atmosphere is educational; everything centers about the school. It would be difficult to find anywhere a community more favorable in every way to the student life. The helps and restraints of home life are thrown around the students. A prominent pastor of this State writes: "The moral and religious atmosphere of the school is superior to any school I ever knew."

Reports are required as to the deportment of students in their boarding places.

#### GROWTH AND DEVELOPMENT

In January, 1887, the first school building, 48 by 22 feet, was completed, and the present principal opened school, hoping to continue five months, if the patronage would justify. Many of the best citizens of the community thought it would be impossible to continue that long. The school was a success, and in order to give the children better advantages, it was decided to build a room for the Primary Department.

In the summer of 1887 a room 18 by 24 feet was added to the east side of the main building. The school continued to grow in patronage and usefulness, and in the summer of 1893 a wing 18 by 30 feet was added to the west side of the main building.

In order to give accommodation to the growing patronage and furnish buildings more suited to our needs, in 1896 we erected a new administration building, 50 by 36 feet, three stories high, with a projection in front 14 by 16 feet.

The administration building, 136 feet long, contained six large recitation rooms, with Art Hall, Commercial Hall, Library, Society Halls, nicely carpeted and furnished. On the morning of December 20, 1900, the closing of the fall term, at the hands of an incendiary the buildings were destroyed by fire.

During the spring of 1898 we had erected a large, open tabernacle, 80 by 90 feet, which we used for Commencement exer-

cises. After the fire, this large tabernacle was fitted up for schoolroom work, supplied with new patent desks, heaters and other necessary conveniences and comforts, and, January 8, 1901, we opened school here, having seven large, comfortable recitation rooms. Thus, without serious interruption, the work went along. To our students and teachers who rallied around us, working with their own hands, paying their money and soliciting help from others to keep the school going; to the citizens of the community who came and tendered their teams and help in every way, and to hundreds of friends everywhere who wrote letters, sent help and made it possible for the school to continue, we return our heartiest thanks.

#### THE OLD ADMINISTRATION BUILDING

This building, costing more than \$30,000, was constructed of high-grade brick, made on our own grounds. The corner stone was laid May 23, 1901, and the work was pushed along as funds permitted, this building being sufficiently completed to allow us to enter November 2, 1903. It is an everlasting monument to the love, loyalty and sacrifice of our students and friends.

This building is 92 feet long, 70 feet wide, two stories high, with a wing from the rear 50 feet long, 36 feet wide, also two stories high. On the first floor are four recitation rooms, 35 by 40 feet each, furnished with new patent desks, blackboards, globes, charts, etc. The second story has four rooms, 35 by 40 feet each. Beginning with the year 1926-27 the old administration building was used for the elementary grades and special departments.

## TREAT DORMITORY FOR GIRLS

Through the liberality of Mr. M. C. Treat, of California, who gave \$1,000 starting the fund, and hundreds of other loyal friends, a beautiful dormitory, costing more than \$25,000, has been erected, and was ready for the accommodation of girls August 26, 1913. The building is of brick, has two stories, thirty-two rooms, besides the basement, and will accommodate about eighty girls. The rooms are large, well lighted, well ventilated, affording accommodation for two girls to each. The

building is steam-heated, has electric lights and water, and everything possible will be done to safeguard the health of the girls and give them a pleasant place for study.

#### WILLIAM PEARSON BUILDING

During the fall of 1915 a building for primary grades was erected, and used first December 28, 1915. It was named the William Pearson Building, in honor of the man who made the first canvass for the school, who always helped, by word and purse, to aid the school, and who died May 25, 1915. Beginning with the year 1926-'27 this building was used by the music department.

#### FRED N. DAY ANNEX

In February, 1920, Evangelist Fred N. Day, Winston-Salem, purchased the nine-room house near the dormitory, known as the Beavers property, paying \$3,000 for the same, presenting it to the Buie's Creek Academy, Incorporated. The Annex accommodates about fourteen girls.

#### CARRIE RICH MEMORIAL LIBRARY

On March 12, 1922, Mr. D. Rich, of Winston-Salem, through Evangelist Fred N. Day, made public announcement of his purpose to erect a library building at Buie's Creek in memory of his wife, Mrs. Carrie Rich. The building is known as the "Carrie Rich Memorial." The building has been completed and was opened for use during the spring term of 1925. There is no prettier library building and equipment in our State. The equipment and building cost about \$50,000.

#### Boys' Dormitory

On April 18, 1923, contract was closed for erecting a dormitory for boys. It is a two-story building, forty-five rooms, steam-heated, has electric lights and first-class furnishings. The building and furnishings are modern, well suited for dormitory life, and cost more than \$40,000. Members of the faculty room in this dormitory and have the government of the boys.

#### ENDOWMENT

Mr. D. H. Senter, Chalybeate Springs, contributed one thousand dollars a few years ago to start an endowment for the school. To this has been added smaller amounts, which, with the accrued interest, at present totals about \$1,500.

During the Commencement exercises in 1924, Mr. W. C. Ellis, Greenville, S. C., suggested a plan for increasing our endowment on an insurance plan. Alumni of the school are asked to take a ten-year endowment policy payable to the school for amounts from \$100 up. The members of the senior class of 1925 subscribed, in this way, about \$5,000 to this fund. Other Alumni are co-operating in this movement. Policies in force and pledges at present amount approximately to \$15,000.

During the year 1926-'27, additional gifts from Mr. B. N. Duke have been received, making his entire benefactions for the institution \$50,000.00. After installing water and sewerage system and making several necessary improvements in buildings and grounds, it is hoped that about \$20,000 may be put into additional endowment fund.

One of the greatest needs of the school is a stable income to supplement the small fees paid by our students. In no more effective way can the friends of the institution lend their help than in adding to this fund.

#### Mr. Duke's Gifts

For many years one of the imperative needs of the school has been a modern system of sanitation. In 1923 Mr. Alonzo Parrish, Benson, an alumnus of the institution and member of the Board of Trustees, gave the school a deep-well pump, gasoline engine, steel tower and a 15,000 gallon tank. A deep well was sunk on the campus, which gives an ample supply of water for all school purposes. No funds were available for completing the sewerage line and installing the equipment in the buildings. In the spring of 1926 Mr. B. N. Duke gave the school \$25,000 for completing the sewerage system, connecting all the buildings with sewer, and for meeting other needs. Three additional gifts made by Mr. Duke during the year bring his contributions to \$50,000.00.

#### GYMNASIUM

In December, 1923, Mr. D. Rich made a proposition to give \$2,500 toward erecting a building to be used as a gymnasium and temporarily used for an auditorium, on the condition that the other friends of the school would raise a similar amount. Contract was let for this building December 31, 1923, and was used first April 10, 1924. The building is 60 by 90 feet, has basement, is of brick veneer, and cost more than \$15,000. This building is furnished with necessary equipment for physical training, indoor games, shower baths, etc.

#### FRED N. DAY HOME

In January, 1925, Rev. Fred N. Day purchased for \$2,000 a seven-room residence, with adjacent lots amounting to about two acres of land. This property adjoins the school grounds and was donated to Buie's Creek Academy. It is planned to use this home for married students. The school now owns two such homes and it is hoped that others may be provided by individuals, churches and associations. The trustees will be glad to donate the land for such purposes. During the last year fourteen married men were enrolled as students and it has been difficult to provide suitable places for their families.

#### THE D. RICH BEQUEST

September 26, 1923, Mr. D. Rich conducted the devotional exercises at chapel. At that time he told us that he slept but little on the previous night, because much of the time was spent in talking with the Lord about Buie's Creek. There was born in his soul that night, he said, this striking expression: "Buie's Creek must live." He expressed the hope that he might be able to do something for Buie's Creek. On October 21, 1924, he fell on sleep, having left in his will to the trustees of Buie's Creek Academy one-eighth of his estate. One-half of this amount, approximately \$150,000, now in the hands of the school, is being used to erect the new D. Rich Memorial Administration Building.

## THE D. RICH MEMORIAL ADMINISTRATION BUILDING

The new D. Rich Memorial Administration Building provides handsomely for our college and high school departments. This building of tapestry face brick, trimmed with Indiana limestone, and made of fireproof construction, matches in beauty the new Library, a memorial to Mrs. Carrie Rich. The building, 160 feet long and 121 feet wide, includes an auditorium to seat 1,250 comfortably, 12 class rooms, 2 laboratories, 2 study halls, 2 society halls, and several office rooms. The building is furnished throughout with new equipment.

#### FORMAL TRANSFER OF PROPERTY

In 1887 Buie's Creek Academy, consisting of one acre of land and one-room house, was owned by the public school system. After the fire destroyed the building in 1900 J. A. Campbell erected a school building as private property. In 1911 Buie's Creek Academy, Incorporated, was organized, with a body of twenty trustees appointed by the Little River Association. Since that time Buie's Creek Academy, Inc., has owned and operated the dormitories and J. A. Campbell has owned and operated the school. In order to meet the demands for increased equipment and secure permanence to the life of the institution, the private property including buildings, equipment and grounds have all been transferred to the trustees of Campbell College, Inc. Changes in the charter have been made and the trustees are now appointed by the Baptist State Convention.

The trustees have made a lease of the property to J. A. Campbell who will conduct the school along the same lines he has done since 1887, having the moral and financial support of the trustees and the Baptist State Convention.

## CAROLINA POWER AND LIGHT COMPANY

The Carolina Power and Light Company has extended its line from Duke to Buie's Creek and gives us the advantage of a regular current at all times.

#### RAISED TO JUNIOR COLLEGE

On account of the contracting field of high school work due to the increasing competition from the State schools, and the correspondingly larger field of college work, the trustees of the school were convinced in 1926 that we should add two years of college courses. With the increased equipment made possible by the D. Rich bequest, and the B. N. Duke gifts, they were convinced that this was the opportune time to enter this new work. The President presented the proposal to the Baptist Board of Education and secured their unanimous consent to offer one year of college work during the 1926-'27 session. The Baptist State Convention at Wilmington in 1926, authorized the advancement of the school to junior college standing for the year 1927.

#### CHANGE OF NAME

While authorizing the school to become a Junior College, the same Convention recommended to the Board of Trustees the change of name from Buie's Creek Junior College to Campbell College. This resolution, introduced by Rev. A. C. Hamby, reads as follows:

"In view of the fact that our brother, Dr. J. A. Campbell, working strenuously and untiringly through a period of forty years, has built a great school at Buie's Creek, known through the years as Buie's Creek Academy, Inc., and recently changed to Buie's Creek Junior College, and,

"Whereas, it is eminently fitting that such devotion to the cause of education should be kept in memory perpetually, and the name and work of Brother Campbell be preserved as a cherished memorial of North Carolina Baptists, be it,

"Resolved, that the Baptist State Convention now in session, request its Board of Education and the Board of Trustees of Buie's Creek Academy, Inc., to change the name from Buie's Creek Academy, Inc., to Campbell College."

In compliance with the above resolution, the Board of Trustees met at Buie's Creek, April 7th, 1927, and unanimously adopted the charter changing the name of the corporation from Buie's Creek Academy, Inc., to Campbell College, Inc.

#### Work Approved by State Department

The Standardizing Committee of the State Board of Education, after carefully investigating the work of the school, has recommended that full credit be given for the first year of work "hour for hour up to thirty semester hours." The report of the Committee further provides for an inspection in the year 1927-1928, "to determine the rating of the school as a Standard Junior College, the notion being that such rating will be given if the requirements of the North Carolina Conference are met."

#### LOAN FUNDS

We are happy to announce the establishment during the past year of three loan funds for worthy students. These sums, coming unsolicited, express the confidence of these benefactors in the work of Campbell College and their sympathy with poor boys and girls struggling for an education. In behalf of those to be blessed by these amounts, we express our thanks for the following loans:

The Masonic Loan. The Masonic fraternity of North Carolina has established a loan fund of \$500.00 for needy students, who could not otherwise pursue their training.

James A. Buchanan Loan Fund. Mindful of his own struggles to stay in school at Buie's Creek Academy years ago, Mr. Buchanan has set aside \$100.00 to help other worthy students, with the intention of later increasing this fund.

Tom Chears Loan Fund. During the year Mr. Chears sent the President the sum of \$25.00 to be used in some way to help some struggling students. After some deliberation it has been decided to offer this as a loan to those most needy.

# COLLEGE DEPARTMENT

## Requirements for Entrance

Requirements for entrance into the college conform to the regulations adopted by the North Carolina Association of Colleges. A minimum of fifteen units leading to High School graduation is required of all regular students. The following units are prescribed: English, 3; Mathematics, 3; Foreign Language, 2; Science, 1; History, 2. The remaining units may be earned from the list of subjects printed on the following page.

Students are admitted in the following ways:

- 1. By certificate. A certificate of graduation, with recommendation for college entrance, from high schools of approved standing admits a student without examination.
- 2. By examination. Students from non-accredited high school, and those with less than fifteen units for graduation, may be admitted only by the removal of such deficiencies by examination. These examinations will be held upon the first day of the fall term. Candidates for admission by examination should forward to the President their application for examination on the required subjects.
- 3. By special permission. In accordance with the practice of other colleges, students of mature years are admitted by permission of the President as "special" students. Such students must demonstrate their ability to profit by the courses taken. Positively no credit towards graduation will be allowed "special" students until the entrance requirements are fully met.

## SUBJECTS WITH ENTRANCE CREDITS

Subject	Course Described	Unit
English I. English II. English III. English IV.	Grammar, Rhetoric and Composition Rhetoric, Composition and Literature Composition and Literature Literature Survey, and Composition	1 1 1 1

## Requirements for Graduation

Three courses of sixty-four semester hours each, leading to the "Associate in Arts" diploma, are offered. These courses are planned to meet the respective needs of students seeking classical, scientific and vocational training. Students undecided as to their future plans are urged to elect Group I.

Group I. "Associate in Arts," Leading Toward B.A. Degree.

	, ,	_
	English I and II12	hours
	Mathematics I 6	hours
	History I 6	
	Bible I 6	
	Biology 8	hours
	or	
	Chemistry10	
	Latin I 6

Electives to total64	hours

Electives: In addition to subjects included in Groups I and II, French C-I, German C-I, Greek C-I, Latin C-I, Music C-I, if not taken as semi-electives.

For entrance to course III two units in Foreign Language are required for entrance. The same language offered for entrance must be pursued for one year.

## Courses of Instruction

#### English

Mr. Campbell Mr. Pettigrew Miss Strickland

- C-1. Composition—This course consists of a more thorough mastery of the fundamental principles of composition and an intensive study of selected masterpieces as a basis for constant practice in self-expression. Weekly themes, reports, and conferences. Three hours a week, both semesters.
- C-2. English Literature—A survey of English Literature with emphasis on historical movements and developments of types of literature. Three hours a week, both semesters.
- C-3. Journalistic Writing—An elementary course in the practice of news writing, including a study of the feature story, the editorial, and the newspaper make-up. Two hours a week for both semesters.

#### MATHEMATICS

#### MR. MARSHBANKS

- C-1. a. College Algebra—Rapid review of elementary algebra. Theory of equations, quadratics, inequalities, variations, progressions, binomial theorem, logarithms. Three hours a week for first semester.
- b. Trigonometry. Trigonometrical equations, theory of logarithms, solution of right and oblique triangles, special problems. Three hours a week for second semester.
- C-2. Analytic Geometry—Open to students who have completed C-1. Three hours a week for both semesters.

#### HISTORY

#### Mr. Ayscue

C-1. History of Western Europe. This course embraces the period from the decline of the Roman Empire through the Thirty Year War. Careful study is given to the growth and influence of the principal medieval institutions and movements as they bear upon modern problems.

Each student is required to keep a loose-leaf note-book for notes on collateral reading and for map-drawing.

Three hours a week for both semesters.

C-2. American History—First semester: Brief survey of the colonial period; study of the social, economic, and political conditions of the Revolutionary period; development of the national government. Second semester: Growth of sectionalism; the Civil War; the Reconstruction period and its problems; national expansion; present-day conditions and problems.

Three hours a week for both semesters.

#### FRENCH

#### MRS. PARKER

C-1. French Literature of the Nineteenth Century. Prerequisite, two units of French for entrance. Consist of readings from great novelists and dramatists of the nineteenth century with a brief history of the literature; a careful study of grammar, composition, and conversation.

Three hours a week for both semesters.

C-2. French Drama of the Seventeenth Century—A study of the earlier French drama as an introduction to the reading of selected plays from Corneille, Moliere, and Racine.

Three hours a week for both semesters.

#### GERMAN

#### Mrs. Parker

C-1. Elementary German—This course for beginners offers a careful study of grammar, practice in pronunciation and composition, and the translation of two hundred pages of comparatively difficult German.

Three hours a week for both semesters.

C-2. Reading of selections from German prose of the nineteenth century. Prose composition. Careful review of grammar. Practice in conversation.

Three hours a week for both semesters.

#### LATIN

#### MISS POWELL

C-A. Vergil's Eneid. Six books read. Emphasis on syntax. Prose composition. Some appreciation of the poem as a masterpiece of literature is developed. Brief survey of Latin literature. Prerequisite, three units of high school Latin.

Five hours a week for both semesters.

C-1. Cicero's Essays and Letters (selections)—Prose composition. Emphasis on syntax. Horace, Odes and Epodes. Some attention given to Roman history and mythology.

Three hours a week for both semesters.

#### GREEK

#### Mr. Pettigrew

C-1 a. Elementary Greek. The purpose of the first semester's work is to provide the student with a thorough foundation in the elements of Greek grammar, syntax, and composition, preparatory to the work in prose translation of the second semester.

Five hours a week for first semester.

b. Xenophon's Anabasis. Careful translation of typical passages from the first four books of the Anabasis, with strict emphasis on grammar and syntax. Regular exercises in prose composition.

Five hours a week for second semester.

C-2. Homer's: The Iliad or the Odyssey. Several books are carefully read, and the poem is considered as a whole, with reference to structure, origins, portrayal of Homeric life, and importance in world literature. Composition, parallel reading, and reports. Prerequisite: Greek C-1, or two units of Greek for entrance.

Three hours a week throughout the year.

#### BIBLE

#### MR. AYSCUE

C-1. A comprehensive study of the Old and the New Testament. A—The Old Testament.

This course aims to give the student a knowledge of its origin and developments in the light of archæological and historical research and to acquaint him with the literary style and main message of each book.

B-The New Testament.

This course seeks to give the student a general knowledge of the origin and history of the New Testament writings, and to place special emphasis on the study of the life and teachings of Jesus and of the work and writings of Paul.

Three hours a week for both semesters.

C-2. Homiletics—Of interest chiefly to ministerial students. Practice in preparation of sermons and in public speaking. Some discussion of pastoral problems.

Two hours a week for both semesters.

#### EDUCATION

#### Mr. Campbell

C-1. An Introduction to Education—A study of the teacher's work with a consideration of problems and methods, designed to meet the needs of Elementary teachers for professional credit.

Three hours a week for both semesters.

#### BIOLOGY

Mr. Hayes Mr. Ayers

C-1 General Biology—A general survey of the field biology. This course deals with the essential distinguishing characteristics, structures, functions, and interrelations of plants and animal, and their relation to inorganic nature.

Three hours a week recitations and lectures, four hours a week laboratory, both semesters.

C-2. Physiology and Hygiene—Elementary human physiology with so much of anatomy, histology and cytology as may be necessary. Personal and public hygiene treated from the standpoint of eugenics. Two hours a week for lectures, demonstrations, and recitations, both semesters.

#### CHEMISTRY

Mr. Hayes Mr. Ayers

C-1. General Chemistry—Emphasis is placed on the fundamental chemical laws and principles of Chemistry from the historical, practical, and theoretical standpoints, being chiefly inorganic with an introduction to organic.

Three hours a week recitation and lectures, four hours a week laboratory, both semesters.

## THE ACADEMY

## Requirements for Admission

For years the first seven grades preparatory to entrance into the high school department have been offered. Students completing this course, and those from other schools with a Certificate of graduation from the seventh grade will be admitted to the high school.

Students for advanced standing must bring Certificates from accredited schools. Candidates for entrance to the Junior and Senior Classes will be required to take examinations on English Grammar and Arithmetic. The faculty reserves the right to reclassify students whenever convinced that a mistake has been made in their classification.

## Requirements for Graduation

Two courses are offered leading to our high school diploma. The first course will admit students unconditionally to all colleges. The second course meets the requirements of technical and vocational colleges, and offers more electives to those not going to college. We strongly recommend the classical course to all students expecting to enter a college of liberal arts, and to those undecided about their future.

Course I		Course II	
τ	Inits		Units
English	3	English	. 4
Latin	4*	Foreign Language	. 2
Algebra	2	Algebra	. 2
Plane Geometry	1	Plane Geometry	. 1
Science	1	Science	. 2
History	2	History	2
Electives	<b>2</b>	Electives	2
Total	15	Total	. 15

\*Two units of French or German may be substituted for two units of Latin.

ELECTIVES							
French	2	Commercial Arithmetic	1/2				
English	1	Bookkeeping (one year)	1				
History	2	Shorthand and Typewriting	1/2				
Science	2	Music	1				
Bible	1						

## Courses of Instruction

#### ENGLISH

The course in English combines composition and literature. To gain efficiency in oral and written English, emphasis will be given to grammar, spelling, punctuation, paragraph structure, and organization of themes. In the study of literature, effort will be made to enable the student to interpret for himself the writer's thought. The Literature and Life series, in four volumes, has been adopted for the work in literature throughout the high school. These volumes meet the college entrance requirements, containing judicious selections for class study and parallel reading.

- I. A. Sentence and Theme Revised (Ward).
  - B. Literature and Life (Greenlaw-Stratton), Book I.
- II. A. Everyday English (Bolenius).
  - B. Literature and Life (Greenlaw-Stratton), Book II.
- III. A. Composition and Rhetoric (Tanner).
  - B. Literature and Life (Greenlaw-Miles), Book III.
- IV. A. Guide to Composition (Royster-Thompson).
  - B. Literature and Life (Greenlaw-Miles), Book IV.

#### LATIN

- A—I. First Book in Latin (Collar, Daniel, and Jenkins). Thoroughness in forms and principles of syntax emphasized. Regular translation and practice in writing simple English into Latin.
- A—II. Junior Latin Reader. Bennett's Latin Grammar, Reviews and Drills. Composition (Bennett, Part I).
- A—III. Cicero—Six Orations (Bennett). Bennett's Latin Grammar. Composition (Bennett, Part II).
- A—IV. Vergil's Æneid—Books I to VI (Bennett). Bennett's Latin Grammar. Composition (Bennett, Part III).

#### FRENCH

A-I. Chardenal's Complete French Course (one-half).

Emphasis on pronunciation and accuracy in forms and construction, written exercises, reading—La Belle France, A. de Monvert. Le Voyage de M. Perrichon, Labiche et Martin.

A—II. Chardenal's Complete French Course (completed). Composition, sight reading—Le Roi des Montagnes, E. About. La Mare au Diable. Sand.

#### MATHEMATICS

- A. Commercial Arithmetic.
- A—I. Algebra (Slaught and Lennes) to quadratics. Special drills on fundamental principles, factoring, fractions and equations. Special attention given to solutions of problems and quadratics.
- A—II. Algebra (Slaught and Lennes). Quadratics, logarithms, binomial theorem, graphs duly emphasized, thorough reviews.
- A-III. Plane Geometry (Wentworth and Smith). Students are taught to reason, not memorize. Original exercises.

#### HISTORY

- A—I. History of Europe, Ancient and Medieval (Robinson and Breasted). Special emphasis on the growth of institutions, government, and literature.
  - A-II. History of Europe, Our Own Times (Robinson and Beard).
- A—III. History of the American People (West). This is an advanced course, requiring additional readings, themes and note books. Admission to this course is restricted to juniors and seniors.

#### BIBLE

- A—I. (a) Study of the Bible—Old Testament (Burroughs). New Testament (Robertson).
- (b) New Sunday School Normal Manual (Spillman, Leavell and Burroughs).
  - (c) Other Books of the Normal Course.

#### SCIENCE

- A—I. General Science (Caldwell-Eikenberry). Simple experiments, practical applications. Note books are required to be kept by each student.
- A—II. Biology. An introductory study of fundamental principles of biology, emphasizing some of the most important elements of physiological biology by the solving of concrete problems in the laboratory and classroom. Three hours a week recitation, four hours a week laboratory.
- A—III. Chemistry. This course acquaints the student with the methods and procedure of chemistry not only from a theoretical but also from a practical standpoint, showing some of the applications to industries and daily life. Three hours a week recitation, four hours a week laboratory.

## School of Business and Higher Accounting

## I. M. Wallace, Instructor

The 20th Century Bookkeeping and Gregg Shorthand Courses now used by many of the Business Colleges of the North and South, have been offered here for a number of years, and we feel safe in saying that no school in the State gives courses more thorough or more helpful than ours. Our motto is: "Learn to Do by Doing."

Any person with fifteen (15) units of High School work, who completes the following subjects will be awarded a diploma in Bookkeeping: Bookkeeping, Banking, Higher Accounting, Commercial Arithmetic, Business Calculations, Business Penmanship, Commercial Law, Business Correspondence, and Spelling. Any person with fifteen (15) units from a High School, completing the following subjects will be awarded a diploma in Shorthand: Shorthand, Typewriting, Business Correspondence, Spelling. Student has the privilege of taking Business Penmanship. A student without the full fifteen (15) units, who completes all subjects in either Shorthand or Bookkeeping courses, except Higher Accounting, will be awarded a certificate. A student could make up the required units in the Literary Department and then be awarded a diploma from this department. The faculty reserves the right to accept or reject any of the high school units which a student brings from another school.

The Bookkeeping and Higher Accounting course, by the use of the Budget System, teaches Bookkeeping on an actual business plan. The moment a student takes up this subject he becomes as an actual Bookkeeper. Individual help is given in this department. The teacher thus comes in personal contact with the student, enabling him to give his best help. The student is not hindered by the progress or deficiencies of other students, and may proceed with his work as rapidly as he may be inclined. Our Banking Course is very practical and gives the student a good idea of the modern Banking System.

The Higher Accounting presupposes a thorough knowledge of the theory of accounts from the constructive standpoint. Constructive theory will therefore be referred to only with regard to the reasons for its adoption and the underlying scientific principles. In the treatment of the more Advanced Theory and Practice, the principal aim is to give a thorough professional training in Practical Accounting, Theory and Auditing in preparation for the higher positions of auditor, comptroller or executive of large corporations, and also to assist in passing the C. P. A. Examinations.

#### COMMERCIAL LAW

A knowledge of law controlling or affecting ordinary business transactions in any of the various branches of commercial affairs is of inestimable value to those engaged in them. It increases the value of the service of a clerk, bookkeeper or other office assistant. An employee having such knowledge of law renders a safer service, and naturally becomes more competent to make sales, offer terms for contracts, decide upon acceptance or proposals, and to attend to other matters entrusted to him in the absence of his employer.

#### BUSINESS ARITHMETIC

The instruction given in this particular branch offers the student the finest opportunity for becoming accurate, rapid and proficient. The subjects of Interest, Percentage, Stock and Bonds, Insurance, Banking, Averaging Accounts and Partnership settlements receive special attention. The shorter methods of computing interest and discounts are freely and profitably used.

#### PENMANSHIP

All students receive daily instruction in penmanship. Our purpose is to train the student in a plain, business handwriting. The necessity for ability to write well is unquestionable and students must possess this ability in order to fill acceptably positions in any office.

#### SHORTHAND

No other subject more quickly, more lastingly and more surely brings a young person up from the no-salary and noopportunity period to the Independence Day of Good Salaries and contact with big men and big business. And it is not difficult to master. If it were, the thousands of successful reporters and secretaries and the countless other thousands who make Shorthand a means to a higher end, would have failed in the learning, for they were no duller, no brighter than the rest of you.

Ladies fill good positions with grace and acceptability. There is no better way for them to gain a livelihood and to become useful women. Male stenographers are in great demand.

#### TIME

From six to nine months is required to complete the work in bookkeeping and higher accounting, and about five or six months for shorthand, depending, of course, upon the advancement and capacity of the student.

#### Tuition

Course (five months) in either the bookkeeping or the shorthand for \$25.00 if paid in advance, or \$5.50 in advance if paid by the month. The shorthand department is supplied with a number of new Remington machines.

We offer you the best courses within our knowledge. Investigate it and be convinced.

## Department of Music

Mr. Lynch Miss Canaday Miss Brooks Miss Cheek

For thirty-two years we have been maintaining a strong Music Department, piano and vocal, and for nineteen years we have had our own band and orchestra. This explains why so many of our students become leaders and teachers of music. We believe there is no preparatory school in our State that offers such fine advantages in this art. We have enlarged our Music Department and strengthened our teaching force. Seven new pianos have been installed, using exclusively the Haines Brothers pianos. New practice rooms have been furnished.

We teach the rudiments of music, the scale, the keys, time, sight singing, giving the opportunity for every student to become an independent reader of music.

An advanced chorus class meets one-half hour daily, at small cost, in which note reading, transposition and sight singing are practiced. This class assists in music for church and public entertainments.

For all who desire to extend the study of music, individual and class instruction is given at small cost. We study Melody, Harmony, Composition, Voice Culture, and all subjects necessary to make one capable to teach vocal music or become a leader in sacred and secular music. Great numbers of our former pupils are to be found teaching and leading music classes.

Certificates will be awarded those students who complete the course offered in vocal or instrumental music.

## Piano Department

MISS CHEEK

MISS CANADAY

#### PREPARATORY

FIRST YEAR—Correct use of arm, wrist, hand and fingers at piano. Major and minor scales, one octave, hands separately. Studies suggested: Bilbo, First Lesson in Piano; Crosby Adams, First Reading Book. Pieces suggested: Rogers, First Robin; Gaynor, Hunting Horn, Cradle Song; Hannah Smith, The Violet; Gurlitt, By the Swing, Slumber Song.

Second Year—Continued study of the arm, hand and fingers; major and harmonic minor scales, two octaves, hands separately; the formation of triads; writing exercises. Studies suggested: Duvernoy, Op. 176; Burgmüller, Op. 100; Gaynor, Studies in Embellishments. Pieces suggested: Friml, The Chase; Gurlitt, Hunting Song; Schumann, Little Romance, Happy Farmer; Mrs. Virgil, Fragrance of May, Summer Fancies; Deunee, Petite Valse. Easy Sonatinas.

Third Year—Technical exercises continued. Major and harmonic minor scales two octaves hands together; major and minor arpeggios. Suggested studies: Kohler, Op. 50; Cramer, Studies in Embellishments; Heller, Op. 47. First year Bach, arranged by Foote. Suggested pieces: Mayer, Butterflies; Merkel, Boy's Mountain Song; Lemont, The Polish Dance; Beaumont, Tarantella; West, March in A Major; Friml, Twilight and Dawn. Sonatinas.

FOURTH YEAR—Technical work continued. Major and harmonic minor scales four octaves hands together; Arpeggio study continued. Suggested studies: Heller, Op. 46; Duvernoy, Op. 120; Jensen, 25 Studies. Bach, Little Preludes. Suggested pieces: Nevin, Barchetta; Schytte, Nocturue in A, Youth and Joy; Deunee, Tarantella; Merkel, Butterfly. Easy Sonatas.

#### Class Work

All students who study piano are given instruction in classes arranged according to the need of the student. These classes meet for one hour each week. During the class period effort is made to meet the needs of each student by trying to lay a real

foundation upon which an intelligent study of the piano can be pursued. This course involves a detailed study of rhythm, notation, formation of scales as well as triads, ear training and sight reading, stories about music, and a study of the lives of musicians. Fourth grade students at this class period use as a text-book Angela Diller's First Theory Book.

#### COLLEGE

FIRST YEAR—Technique applied to the needs of the student. Scales, major and minor, paralleled and contrary motion. Arpeggios. Suggested studies: Heller, Op. 46; Loeschoru, Op. 66; Bach, Two-part Inventions. Sonatas: Haydn and Mozart. Selected pieces.

Second Year—Technique continued as needed by the student. Major and minor scales in thirds and sixths. Arpeggios. Suggested studies: Heller, Op. 45; Cramer; Bach, Three-part Inventions; Sonatas. Selected pieces.

Only those students who offer fifteen units may be enrolled as a regular College music student. In addition to the outlined course above each first year College student is required to take the following subjects: English C-I, History C-I, Modern Language (either French C-I or German C-I), and Theory.

Each second year student is required to take English C-II, Music History I, Harmony I, Modern Language (either French C-II or German C-II).

#### GENERAL REMARKS

The courses outlined above in both preparatory and College departments are especially for those wishing to specialize in piano. Students not wishing to specialize in piano only without taking the regular course of study may do so. Such students will be given some credit for the study of piano.

Regular practice hours are assigned to each student. College students are expected to practice three hours daily. Preparatory students must practice not less than one hour daily.

All private lessons are thirty minutes in length, two lessons being given each week.

Recitals are given throughout the year, at which the students learn how to appear in public.

## Department of Voice

#### Mr. Lynch

The aim of this department is to teach in a very practical way. To do so the work has been divided into three courses:

Course I—Those who have no knowledge of music will be taught the rudiments of music in its simplest form. Correct posture; development of the lungs and breath control; proper use of the diaphragm and abdominal muscles; technique of the lips, tongue and chin; development resonance. Text-books: Music Reader No. 2 (Ruebush); Special studies and pieces designed to develop the medium compass of voice; folk songs, carols, part song easy exercise.

Course II—Further development of tone; legato singing, articulation studies in major and minor scales. Much time used in development of accurate reading of notes. Many cases taught to sing syllables. Text-books: Class and Chorus (Towner-Root series and other exercise books); easy songs by American composers; songs of moderate difficulty by leading composers. Public appearance required in music recitals. Special work given in quartets, choir and group singing.

COURSE III—Extended work in tone placement, resonance and breath control. Special instructions in sacred solos, directing choirs in all kinds of church work. Text-book: Studies by Petrie, concours; Essentials in Conducting, by Gehrkens. To graduate in the course outlined above the pupil must have completed the high school English course.

## Department of Violin

#### MISS BROOKS

#### PREPARATORY COURSE

Primary Studies: Correct position of Violin and bow, scales in first position with Staccato and Legato bowings.

Instruction Books and Exercises: Hohmann, Vol. 1 and 2; Sevcik, Part one and two; Mazas, Vol. 1; or Hersey, Modern Method for Violin; Levensen, Vol. 1; Little Pieces by Papini, Winn, Schumann and other Standard Solos in the first position.

Intermediate Studies: All Major and Minor Scales in two octaves. Hrimaly, Scale Studies; Blumenstengel, Scales and Arpeggios; Levensen, Vol. 2; Wholfart, Studies for Third Position; Kayser, 36 Etudes; Seveik, Vol 1 and 2. Pieces and Concertos in first, second, and third positions; Dancla, Airs Varies V and VI, and other solos of similar difficulty.

#### FOR CERTIFICATE

Students majoring in violin are required to study piano two years, and Harmony and Theory one year for certificate.

- 1. Theoretical and practical knowledge of all positions.
- 2. All Major and Minor Scales and Arpeggios with all Staccato and Legato bowings in three octaves.
- 3. Complete in a creditable manner; Sevcik Violin Technic, Vol. 1 and 2 and Op. 8 and 9, Kayser, Etudes, Bk. 3; and Kreutzer, first 20 Etudes.
- 4. Pieces and Concertos by Schubert, Sarasate, Raff, Dancla, Accolay, etc.
  - 5. Give a Public Recital.

## FOR DIPLOMA

Students wishing to take their Diploma in Violin are required to complete the four years' course in Piano and one year in Harmony and Theory.

1. All Major and Minor Scales and Arpeggios in three octaves and with double stops and various bowings; studies from Kruetzer, Fiorillo, Rode, de Beriot.

- 2. Sonatas of Bach.
- 3. Pieces and Concertos by Viotti, Mozart, Wieniawski, Mendelssohn, Tschaikowsky, etc.
- 4. To give a public recital of standard works from memory in a creditable manner.

Two Violin classes meet each week. All students are required to attend one class a week. Part of the time will be given to technical work by the whole class in concert; part to Solo work which will be criticized by the class. Trios and Quartets, Symphonies, and other Orchestral music will be studied and practiced.

## Orchestral Instruments

#### Miss Brooks

It is the purpose of the Violin Department to build up an Orchestra in the school each year. In order to do this instruction will be given in time and notation and production of tone on Orchestral Instruments.

Orchestra rehearsal once a week. Overtures, Church Music, and the lighter Symphonies will be practiced. Violin students who are finishing the Preparatory course and those who play music in third position will play in the Orchestra.

## School of Art

#### Mrs. Edwards

The purpose of the Art Department is not only to give the student a knowledge of drawing and painting but to develop his observation of the numberless beauties of nature, and to inspire devotion in the hearts of those whom we try to teach to the Creator of all beauty.

The Art Class meets in a well-lighted room in the new D. Rich Memorial Building. It is equipped with individual lockers, easels and other necessary material and furnishings.

A China kiln has recently been installed, and China painting is now one of the most fascinating courses of Art taught here.

During the first year's course special emphasis is placed upon the training of the eye to see.

Throughout the entire course the individuality of the student is encouraged and originality emphasized.

First Year—Elementary drawing, outline drawing from objects, study of lights and shadows. Painting simple landscapes, flowers and still-life studies in water-color, oil and pastels.

Second Year—Charcoal work from the antique—hands, feet, busts, statues, perspective designing and stenciling; painting in oil, pastel and water colors.

Third Year—Drawing from life, pen and ink illustrations, sketching landscapes, painting from nature; composition and Art History.

Certificates will be awarded those who complete the required course together with the full course in English.

# Library and Reading Room

## MRS. HARRIS

A few years ago a generous, public-spirited citizen of our community donated a number of useful volumes as the nucleus for a library for the school. To these many kind friends made valuable gifts, until we had about 1,500 volumes in the library. These were lost in the fire. We are rapidly rebuilding the library, having at present about 3,000 volumes.

The following magazines and papers come regularly to our Reading Room:

The American, Asheboro Courier, Atlantic Monthly, Biblical Recorder, Charity and Children, Chatham Record, Christian Herald, Christian Index, Current History, Dunn Dispatch, Etude, Forum, Greenville Reflector, Greensboro Daily News, Harnett County News, The Independent, Ladies Home Journal, Literary Digest, Moody Monthly Magazine, National Geographic, News and Observer, New York Times, North Carolina Teacher, Orphan's Friend, Outlook, Progressive Farmer, Popular Science, Robesonian, Review of Reviews, Saturday Evening Post, Sunday School Times, Scribners, Success, Smithfield Herald, Tarboro Southerner, Western Recorder, Woman's Home Companion, World's Work, Winston-Salem Journal.

The following friends have contributed books to the Library during the year:

Rev. and Mrs. H. W. Baucom, Wilmington, N. C., 24 volumes; Mrs. Abbie Bonsteel, Buie's Creek, N. C., 6 volumes; Mrs. J. S. Conrad, Pfafftown, N. C., 2 volumes; Mrs. Ethel Crittenden, Wake Forest, N. C., 6 volumes; Rev. N. G. Duncan, Creswell, N. C., 1 volume; Mr. Charles Edgerton, Buie's Creek, N. C., 2 volumes; Rev. A. S. Gillespie, Seminary, Louisville, Ky., 5 volumes; Mr. N. A. Hayes, Wake Forest College, Wake Forest, N. C., 12 volumes; Rev. S. F. Hudson, Portsmouth, Va., 20 volumes; Miss Mary Lynch Johnson, Raleigh, N. C., 13 volumes; Rev. R. C. Lanier, Greensboro, N. C., 2 volumes; Mr. E. L. Middleton, Raleigh, N. C., 35 volumes; Mrs. W. P. Oldham, Wilmington, N. C., 9 volumes; Dr. E. D. Poe, Roanoke, Va., 9 volumes;

Dr. W. L. Poteat, Wake Forest, N. C., 10 volumes; Mr. Hubert Taylor, Wilson, N. C., 1 volume; Judge E. W. Timberlake, Wake Forest, N. C., 2 volumes; Wake Forest College, 80 volumes; Mr. W. J. Wyatt, Winterville, N. C., 2 volumes.

The following friends have contributed funds to the Library during the year:

Mr. B. F. McLeod, Buie's Creek, N. C.	\$ 5.00
Mrs. W. R. Smith, Greenville, N. C.	10.00
Mr. J. B. Tugwell, Lillington, N. C.	5.00

# Summer School

Since 1902 we have been conducting a Summer School, beginning about the middle of May, and continuing for six weeks.

The summer session does regular classroom work and credit is given towards a High School diploma for work completed. The Literary and Commercial branches are taught by members of our regular faculty.

# Religious Advantages

The work of each day is begun with song and prayer. Each student is required to attend the chapel exercises, and encouraged to enter into the spirit of worship to the Creator. In these exercises the school attempts to impress upon the students the wisdom of pure, upright living, and the folly and ruin of sin in its every form.

The Buie's Creek Baptist Church, of which the Principal has been pastor for thirty-four years, holds its preaching services on the second and fourth Sundays in each month, morning and night.

A well-organized Sunday School is conducted by the Buie's Creek Baptist Church, which students are required to attend. Prof. I. M. Wallace is Superintendent, and he is actively supported by every member of the faculty. By the untiring efforts of the entire membership the school has met the requirements of an A-1 school. Students are thus given opportunity to see a large, enthusiastic Sunday School at work and catch the spirit of service in their home churches.

The Baptist Young People's Union, divided into four sections, with four groups in each section, meets weekly. All of these Unions are very active—all A-1 Unions.

A Young People's Prayer Meeting, conducted mainly by students, meets every first and third Sunday nights. This organization, under the control of Prof. L. H. Campbell, is maintaining a high standard of service.

The Methodist Episcopal Church, with Sunday School every Sunday and preaching monthly, is near enough for students to attend.

The Presbyterian Church, with a neat house of worship, has preaching monthly, with Sunday School every Sunday.

Evangelistic meetings are held once or twice a year. Last year these meetings were conducted in the spring term by Dr. James B. Turner, pastor Hayes-Barton Baptist Church, Raleigh. In these meetings and during our regular preaching services there have been about fifty baptisms for the year. The new brick church costing about \$25,000, is in use. This church is well equipped with Sunday-school rooms, a new pipe organ costing \$2,500, and is a great addition to our chances to serve those who come to us.

A prominent professor in one of our leading colleges has said: "Of all the preparatory schools in the State with which I am acquainted (and I know the principal ones) there is not another where the influences for good morals are equal to yours."

# SUNDAY SCHOOL LECTURES

For a number of years we have had the services of expert Sunday-school workers, who have given us a series of lectures on Normal Training, with emphasis on the preparation of Sunday-school workers.

# Public Lectures and Addresses

September 6-Fall opening.

September 11—Rev. H. H. McMillan and Mrs. McMillan, Whiteville, N. C.

September 18—Rev. T. Y. Seymour, Buie's Creek, N. C.

October 2-Maj. Baxter Durham, Raleigh, N. C.

October 9-Dr. L. Johnson, Raleigh, N. C.

October 10—Maj. F. B. Ebbert, California, and Rev. C. A. Upchurch, Raleigh, N. C.

October 9-17—Mr. Perry Morgan, Miss Winnie Rickett, and Miss Marguerite Harrison, B. Y. P. U., Training School.

October 14-Dr. J. T. Henderson, Knoxville, Tenn.

October 18—Miss Juliet Mather, Birmingham.

October 24—President A. C. Campbell, Coker College, Hartsville, S. C.

October 28—Rev. Fred N. Day, Winston-Salem, N. C.

November 15-Mr. F. S. Cullom, Dunn, N. C.

November 28—Rev. Lonnie Sasser, St. Pauls, N. C.

December 5-10—Miss Dorothy Kellam, Y. W. A., Training Course.

December 13—Rev. E. N. Johnson, Dunn, N. C.

December 21—Sandhill Orchestra.

January 28—Rev. J. E. Lanier, Calypso and Prof. Paul Greene, Chapel Hill.

February 10-Rev. T. B. Davis, Zebulon, N. C.

February 11—Rev. J. E. Ayscue, Buie's Creek, N. C.

February 16—Rev. Jesse Blalock, Lillington, N. C.

February 24-Mrs. Jane Cree Bose, Louisville, Ky.

February 26-Mr. F. H. Levell, Memphis, Tenu.

March 5-15-Dr. J. B. Turner, Raleigh, N. C., Revival Services.

March 5-Rev. C. H. Hawkins, Sanford, N. C.

April 1-Dr. B. W. Spilman, Kinston, N. C.

April 12—Rev. S. L. Naff, Mount Olive, N. C.

April 13-Rev. J. A. Hudson, Angier, N. C.

# Literary Societies

In connection with the school there are four enthusiastic and well-organized literary societies — Washingtonian, Athenian, Eutrophian, and Philologian.

The Washingtonian, for members of the Primary and Intermediate grades, is under the direction of one of the lady teachers, and meets weekly.

The Athenian is for young ladies, and meets Monday afternoons for recitations, readings, essays, discussions, and the transaction of business. In 1919 the Athenian Society was divided into two sections—Astro-Athenian and Sappho-Athenian.

The Eutrophian and Philologian are for young men, and meet Friday night for debate, declamations, reading essays, and the transaction of business.

All boarding students are required to join one of the literary societies within thirty days after registration, unless excused by the faculty.

Any student expelled from a society becomes subject to expulsion from school.

All applications for membership in any society shall be approved by a committee of the faculty, and neither society shall have more than three-fifths of the aggregate membership of both societies.

No student is allowed to be signed up for either society or to attend a meeting of either society until the eighth day after registering as a student.

# MEDALS AND PRIZES

Medals and prizes are awarded annually as follows:

Ten dollars in gold for best all-round student, Mr. Claude Gore.

Excelsior Medal, for best student of the opposite sex.

The J. W. Jordan Orator's Medal.

Best declamation.

Best recitation.

Booster pin given by Miss Moon.

The J. R. Carter Medal, given by Mr. P. A. Carter of New York, in memory of his brother, for best student in languages.

Athletics and Scholarship, given by Prof. L. H. Campbell.

The literary societies award medals at the end of each term for best improvement in society work, and the Philologian and Eutrophian societies award a medal for best debater.

# MINISTERIAL LOAN FUND

Through the liberality of Mr. M. C. Treat, of California, we are permitted to offer a loan of from \$25 to \$75 a year to worthy ministerial students who cannot otherwise attend school. The young men applying for help must show evidence of consecration and capability, giving recommendation from their pastor and church.

Parties receiving help are required to give their note, to be paid in four years time; earlier if convenient.

# HELP FROM EDUCATION BOARD

The Education Board of the North Carolina Baptist State Convention is helping young men preparing for the ministry. All such applications for help must be endorsed by the church of which the beneficiary is a member, by the Moderator of the Association, and by the Chairman of the Executive Board. Application blanks can be secured by writing to the Principal.

# Athletics

Mr. Hays Mr. Brandon Mr. Edwards Mrs. Ayers

We believe that relaxation and exercise are necessary for the physical and mental development of students; that athletic contests, when properly safeguarded, have an important place in school life in accomplishing these aims. While we do not encourage professionalism, nor allow unnecessary loss of time from school work, we seek to enlist every student in some form of regular exercise. Faculty supervision and coaching is provided for various forms of gymnastic exercise and games with the view of developing clean sportsmanlike conduct on the part of all students. We have teams in all the major sports, football, baseball, basketball, track, and tennis, which compare favorably with teams from other schools in our section.

For the first time a full-time director of athletics has been employed to offer expert coaching in the major sports. In this capacity Mr. Robert S. Hays, from the University of Missouri, more recently from the coaching staff of Wake Forest College, has been secured. The wisdom of this choice is already proven by the enviable record of the Hays-coached teams. Mr. Hays is assisted by Mr. Brandon and Mr. Edwards with athletics for boys, while Mrs. Ayers directs the girls in their physical education.

We are well equipped to develop the physical life of our students with our spacious campus containing many courts for mass games and tennis; with a large athletic field under the control of the school; and with our new gymnasium 60x90 feet, supplied with toilets and shower baths.

Beginning with next session all boarding students will be required to attend regular classes in physical education meeting twice a week. Graduation will be denied those who fail to come up to the standards of the department. The course includes gymnastics, competitive games, and instruction in hygiene.

No student will be allowed to represent the school on any team whose deportment and scholastic record fails to meet the approval of the faculty. Profanity and rowdyism on the athletic field are not tolerated.

The school awards monograms in football, basketball, baseball, track, and tennis.

# Boarding Arrangements

GIRLS' DORMITORY. Young ladies board in Treat Dormitory or the Fred N. Day Annex, and are under the supervision of the Dean of Women. They are not allowed to receive company at the dormitory, except under the supervision of the Dean. The buildings have electric lights, the dormitory is steamheated, and both are supplied with running water.

Boys' Dormitory. A dormitory for boys has been built. It is a two-story building, forty-five rooms, is supplied with electric lights, steam heat and water. Members of the faculty room here and have the oversight of the boys.

FURNISHINGS. Those who room in the dormitories and the annex must furnish one pair of sheets, one pair of pillow-cases, one pillow, one quilt, towels, comb, etc. Most of our rooms are equipped with double beds.

DEPOSIT. Each applicant for room in dormitories must deposit \$5 to secure assignment, the same to be deducted from last payment less any unnecessary damage to room. This deposit will be refunded, provided applicant decides not to take the room and notifies the College by August 25. If room is not claimed within one week after the opening of school, the same will be declared vacant.

PRIVATE Homes. Young men may board and room in private homes. In these homes some families give board and furnished rooms. In other families "clubs" are conducted, at the end of the month each member of the club paying his *pro rata* expense of the board.

No student will be allowed to board or room in any private home, unless the keeper of the home pledges to support the government of the school and to report weekly as to the conduct of students in the home.

# Expenses

# (For Semester of 18 Weeks)

# TUITION AND FEES

Elementary Department\$	15.00
Academy	22.50
Junior College	27.50
Matriculation (Includes Registration, Library, Medical, and	
Athletic Fees, etc.)	16.00
Board	
In Dormitory, with Room, Heat, and Lights\$	81.00
In "Clubs" with Room, Heat and Lights about	90.00
In Private Families, Regular Board with Room\$90 to	\$105
Extras	
Music (Vocal, Piano, Violin, Orchestra, Preparatory, each)\$	22.50
Music (College)	27.50
Orchestral Instruments in Class	12.00
Rental of Instruments per term	2.00
Piano Practice	2.50
Harmony and Music History	4.50
Expression	22.50
Business Course	22.50
Shorthand and Typewriting	22.50
Laboratory fees, Chemistry and Biology (Academy), each	2.00
Laboratory fees, Chemistry and Biology (Junior College), each	4.00
Microscope rental fee	1.50

In literary department a discount of fifty per cent on tuition is given orphans, widows, ministers, and ministers' children.

#### SETTLEMENTS

- 1. All fees must be paid upon registration, before students are admitted to classes.
  - 2. Settlement for tuition is due upon entrance.
- 3. Charges for board must be paid for each half-semester in advance.

Any variation in the above terms of settlement must be approved by the President before entrance.

Tuition will be refunded only in case of sickness or unavoidable absence for more than a month. No deduction for board for less than two weeks can be allowed, and then only for half time.

No credits for work completed will be given students until settlement of all charges are made.

# Rules and Covernment

- 1. We will not play cards or any games of chance.
- 2. We will not carry concealed weapons.
- 3. We will not use profanity.
- 4. We will not drink wine, whiskey, or any other intoxicants.
- 5. We will not leave the College community without the permission of the Dean or his representative.
  - 6. We will neither write nor pass notes.
- 7. We will not use tobacco in the schoolrooms, nor smoke in and around the buildings.
- 8. We will not mark, cut or in any way deface the school furniture or buildings, and will pay for all damage done to property by us.
- 9. We will refrain from all talking during school hours, except by permission, and then will not disturb those around us.
- 10. During school hours we will not be away from our study rooms, except for recitation or by permission, and then will promptly return.
- 11. At night we will not be away from our boarding places after dark, except by permission.
- 12. Students leaving the school are required to get permission from the Dean or his representative on the faculty.
- 13. Students missing morning roll call, without being excused, five times, may be summoned before the faculty; for ten unexcused absences the student may be expelled. Students absent from three recitations on any subject during a month, without being excused, may be required to stand examination on that subject.
- 14. Students are required to have written permission from their parents in leaving school. Parents are urged to give their

children as few permissions as possible. Except in cases of emergency, no student can have permission to be away more than eight times during the year.

- 15. Students are not allowed to miss classes on the day before or the day after a holiday.
- 16. We will endeavor to refrain from any conduct, either in or out of school, known to us to be damaging to ourselves or the interests of the school.
  - 17. Students are required to attend religious services.

Before matriculating, all students will be required to subscribe to the above rules of government, pledging their honor to cheerful obedience.

# SUGGESTIONS ABOUT DRESS

The following suggestions are offered to aid the girl in planning her wardrobe for the school year:

Young ladies are encouraged to dress modestly and simply.

Extravagant dress is considered out of place at Campbell College.

# Special Notes

- 1. Students coming by railroad will be met at Dunn, Coats, or Lillington, if notified.
- 2. We have a healthful location. No school in the State furnishes a better atmosphere for student life.
- 3. Post office in sight of the Academy. Three mails daily, except Sunday. The Carolina Telephone Company's line extends to Buie's Creek, with central at Dunn.
- 4. Our buildings are new, comfortable, commodious, and well furnished with patent desks, maps, charts, globes, etc.
- 5. The school is highly endorsed by all its patrons and other prominent men who are acquainted with our work.
  - 6. Firm but mild discipline is enforced.
- 7. Lectures on morals, etiquette, etc., are given, from time to time, by the Principal and other members of the faculty. Public lectures by prominent men at least quarterly.
- 8. Eight hundred and forty students last year. Why so many? (1) Because of the thorough and practical work done here—merit. (2) Unsurpassed moral advantages. Fewer temptations to idleness and immorality than almost any other community, and parents are learning that it does not pay to disregard the moral advantages in deciding where to send to school. (3) The school is cheaper than other schools of similar grade, offering equal advantages. (4) We are doing what we can to make the school a blessing to the people, and are depending on God to help us.
- 9. We have an able faculty, representing Wake Forest College, Chowan College, Columbia University, Ohio Valley College, Bowling Green Business University, University of North Carolina, Meredith College, Furman University, New York School of Music, Moody Training School, North Carolina College for Women, Georgetown College, Baptist Bible Institute, Southwestern Training School, Louisville Training School, Bessie Tift College, University of Chicago, Mississippi State Normal.

# Commencement, 1927

# SATURDAY, MAY 14TH

Eight States and Sixty-five North Carolina Counties Represented

# Decisions of Four Judges

# (W. P. STACY, CHIEF JUSTICE OF N. C.)

Buie's Creek Academy is situated in a healthy locality. It is conducted under Christian influences and offers a wholesome solution for those who are faced with the problem of selecting a school for their children.

# (L. R. VARSER, ASSOCIATE JUSTICE OF N. C.)

I consider Buie's Creek Academy thorough and successful in imparting instruction. The Christian influence that prevails throughout its student life is such that parents may feel satisfied to commit their children to its care. I have the fullest confidence in its management and do cheerfully commend it.

# (JUDGE E. H. CRANMER, SUPERIOR COURT)

I recall, often, my visit to your splendid school. You are doing, and have done, a wonderful work. Your school is one of the bright spots in North Carolina, and I wish, sincerely, you could take ten times as many students as your present plant will accommodate. I wish, too, a few thoughtful men and women from each county in North Carolina could visit your fine school.

As a North Carolinian I am proud of, and grateful for, Buie's Creek Academy.

# (JUDGE W. A. DEVIN, SUPERIOR COURT)

I have had opportunity to visit Buie's Creek Academy on two occasions. I have known its honored Superintendent many years, and some of his assistants. I have watched the careers of a number of young men who were students there. From this personal knowledge and through other sources of information, I have formed the opinion that nowhere can better, cleaner, saner mental training be had, nor do I know of an institution where the environment is more fitted for the development of moral character. You are doing a great work there and I rejoice in it.

# What School Superintendents Say

### (Hon. A. T. Allen, Superintendent of Public Instruction for N. C.)

I want to congratulate you on your large enrollment for this year. Buie's Creek Academy has done a great work in North Carolina and I am delighted to know that its prospects for the future are so bright. I certainly hope this work will continue to grow in usefulness and service and I know it will as long as your hand guides its destinies.

# (Hon. J. Henry Highsmith, Supervisor of High Schools for N. C.)

I take pleasure in speaking in commendation of Buie's Creek Academy. The school has rendered a very fine service in the equipment of young people for entrance to college and for engaging in various kinds of work. There is a

decidedly wholesome atmosphere about the school. Many young men and women who are more mature than average high school boys and girls enter the school each year and find the work not only pleasant, but stimulating, and are encouraged to complete their secondary school course. This is a distinctive feature of the work of the Academy. Buie's Creek Academy has rendered an unusually effective service to students who have had limited school advantages. This school is a real educational asset to North Carolina.

# (From Hon. J. Y. Joyner, Ex-Supt. of Public Instruction for North Carolina)

I retain most delightful recollections of my visit to your school. I was greatly impressed with the fine spirit of your students, the excellence of your Commencement exercises, and the pride of the people of the community in Buie's Creek Academy and their admirable loyalty to it. The marvelous success of your school in a rural district, four miles from any railroad, and the transformation that has been wrought by its influence in that section of the country, is a splendid object lesson in what can be accomplished by pluck, energy, faith, and consecration to a noble work. Your school is doing a blessed work by placing excellent educational advantages within the reach of hundreds of young men and young women of moderate means, and within the reach of many absolutely without means.

# (FROM SUPT. B. P. GENTRY, HARNETT COUNTY)

The opportunities for the proper training of young men and young women at Buie's Creek are so well known that it seems sufficient to me to say Buie's Creek will carry the right message. These two words have almost become synonyms of growth, development, and progress in Christian education. They suggest a place of power and achievement. Viewing the school and its work as an interested and close observer, I do not hesitate to class it as a big asset, not only to Harnett County, but to the State and county as a whole. Properly located and controlled by men who always dare to do the right, it will ever remain a fit training place for the youth of our land.

# Mhat College Presidents Say

(From Hon. E. C. Brooks, Ex-Supt. of Public Instruction for North Carolina. Now President of State College)

I was very much impressed during my recent visit to Buie's Creek with the fine spirit that prevails in your community. The loyalty of the students to the institution and the admiration and respect in which it is held by the people are an evidence that your institution fills a large place not only in Harnett County, but in the State. It has grown up around a man who seems to have a genius for stimulating and inspiring young men and young women.

# (FROM PRESIDENT POTEAT, WAKE FOREST COLLEGE)

I beg to congratulate you upon the fact that your school had forty-two men in Wake Forest College the past session, and that of that number ten were in the graduating class. I congratulate you further upon the high purpose, the seriousness, and the habit of work which we have here come to recognize as characteristic of the Buie's Creek men.

### (FROM PRESIDENT BOATWRIGHT, UNIVERSITY OF RICHMOND)

The young men who have come to Richmond College from Buie's Creek Academy have been students of character and high purpose. Their college work has indicated careful training, and on this basis I am glad to give my cordial endorsement to the work of your Academy.

### (FROM PRESIDENT FOUST, N. C. COLLEGE FOR WOMEN)

It gives me much pleasure to bear testimony to the excellent work that is being done by your institution. We have had several students from your school and they have shown good preparation. I believe that you are doing a great work and that your school deserves the support and encouragement that it is receiving from our best citizens.

# (FROM DR. E. A. ALDERMAN, PRESIDENT OF UNIVERSITY OF VIRGINIA)

I am very glad to bear testimony to the culture and training evinced by pupils of Buie's Creek Academy at this University. By an acquaintance of several years with the work of that Academy, I am prepared to state that it is doing a high quality of work and is a credit to its principal and the section which maintains it.

# (FROM DR. CHAS. E. BREWER, PRESIDENT OF MEREDITH COLLEGE)

I know of no school that is doing greater work than is being done at Buie's Creek Academy under the direction of Rev. J. A. Campbell. The students coming from that institution are not only well prepared for their class work, but also have the right attitude.

# (FROM PRESIDENT L. R. SCARBOROUGH, SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY, TEXAS)

From what I saw the day I visited the school I put it down in my deepest soul that there can be no better place in this country for a boy or girl to get a start in education. I do not know of a place anywhere that I would rather have my children educated than in Buie's Creek Academy. I count it one of the greatest spiritual assets Baptists have in the South.

### (FROM DEAN W. H. WANNAMAKER, TRINITY COLLEGE)

Trinity College has from time to time had among its students young men who were trained at the well-established Buie's Creek Academy. It gives us pleasure to say that we believe this school deserves its good reputation, and we sincerely hope it will continue to enjoy the patronage of people wishing to place their boys where they can get good training and sound instruction.

# (FROM PRESIDENT H. W. CHASE, UNIVERSITY OF NORTH CAROLINA)

I am very glad to say that it has been our experience that the men who come here from Buie's Creek Academy come well prepared for work at the University. They are good men, and we are always glad to have them.

You will be interested to know that one of the men you sent us this year has thus far made a record of over ninety-five per cent in five of the six courses which he has so far completed. This is a most extraordinary record for a first-year man.

# (FROM PRESIDENT W. J. McGLOTHIN, FURMAN UNIVERSITY, S. C.)

It has been my good fortune to touch the students who come from Buie's Creek in one way and another for many years, and it is a pleasure to testify that they have uniformly been filled with the highest spirit of devotion to the work of education and to all the higher things of the spirit. There is no secondary school among Baptists which has a better influence upon its students than Buie's Creek, in my judgment. I heartily commend it to all who are seeking a high-grade Christian secondary school.

# (FROM PRESIDENT E. W. SIKES, CLEMSON COLLEGE, S. C.)

The spirit of Buie's Creek Academy is one of the finest that I have ever known. Great emphasis is placed upon character building. There is an atmosphere of culture and refinement that greatly edifies. There is much there of the spirit of the famous old high schools that have become historical. High morals and religion are kept above par. The atmosphere of the place stimulates one for higher things. Any young man is fortunate who has had the advantages of such training for four years.

# (FROM PRESIDENT JOHN E. WHITE, ANDERSON COLLEGE, S. C.)

From its beginning, I have followed the development of Buie's Creek Academy on its way to be the great school it is today. Every year has marked its progress. Its standards, its equipment, and above all, its inspirational spirit, make it one of the outstanding institutions of North Carolina. Its reputation has extended beyond the State; its students going to colleges and universities have reflected its thoroughness. One of the highest tests of any school is what its graduates feel about it and say about it. Buie's Creek men and women have impressed me with the enthusiasm with which they bear witness to the school and to the great and good influence of its principal on their lives.

# Mhat Other Prominent Men Say

# (DR. J. R. JESTER, PASTOR FIRST BAPTIST CHURCH, WINSTON-SALEM.)

In the Fall of 1924, it was my pleasure to spend ten days at Buie's Creek speaking twice each day, in Revival Services. In all of my ministry I do not recall a more delightful season. The spiritual atmosphere that exists in Buie's Creek Academy is most wholesome. Every effort is made to implant the highest ideals of Christian character in the minds and hearts of the students. If any student fails to respond to such influence, we feel that such failure cannot be charged to those who are giving their lives and best effort in a sacrificial way to train the students for real service. The Buie's Creek spirit is unique. We have seen no school that exerts a finer Christian influence. May heaven's favor continue upon J. A. Campbell and those associated with him in the noble work of this Institution.

# (FROM HON. J. A. POWERS, SOLICITOR FOR SIXTH DISTRICT.)

Many of your students were class-mates of mine at Wake Forest College. Many others I have known personally and by reputation, I think I can speak with authority when I say that your institution is rendering the greatest service of any institution within my knowledge. I never hesitate to recommend your school whenever and wherever I have opportunity.

# (FROM HON. JOSEPHUS DANIELS, EX-SECRETARY U. S. NAVY)

One of the institutions that is doing the most good in this section of the State is Buie's Creek Academy, Harnett County. It is not ambitious for greatness, but its principal, Rev. J. A. Campbell, is ambitious to see it grow in usefulness. It has been like a light set on a hill to a large section of country, and has shed a radiance of better education and enlarged opportunities that will tell for the State's betterment in all the years that are to come. If every section of the State had such an academy, North Carolina would in a few years take front rank.

(FROM REV. C. E. MADDRY, D.D., SECRETARY OF BOARD OF MISSIONS FOR N. C.)

We judge any institution by its finished product. Measured by this standard, Buie's Creek can meet the test. As a high-grade preparatory school it ranks second to none in North Carolina. The students going out from this school stand shoulder to shoulder with those of any other school.

But the finest asset of Buie's Creek is its wholesome, Christian atmosphere. The school is built up and lives around the great historic spirit of its founder and director. The spirit of noble sacrifice and unselfish service sooner or later grips and dominates every young life that touches Buie's Creek. May the blessings of heaven, without stint and measure, be poured out continually upon the great school.

# (FROM REV. R. T. VANN, D.D., EDUCATIONAL SECRETARY, RALEIGH, N. C.)

A recent visit to Buie's Creek Academy was the fulfillment of a long-cherished desire. The reputation of the school had led me to expect a good deal, but I found much more. The gently rolling country, the quiet forest, the absence of railroads and ills that follow them, the social life, simple and clean, all combine to render the location ideal. The full nine months session, with seven or eight hours of work each day, accounts in part for the excellent showing of proficiency in the pupils, while the painstaking labor of principal and teachers explains the rest.

(From Dr. Clarence H. Poe, Editor Progressive Farmer, Raleigh, N. C.)

It gives me great pleasure to bear testimony to the splendid work of Buie's Creek Academy, especially as it impressed itself upon me during my recent visit. I remarked upon my return that I doubted whether any other school in North Carolina has accomplished as much in proportion to the money expended upon it. You have reached a class of young men from our farms, most of whom no other institution would have reached, and the good accomplished is incalculable.

(FROM REV. LIVINGSTON JOHNSON, D.D., EDITOR BIBLICAL RECORDER)

It was my great pleasure to visit Buie's Creek recently. I had heard much of this school and its excellent work, but can truly say that my expectations, high as they were, were more than met. Nearly five hundred pupils are gathered from sixty-five counties of this State, and from many other States.

These young men and women impress one as having an earnest purpose in life. They are there to better prepare themselves for future usefulness.

Most of them are poor, and could not secure an education were it not for the peculiar advantages offered them by Buie's Creek Academy. Any parent can feel safe in putting his child under the care of Professor Campbell. There is a spiritual atmosphere pervading the whole institution which impresses one as soon as he reaches the community.

### (FROM HON. J. A. OATES, FAYETTEVILLE, N. C.)

One of the great marvels in the educational revival in North Carolina is the wonderful internal and expansive growth of the Buie's Creek Academy. It was once the school of Rev. J. A. Campbell, but is now the school of the people. The State does not own it, yet it is a public school. No church owns it, yet its strong influence for Bible truth and morality cannot be calculated. Buie's Creek needs the people and the people need Buie's Creek.

The elements have met in Buie's Creek to make it a great Southern preparatory school. These elements are a practical, consecrated principal of experience, a school with an enviable record already established, a patronage which means loving friends, a location ideal. The people of North Carolina could do the educational work of their State no better service than to take stock in Buie's Creek Academy.

(From Rev. B. W. Spilman, D.D., Field Secretary Sunday School Board, Kinston, N. C.)

I have recently spent several days at Buie's Creek Academy. It is in many respects the best academy in North Carolina. The building is equipped with modern appliances. There is a faculty whose superior is not to be found in any academy in the State, and the spirit of Christ pervades the institution.

# (FROM DR. G. W. PASCHAL, WAKE FOREST, N. C.)

I have never been at Buie's Creek to see your plant, but I know your school. "By their fruits ye shall know them." For twenty-six years now I have been dealing with students fresh from Buie's Creek. Without exception they have shown the influence of such training in books, in religion, in character, as I could wish that my own sons may receive in their high school course.

### (FROM REV. C. H. DURHAM, D.D., LUMBERTON, N. C.)

It was my privilege to visit Buie's Creek Academy recently. For a number of years I have viewed it from a distance with increasing admiration. On this occasion it was my great pleasure to view it at close range and become better acquainted with its inner life and work. Having heard so long of some of the chief characteristics of the place, it was not surprising to find the moral and religious tone of the community to be very pronounced. Also to find it remarkably free from loud, worldly display, so prevalent nowadays. The visitor soon has the conviction that faithful, honest work is done here. And he soon finds himself

prepared to believe that the students of this institution move in an atmosphere which is calculated to develop strong, healthy, Christian character. Of course, every one agrees that the godly life of Principal J. A. Campbell is stamped on the school and the entire community. Few men are loved and respected by their pupils, associates and neighbors as much as he is. The work that he and his faithful teachers are doing can't be estimated this side of eternity. To all the Baptist people in North Carolina it should be a source of profound gratitude that we have such a school as this.

(FROM DR. P. E. BURROUGHS, EDUCATIONAL SECRETARY, NASHVILLE, TENN.)

Buie's Creek Academy holds a unique place among the educational institutions of the entire country. The rank which its students are taking in the higher institutions of learning sufficiently attests its scholarship. Besides its scholarship, and almost better than its scholarship, is its fine moral and spiritual atmosphere. If there is a safer and choicer place for our young people than Buie's Creek Academy, the writer does not know about it.

# What Our Patrons Say

(Dr. C. E. Schaible, Chair of Bible, Coker College, S. C.)

We are very much pleased with the progress that Maynard has been making, since he has gone to Buie's Creek Academy. We feel that we did well in sending him to you. I shall be glad to recommend Buie's Creek Academy to anyone. Your Christian standards and ideals are bound to work good to anyone who can respond at all to good influences.

# (HON. J. C. MEEKINS, JR., WASHINGTON, N. C.)

I consider your institution the best preparatory school in this State.

To my mind there are four qualities, which are absolutely necessary to a boy's success, in after life: Religion, thoroughness, thrift and economy. In visiting my boy, who is with you, I find that these conditions are stressed at Buie's Creek more than at any place I have ever seen. I have two more boys for you, one will go next year and the other as soon as he is prepared to enter.

### (FROM REV. FRED N. DAY, WINSTON-SALEM, N. C.)

I have been for a number of years personally acquainted with Professor Campbell and his school. I have had three sons under his care and am also interested in educating others there. In my opinion there is no safer or better school to which to send your children.

### (FROM MR. J. L. AYCOCK, ELBERON, N. C.)

For the last two years my son has been a student of Buic's Creck Academy, and I am well pleased with the progress which he has made. He is very enthusiastic about his work there and speaks in highest terms of the school and faculty. It has been my privilege to visit Buic's Creek a few times, and I think that I have never seen such loyalty to the school and the things that are best among any student-body as is shown by the boys and girls of your institution.

# (FROM MR. A. P. THOMAS, SHALLOTTE, N. C.)

Because of a lack of knowledge of Buie's Creek at the time I sent my two oldest children away to school, I did not send them there. This I have to regret. Since then, however, I have tried to make up for my mistake by sending you my remaining eight children—the eighth and last being now with you. Had I ten more to educate they would at least have the chance to attend your school. I have been more than pleased with the training each of my eight children has received from year to year under you and your corps of consecrated teachers. Blessings on you, and thanks for your fatherly interest in my children at all times.

# (FROM REV. E. R. NELSON, BAPTIST PASTOR, HENDERSON, N. C.)

It affords me pleasure to commend both you and your school. I have been most favorably impressed with your methods and with the conduct of the work and my admiration and love for you increase with every visit.

I shall always be glad that I sent my daughter to Buie's Creek Academy. This is a Christian secondary school of the highest order. I have a well-founded suspicion that the head of the school is very careful as to whom he associates with himself in the work.

Particular attention is given to discipline, and parents may feel sure that their children are safe at this school.

Professor Campbell has an inimitable knack of appealing to the best and the noblest that is in one, creating ideals and lifting the aspirations of his students, so that one feels ashamed not to be and do his best.

The esprit de corps of the students, and former students, proves that one never quite gets over attending Buie's Creek; he loves the place, the teachers, and, most of all, its founder and principal, J. A. Campbell.

# (FROM I. D. HARRELSON, FARMER, WINNABOW, N. C.)

Having been a student at your school more than twenty years ago, it was not hard for me to decide where to send my children when ready for high school. I sent you my oldest son. He is now in Richmond doing well. You now have my oldest daughter and six others are getting ready for Buie's Creek. I am perfectly satisfied so long as my children are under your watchful eyes. I regard your school as second to none on earth. My father, now eighty-six years old, wishes me to add that he has been watching your school with prayerful interest since its first beginnings, and he will never cease to love you and the school for what it has done for the Master's cause.

# (FROM MR. J. OWEN WILLIAMS, NEWTON GROVE, N. C.)

In selecting a high school for my two daughters, I am sure I made no mistake in selecting Buie's Creek. Having been a student there myself, I knew that they would be well cared for. I am pleased with the results and wish to thank you for the kind interest you have taken in them. Fortunate indeed are those who enter your school.

### (FROM REV. K. C. HORNER, BAPTIST PASTOR, GATESVILLE, N. C.)

It is my candid opinion that Buie's Creek preparatory school, with its consecrated and wide-awake superintendent, Prof. J. A. Campbell, and his fine corps of teachers, is equal to any and exceeded by no other school of its kind in the State or elsewhere.

I rejoice that I am a patron of this school, and do hereby heartily recommend it to be all right morally, educationally, financially, and socially.

# (FROM MR. A. D. ATKINS, FARMER, CARY, N. C., R. F. D.)

It gives me great pleasure to give your school my unqualified endorsement. During the two years that I have been a patron of your school I have found that you not only give literary instruction of the best, but also endeavor to build up character. I would advise any one wishing to place his children under Christian influence to send them to Buie's Creek. I often say there may be as good schools as Buie's Creek, but I know of no better.

# (FROM MR. C. C. JONES, CARTHAGE, N. C.)

If an institution is to be judged by its fruits (and how else shall we judge it?) I know of one man who as a boy attended this school, got his bearings, and often refers to it as the deciding factor in his life's work, who if he were the only one that could be pointed to as a credit to the school, it would have been worth all the efforts ever put forth there, and the school would be counted a great success. But I know of many such. They are scattered all over the country. That seems to have been and is the aim of the school-to help boys and girls find their life's work. Too many are aimlessly drifting, jumping from pillar to post, and have no purpose in life; Buie's Creek helps them to find themselves and gives them a vision of the "life beautiful." I know of no better influence anywhere, and the good that this school has done can never be estimated as we estimate things in this world. Any man having money he desires to invest in boys and girls, where it will pay large dividends in things that abide forever, while empires crumble, would do well to look into the work of Buie's Creek. Its guiding hand all these years has been that matchless man, J. A. Campbell. How he has done the work he has is a marvel.

# (FROM MR. CLAUDE STEPHENSON, FARMER, WILLOW SPRINGS, N. C.)

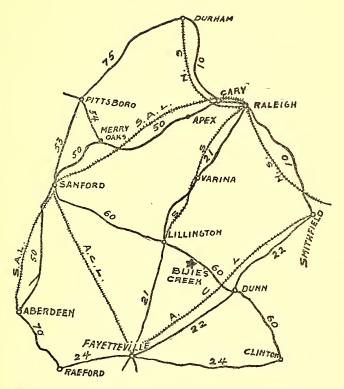

I wish to say that I think your school the best preparatory school within my knowledge. The Christian influence which surrounds the girls and boys under your management is the most wonderful part of school life. I am glad of the privilege to patronize such a school, feeling that my daughter will be well cared for while there.

# (FROM MR. S. A. ADAMS, MERRY HILL, N. C.)

I do not believe North Carolina has a preparatory school superior to Buie's Creek. I have visited the school twice since my daughter has been a student there and I have sought information from her and from many others. I believe that the privileges and opportunities for intellectual training offered in your school are as good as can be found anywhere, but I rejoice that the moral and spiritual training given your students will count for even more. The high ideals of Christian living held up in your school, beautify and glorify the intellectual training given.

- Discipline—J. A. Campbell, B. P. Marshbanks, L. H. Campbell, Miss Moon, Miss Powell.

# Campbell College

This institution has just closed its forty-second annual session, one of the most prosperous in its history.

For this wide patronage, and for the many kind expressions concerning the work we are doing for the rising generation, we extend to our patrons and the public generally our sincere thanks.

To our former students we feel especially grateful, and hereby acknowledge our indebtedness to them for their correct deportment and diligent application to study while here, and for their faithful efforts in helping to build up the school. With our past experience to help us, trusting in our friends for a continuance of their patronage and their interest in the school, and looking still to God for His help and guidance, we hope to do even better work, and make the school a more effective agency for the uplift of humanity.

# LOCATION

Campbell College is most fortunate in its location. It is situated a little east of the center of Harnett, in one of the finest sections of this rapidly developing county. It is five miles to Lillington, the county seat, on the Norfolk Southern Railroad and the present terminus of the Atlantic and Western Railroad, four and one-half miles to Coats, the nearest depot on the Durham and Southern Railroad, connecting Durham on the Southern with Dunn on the Atlantic Coast Line, and eleven miles to Dunn. The Durham and Southern makes connection at Apex with passenger trains on the Seaboard Air Line. places us in easy reach of the principal railroad lines. Route No. 60 of our State Highway System, from Greensboro, Sanford, Lillington, Dunn, Clinton to Wilmington passes by the College. Highway route No. 21, from Raleigh to Lillington, Fayetteville, and Lumberton, passes within four miles of us, connecting with route No. 60 one mile north of Lillington. We are in easy reach of the public highways. The community is exceedingly healthful, the standard of morality high. Being in a quiet country place, we save our patrons much extravagance

in dress, avoid many temptations to immorality incident to the average town and city, and having no "lounging" or sight-seeing places, there are few causes to divert the mind from study. The school village, consisting of about 350 population, is composed of people who have gathered here to educate their children, and they are, therefore, interested in keeping the community life pure and the student body busy. The whole atmosphere is educational; everything centers about the school. It would be difficult to find anywhere a community more favorable in every way to the student life. The helps and restraints of home life are thrown around the students. A prominent pastor of this State writes: "The moral and religious atmosphere of the school is superior to any school I ever knew."

Reports are required as to the deportment of students in their boarding places.

# GROWTH AND DEVELOPMENT

In January, 1887, the first school building, 48 by 22 feet, was completed, and the present principal opened school, hoping to continue five months, if the patronage would justify. Many of the best citizens of the community thought it would be impossible to continue that long. The school was a success, and in order to give the children better advantages, it was decided to build a room for the Primary Department.

In the summer of 1887 a room 18 by 24 feet was added to the east side of the main building. The school continued to grow in patronage and usefulness, and in the summer of 1893 a wing 18 by 30 feet was added to the west side of the main building.

In order to give accommodation to the growing patronage and furnish buildings more suited to our needs, in 1896 we erected a new administration building, 50 by 36 feet, three stories high, with a projection in front 14 by 16 feet.

The administration building, 136 feet long, contained six large recitation rooms, with Art Hall, Commercial Hall, Library, Society Halls, nicely carpeted and furnished. On the morning of December 20, 1900, the closing of the fall term, at the hands of an incendiary the buildings were destroyed by fire.

During the spring of 1898 we had erected a large, open tabernacle, 80 by 90 feet, which we used for Commencement exer-

cises. After the fire, this large tabernacle was fitted up for schoolroom work, supplied with new patent desks, heaters and other necessary conveniences and comforts, and, January 8, 1901, we opened school here, having seven large, comfortable recitation rooms. Thus, without serious interruption, the work went along. To our students and teachers who rallied around us, working with their own hands, paying their money and soliciting help from others to keep the school going; to the citizens of the community who came and tendered their teams and help in every way, and to hundreds of friends everywhere who wrote letters, sent help and made it possible for the school to continue, we return our heartiest thanks.

# THE KIVETT BUILDING

This building, costing more than \$30,000, was constructed of high-grade brick, made on our own grounds. The corner stone was laid May 23, 1901, and the work was pushed along as funds permitted, this building being sufficiently completed to allow us to enter November 2, 1903. It is an everlasting monument to the love, loyalty and sacrifice of our students and friends.

This building is 92 feet long, 70 feet wide, two stories high, with a wing from the rear 50 feet long, 36 feet wide, also two stories high. On the first floor are four recitation rooms, 35 by 40 feet each, furnished with new patent desks, blackboards, globes, charts, etc. The second story has four rooms, 35 by 40 feet each. Beginning with the year 1926-27 the old administration building was used for the elementary grades and special departments.

# TREAT DORMITORY FOR GIRLS

Through the liberality of Mr. M. C. Treat, of California, who gave \$1,000 starting the fund, and hundreds of other loyal friends, a beautiful dormitory, costing more than \$25,000, has been erected, and was ready for the accommodation of girls August 26, 1913. The building is of brick, has two stories, thirty-two rooms, besides the basement, and will accommodate about eighty girls. The rooms are large, well lighted, well ventilated, affording accommodation for two girls to each. The

building is steam-heated, has electric lights and water, and everything possible will be done to safeguard the health of the girls and give them a pleasant place for study.

# WILLIAM PEARSON BUILDING

During the fall of 1915 a building for primary grades was erected, and used first December 28, 1915. It was named the William Pearson Building, in honor of the man who made the first canvass for the school, who always helped, by word and purse, to aid the school, and who died May 25, 1915. Beginning with the year 1926-'27 this building was used by the music department.

# FRED N. DAY ANNEX

In February, 1920, Evangelist Fred N. Day, Winston-Salem, purchased the nine-room house near the dormitory, known as the Beavers property, paying \$3,000 for the same, presenting it to the Buie's Creek Academy, Incorporated. The Annex accommodates about fourteen girls.

# CARRIE RICH MEMORIAL LIBRARY

On March 12, 1922, Mr. D. Rich, of Winston-Salem, through Evangelist Fred N. Day, made public announcement of his purpose to erect a library building at Buie's Creek in memory of his wife, Mrs. Carrie Rich. The building is known as the "Carrie Rich Memorial." The building has been completed and was opened for use during the spring term of 1925. There is no prettier library building and equipment in our State. The equipment and building cost about \$50,000.

# Boys' Dormitory

On April 18, 1923, contract was closed for erecting a dormitory for boys. It is a two-story building, forty-five rooms, steam-heated, has electric lights and first-class furnishings. The building and furnishings are modern, well suited for dormitory life, and cost more than \$40,000.

In the summer of 1928, an addition to this dormitory of thirteen rooms was necessary to provide for additional students and for the superintendent of the dormitory, appointed by the President. This addition, costing over \$12,500, was made possible by the use of funds from the late B. N. Duke. Additional conveniences have made these rooms much sought after by applicants for reservations.

## ENDOWMENT

Mr. D. H. Senter, Chalybeate Springs, contributed one thousand dollars a few years ago to start an endowment for the school. To this has been added smaller amounts, which, with the accrued interest, at present totals about \$1,500.

During the Commencement exercises in 1924, Mr. W. C. Ellis, Greenville, S. C., suggested a plan for increasing our endowment on an insurance plan. Alumni of the school are asked to take a ten-year endowment policy payable to the school for amounts from \$100 up. The members of the senior class of 1925 subscribed, in this way, about \$5,000 to this fund. Other Alumni are co-operating in this movement. Policies in force and pledges at present amount approximately to \$15,000.

During the year 1926-'27, additional gifts from Mr. B. N. Duke have been received, making his entire benefactions for the institution \$50,000.00. After installing water and sewerage system and making several necessary improvements in buildings and grounds, it is hoped that about \$20,000 may be put into additional endowment fund.

One of the greatest needs of the school is a stable income to supplement the small fees paid by our students. In no more effective way can the friends of the institution lend their help than in adding to this fund.

# Mr. Duke's Gifts

For many years one of the imperative needs of the school has been a modern system of sanitation. In 1923 Mr. Alonzo Parrish, Benson, an alumnus of the institution and member of the Board of Trustees, gave the school a deep-well pump, gasoline engine, steel tower and a 15,000 gallon tank. A deep well was sunk on the campus, which gives an ample supply of water for all school purposes. No funds were available for completing the sewerage line and installing the equipment in the buildings. In the spring of 1926 Mr. B. N. Duke gave the school \$25,000 for completing the sewerage system, connecting all the buildings with sewer, and for meeting other needs. Three additional gifts made by Mr. Duke during the year bring his contributions to \$50,000.00.

# GYMNASIUM

In December, 1923, Mr. D. Rich made a proposition to give \$2,500 toward erecting a building to be used as a gymnasium and temporarily used for an auditorium, on the condition that the other friends of the school would raise a similar amount. Contract was let for this building December 31, 1923, and was used first April 10, 1924. The building is 60 by 90 feet, has basement, is of brick veneer, and cost more than \$15,000. This building is furnished with necessary equipment for physical training, indoor games, shower baths, etc.

## FRED N. DAY HOME

In January, 1925, Rev. Fred N. Day purchased for \$2,000 a seven-room residence, with adjacent lots amounting to about two acres of land. This property adjoins the school grounds and was donated to Buie's Creek Academy. It is planned to use this home for married students. The school now owns two such homes and it is hoped that others may be provided by individuals, churches and associations. The trustees will be glad to donate the land for such purposes. During the last year fourteen married men were enrolled as students and it has been difficult to provide suitable places for their families.

# THE D. RICH BEQUEST

September 26, 1923, Mr. D. Rich conducted the devotional exercises at chapel. At that time he told us that he slept but little on the previous night, because much of the time was

spent in talking with the Lord about Buie's Creek. There was born in his soul that night, he said, this striking expression: "Buie's Creek must live." He expressed the hope that he might be able to do something for Buie's Creek. On October 21, 1924, he fell on sleep, having left in his will to the trustees of Buie's Creek Academy one-eighth of his estate. One-half of this amount, approximately \$150,000, now in the hands of the school, is being used to erect the new D. Rick Memorial Administration Building.

# THE D. RICH MEMORIAL ADMINISTRATION BUILDING

The new D. Rich Memorial Administration Building provides handsomely for our college and high school departments. This building of tapestry face brick, trimmed with Indiana limestone, and made of fireproof construction, matches in beauty the new Library, a memorial to Mrs. Carrie Rich. The building, 160 feet long and 121 feet wide, includes an auditorium to seat 1,250 comfortably, 12 class rooms, 2 laboratories, 2 study halls, 2 society halls, and several office rooms. The building is furnished throughout with new equipment.

# FORMAL TRANSFER OF PROPERTY

In 1887 Buie's Creek Academy, consisting of one acre of land and one-room house, was owned by the public school system. After the fire destroyed the building in 1900 J. A. Campbell erected a school building as private property. In 1911 Buie's Creek Academy, Incorporated, was organized, with a body of twenty trustees appointed by the Little River Association. Since that time Buie's Creek Academy, Inc., has owned and operated the dormitories and J. A. Campbell has owned and operated the school. In order to meet the demands for increased equipment and secure permanence to the life of the institution, the private property including buildings, equipment and grounds have all been transferred to the trustees of Campbell College, Inc. Changes in the charter have been made and the trustees are now appointed by the Baptist State Convention.

The trustees have made a lease of the property to J. A. Campbell who will conduct the school along the same lines he has done since 1887, having the moral and financial support of the trustees and the Baptist State Convention.

# CAROLINA POWER AND LIGHT COMPANY

The Carolina Power and Light Company has extended its line from Duke to Buie's Creek and gives us the advantage of a regular current at all times.

# RAISED TO JUNIOR COLLEGE

On account of the contracting field of high school work due to the increasing competition from the State schools, and the correspondingly larger field of college work, the trustees of the school were convinced in 1926 that we should add two years of college courses. With the increased equipment made possible by the D. Rich bequest, and the B. N. Duke gifts, they were convinced that this was the opportune time to enter this new work. The President presented the proposal to the Baptist Board of Education and secured their unanimous consent to offer one year of college work during the 1926-'27 session. The Baptist State Convention at Wilmington in 1926, authorized the advancement of the school to junior college standing for the year 1927.

# CHANGE OF NAME

While authorizing the school to become a Junior College, the same Convention recommended to the Board of Trustees the change of name from Buie's Creek Junior College to Campbell College. This resolution, introduced by Rev. A. C. Hamby, reads as follows:

"In view of the fact that our brother, Dr. J. A. Campbell, working strenuously and untiringly through a period of forty years, has built a great school at Buie's Creek, known through the years as Buie's Creek Academy, Inc.,

and recently changed to Buie's Creek Junior College, and, "Whereas, it is eminently fitting that such devotion to the cause of education should be kept in memory perpetually, and the name and work of Brother Campbell be preserved as a cherished memorial of North Carolina Baptists, be it,

"Resolved, that the Baptist State Convention now in session, request its Board of Education and the Board of Trustees of Buie's Creek Academy, Inc., to change the name from Buie's Creek Academy, Inc., to Campbell College."

In compliance with the above resolution, the Board of Trustees met at Buie's Creek, April 7th, 1927, and unanimously adopted the charter changing the name of the corporation from Buie's Creek Academy, Inc., to Campbell College, Inc.

# WORK APPROVED BY STATE DEPARTMENT

The Standardizing Committee of the State Board of Education, after carefully investigating the work of the school, has "given rating as a Standard Junior College for the session 1927-'28." The administration is carefully adhering to all requirements of the North Carolina College Conference, steadily making improvements in the work of the departments as defects appear.

## LOAN FUNDS

We are happy to announce the establishment during the past year of three loan funds for worthy students. These sums, coming unsolicited, express the confidence of these benefactors in the work of Campbell College and their sympathy with poor boys and girls struggling for an education. In behalf of those to be blessed by these amounts, we express our thanks for the following loans:

The Masonic Loan. The Masonic fraternity of North Carolina has established a loan fund of \$1,000.00 for needy students, who could not otherwise pursue their training.

James A. Buchanan Loan Fund. Mindful of his own struggles to stay in school at Buie's Creek Academy years ago, Mr. Buchanan has set aside \$100.00 to help other worthy students, with the intention of later increasing this fund.

Tom Chears Loan Fund. During the year Mr. Chears sent the President the sum of \$25.00 to be used in some way to kelp some struggling students. After some deliberation it has been decided to offer this as a loan to those most needy.

# COLLEGE DEPARTMENT

# Requirements for Entrance

Requirements for entrance into the college conform to the regulations adopted by the North Carolina Association of Colleges. A minimum of fifteen units leading to High School graduation is required of all regular students. The following units are prescribed: English, 3; Mathematics, 3; Foreign Language, 2; Science, 1; History, 2. The remaining units may be earned from the list of subjects printed on the following page.

Students are admitted in the following ways:

- 1. By certificate. A certificate of graduation, with recommendation for college entrance, from high schools of approved standing admits a student without examination.
- 2. By examination. Students from a non-accredited high school may be admitted only by the removal of such deficiencies by examination. These examinations will be held upon the first day of the fall term. Candidates for admission by examination should forward to the President their application for examination on the required subjects.
- 3. By special permission. In accordance with the practice of other colleges, students of mature years are admitted by permission of the President as "special" students. Such students must demonstrate their ability to profit by the courses taken. Positively no credit towards graduation will be allowed "special" students until the entrance requirements are fully met.

# SUBJECTS WITH ENTRANCE CREDITS

Subject	Course Described	Unit

# Requirements for Graduation

Four courses of sixty-four semester hours each, leading to the "Associate in Arts" diploma, are offered. Satisfactory completion of one of these groups, with sixty-four "honors credits" is necessary for graduation. These courses are planned to meet the respective needs of students seeking classical, scientific and vocational training. Students undecided as to their future plans are urged to elect Group I.

Group I. "Associate in Arts," Leading Toward B.A. Degree.

# Courses of Instruction

## ENGLISH

MR. CAMPBELL
MR. PETTIGREW
MISS STRICKLAND

- C-1. Composition—This course consists of a more thorough mastery of the fundamental principles of composition and an intensive study of selected masterpieces as a basis for constant practice in self-expression. Weekly themes, reports, and conferences. Three hours a week, both semesters.
- C-2. English Literature—A survey of English Literature with emphasis on historical movements and developments of types of literature. Three hours a week, both semesters.

C-3. Journalistic Writing—An elementary course in the practice of news writing, including a study of the feature story, the editorial, and the newspaper make-up. Two hours a week for both semesters.

#### MATHEMATICS

## Mr. Marshbanks

- C-1. a. College Algebra—Rapid review of elementary algebra. Theory of equations, quadratics, inequalities, variations, progressions, binomial theorem, logarithms. Three hours a week for first semester.
- b. Trigonometry. Trigonometrical equations, theory of logarithms, solution of right and oblique triangles, special problems. Three hours a week for second semester.
- C-2. Analytic Geometry—Open to students who have completed C-1. Three hours a week for both semesters.

## HISTORY

## MR. AYSCUE

C-1. History of Western Europe. This course embraces the period from the decline of the Roman Empire through the Thirty Year War. Careful study is given to the growth and influence of the principal medieval institutions and movements as they bear upon modern problems.

Each student is required to keep a loose-leaf note-book for notes on collateral reading and for map-drawing.

Three hours a week for both semesters.

C-2. American History—First semester: Brief survey of the colonial period; study of the social, economic, and political conditions of the Revolutionary period; development of the national government. Second semester: Growth of sectionalism; the Civil War; the Reconstruction period and its problems; national expansion; present-day conditions and problems.

Three hours a week for both semesters.

## FRENCH

## MRS. PARKER

C-1. French Literature of the Nineteenth Century. Prerequisite, two units of French for entrance. Consist of readings from great novelists and dramatists of the nineteenth century with a brief history of the literature; a careful study of grammar, composition, and conversation.

Three hours a week for both semesters.

C-2. French Drama of the Seventeenth Century—A study of the earlier French drama as an introduction to the reading of selected plays from Corneille, Moliere, and Racine.

Three hours a week for both semesters.

#### GERMAN

#### MRS. PARKER

C-1. Elementary German—This course for beginners offers a careful study of grammar, practice in pronunciation and composition, and the translation of two hundred pages of comparatively difficult German.

Three hours a week for both semesters.

C-2. Reading of selections from German prose of the nineteenth century. Prose composition. Careful review of grammar. Practice in conversation.

Three hours a week for both semesters.

#### LATIN

## MISS POWELL

C-A. Vergii's Eneid. Six books read. Emphasis on syntax. Prose composition. Some appreciation of the poem as a masterpiece of literature is developed. Brief survey of Latin literature. Prerequisite, three units of high school Latin.

Five hours a week for both semesters.

C-1. Cicero's Essays and Letters (selections)—Prose composition. Emphasis on syntax. Horace, Odes and Epodes. Some attention given to Roman history and mythology.

Three hours a week for both semesters.

#### GREEK

## Mr. Pettigrew

C-1 a. Elementary Greek. The purpose of the first semester's work is to provide the student with a thorough foundation in the elements of Greek grammar, syntax, and composition, preparatory to the work in prose translation of the second semester.

Five hours a week for first semester.

b. Xenophon's Anabasis. Careful translation of typical passages from the first four books of the Anabasis, with strict emphasis on grammar and syntax. Regular exercises in prose composition.

Five hours a week for second semester.

C-2. Homer's: The Iliad or the Odyssey. Several books are carefully read, and the poem is considered as a whole, with reference to structure, origins, portrayal of Homeric life, and importance in world literature. Composition, parallel reading, and reports. Prerequisite: Greek C-1, or two units of Greek for entrance.

Three hours a week throughout the year.

#### BIBLE

## MR. AYSCUE

C-1. A comprehensive study of the Old and the New Testament. A—The Old Testament.

This course aims to give the student a knowledge of its origin and developments in the light of archæological and historical research and to acquaint him with the literary style and main message of each book.

B—The New Testament.

This course seeks to give the student a general knowledge of the origin and history of the New Testament writings, and to place special emphasis on the study of the life and teachings of Jesus and of the work and writings of Paul.

Three hours a week for both semesters.

C-2. Homiletics—Of interest chiefly to ministerial students. Practice in preparation of sermons and in public speaking. Some discussion of pastoral problems.

Two hours a week for both semesters.

## EDUCATION

## Mr. Campbell

C-1. An Introduction to Education—A study of the teacher's work with a consideration of problems and methods, designed to meet the needs of Elementary teachers for professional credit.

Three hours a week for both semesters.

#### BIOLOGY

#### MR. HAYES

C-1 General Biology—A general survey of the field biology. This course deals with the essential distinguishing characteristics, structures, functions, and interrelations of plants and animal, and their relation to inorganic nature.

Three hours a week recitations and lectures, four hours a week laboratory, both semesters.

C-2. Physiology and Hygiene—Elementary human physiology with so much of anatomy, histology and cytology as may be necessary. Personal and public hygiene treated from the standpoint of eugenics. Two hours a week for lectures, demonstrations, and recitations, both semesters.

#### CHEMISTRY

#### MR. HAYES

C-1. General Chemistry—Emphasis is placed on the fundamental chemical laws and principles of Chemistry from the historical, practical, and theoretical standpoints, being chiefly inorganic with an introduction to organic.

Three hours a week recitation and lectures, four hours a week laboratory, both semesters.

# THE ACADEMY

# Requirements for Admission

For years the first seven grades preparatory to entrance into the high school department have been offered. Students completing this course, and those from other schools with a Certificate of graduation from the seventh grade will be admitted to the high school.

Students for advanced standing must bring Certificates from accredited schools. Candidates for entrance to the Junior and Senior Classes will be required to take examinations on English Grammar and Arithmetic. The faculty reserves the right to reclassify students whenever convinced that a mistake has been made in their classification.

# Requirements for Graduation

Two courses are offered leading to our high school diploma. The first course will admit students unconditionally to all colleges. The second course meets the requirements of technical and vocational colleges, and offers more electives to those not going to college. We strongly recommend the classical course to all students expecting to enter a college of liberal arts, and to those undecided about their future.

# Courses of Instruction

#### ENGLISH

The course in English combines composition and literature. To gain efficiency in oral and written English, emphasis will be given to grammar, spelling, punctuation, paragraph structure, and organization of themes. In the study of literature, effort will be made to enable the student to interpret for himself the writer's thought. The Literature and Life series, in four volumes, has been adopted for the work in literature throughout the high school. These volumes meet the college entrance requirements, containing judicious selections for class study and parallel reading.

- I. A. Correct English (Tanner).
  - B. Literature and Life (Greenlaw-Stratton), Book I.
- II. A. Composition and Rhetoric (Tanner.)
  - B. Literature and Life (Greenlaw-Stratton), Book II.
- III. A. Composition and Rhetoric (Tanner).
  - B. Literature and Life (Greenlaw-Miles), Book III.
- IV. A. Guide to Composition (Royster-Thompson).
  - B. Literature and Life (Greenlaw-Miles), Book IV.

#### LATIN

- A—I. First Book in Latin (Collar, Daniel, and Jenkins). Thoroughness in forms and principles of syntax emphasized. Regular translation and practice in writing simple English into Latin.
- A—II. Junior Latin Reader. Bennett's Latin Grammar, Reviews and Drills. Composition (Bennett, Part I).
- A—III. Cicero—Six Orations (Bennett). Bennett's Latin Grammar. Composition (Bennett, Part II).
- A—IV. Vergil's Æneid—Books I to VI (Bennett). Bennett's Latin Grammar. Composition (Bennett, Part III).

#### FRENCH

A-I. Chardenal's Complete French Course (one-half).

Emphasis on pronunciation and accuracy in forms and construction, written exercises, reading—La Belle France, A. de Monvert. Le Voyage de M. Perrichon, Labiche et Martin.

A—II. Chardenal's Complete French Course (completed). Composition, sight reading—Le Roi des Montagnes, E. About. La Mare au Diable, Sand.

## MATHEMATICS

- A. Commercial Arithmetic,
- A—I. Algebra (Slaught and Lennes) to quadratics. Special drills on fundamental principles, factoring, fractions and equations. Special attention given to solutions of problems and quadratics.
- A—II. Algebra (Slaught and Lennes). Quadratics, logarithms, binomial theorem, graphs duly emphasized, thorough reviews.
- A—III. Plane Geometry (Wentworth and Smith). Students are taught to reason, not memorize. Original exercises.

#### HISTORY

- A—I. History of Europe, Ancient and Medieval (Robinson and Breasted). Special emphasis on the growth of institutions, government, and literature.
  - A-II. History of Europe, Our Own Times (Robinson and Beard).
- A—III. History of the American People (West). This is an advanced course, requiring additional readings, themes and note books. Admission to this course is restricted to juniors and seniors.

#### BIBLE

- A-I. (a) Study of the Bible—Old Testament (Burroughs). New Testament (Robertson).
- (b) New Sunday School Normal Manual (Spillman, Leavell and Burroughs).
  - (c) Other Books of the Normal Course.

## SCIENCE

- A—I. General Science (Caldwell-Eikenberry). Simple experiments, practical applications. Note books are required to be kept by each student.
- A—II. Biology. An introductory study of fundamental principles of biology, emphasizing some of the most important elements of physiological biology by the solving of concrete problems in the laboratory and classroom. Three hours a week recitation, four hours a week laboratory.
- A—III. Chemistry. This course acquaints the student with the methods and procedure of chemistry not only from a theoretical but also from a practical standpoint, showing some of the applications to industries and daily life. Three hours a week recitation, four hours a week laboratory.

# School of Business and Higher Accounting

# I. M. WALLACE, Instructor

The 20th Century Bookkeeping and Gregg Shorthand Courses now used by many of the Business Colleges of the North and South, have been offered here for a number of years, and we feel safe in saying that no school in the State gives courses more thorough or more helpful than ours. Our motto is: "Learn to Do by Doing."

Any person with fifteen (15) units of High School work, who completes the following subjects will be awarded a diploma in Bookkeeping: Bookkeeping, Banking, Higher Accounting, Commercial Arithmetic, Business Calculations, Business Penmanship, Commercial Law, Business Correspondence, and Spelling. Any person with fifteen (15) units from a High School, completing the following subjects will be awarded a diploma in Shorthand: Shorthand, Typewriting, Business Correspondence, Spelling. Student has the privilege of taking Business Penmanship. A student without the full fifteen (15) units, who completes all subjects in either Shorthand or Bookkeeping courses, except Higher Accounting, will be awarded a certificate. A student could make up the required units in the Literary Department and then be awarded a diploma from this department. The faculty reserves the right to accept or reject any of the high school units which a student brings from another school.

The Bookkeeping and Higher Accounting course, by the use of the Budget System, teaches Bookkeeping on an actual business plan. The moment a student takes up this subject he becomes as an actual Bookkeeper. Individual help is given in this department. The teacher thus comes in personal contact with the student, enabling him to give his best help. The student is not hindered by the progress or deficiencies of other students, and may proceed with his work as rapidly as he may be inclined. Our Banking Course is very practical and gives the student a good idea of the modern Banking System.

The Higher Accounting presupposes a thorough knowledge of the theory of accounts from the constructive standpoint. Constructive theory will therefore be referred to only with regard to the reasons for its adoption and the underlying scientific principles. In the treatment of the more Advanced Theory and Practice, the principal aim is to give a thorough professional training in Practical Accounting, Theory and Auditing in preparation for the higher positions of auditor, comptroller or executive of large corporations, and also to assist in passing the C. P. A. Examinations.

## COMMERCIAL LAW

A knowledge of law controlling or affecting ordinary business transactions in any of the various branches of commercial affairs is of inestimable value to those engaged in them. It increases the value of the service of a clerk, bookkeeper or other office assistant. An employee having such knowledge of law renders a safer service, and naturally becomes more competent to make sales, offer terms for contracts, decide upon acceptance or proposals, and to attend to other matters entrusted to him in the absence of his employer.

# Business Arithmetic

The instruction given in this particular branch offers the student the finest opportunity for becoming accurate, rapid and proficient. The subjects of Interest, Percentage, Stock and Bonds, Insurance, Banking, Averaging Accounts and Partnership settlements receive special attention. The shorter methods of computing interest and discounts are freely and profitably used.

# PENMANSHIP

All students receive daily instruction in penmanship. Our purpose is to train the student in a plain, business handwriting. The necessity for ability to write well is unquestionable and students must possess this ability in order to fill acceptably positions in any office.

# SHORTHAND

No other subject more quickly, more lastingly and more surely brings a young person up from the no-salary and noopportunity period to the Independence Day of Good Salaries and contact with big men and big business. And it is not difficult to master. If it were, the thousands of successful reporters and secretaries and the countless other thousands who make Shorthand a means to a higher end, would have failed in the learning, for they were no duller, no brighter than the rest of you.

Ladies fill good positions with grace and acceptability. There is no better way for them to gain a livelihood and to become useful women. Male stenographers are in great demand.

## TIME

From six to nine months is required to complete the work in bookkeeping and higher accounting, and about five or six months for shorthand, depending, of course, upon the advancement and capacity of the student.

## Tuition

Course (five months) in either the bookkeeping or the shorthand for \$25.00 if paid in advance, or \$5.50 in advance if paid by the month. The shorthand department is supplied with a number of new Remington machines.

We offer you the best courses within our knowledge. Investigate it and be convinced.

# Department of Music

Mr. Lynch Miss Canaday MISS BROOKS
MR. McDuffie

For thirty-two years we have been maintaining a strong Music Department, piano and vocal, and for nineteen years we have had our own band and orchestra. This explains why so many of our students become leaders and teachers of music. We believe there is no junior college in our State that offers finer advantages in this art. We have enlarged our Music Department and strengthened our teaching force.

For all who desire to extend the study of music, individual and class instruction is given at small cost. We study Theory, Public School Music, Music Pedagogy, and all subjects necessary to make one capable to teach music or become a leader in sacred and secular music. Great numbers of our former pupils are to be found teaching and leading music classes.

Certificates will be awarded those students who complete the preparatory course offered in vocal and instrumental music.

Diplomas will be awarded those students who complete the college course in music.

# Piano Department

Mr. McDuffie

MISS CANADAY

## PREPARATORY

FIRST YEAR—Correct use of arm, wrist, hand and fingers at piano. Major and minor scales, one octave, hands separately. Studies suggested: Bilbo, First Lesson in Piano; Crosby Adams, First Reading Book. Pieces suggested: Rogers, First Robin; Gaynor, Hunting Horn, Cradle Song; Hannah Smith, The Violet; Gurlitt, By the Swing, Slumber Song.

SECOND YEAR—Continued study of the arm, hand and fingers; major and harmonic minor scales, two octaves, hands separately; the formation of triads; writing exercises. Studies suggested: Duvernoy, Op. 176; Burgmüller, Op. 100; Gaynor, Studies in Embellishments. Pieces suggested: Friml, The Chase; Gurlitt, Hunting Song; Schumann, Little Romance, Happy Farmer; Mrs. Virgil, Fragrance of May, Summer Fancies; Deunee, Petite Valse. Easy Sonatinas.

Third Year—Technical exercises continued. Major and harmonic minor scales two octaves hands together; major and minor arpeggios. Suggested studies: Kohler, Op. 50; Cramer, Studies in Embellishments; Heller, Op. 47. First year Bach, arranged by Foote. Suggested pieces: Mayer, Butterflies; Merkel, Boy's Mountain Song; Lemont, The Polish Dance; Beaumont, Tarantella; West, March in A Major; Friml, Twilight and Dawn. Sonatinas.

FOURTH YEAR—Technical work continued. Major and harmonic minor scales four octaves hands together; Arpeggio study continued. Suggested studies: Heller, Op. 46; Duvernoy, Op. 120; Jensen, 25 Studies. Bach, Little Preludes. Suggested pieces: Nevin, Barchetta; Schytte, Nocturue in A, Youth and Joy; Deunee, Tarantella; Merkel, Butterfly. Easy Sonatas. First Year Theory required.

## COLLEGE

First Year—Technique applied to the needs of the student. All major and both forms of minor scales, similar and contrary motion. Arpeggios in major and minor triads, dominant and diminished sevenths. Trills and Octaves.

Etudes: Czerny, Op. 299; Heller, Op. 46.

Bache, Two-part Inventions. Sonatas: Mozart or Haydn. Standard pieces memorized.

Second Year—Major and minor scales in thirds, sixths and tenths. Dominant and diminished seventh Arpeggios; also in sixths, eighths and tenths.

Etudes: Czerny, Op. 299, continued; Cramer selected studies; Heller, Op. 45.

Bach, Three-part Inventions.

Sonatas: Beethoven.

Pieces of standard composers memorized.

A public recital required.

Sophomores may elect Public School Music or Music Pedagogy—one hour each week throughout the year.

# DEPARTMENT OF ORGAN

First Year—Pedal technique; Organ touch; Stainer, Organ School; Bach, Easy Preludes and Fugues; Hymn playing. Pieces by standard composers.

Second Year— Carl, Master Studies for Organ; Bach, Little Preludes and Fugues. Transposing Hymn tunes; modulation; sight reading; accompanying solos and anthems. Public recital.

Certificates will be awarded students who complete the twoyear organ course.

# GENERAL REMARKS

Only those students who offer fifteen units may be enrolled as a regular College music student. The courses outlined above in both preparatory and college departments are especially for those wishing to specialize in piano. Students not wishing to specialize in piano only without taking the regular course of study may do so. Such students will be given some credit for the study of piano.

Regular practice hours are assigned to each student. College students are expected to practice thirteen hours per week. Preparatory students must practice not less than one hour daily.

All private lessons are thirty minutes in length, two lessons being given each week.

Recitals are given throughout the year, at which the student learns how to appear in public.

# Music Supplies

A deposit of \$2.50 is required of all music students each semester to secure their sheet music. Any unused part will be returned. No music will be charged to students.

# Department of Voice

# Mr. Lynch

The aim of this department is to teach in a very practical way. To do so the work has been divided into three courses:

Course I—Those who have no knowledge of music will be taught the rudiments of music in its simplest form. Correct posture; development of the lungs and breath control; proper use of the diaphragm and abdominal muscles; technique of the lips, tongue and chin; development resonance. Text-books: Music Reader No. 2 (Ruebush); Special studies and pieces designed to develop the medium compass of voice; folk songs, carols, part song easy exercise.

Course II—Further development of tone; legato singing, articulation studies in major and minor scales. Much time used in development of accurate reading of notes. Many cases taught to sing syllables. Text-books: Class and Chorus (Towner-Root series and other exercise books); easy songs by American composers; songs of moderate difficulty by leading composers. Public appearance required in music recitals. Special work given in quartets, choir and group singing.

COURSE III—Extended work in tone placement, resonance and breath control. Special instructions in sacred solos, directing choirs in all kinds of church work. Text-book: Studies by Petrie, concours; Essentials in Conducting, by Gehrkens. To graduate in the course outlined above the pupil must have completed the high school English course.

# Department of Violin

## Miss Brooks

## PREPARATORY COURSE

Primary Studies: Correct position of Violin and bow, scales in first position with Staccato and Legato bowings.

Instruction Books and Exercises: Hohmann, Vol. 1 and 2; Sevcik, Part one and two; Mazas, Vol. 1; or Hersey, Modern Method for Violin; Levensen, Vol. 1; Little Pieces by Papini, Winn, Schumann and other Standard Solos in the first position.

Intermediate Studies: All Major and Minor Scales in two octaves. Hrimaly, Scale Studies; Blumenstengel, Scales and Arpeggios; Levensen, Vol. 2; Wholfart, Studies for Third Position; Kayser, 36 Etudes; Seveik, Vol 1 and 2. Pieces and Concertos in first, second, and third positions; Dancla, Airs Varies V and VI, and other solos of similar difficulty.

# FOR CERTIFICATE

Students majoring in violin are required to study piano two years, and Harmony and Theory one year for certificate.

- 1. Theoretical and practical knowledge of all positions.
- 2. All Major and Minor Scales and Arpeggios with all Staccato and Legato bowings in three octaves.
- 3. Complete in a creditable manner; Sevcik Violin Technic, Vol. 1 and 2 and Op. 8 and 9, Kayser, Etudes, Bk. 3; and Kreutzer, first 20 Etudes.
- 4. Pieces and Concertos by Schubert, Sarasate, Raff, Dancla, Accolay, etc.
  - 5. Give a Public Recital.

# FOR DIPLOMA

Students wishing to take their Diploma in Violin are required to complete the four years' course in Piano and one year in Harmony and Theory.

1. All Major and Minor Scales and Arpeggios in three octaves and with double stops and various bowings; studies from Kruetzer, Fiorillo, Rode, de Beriot.

- 2. Sonatas of Bach.
- 3. Pieces and Concertos by Viotti, Mozart, Wieniawski, Mendelssohn, Tschaikowsky, etc.
- 4. To give a public recital of standard works from memory in a creditable manner.

Two Violin classes meet each week. All students are required to attend one class a week. Part of the time will be given to technical work by the whole class in concert; part to Solo work which will be criticized by the class. Trios and Quartets, Symphonies, and other Orchestral music will be studied and practiced.

# Orchestral Instruments

# Miss Brooks

It is the purpose of the Violin Department to build up an Orchestra in the school each year. In order to do this instruction will be given in time and notation and production of tone on Orchestral Instruments.

Orchestra rehearsal once a week. Overtures, Church Music, and the lighter Symphonies will be practiced. Violin students who are finishing the Preparatory course and those who play music in third position will play in the Orchestra.

# School of Art

# Mrs. Edwards

The purpose of the Art Department is not only to give the student a knowledge of drawing and painting but to develop his observation of the numberless beauties of nature, and to inspire devotion in the hearts of those whom we try to teach to the Creator of all beauty.

The Art Class meets in a well-lighted room in the new D. Rich Memorial Building. It is equipped with individual lockers, easels and other necessary material and furnishings.

A China kiln has recently been installed, and China painting is now one of the most fascinating courses of Art taught here.

During the first year's course special emphasis is placed upon the training of the eye to see.

Throughout the entire course the individuality of the student is encouraged and originality emphasized.

FIRST YEAR—Elementary drawing, outline drawing from objects, study of lights and shadows. Painting simple landscapes, flowers and still-life studies in water-color, oil and pastels.

SECOND YEAR—Charcoal work from the antique—hands, feet, busts, statues, perspective designing and stenciling; painting in oil, pastel and water colors.

THIRD YEAR—Drawing from life, pen and ink illustrations, sketching landscapes, painting from nature; composition and Art History.

Certificates will be awarded those who complete the required course together with the full course in English.

# Library and Reading Room

# Mrs. Harris

A few years ago a generous, public-spirited citizen of our community donated a number of useful volumes as the nucleus for a library for the school. To these many kind friends made valuable gifts, until we had about 1,500 volumes in the library. These were lost in the fire. We are rapidly rebuilding the library, having at present about 3,000 volumes.

The following magazines and papers come regularly to our Reading Room:

The American, American Magazine, Asheboro Courier, Atlantic Monthly, Biblical Recorder, Charity and Children, Chatham Record, Christian Herald, Christian Index, Current History, Dunn Dispatch, Etude, Forum, Greenville Reflector, Greensboro Daily News, Harnett County News, The Independent, Ladies Home Journal, Literary Digest, Manufacturers Record, Moody Monthly Magazine, Nation, National Geographic, News and Observer, New York Times, Normal Instructor, Orphan's Friend, Outlook, Progressive Farmer, Popular Science, Robesonian, Review of Reviews, Saturday Evening Post, Sunday School Times, Scribners, Success, Smithfield Herald, Tarboro Southerner, Western Recorder, Woman's Home Companion, World's Work, Winston-Salem Journal.

The following friends have contributed books to the Library during the year:

Mr. M. R. Herring, Garland, N. C., 1 volume; Miss Clara Byrd, Greensboro, N. C., 4 volumes; Mrs. Abbie Benton Bonsteel, 15 volumes; Mr. Charles Taylor Edgerton, Buie's Creek, N. C., 1 volume; Mr. Arthur Roberson, Raleigh, N. C., 3 volumes; Mr. Hubert Taylor, Wilson, N. C., 1 volume; Mrs. Mary A. Harris, Oran, Missouri; Miss Flora B. Canaday, Benson, N. C., 1 volume; Dr. L. E. M. Freeman, Raleigh, N. C., 1 volume; Rev. J. A. Hudson, Gastonia, N. C., 3 volumes; Mr. Arthur Capps, Angier, N. C., 1 volume.

# Summer School

Since 1902 we have been conducting a Summer School, beginning about the middle of May, and continuing for six weeks.

The summer session does regular classroom work and credit is given towards a High School diploma for work completed. The Literary and Commercial branches are taught by members of our regular faculty.

# Religious Advantages

Each student is required to attend the chapel exercises, and encouraged to enter into the spirit of worship to the Creator. In these exercises the school attempts to impress upon the students the wisdom of pure, upright living, and the folly and ruin of sin in its every form.

The Buie's Creek Baptist Church, of which the Principal has been pastor for thirty-five years, holds its preaching services on the second and fourth Sundays in each month, morning and night.

A well-organized Sunday School is conducted by the Buie's Creek Baptist Church, which students are required to attend. Prof. I. M. Wallace is Superintendent, and he is actively supported by every member of the faculty. The State Sunday School Board has mapped out a special week of study for Sunday School workers to be given annually. Students are thus given opportunity to see a large, enthusiastic Sunday School at work and catch the spirit of service in their home churches.

The Baptist Young People's Union, divided into four sections, with four groups in each section, meets weekly. All of these Unions are very active. Special study courses are conducted annually under the direction of the State director, assisted by the faculty with almost unanimous coöperation of the students.

A Young People's Prayer Meeting, conducted mainly by students, meets every first and third Sunday nights. This organization, under the control of Mr. J. F. Blackman, is maintaining a high standard of service.

In addition to these larger religious organizations, smaller groups are formed of active Christians interested in special phases of work. The Y. W. A. for girls at their dormitory is a live organization, meeting twice a month, devoted to the religious needs of the girls. The Volunteer Band for girls and the Ministerial Conference for boys are composed of those who are offering themselves for special lines of religious work.

Unifying and promoting the activities of all of these organizations is the Baptist Student Union, created in the fall of 1927. This organization at frequent intervals conducts the devotional exercises at the chapel hour, laying special emphasis upon topics vitally related to the student life. Through its work leadership in the different groups is more widely distributed and the responsibility of each officer is more definitely realized.

The Methodist Episcopal Church, with Sunday School every Sunday and preaching monthly, is near enough for students to attend.

The Presbyterian Church, with a neat house of worship, has preaching monthly, with Sunday School every Sunday.

Evangelistic meetings are held once or twice a year. Last year these meetings were conducted in the spring term by Dr. James B. Turner, pastor Hayes-Barton Baptist Church, Raleigh. In these meetings and during our regular preaching services there have been about fifty baptisms for the year. A brick church costing about \$25,000, is well equipped with Sunday-school rooms, a pipe organ costing \$2,500, and is a great addition to our chance to serve those who come to us.

A prominent professor in one of our leading colleges has said: "Of all the preparatory schools in the State with which I am acquainted (and I know the principal ones) there is not another where the influences for good morals are equal to yours."

# SUNDAY SCHOOL LECTURES

For a number of years we have had the services of expert Sunday-school workers, who have given us a series of lectures on Normal Training, with emphasis on the preparation of Sunday-school workers.

# Public Lectures and Addresses

November 5th—Dr. B. W. Spilman and Rev. W. H. Moore, Kinston, N. C.

November 17th—Homecoming and Stunt Night.

November 24th—Dorminy Recital.

December 7th—Rev. J. W. VanKirk, Springtown, Ohio.

January 26th—Society Anniversary—Rev. H. W. Baucom, Wilmington, N. C.; F. Hunter Creech, Esq., Washington, D. C.

January 21-25th—B. Y. P. U. Training School—Rev. J. A. Ivey, Raleigh, N. C.; Rev. C. B. Howard, Louisburg, N. C.; Miss Winnie Rickett, Raleigh, N. C.

January 27th—Rev. H. W. Baucom, Wilmington, N. C.

February 13th—Rev. Fred N. Day, Winston-Salem, N. C.

February 14th-Prof. A. L. Aycock, Wake Forest, N. C.

March 4-8th—Dr. J. B. Turner, Raleigh, N. C., Revival Services.

April 6th—Wake Forest Glee Club.

April 7th-Dr. H. M. Poteat, Wake Forest, N. C.

April 2nd—Dr. Charles E. Maddry, Raleigh, N. C.

April 12th—Rev. C. B. Howard, Louisburg, N. C., B. S. U. Installation Services.

# Literary Societies

In connection with the school there are four enthusiastic and well-organized literary societies—Astro, Sappho, Eutrophian, and Philologian.

The Astro and Sappho for young ladies meet Wednesday evenings for debates, readings, essays, discussions, and the transaction of business.

The Eutrophian and Philologian for young men meet Friday night for debate, declamations, reading essays, and the transaction of business.

Interest in the work of the four literary societies has been greatly increased by the inauguration of inter-collegiate debating in 1929. Under the direction of faculty representatives all members of the societies are instructed in the art of debating and encouraged to compete for places on the teams. Boys and girls alike have manifested a keen interest in this new student activity.

All boarding students are required to join one of the literary societies within thirty days after registration, unless excused by the faculty.

Any student expelled from a society becomes subject to expulsion from school.

All applications for membership in any society shall be approved by a committee of the faculty, and neither society shall have more than three-fifths of the aggregate membership of both societies.

No student is allowed to be signed up for either society or to attend a meeting of either society until the eighth day after registering as a student.

# Epsilon Pi Eta Society

The Epsilon Pi Eta Society was organized in the fall of 1928, for the express purpose of promoting character, leadership, and scholarship. Membership in the society is gained by the nomination of at least twenty-five per cent of both the faculty in the high school and college department of the society, in addition to attaining a fixed scholarship record for at least one year. Membership in the organization is restricted to high school senior and college classes.

# MEDALS AND PRIZES

Medals and prizes are awarded annually as follows:

Ten dollars in gold for best all-round student, Mr. Claude Gore.

Excelsior Medal, for best student of the opposite sex.

The J. W. Jordan Orator's Medal.

Best declamation.

Best recitation.

Booster pin given by Miss Moon.

Dr. Henry B. Day Music Improvement Medal.

Music Scholarship Medal.

The J. R. Carter Medal, given by Mr. P. A. Carter of New York, in memory of his brother, for best student in languages.

Athletics and Scholarship, given by Prof. L. H. Campbell.

The literary societies award medals at the end of each term for best improvement in society work, and the Philologian and Eutrophian societies award a medal for best debater.

# PUBLICATIONS

In addition to the *Quarterly Bulletin* for the purpose of disseminating information concerning the work of the school, the students publish a semi-monthly newspaper, *Creek Pebbles*, and a college annual, *The Pine Burr*. Both of these publications are under the supervision of faculty advisers and are representative of the spirit of the institution.

# MINISTERIAL LOAN FUND

Through the liberality of Mr. M. C. Treat, of California, we are permitted to offer a loan of from \$25 to \$75 a year to worthy ministerial students who cannot otherwise attend school. The young men applying for help must show evidence of consecration and capability, giving recommendation from their pastor and church.

Parties receiving help are required to give their note, to be paid in four years time; earlier if convenient.

# HELP FROM EDUCATION BOARD

The Education Board of the North Carolina Baptist State Convention is helping young men preparing for the ministry. All such applications for help must be endorsed by the church of which the beneficiary is a member, by the Moderator of the Association, and by the Chairman of the Executive Board. Application blanks can be secured by writing to the Principal.

# Athletics

Mr. Hays Mr. Brandon Mr. Edwards Miss Moon

We believe that relaxation and exercise are necessary for the physical and mental development of students; that athletic contests, when properly safeguarded, have an important place in school life in accomplishing these aims. While we do not encourage professionalism, nor allow unnecessary loss of time from school work, we seek to enlist every student in some form of regular exercise. Faculty supervision and coaching is provided for various forms of gymnastic exercise and games with the view of developing clean sportsmanlike conduct on the part of all students. We have teams in all the major sports, football, baseball, basketball, track, and tennis, which compare favorably with teams from other schools in our section.

For the first time a full-time director of athletics has been employed to offer expert coaching in the major sports. In this capacity Mr. Robert S. Hays, from the University of Missouri, more recently from the coaching staff of Wake Forest College, has been secured. The wisdom of this choice is already proven by the enviable record of the Hays-coached teams. Mr. Hays is assisted by Mr. Brandon and Mr. Edwards with athletics for boys, while Miss Moon directs the girls in their physical education.

We are well equipped to develop the physical life of our students with our spacious campus containing many courts for mass games and tennis; with a large athletic field under the control of the school; and with our new gymnasium 60x90 feet, supplied with toilets and shower baths.

All boarding students are required to attend regular classes in physical education meeting three times a week. Graduation will be denied those who fail to come up to the standards of the department. The course includes gymnastics, competitive games, and instruction in hygiene.

No student will be allowed to represent the school on any team whose deportment and scholastic record fails to meet the approval of the faculty. Profanity and rowdyism on the athletic field are not tolerated.

The school awards monograms in football, basketball, baseball, track, and tennis.

# Boarding Arrangements

GIRLS' DORMITORY. Young ladies board in Treat Dormitory or the Fred N. Day Annex, and are under the supervision of the Dean of Women. They are not allowed to receive company at the dormitory, except under the supervision of the Dean. The buildings have electric lights, the dormitory is steamheated, and both are supplied with running water.

Boys' Dormitory. A dormitory for boys has been built. It is a two-story building, fifty-eight rooms, is supplied with electric lights, steam heat and water. Members of the faculty room here and have the oversight of the boys.

FURNISHINGS. Those who room in the dormitories and the annex must furnish one pair of sheets, one pair of pillow-cases, one pillow, one quilt, towels, comb, etc. Most of our rooms are equipped with double beds.

Deposit. Each applicant for room in dormitories must deposit \$5 to secure assignment, the same to be deducted from last payment less any unnecessary damage to room. This deposit will be refunded, provided applicant decides not to take the room and notifies the College by August 25. If room is not claimed within one week after the opening of school, the same will be declared vacant.

PRIVATE Homes. Young men may board and room in private homes. In these homes some families give board and furnished rooms. In other families "clubs" are conducted, at the end of the month each member of the club paying his *pro rata* expense of the board.

No student will be allowed to board or room in any private home, unless the keeper of the home pledges to support the government of the school and to report weekly as to the conduct of students in the home.

# Expenses

(For Semester of 18 Weeks)

# TUITION AND FEES

Elementary Department	15.00
Academy	22.50
Junior College	27.50
Matriculation (Includes Registration, Library, Medical, and	
Athletic Fees, etc.)	17.00
Board	
In Dormitory, with Room, Heat, and Lights\$	84.00
In "Clubs" with Room, Heat and Lights about	90.00
In Private Families, Regular Board with Room\$90 to	\$105
Extras	
Music (Vocal, Piano, Violin, Orchestra, Preparatory, each)\$	22.50
Music (College)	27.50

Piano Practice (College)	3.75
Harmony, Theory and Music History	5.00
Expression	22.50
Business Course	22.50
Shorthand and Typewriting	22.50
Laboratory fees, Chemistry and Biology (Academy), each	2.00
Laboratory fees, Chemistry and Biology (Junior College), each	4.00
Microscope rental fee	<b>1.5</b> 0

In literary department a discount of fifty per cent on tuition is given orphans, widows, ministers, and ministers' children.

# SETTLEMENTS

- 1. All fees must be paid upon registration, before students are admitted to classes.
  - 2. Settlement for tuition is due upon entrance.
- 3. Charges for board must be paid for each half-semester in advance.

Any variation in the above terms of settlement must be approved by the President before entrance.

Tuition will be refunded only in case of sickness or unavoidable absence for more than a month. No deduction for board for less than two weeks can be allowed, and then only for half time.

No credits for work completed will be given students until settlement of all charges are made.

# Rules and Covernment

- 1. We will not play cards or any games of chance.
- 2. We will not carry concealed weapons.
- 3. We will not use profanity.
- 4. We will not drink wine, whiskey, or any other intoxicants.
- 5. We will not leave the College community without the permission of the Dean or his representative.
  - 6. We will neither write nor pass notes.
- 7. We will not use tobacco in the schoolrooms, nor smoke in and around the buildings.
- 8. We will not mark, cut or in any way deface the school furniture or buildings, and will pay for all damage done to property by us.
- 9. At night we will not be away from our boarding places after dark, except by permission.
- 10. Students leaving the school are required to get permission from the Dean or his representative on the faculty.
- 11. Students missing chapel exercises, without being excused, five times, may be summoned before the faculty; for ten unexcused absences the student may be expelled. Students absent from three recitations on any subject during a month, without being excused, may be required to stand examination on that subject.
- 12. Students are required to have written permission from their parents in leaving school. Parents are urged to give their children as few permissions as possible. Except in cases of emergency, no student can have permission to be away more than eight times during the year.
- 13. Students are not allowed to miss classes on the day before or the day after a holiday.

- 14. Students will endeavor to refrain from any conduct, either in or out of school, known to them to be damaging to themselves or the interests of the school.
  - 15. Students are required to attend religious services.

Before matriculating, all students will be required to subscribe to the above rules of government, pledging their honor to cheerful obedience.

# Suggestions About Dress

The following suggestions are offered to aid the girl in planning her wardrobe for the school year:

Girls are requested to dress inexpensively and modestly.

High-heel shoes should not be worn to class rooms.

Gymnasium suit (knickers or bloomers, slip-over sweaters, and tennis shoes) are required for classes in physical education.

White dresses of heavy cotton material are worn by all the girls (except seniors) during commencement.

# Honors Credits

To be entitled to graduation in the college department a student in addition to the quantitative requirements must have an equal number of qualitative credits awarded as follows: for 90 or above, 3 credits for each semester hour of the course; for 85 to 90, two honors credits for each semester hour; for 80 to 85, one honors credit.

A student may graduate from the high school department without honors credits, but will not be recommended to college with less than sixteen such credits, each unit being counted as a semester hour above.

# Special Notes

- 1. Students coming by railroad will be met at Dunn, Coats, or Lillington, if notified.
- 2. We have a healthful location. No school in the State furnishes a better atmosphere for student life.
- 3. Post office in sight of the Academy. Three mails daily, except Sunday. The Carolina Telephone Company's line extends to Buie's Creek, with central at Dunn.
- 4. Our buildings are new, comfortable, commodious, and well furnished.
- 5. The school is highly endorsed by its patrons and other prominent men who are acquainted with our work.
  - 6. Firm but mild discipline is enforced.
- 7. Lectures on morals, etiquette, etc., are given, from time to time, by the President and other members of the faculty. Public lectures by prominent men at least quarterly.
- 8. Eight hundred and thirty-six students last year. Why so many? (1) Because of the thorough and practical work done here—merit. (2) Unsurpassed moral advantages. Fewer temptations to idleness and immorality than almost any other community, and parents are learning that it does not pay to disregard the moral advantages in deciding where to send to school. (3) The school is cheaper than other schools of similar grade, offering equal advantages. (4) We are doing what we can to make the school a blessing to the people, and are depending on God to help us.
- 9. We have an able faculty, representing Wake Forest College, Chowan College, Columbia University, Ohio Valley College, Bowling Green Business University, University of North Carolina, Meredith College, Furman University, New York School of Music, Moody Training School, North Carolina College for Women, Georgetown College, Baptist Bible Institute, Southwestern Training School, Louisville Training School, Bessie Tift College, University of Chicago, Coker College.

# Commencement, 1928

#### SATURDAY, MAY 12TH

8:15 p.m.—Elementary Grades.

#### SUNDAY, MAY 13TH

11:30 a.m.—Sermon, Rev. C. H. Durham, D.D., Lumberton, N. C. 8:15 p.m.—Sermon, Rev. C. H. Durham, D.D., Lumberton, N. C.

# WEDNESDAY, MAY 16TH

10:30 a.m.—Orator's Contest.

2:30 p.m.—Declaimer's and Reciter's Contest.

8:30 p.m.—Class Day Exercises.

## THURSDAY, MAY 17TH

11:00 a.m.—Literary Address, Francis Pendleton Gaines, Ph.D.,
President, Wake Forest College, Wake Forest, N. C.

12:30 p.m.—Baccalaureate Address and Delivery of Diplomas.

### Decisions of Four Judges

(W. P. STACY, CHIEF JUSTICE OF N. C.)

Buie's Creek Academy is situated in a healthy locality. It is conducted under Christian influences and offers a wholesome solution for those who are faced with the problem of selecting a school for their children.

#### (L. R. VARSER, ASSOCIATE JUSTICE OF N. C.)

I consider Buie's Creek Academy thorough and successful in imparting instruction. The Christian influence that prevails throughout its student life is such that parents may feel satisfied to commit their children to its care. I have the fullest confidence in its management and do cheerfully commend it.

#### (JUDGE E. H. CRANMER, SUPERIOR COURT)

I recall, often, my visit to your splendid school. You are doing, and have done, a wonderful work. Your school is one of the bright spots in North Carolina, and I wish, sincerely, you could take ten times as many students as your present plant will accommodate. I wish, too, a few thoughtful men and women from each county in North Carolina could visit your fine school.

As a North Carolinian I am proud of, and grateful for, Buie's Creek Academy.

#### (JUDGE W. A. DEVIN, SUPERIOR COURT)

I have had opportunity to visit Buie's Creek Academy on two occasions. I have known its honored Superintendent many years, and some of his assistants. I have watched the careers of a number of young men who were students there. From this personal knowledge and through other sources of information, I have formed the opinion that nowhere can better, cleaner, saner mental training be had, nor do I know of an institution where the environment is more fitted for the development of moral character. You are doing a great work there and I rejoice in it.

## Mhat School Superintendents Say

(HON. A. T. ALLEN, SUPERINTENDENT OF PUBLIC INSTRUCTION FOR N. C.)

I want to congratulate you on your large enrollment for this year. Buie's Creek Academy has done a great work in North Carolina and I am delighted to know that its prospects for the future are so bright. I certainly hope this work will continue to grow in usefulness and service and I know it will as long as your hand guides its destinies.

#### (HON. J. HENRY HIGHSMITH, SUPERVISOR OF HIGH SCHOOLS FOR N. C.)

I take pleasure in speaking in commendation of Buie's Creek Academy. The school has rendered a very fine service in the equipment of young people for entrance to college and for engaging in various kinds of work. There is a decidedly wholesome atmosphere about the school. Many young men and women who are more mature than average high school boys and girls enter the school each year and find the work not only pleasant, but stimulating, and are encouraged to complete their secondary school course. This is a distinctive feature of the work of the Academy. Buie's Creek Academy has rendered an unusually effective service to students who have had limited school advantages. This school is a real educational asset to North Carolina.

## (FROM HON. J. Y. JOYNER, Ex-SUPT. OF PUBLIC INSTRUCTION FOR NORTH CAROLINA)

I retain most delightful recollections of my visit to your school. I was greatly impressed with the fine spirit of your students, the excellence of your Commencement exercises, and the pride of the people of the community in Buie's Creek Academy and their admirable loyalty to it. The marvelous success of your school in a rural district, four miles from any railroad, and the transformation that has been wrought by its influence in that section of the country, is a splendid object lesson in what can be accomplished by pluck, energy, faith, and consecration to a noble work. Your school is doing a blessed work by placing excellent educational advantages within the reach of hundreds of young men and young women of moderate means, and within the reach of many absolutely without means.

#### (FROM SUPT. B. P. GENTRY, HARNETT COUNTY)

The opportunities for the proper training of young men and young women at Buie's Creek are so well known that it seems sufficient to me to say Buie's Creek will carry the right message. These two words have almost become synonyms of growth, development, and progress in Christian education. They suggest a place of power and achievement. Viewing the school and its work as an interested and close observer, I do not hesitate to class it as a big asset, not only to Harnett County, but to the State and county as a whole. Properly located and controlled by men who always dare to do the right, it will ever remain a fit training place for the youth of our land.

## What College Presidents Say

#### (FROM HON. E. C. BROOKS, Ex-Supt. of Public Instruction for North CAROLINA, NOW PRESIDENT OF STATE COLLEGE)

I was very much impressed during my recent visit to Buie's Creek with the fine spirit that prevails in your community. The loyalty of the students to the institution and the admiration and respect in which it is held by the people are an evidence that your institution fills a large place not only in Harnett County, but in the State. It has grown up around a man who seems to have a genius for stimulating and inspiring young men and young women.

#### (FROM PRESIDENT POTEAT, WAKE FOREST COLLEGE)

I beg to congratulate you upon the fact that your school had forty-two men in Wake Forest College the past session, and that of that number ten were in the graduating class. I congratulate you further upon the high purpose, the seriousness, and the habit of work which we have here come to recognize as characteristic of the Buie's Creek men.

#### (FROM PRESIDENT BOATWRIGHT, UNIVERSITY OF RICHMOND)

The young men who have come to Richmond College from Buie's Creek Academy have been students of character and high purpose. Their college work has indicated careful training, and on this basis I am glad to give my cordial endorsement to the work of your Academy.

#### (FROM PRESIDENT FOUST, N. C. COLLEGE FOR WOMEN)

It gives me much pleasure to bear testimony to the excellent work that is being done by your institution. We have had several students from your school and they have shown good preparation. I believe that you are doing a great work and that your school deserves the support and encouragement that it is receiving from our best citizens.

(FROM DR. E. A. ALDERMAN, PRESIDENT OF UNIVERSITY OF VIRGINIA)

I am very glad to bear testimony to the culture and training evinced by pupils of Buie's Creek Academy at this University. By an acquaintance of several years with the work of that Academy, I am prepared to state that it is doing a high quality of work and is a credit to its principal and the section which maintains it.

(FROM DR. CHAS. E. BREWER, PRESIDENT OF MEREDITH COLLEGE)

I know of no school that is doing greater work than is being done at Buie's Creek Academy under the direction of Rev. J. A. Campbell. The students coming from that institution are not only well prepared for their class work, but also have the right attitude.

(FROM PRESIDENT L. R. SCARBOROUGH, SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY, TEXAS)

From what I saw the day I visited the school I put it down in my deepest soul that there can be no better place in this country for a boy or girl to get a start in education. I do not know of a place anywhere that I would rather have my children educated than in Buie's Creek Academy. I count it one of the greatest spiritual assets Baptists have in the South.

(FROM PRESIDENT H. W. CHASE, UNIVERSITY OF NORTH CAROLINA)

I am very glad to say that it has been our experience that the men who come here from Buie's Creek Academy come well prepared for work at the University. They are good men, and we are always glad to have them.

You will be interested to know that one of the men you sent us this year has thus far made a record of over ninety-five per cent in five of the six courses which he has so far completed. This is a most extraordinary record for a first-year man.

(FROM PRESIDENT W. J. McGLOTHIN, FURMAN UNIVERSITY, S. C.)

It has been my good fortune to touch the students who come from Buie's Creek in one way and another for many years, and it is a pleasure to testify that they have uniformly been filled with the highest spirit of devotion to the work of education and to all the higher things of the spirit. There is no secondary school among Baptists which has a better influence upon its students than Buie's Creek, in my judgment. I heartily commend it to all who are seeking a high-grade Christian secondary school.

(FROM PRESIDENT E. W. SIKES, CLEMSON COLLEGE, S. C.)

The spirit of Buie's Creek Academy is one of the finest that I have ever known. Great emphasis is placed upon character building. There is an atmosphere of culture and refinement that greatly edifies. There is much there of the spirit of the famous old high schools that have become historical. High morals and religion are kept above par. The atmosphere of the place stimulates one for higher things. Any young man is fortunate who has had the advantages of such training for four years.

## Mhat Other Prominent Men Say

(Dr. J. R. JESTER, PASTOR FIRST BAPTIST CHURCH, WINSTON-SALEM.)

In the Fall of 1924, it was my pleasure to spend ten days at Buie's Creek speaking twice each day, in Revival Services. In all of my ministry I do not recall a more delightful season. The spiritual atmosphere that exists in Buie's Creek Academy is most wholesome. Every effort is made to implant the highest ideals of Christian character in the minds and hearts of the students. If any

student fails to respond to such influence, we feel that such failure cannot be charged to those who are giving their lives and best effort in a sacrificial way to train the students for real service. The Buie's Creek spirit is unique. We have seen no school that exerts a finer Christian influence. May heaven's favor continue upon J. A. Campbell and those associated with him in the noble work of this Institution.

#### (FROM HON. J. A. POWERS, SOLICITOR FOR SIXTH DISTRICT.)

Many of your students were class-mates of mine at Wake Forest College. Many others I have known personally and by reputation, I think I can speak with authority when I say that your institution is rendering the greatest service of any institution within my knowledge. I never hesitate to recommend your school whenever and wherever I have opportunity.

#### (From Hon. Josephus Daniels, Ex-Secretary U. S. Navy)

One of the institutions that is doing the most good in this section of the State is Buie's Creek Academy, Harnett County. It is not ambitious for greatness, but its principal, Rev. J. A. Campbell, is ambitious to see it grow in usefulness. It has been like a light set on a hill to a large section of country, and has shed a radiance of better education and enlarged opportunities that will tell for the State's betterment in all the years that are to come. If every section of the State had such an academy, North Carolina would in a few years take front rank.

(FROM REV. C. E. MADDRY, D.D., SECRETARY OF BOARD OF MISSIONS FOR N. C.)

We judge any institution by its finished product. Measured by this standard, Buie's Creek can meet the test. As a high-grade preparatory school it ranks second to none in North Carolina. The students going out from this school stand shoulder to shoulder with those of any other school.

But the finest asset of Buie's Creek is its wholesome, Christian atmosphere. The school is built up and lives around the great historic spirit of its founder and director. The spirit of noble sacrifice and unselfish service sooner or later grips and dominates every young life that touches Buie's Creek. May the blessings of heaven, without stint and measure, be poured out continually upon the great school.

(FROM DR. CLARENCE H. POE, EDITOR PROGRESSIVE FARMER, RALEIGH, N. C.)

It gives me great pleasure to bear testimony to the splendid work of Buie's Creek Academy, especially as it impressed itself upon me during my recent visit. I remarked upon my return that I doubted whether any other school in North Carolina has accomplished as much in proportion to the money expended upon it. You have reached a class of young men from our farms, most of whom no other institution would have reached, and the good accomplished is incalculable.

(FROM REV. LIVINGSTON JOHNSON, D.D., EDITOR BIBLICAL RECORDER)

It was my great pleasure to visit Buie's Creek recently. I had heard much of this school and its excellent work, but can truly say that my expectations, high as they were, were more than met. Nearly five hundred pupils are gathered from sixty-five counties of this State, and from many other States.

These young men and women impress one as having an earnest purpose in life. They are there to better prepare themselves for future usefulness.

Most of them are poor, and could not secure an education were it not for the peculiar advantages offered them by Buie's Creek Academy. Any parent can feel safe in putting his child under the care of Professor Campbell. There is a spiritual atmosphere pervading the whole institution which impresses one as soon as he reaches the community.

#### (FROM HON. J. A. OATES, FAYETTEVILLE, N. C.)

One of the great marvels in the educational revival in North Carolina is the wonderful internal and expansive growth of the Buie's Creek Academy. It was once the school of Rev. J. A. Campbell, but is now the school of the people. The State does not own it, yet it is a public school. No church owns it, yet its strong influence for Bible truth and morality cannot be calculated. Buie's Creek needs the people and the people need Buie's Creek.

The elements have met in Buie's Creek to make it a great Southern preparatory school. These elements are a practical, consecrated principal of experience, a school with an enviable record already established, a patronage which means loving friends, a location ideal. The people of North Carolina could do the educational work of their State no better service than to take stock in Buie's Creek Academy.

(FROM REV. B. W. SPILMAN, D.D., FIELD SECRETARY SUNDAY SCHOOL BOARD, KINSTON, N. C.)

I have recently spent several days at Buie's Creek Academy. It is in many respects the best academy in North Carolina. The building is equipped with modern appliances. There is a faculty whose superior is not to be found in any academy in the State, and the spirit of Christ pervades the institution.

#### (FROM DR. G. W. PASCHAL, WAKE FOREST, N. C.)

I have never been at Buie's Creek to see your plant, but I know your school. "By their fruits ye shall know them." For twenty-six years now I have been dealing with students fresh from Buie's Creek. Without exception they have shown the influence of such training in books, in religion, in character, as I could wish that my own sons may receive in their high school course.

#### (FROM REV. C. H. DURHAM, D.D., LUMBERTON, N. C.)

It was my privilege to visit Buie's Creek Academy recently. For a number of years I have viewed it from a distance with increasing admiration. On this occasion it was my great pleasure to view it at close range and become better acquainted with its inner life and work. Having heard so long of some of the chief characteristics of the place, it was not surprising to find the moral and religious tone of the community to be very pronounced. Also to find it remarkably free from loud, worldly display, so prevalent nowadays. The visitor soon has the conviction that faithful, honest work is done here. And he soon finds himself prepared to believe that the students of this institution move in an atmosphere which is calculated to develop strong, healthy, Christian character. Of course, every one agrees that the godly life of Principal J. A. Campbell is stamped on the school and the entire community. Few men are loved and respected by their pupils, associates and neighbors as much as he is. The work that he and his faithful teachers are doing can't be estimated this side of eternity. To all the Baptist people in North Carolina it should be a source of profound gratitude that we have such a school as this,

(FROM DR. P. E. BURROUGHS, EDUCATIONAL SECRETARY, NASHVILLE, TENN.)

Buie's Creek Academy holds a unique place among the educational institutions of the entire country. The rank which its students are taking in the higher institutions of learning sufficiently attests its scholarship. Besides its scholarship, and almost better than its scholarship, is its fine moral and spiritual atmosphere. If there is a safer and choicer place for our young people than Buie's Creek Academy, the writer does not know about it.

### What Our Patrons Sau

#### (DR. C. E. SCHAIBLE, CHAIR OF BIBLE, COKER COLLEGE, S. C.)

We are very much pleased with the progress that Maynard has been making, since he has gone to Buie's Creek Academy. We feel that we did well in sending him to you. I shall be glad to recommend Buie's Creek Academy to anyone. Your Christian standards and ideals are bound to work good to anyone who can respond at all to good influences.

#### (HON. J. C. MEEKINS, JR., WASHINGTON, N. C.)

I consider your institution the best preparatory school in this State.

To my mind there are four qualities, which are absolutely necessary to a boy's success, in after life: Religion, thoroughness, thrift and economy. In visiting my boy, who is with you, I find that these conditions are stressed at Buie's Creek more than at any place I have ever seen. I have two more boys for you, one will go next year and the other as soon as he is prepared to enter.

#### (FROM REV. FRED N. DAY, WINSTON-SALEM, N. C.)

I have been for a number of years personally acquainted with Professor Campbell and his school. I have had three sons under his care and am also interested in educating others there. In my opinion there is no safer or better school to which to send your children.

#### (FROM MR. J. L. AYCOCK, ELBERON, N. C.)

For the last two years my son has been a student of Buie's Creek Academy, and I am well pleased with the progress which he has made. He is very enthusiastic about his work there and speaks in highest terms of the school and faculty. It has been my privilege to visit Buie's Creek a few times, and I think that I have never seen such loyalty to the school and the things that are best among any student-body as is shown by the boys and girls of your institution.

#### (FROM REV. E. R. NELSON, BAPTIST PASTOR, HENDERSON, N. C.)

It affords me pleasure to commend both you and your school. I have been most favorably impressed with your methods and with the conduct of the work and my admiration and love for you increase with every visit.

I shall always be glad that I sent my daughter to Buie's Creek Academy. This is a Christian secondary school of the highest order. I have a well-founded suspicion that the head of the school is very careful as to whom he associates with himself in the work.

Particular attention is given to discipline, and parents may feel sure that their children are safe at this school.

Professor Campbell has an inimitable knack of appealing to the best and the noblest that is in one, creating ideals and lifting the aspirations of his students, so that one feels ashamed not to be and do his best.

The esprit de corps of the students, and former students, proves that one never quite gets over attending Buie's Creek; he loves the place, the teachers, and, most of all, its founder and principal, J. A. Campbell.

#### (FROM MR. I. D. HARRELSON, FARMER, WINNABOW, N. C.)

Having been a student at your school more than twenty years ago, it was not hard for me to decide where to send my children when ready for high school. I sent you my oldest son. He is now in Richmond doing well. You now have my oldest daughter and six others are getting ready for Buie's Creek. I am perfectly

satisfied so long as my children are under your watchful eyes. I regard your school as second to none on earth. My father, now eighty-six years old, wishes me to add that he has been watching your school with prayerful interest since its first beginnings, and he will never cease to love you and the school for what it has done for the Master's cause.

#### (FROM REV. K. C. HORNER, BAPTIST PASTOR, GATESVILLE, N. C.)

It is my candid opinion that Buie's Creek preparatory school, with its consecrated and wide-awake superintendent, Prof. J. A. Campbell, and his fine corps of teachers, is equal to any and exceeded by no other school of its kind in the State or elsewhere.

I rejoice that I am a patron of this school, and do hereby heartily recommend it to be all right morally, educationally, financially, and socially.

#### (FROM MR. C. C. JONES, CARTHAGE, N. C.)

If an institution is to be judged by its fruits (and how else shall we judge it?) I know of one man who as a boy attended this school, got his bearings, and often refers to it as the deciding factor in his life's work, who if he were the only one that could be pointed to as a credit to the school, it would have been worth all the efforts ever put forth there, and the school would be counted a great success. But I know of many such. They are scattered all over the country. That seems to have been and is the aim of the school-to help boys and girls find their life's work. Too many are aimlessly drifting, jumping from pillar to post, and have no purpose in life; Buie's Creek helps them to find themselves and gives them a vision of the "life beautiful." I know of no better influence anywhere, and the good that this school has done can never be estimated as we estimate things in this world. Any man having money he desires to invest in boys and girls, where it will pay large dividends in things that abide forever, while empires crumble, would do well to look into the work of Buie's Creek. Its guiding hand all these years has been that matchless man, J. A. Campbell. How he has done the work he has is a marvel.

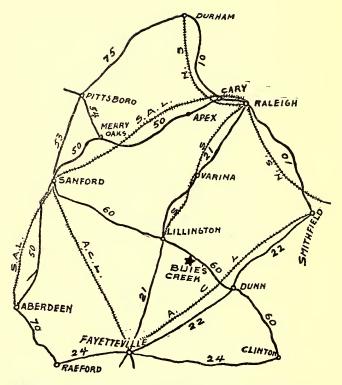

#### (FROM MR. CLAUDE STEPHENSON, FARMER, WILLOW SPRINGS, N. C.)

I wish to say that I think your school the best preparatory school within my knowledge. The Christian influence which surrounds the girls and boys under your management is the most wonderful part of school life. I am glad of the privilege to patronize such a school, feeling that my daughter will be well cared for while there.

#### (FROM MR. S. A. ADAMS, MERRY HILL, N. C.)

I do not believe North Carolina has a preparatory school superior to Buie's Creek. I have visited the school twice since my daughter has been a student there and I have sought information from her and from many others. I believe that the privileges and opportunities for intellectual training offered in your school are as good as can be found anywhere, but I rejoice that the moral and spiritual training given your students will count for even more. The high ideals of Christian living held up in your school, beautify and glorify the intellectual training given.

#### Calendar for 1930-1931

#### 1930

May 26—Opening of Summer School.

July 4—Closing of Summer School.

September 1—Arrival of New Students—Dining Hall opens with Noon Meal.

September 2-3—Registration and Classification of New Students and Examinations for Removal of Deficiencies.

September 4—Registration and Classification for Returning Students.

September 5—Class Work Begins.

September 21-26—B. Y. P. U. Study Courses.

October 18—Library Day.

October 25-Fall Debate.

November 27—Thanksgiving Day.

December 13—Joint Meeting of Societies.

December 19—Christmas Vacation Begins at Noon.

December 31—College Work Resumed 8:00 a.m.

#### 1931

January 8-13—First Semester Examinations.

January 14—Second Semester Begins.

January 19-23—Sunday School Training Courses.

January 24—Anniversary of Societies.

February 27—Spring Debate.

February 28—Arbor Day.

April 20—Easter.

May 9—Joint Meeting of Societies.

May 14-19—Examinations.

May 17—Commencement Sermon.

May 19—Exercises by Elementary Grades.

May 20—Society and Class Day Exercises.

May 21—Literary Address, Delivery of Diplomas.

## Faculty

#### JAMES ARCHIBALD CAMPBELL, B.A., D.D., PRESIDENT

Principal Buie's Creek Academy since 1887; Superintendent Harnett County Public Schools, 1890-1894, 1897-1899; B.A., Wake Forest College, 1911; D.D., Wake Forest College, 1926; Baptist Pastor since 1886

#### BURGESS PINCKNEY MARSHBANKS, M.A., LL.B., VICE-PRESIDENT

B.A., Wake Forest College, 1908; M.A. and LL.B., Wake Forest College, 1909; Assistant in Physics Wake Forest College, 1908-1909; Graduate Student State College, 1924; Mathematics and History, Campbell College, 1909—

Mathematics

#### LESLIE HARTWELL CAMPBELL, M.A., DEAN

B.A., Wake Forest College, 1911; M.A., Wake Forest College, 1916; Graduate Student University of North Carolina, 1912, 1926; Graduate Student Columbia University, 1913, 1924; English and Latin, Campbell College, 1911—

English and Education

#### MABEL POWELL, B.A.\*

B.A., Georgetown College, 1924; Graduate Student University of North Carolina, 1926, 1927; Candidate for M.A. degree University of North Carolina, 1930; Chair of English, Saint Mary's Seminary, 1920-1921; English and Latin, Campbell College, 1924—

Latir

#### GEORGE GREER RICHARDS, B.A.

B.A., Wake Forest College, 1926; Mathematics, Campbell College, 1926—

Mathematics

#### S. O. BRANDON, B.A.

B.A., Wake Forest College, 1926; Mathematics, Mountain View College, 1924-1925; Mathematics, Mars Hill College, 1925-1926; Mathematics and Assistant in Athletics, Campbell College, 1926—

Mathematics and Assistant in Athletics

#### JOHN EDWARD AYSCUE, M.A., B.D.

M.A., Wake Forest College, 1903; B.S., University of Chicago, 1905; Pastor Greenville Baptist Church; Bible and History, Campbell College, 1926—

Bible and History

#### MRS. JESSIE ALLEN PARKER, B.A.

B.A., Meredith College, 1923; Graduate Student University of North Carolina, 1924, 1926, 1927; Candidate for M.A. degree University of North Carolina, 1930; French and German, Wingate Junior College, 1923-1926; Modern Languages, Campbell College, 1926—

Modern Languages

#### GEORGE LOREN EDWARDS, B.S.

B.S., Wake Forest College, 1926; University of North Carolina Extension, 1929; Principal Junior High School, 1922-1924; Science and History, Campbell College, 1924—

History and Science

<sup>\*</sup>On leave of absence Spring, 1930.

#### MRS. ABBIE BENTON BONSTEEL, B.A.

B.M.T., Woman's Missionary Union Training School, 1914; B.A., Bessie Tift College, 1926; Graduate Student Mercer University, 1927, '28, '29; Diploma in Commercial Law; English, History, Bible Brewton-Parker Institute, Georgia, 1921-1922; W. M. U. and S. S. Field Secretary, Georgia, 1913-1913, 1922-1923; Stewardship Chairman, Wilmington Division, 1927; Author of "Hidden Pearls."

English and Bible

#### GLADYS STRICKLAND, M.A.

B.A., Meredith College, 1924; M.A., Cornell University, 1927; French and English, Salemburg High School, 1924-1925; French and English, Campbell College, 1925-1926; Campbell College, 1927—

English and Modern Language

#### EVELYN SNIDER, M.A.

B.A., Coker College, 1928; M.A., University of North Carolina, 1929; Campbell College, 1929—

English

#### HUBBARD FULTON PAGE, M.A.

B.A., Wake Forest College, 1905; M.A., Harvard University, 1911; English and Latin, Buie's Creek Academy, 1906-1907; English, Wake Forest College, 1908-1909; Instructor in English, Texas Christian University, 1911-1912; Assistant Professor of English, Agricultural and Mechanical College of Texas, 1916-1926; Assistant Professor of English, Mississippi College, 1928; English, Campbell College, 1930—

English

#### BENJAMIN FRANKLIN RICKS, B.S.

B.S., Wake Forest College, 1929; Assistant in Biology at Wake Forest College, 1928; Science, Campbell College, 1929—

Science

#### LAURINE HAYNES, M.A.

A.B., Coker College, 1925; M.A., University of North Carolina, 1928; Teacher in Ninety-Six High School, 1925-1926; Columbia High School, 1926-1927; Burke Junior College, Waynesboro, Ga., 1928-1929; Campbell College, 1930—

Latin

#### C. L. HARRIS, M.A.

B.A., Wofford College, 1927; Student Assistant in Biology, Birmingham Southern College, 1923-1925; Head of Science Department, Palmetto High School, Florida, 1927-1928; Bragtown High School, 1928-1929; M.A., Duke University, 1930; Second Lieutenant, O. R. C., U. S. A.; Campbell College, 1929-1930—

Chemistry and Biology

#### OLIVIA BLANCHE HOCUTT, A.B.

A.B., Meredith College, 1923; Graduate Student, Columbia University, Summer 1927; Graduate Student University of North Carolina, 1928; Stoneville High School, 1923-1926; Mills Home, 1926-1929; Campbell College, 1929—

French and English

#### EUGENE NORFLEET GARDNER, M.A., Th.M.

B.A., Richmond College, 1914; M.A. Ibid., 1915; Pastor of Churches, 1915-1916; Th.M., Southern Baptist Theological Seminary, 1920; B.D., University of Chicago, 1920; Pastor of Churches, 1920; Instructor in Bible, Orphanage High School (Thomasville, N. C.), 1925-1929; Campbell College, 1930—

Greek and English

#### FLORA B. CANADAY, B.Mus.

Student Meredith College; Post-graduate Southern Conservatory of Music; Pupil of Arthur Friedheim, New York School of Music; Student Columbia University; Member of Faculty, Southern Conservatory of Music; Director of Piano, City Schools of High Point and Organist First Presbyterian Church of High Point, three years; Member of American Guild of Organists.

Piano, Organ, Theory

#### ARCHIBALD EDGAR LYNCH

Shenandoah Institute, 1914-1915; Student New York School of Music and Arts; Student Moody Training School; Student Winona Lake; Evangelistic Singer Home Board, 1919-1922; Vocal Music, Campbell College, 1922—

Vocal Music

#### HENRY TROY McDUFFIE, DIPLOMA IN MUSIC

Graduate Southern Conservatory, 1927; Student Columbia University; Member Faculty Campbell College, 1923-24; Director Music Orrum and Barnesville High Schools, 1927-28; Campbell College, Music Department, 1928—

Piano, Public School Music, Band, Harmony

#### LULA FRANCES BROOKS

Graduate Brockman School of Music, 1898; Graduate Baptist Bible Institute, 1923; Sherwood Music School, Pupil Marinus Paulsen; Graduate Student Moody Bible Institute, 1926; Teacher of Violin, Baptist Bible Institute; Member of Faculty, Campbell College, 1924—

Violin and Director of Orchestra

#### MRS. ETHEL THOMAS EDWARDS

Oxford College; New York University; Teacher of Art, Fruitland Institute, 1922-1924; Teacher of Art, Campbell College, 1924—

Art

#### ESTELLE BURT

Graduate Campbell College, 1920; Private Pupil of Florence Adams, Washington, D. C.; Columbia University; Member Faculty, Campbell College, 1924—

Expression

#### I. M. WALLACE, B.S., B.C.S.

B.S., Ohio Valley College; B.C.S., Bowling Green Business University; Teacher Commercial Department, Oklahoma City Schools; Principal Commercial Department, Clinton College, Kentucky; Commercial Department, Campbell College, 1915—

Commercial Department

#### NETTIE MOON

Graduate Buie's Creek Academy, 1917; Student Meredith College, 1917-1918; Student University North Carolina and Wake Forest College; Member of Faculty, Campbell College, 1919-1921, 1922-1924, 1925—

Dean of Women

#### ROBERT S. HAYS, B.S.

B.S., University of Missouri, 1923; Freshman Coach, Wake Forest College, 1923-1926; Campbell College, 1927—

W. P. HOLT, JR., M.D. P. G. PARKER, M.D.

School Physicians

ADA OVERBY Secretary to President

J. F. BLACKMAN Superintendent Boys' Dormitory

MRS. A. N. JONES
MRS. LUCY ADCOCK
Matrons Girls' Dormitory

#### MRS. MARY E. HARRIS

Will Mayfield College; Missouri State Teachers College; Librarian Will Mayfield College, 1921-1922; Campbell College, 1926—

Librarian

R. E. DUNCAN
Superintendent of Buildings and Grounds

### Grade Teachers

#### MABEL BURT

Graduate Buie's Creek Academy; Two Years a Student at Chowan College; Student of University of North Carolina; Columbia University, 1927; Member of Buie's Creek Academy, 1920—

#### Seventh Grade

MRS. ANA BLAND
Powhatan College, 1900; Meredith, 1901-1903; Student State College, 1923; Wake Forest College, 1924; Member of Buie's Creek Academy, 1926—

Sixth Grade

#### MRS. ETHEL UPCHURCH BROADHURST

Student Meredith College, Wake Forest College, 1921-1926-1927; University of North Carolina; State College, 1923; Member of Faculty of Buie's Creek Academy, 1923—

Fifth Grade

#### MRS. VIRGINIA KIVETT EDGERTON

Graduate Buie's Creek Academy; Two years Student of N. C. C. W.; Student Southwester Baptist Seminary; Member of Faculty Buie's Creek Academy, 1923—

Fourth Grade

#### ALTA CHITTY

B.S., Chowan College, 1927; Member of Buie's Creek Academy, 1927—

Third Grade

#### MRS. T. Y. SEYMOUR

Graduate Buie's Creek Academy; Student Oxford College, 1907; Five Years Teaching in Public Schools of Robeson County; Member of Faculty Buie's Creek Academy, 1927—

Second Grade

#### MRS. J. E. AYSCUE

Graduate of N. C. C. W., 1899-1904; Teacher N. C. C. W., 1904-1906; Student N. C. C. W., 1927; Member of Faculty Buie's Creek Academy, 1926—

First Grade and Superintendent of Grades

#### MRS. I. T. NELSON

Graduate of Oxford High School; Student Elon College; Wake Forest College, 1923-1926; Student University of North Carolina, 1927-1928; Member of Faculty of Buie's Creek Academy, 1928—

First Grade

#### Officers of Administration

- J. A. CAMPBELL, President
- B. P. Marshbanks, Vice-President

L. H. CAMPBELL, Dean

MISS NETTIE MOON, Dean of Women

MISS ADA OVERBY, Secretary to President

DRS. HOLT AND PARKER, School Physicians

- MRS. A. N. JONES, MRS. LUCY ADCOCK, Matrons Girls' Dormitory
  - J. F. Blackmon, Bursar and Superintendent Boys' Dormitory

MRS. MARY A. HARRIS, Librarian

R. E. Duncan, Superintendent of Buildings and Grounds

#### Faculty Committees

- Athletics—L. H. Campbell, A. E. Lynch, Robert S. Hays, S. O. Brandon, G. L. Edwards, Miss Moon.
- Library—Mrs. Mary Harris, Mrs. Parker, Miss Snider, Mrs. Bonsteel, Mr. Ricks.
- Societies—B. P. Marshbanks, Miss Moon, Miss Estelle Burt, Mr. Ayscue, Miss Strickland.
- Classification—L. H. Campbell, B. P. Marshbanks, Miss Powell, Miss Strickland.
- Buildings and Grounds—Mr. McDuffie, Mr. Blackmon, Mr. Richards, Mr. Wallace, Mrs. Edwards.
- Socials and Entertainments-Mr. Lynch, Miss Brooks, Miss Moon, Miss Burt, Miss Canaday.
- Discipline—J. A. Campbell, B. P. Marshbanks, L. H. Campbell, Miss Moon, Miss Powell, Mr. Blackmon.
- Religious Organizations—Miss Snider, Miss Strickland, Mrs. Bonsteel, Miss Hocutt.
- Standard of Work—Heads of the Departments.

## Campbell College

This institution has just closed its forty-third annual session, one of the most prosperous in its history.

For this wide patronage, and for the many kind expressions concerning the work we are doing for the rising generation, we extend to our patrons and the public generally our sincere thanks.

To our former students we feel especially grateful, and hereby acknowledge our indebtedness to them for their correct deportment and diligent application to study while here, and for their faithful efforts in helping to build up the school. With our past experience to help us, trusting in our friends for a continuance of their patronage and their interest in the school, and looking still to God for His help and guidance, we hope to do even better work, and make the school a more effective agency for the uplift of humanity.

#### LOCATION

Campbell College is most fortunate in its location. It is situated a little east of the center of Harnett, in one of the finest sections of this rapidly developing county. It is five miles to Lillington, the county seat, on the Norfolk Southern Railroad and the present terminus of the Atlantic and Western Railroad, four and one-half miles to Coats, the nearest depot on the Durham and Southern Railroad, connecting Durham on the Southern with Dunn on the Atlantic Coast Line, and eleven miles to Dunn. The Durham and Southern makes connection at Apex with passenger trains on the Scaboard Air Line. This places us in easy reach of the principal railroad lines. Route No. 60 of our State Highway System, from Greensboro, Sanford, Lillington, Dunn, Clinton to Wilmington passes by the College. Highway route No. 21, from Raleigh to Lillington, Fayetteville, and Lumberton, passes within four miles of us, connecting with route No. 60 one mile north of Lillington. We are in easy reach of the public highways. The community is exceedingly healthful, the standard of morality high. Being in a quiet country place, we save our patrons much extravagance

in dress, avoid many temptations to immorality incident to the average town and city, and having no "lounging" or sight-seeing places, there are few causes to divert the mind from study. The school village, consisting of about 350 population, is composed of people who have gathered here to educate their children, and they are, therefore, interested in keeping the community life pure and the student body busy. The whole atmosphere is educational; everything centers about the school. It would be difficult to find anywhere a community more favorable in every way to the student life. The helps and restraints of home life are thrown around the students. A prominent pastor of this State writes: "The moral and religious atmosphere of the school is superior to any school I ever knew."

Reports are required as to the deportment of students in their boarding places.

#### GROWTH AND DEVELOPMENT

In January, 1887, the first school building, 48 by 22 feet, was completed, and the present principal opened school, hoping to continue five months, if the patronage would justify. Many of the best citizens of the community thought it would be impossible to continue that long. The school was a success, and in order to give the children better advantages, it was decided to build a room for the Primary Department.

In the summer of 1887 a room 18 by 24 feet was added to the east side of the main building. The school continued to grow in patronage and usefulness, and in the summer of 1893 a wing 18 by 30 feet was added to the west side of the main building.

In order to give accommodation to the growing patronage and furnish buildings more suited to our needs, in 1896 we erected a new administration building, 50 by 36 feet, three stories high, with a projection in front 14 by 16 feet.

The administration building, 136 feet long, contained six large recitation rooms, with Art Hall, Commercial Hall, Library, Society Halls, nicely carpeted and furnished. On the morning of December 20, 1900, the closing of the fall term, at the hands of an incendiary the buildings were destroyed by fire.

During the spring of 1898 we had erected a large, open tabernacle, 80 by 90 feet, which we used for Commencement exer-

cises. After the fire, this large tabernacle was fitted up for schoolroom work, supplied with new patent desks, heaters and other necessary conveniences and comforts, and, January 8, 1901, we opened school here, having seven large, comfortable recitation rooms. Thus, without serious interruption, the work went along. To our students and teachers who rallied around us, working with their own hands, paying their money and soliciting help from others to keep the school going; to the citizens of the community who came and tendered their teams and help in every way, and to hundreds of friends everywhere who wrote letters, sent help and made it possible for the school to continue, we return our heartiest thanks.

### THE KIVETT BUILDING

This building, costing more than \$30,000, was constructed of high-grade brick, made on our own grounds. The corner stone was laid May 23, 1901, and the work was pushed along as funds permitted, this building being sufficiently completed to allow us to enter November 2, 1903. It is an everlasting monument to the love, loyalty and sacrifice of our students and friends.

This building is 92 feet long, 70 feet wide, two stories high, with a wing from the rear 50 feet long, 36 feet wide, also two stories high. On the first floor are four recitation rooms, 35 by 40 feet each, furnished with new patent desks, blackboards, globes, charts, etc. The second story has four rooms, 35 by 40 feet each. Beginning with the year 1926-27 the old administration building was used for the elementary grades and special departments.

### TREAT DORMITORY FOR GIRLS

Through the liberality of Mr. M. C. Treat, of California, who gave \$1,000 starting the fund, and hundreds of other loyal friends, a beautiful dormitory, costing more than \$25,000, was erected, and was ready for the accommodation of girls August 26, 1913. The building is of brick, has two stories, thirty-two rooms, besides the basement, and will accommodate about eighty girls. The rooms are large, well lighted, well ventilated, affording accommodation for two girls to each. The building

is steam-heated, has electric lights and water, and everything possible will be done to safeguard the health of the girls and give them a pleasant place for study.

### WILLIAM PEARSON BUILDING

During the fall of 1915 a building for primary grades was erected, and used first December 28, 1915. It was named the William Pearson Building, in honor of the man who made the first canvass for the school, who always helped, by word and purse, to aid the school, and who died May 25, 1915. Beginning with the year 1926-27 this building was used by the music department.

### FRED N. DAY ANNEX

In February, 1920, Evangelist Fred N. Day, Winston-Salem, purchased the nine-room house near the dormitory, known as the Beavers property, paying \$3,000 for the same, presenting it to the Buie's Creek Academy, Incorporated. The Annex accommodates about fourteen girls.

# CARRIE RICH MEMORIAL LIBRARY

On March 12, 1922, Mr. D. Rich, of Winston-Salem, through Evangelist Fred N. Day, made public announcement of his purpose to erect a library building at Buie's Creek in memory of his wife, Mrs. Carrie Rich. The building is known as the "Carrie Rich Memorial." The building was opened for use during the spring term of 1925. There is no prettier library building and equipment in our State. The equipment and building cost about \$50,000.

# Boys' Dormitory

On April 18, 1923, contract was closed for erecting a dormitory for boys. It is a two-story building, forty-five rooms, steam-heated, has electric lights and first-class furnishings. The building and furnishings are modern, well suited for dormitory life, and cost more than \$40,000.

In the summer of 1928, an addition to this dormitory of thirteen rooms was necessary to provide for additional students and for the superintendent of the dormitory. This addition, costing over \$12,500, was made possible by the use of funds from the late B. N. Duke. Additional conveniences have made these rooms much sought after by applicants for reservations.

### ENDOWMENT

Mr. D. H. Senter, Chalybeate Springs, contributed one thousand dollars a few years ago to start an endowment for the school. To this has been added smaller amounts, which, with the accrued interest, at present totals about \$1,500.

During the Commencement exercises in 1924, Mr. W. C. Ellis, Greenville, S. C., suggested a plan for increasing our endowment on an insurance plan. Alumni of the school are asked to take a ten-year endowment policy payable to the school for amounts from \$100 up. The members of the senior class of 1925 subscribed, in this way, about \$5,000 to this fund. Other Alumni are co-operating in this movement. Policies in force and pledges at present amount approximately to \$15,000.

During the year 1926-'27, additional gifts from Mr. B. N. Duke were received, making his entire benefactions for the institution \$50,000.00. After installing water and sewerage system and making several necessary improvements in buildings and grounds, it is hoped that about \$20,000 may be put into additional endowment fund.

One of the greatest needs of the school is a stable income to supplement the small fees paid by our students. In no more effective way can the friends of the institution lend their help than in adding to this fund.

#### Mr. Duke's Gifts

For many years one of the imperative needs of the school has been a modern system of sanitation. In 1923 Mr. Alonzo Parrish, Benson, an alumnus of the institution and member of the Board of Trustees, gave the school a deep-well pump, gasoline engine, steel tower and a 15,000 gallon tank. A deep well was sunk on the campus, which gives an ample supply of water for all school purposes. No funds were available for completing the sewerage line and installing the equipment in the buildings. In the spring of 1926 Mr. B. N. Duke gave the school \$25,000 for completing the sewerage system, connecting all the buildings with sewer, and for meeting other needs. Three additional gifts made by Mr. Duke during the year brought his contributions to \$50,000.00.

### GYMNASIUM

In December, 1923, Mr. D. Rich made a proposition to give \$2,500 toward erecting a building to be used as a gymnasium and temporarily used for an auditorium, on the condition that the other friends of the school would raise a similar amount. Contract was let for this building December 31, 1923, and was used first April 10, 1924. The building is 60 by 90 feet, has basement, is of brick veneer, and cost more than \$15,000. This building is furnished with necessary equipment for physical training, indoor games, shower baths, etc.

### FRED N. DAY HOME

In January, 1925, Rev. Fred N. Day purchased for \$2,000 a seven-room residence, with adjacent lots amounting to about two acres of land. This property adjoins the school grounds and was donated to Buie's Creek Academy. It is planned to use this home for married students. The school now owns two such homes and it is hoped that others may be provided by individuals, churches and associations. The trustees will be glad to donate the land for such purposes. During the last year a number of married men were enrolled as students and it has been difficult to provide suitable places for their families.

# THE D. RICH BEQUEST

September 26, 1923, Mr. D. Rich conducted the devotional exercises at chapel. At that time he told us that he slept but little on the previous night, because much of the time was

spent in talking with the Lord about Buie's Creek. There was born in his soul that night, he said, this striking expression: "Buie's Creek must live." He expressed the hope that he might be able to do something for Buie's Creek. On October 21, 1924, he fell on sleep, having left in his will to the trustees of Buie's Creek Academy one-eighth of his estate. One-half of this amount, approximately \$150,000, already received by the school, was used to erect the new D. Rich Memorial Administration Building.

### THE D. RICH MEMORIAL ADMINISTRATION BUILDING

The new D. Rich Memorial Administration Building provides handsomely for our college and high school departments. This building of tapestry face brick, trimmed with Indiana limestone, and made of fireproof construction, matches in beauty the new Library, a memorial to Mrs. Carrie Rich. The building, 160 feet long and 121 feet wide, includes an auditorium to seat 1,250 comfortably, 12 class rooms, 2 laboratories, 2 study halls, 2 society halls, and several office rooms. The building is furnished throughout with new equipment.

### FORMAL TRANSFER OF PROPERTY

In 1887 Buie's Creek Academy, consisting of one acre of land and one-room house, was owned by the public school system. After the fire destroyed the building in 1900 J. A. Campbell erected a school building as private property. In 1911 Buie's Creek Academy, Incorporated, was organized, with a body of twenty trustees appointed by the Little River Association. Since that time Buie's Creek Academy, Inc., has owned and operated the dormitories and J. A. Campbell has owned and operated the school. In order to meet the demands for increased equipment and secure permanence to the life of the institution, the private property including buildings, equipment and grounds have all been transferred to the trustees of Campbell College, Inc. Changes in the charter have been made and the trustees are now appointed by the Baptist State Convention.

The trustees have made a lease of the property to J. A. Campbell who will conduct the school along the same lines he has done since 1887, having the moral and financial support of the trustees and the Baptist State Convention.

# CAROLINA POWER AND LIGHT COMPANY

The Carolina Power and Light Company has extended its line from Erwin to Buie's Creek and gives us the advantage of a regular current at all times.

# RAISED TO JUNIOR COLLEGE

On account of the contracting field of high school work due to the increasing competition from the State schools, and the correspondingly larger field of college work, the trustees of the school were convinced in 1926 that we should add two years of college courses. With the increased equipment made possible by the D. Rich bequest, and the B. N. Duke gifts, they were convinced that this was the opportune time to enter this new work. The President presented the proposal to the Baptist Board of Education and secured their unanimous consent to offer one year of college work during the 1926-'27 session. The Baptist State Convention at Wilmington in 1926, authorized the advancement of the school to junior college standing for the year 1927.

# CHANGE OF NAME

While authorizing the school to become a Junior College, the same Convention recommended to the Board of Trustees the change of name from Buie's Creek Junior College to Campbell College. This resolution, introduced by Rev. A. C. Hamby, reads as follows:

"In view of the fact that our brother, Dr. J. A. Campbell, working strenuously and untiringly through a period of forty years, has built a great school at Buie's Creek, known through the years as Buie's Creek Academy, Inc.,

and recently changed to Buie's Creek Junior College, and,

"Whereas, it is eminently fitting that such devotion to the cause of education should be kept in memory perpetually, and the name and work of Brother Campbell be preserved as a cherished memorial of North Carolina Baptists, be it,

"Resolved, that the Baptist State Convention now in session, request its Board of Education and the Board of Trustees of Buie's Creek Academy, Inc., to change the name from Buie's Creek Academy, Inc., to Campbell College."

In compliance with the above resolution, the Board of Trustees met at Buie's Creek, April 7th, 1927, and unanimously adopted the charter changing the name of the corporation from Buie's Creek Academy, Inc., to Campbell College, Inc.

### Work Approved by State Department

The Standardizing Committee of the State Board of Education, after carefully investigating the work of the school, has "given rating as a Standard Junior College for the session 1927-'28." The administration is carefully adhering to all requirements of the North Carolina College Conference, steadily making improvements in the work of the departments as defects appear.

### LOAN FUNDS

We are happy to announce the establishment during the past year of three loan funds for worthy students. These sums, coming unsolicited, express the confidence of these benefactors in the work of Campbell College and their sympathy with poor boys and girls struggling for an education. In behalf of those to be blessed by these amounts, we express our thanks for the following loans:

The Masonic Loan. The Masonic fraternity of North Carolina has established a loan fund of \$1,000.00 for needy students, who could not otherwise pursue their training.

James A. Buchanan Loan Fund. Mindful of his own struggles to stay in school at Buie's Creek Academy years ago, Mr. Buchanan has set aside \$100.00 to help other worthy students, with the intention of later increasing this fund.

Tom Chears Loan Fund. During the year Mr. Chears sent the President the sum of \$25.00 to be used in some way to help some struggling students. After some deliberation it has been decided to offer this as a loan to those most needy.

# COLLEGE DEPARTMENT

# Requirements for Entrance

Requirements for entrance into the college conform to the regulations adopted by the North Carolina Association of Colleges. A minimum of fifteen units leading to High School graduation is required of all regular students. The following units are prescribed: English, 3; Mathematics, 3; Foreign Language, 2; Science, 1; History, 2. The remaining units may be earned from the list of subjects printed on the following page.

Students are admitted in the following ways:

- 1. By certificate. A certificate of graduation, with recommendation for college entrance, from high schools of approved standing admits a student without examination.
- 2. By examination. Students from a non-accredited high school may be admitted only by the removal of such deficiencies by examination. These examinations will be held upon the first day of the fall term. Candidates for admission by examination should forward to the President their application for examination on the required subjects.
- 3. By special permission. In accordance with the practice of other colleges, students of mature years are admitted by permission of the President as "special" students. Such students must demonstrate their ability to profit by the courses taken. Positively no credit towards graduation will be allowed "special" students until the entrance requirements are fully met.

# Requirements for Graduation

Four courses of sixty-four semester hours each, leading to the "Associate in Arts" diploma, are offered. Satisfactory completion of one of these groups, with sixty-four "honors credits" is necessary for graduation. These courses are planned to meet the respective needs of students seeking classical, scientific and vocational training. Students undecided as to their future plans are urged to elect Group I.

Group I. "Associate in Arts," Leading Toward B.A. Degree.

# Courses of Instruction

# Education

Mr. Campbell
Mr. McDuffie

- C.-1. An Introduction to Education—This course aims to acquaint the prospective teacher in the elementary school with the responsibilities and duties of the teacher. Practically one-half the year is devoted to the study of methods with special emphasis on the teaching of reading and language; the second half covers the problems of classroom management. Library assignments and observation in the elementary school supplement the class instruction.
- C-2. Physical and Commercial Geography—This course is designed to meet the needs of teachers by offering advanced study of the earth as man's home.

Two hours a week for one semester.

C-3. Public School Music—The fundamentals of music necessary for grade teachers, such as sight reading, directing, and musical appreciation, will be offered.

Two hours a week for one semester.

### CERTIFICATION CREDIT

Students who complete thirty-two semester hours work, including Education C-1 and other prescribed courses offered, will at the end of their first year be entitled to State Elementary A Certificate.

By special arrangement with the University of North Carolina Extension Division additional work may be taken here to entitle the student at the end of the second year, with credits totaling sixty-four semester hours, to a Grammar Grade C or Primary C Certificate. A moderate fee will be charged extra for work done through the University Extension Division.

# English

Mr. Page Mr. Campbell MISS STRICKLAND MISS SNIDER

C-1. Composition—This course consists of a more thorough mastery of the fundamental principles of composition and an intensive study of selected masterpieces as a basis for constant practice in self-expression. Weekly themes, reports, and conferences. Three hours a week, both semesters.

- C-2. English Literature—A survey of English Literature with emphasis on historical movements and developments of types of literature. Three hours a week, both semesters.
- C-3. American Literature—A survey of American Literature with emphasis on the writers since the beginning of the nineteenth century. Special papers and reports. Three hours a week for both semesters.
- C-4. Journalistic Writing—An elementary course in the practice of news writing, including a study of the feature story, the editorial, and the newspaper make-up. Two hours a week for both semesters.
- C-5. Argumentation—A course in the theory and practice of debating, intended primarily for those interested in public speaking. Processes of reasoning, brief-making, and refutation will be combined with a study of methods of presentation. Frequent practice both in constructing speeches and in delivery will be offered.

Two hours a week for both semesters.

# Foreign Canguages

MISS POWELL MRS. PARKER MISS HAYNES
MISS STRICKLAND

#### LATIN

*C-A.* Vergiv's Eneid. Six books read. Emphasis on syntax. Prose composition. Some appreciation of the poem as a masterpiece of literature is developed. Brief survey of Latin literature. Prerequisite, three units of high school Latin.

Five hours a week for both semesters.

C-1. Cicero's Essays and Letters (selections)—Prose composition. Emphasis on syntax. Horace, Odes and Epodes. Some attention given to Roman history and mythology.

Three hours a week for both semesters.

#### FRENCH

C-a. Elementary French—A beginner's course, covering the principles of French grammar, and the reading of elementary texts. The equivalent of two years of high school work. Credit of six semester hours will be given upon completion of French C-1.

Four hours a week for both semesters.

C-1. French Literature of the Nineteenth Century. Prerequisite, two units of French for entrance. Consist of readings from great novelists and dramatists of the nineteenth century with a brief history of the literature; a careful study of grammar, composition, and conversation.

Three hours a week for both semesters.

C-2. French Drama of the Seventeenth Century—A study of the earlier French drama as an introduction to the reading of selected plays from Corneille, Moliere, and Racine.

Three hours a week for both semesters.

#### GERMAN

C-1. Elementary German—This course for beginners offers a careful study of grammar, practice in pronunciation and composition, and the translation of two hundred pages of comparatively difficult German.

Three hours a week for both semesters.

C-2. Reading of selections from German prose of the nineteenth century. Prose composition. Careful review of grammar. Practice in conversation.

Three hours a week for both semesters.

# Mathematics

#### MR, MARSHBANKS

- C-1. a. College Algebra—Rapid review of elementary algebra. Theory of equations, quadratics, inequalities, variations, progressions, binomial theorem, logarithms. Three hours a week for first semester.
- b. Trigonometry. Trigonometrical equations, theory of logarithms, solution of right and oblique triangles, special problems. Three hours a week for second semester.
- C-2. a. Analytic Geometry—Open to students who have completed C-1. Three hours a week for the first semester.
  - b. Solid Geometry—Three hours a week for the second semester.

# Natural Science

MR. HARRIS

Mr. Ricks

#### BIOLOGY

C-1 General Biology—A general survey of the field biology. This course deals with the essential distinguishing characteristics, structures, functions, and interrelations of plants and animal, and their relation to inorganic nature.

Three hours a week recitations and lectures, four hours a week laboratory, both semesters.

C-2. Physiology and Hygiene—Elementary human physiology with so much of anatomy, histology and cytology as may be necessary. Personal and public hygiene treated from the standpoint of eugenics. Two hours a week for lectures, demonstrations, and recitations, both semesters.

#### CHEMISTRY

C-1. General Chemistry—Emphasis is placed on the fundamental chemical laws and principles of Chemistry from the historical, practical, and theoretical standpoints, being chiefly inorganic with an introduction to organic.

Three hours a week recitation and lectures, four hours a week laboratory, both semesters.

# Physical Education

Mr. Hays

Mr. Brandon

MISS MOON

All college and high school students, unless exempted for special reasons by the Dean, are required to take a course in Physical Education, consisting of calisthenic exercises, and games, three times a week. Health talks are also included from time to time.

Plays and Games—For those preparing to teach, games for children are practiced during the Physical Education hours.

Coaching for Teachers—Under the direction of the coaches for the major sports boys showing ability in athletics will be given instruction in coaching athletic teams and directing Physical Education classes.

# Religion

MR. GARDNER

MR. AYSCUE

PRESIDENT CAMPBELL

C-1. A comprehensive study of the Old and the New Testament. Old Testament Characters.

The purpose of this course is to acquaint the student with the historical movements of the people of Old Testament times, and to present in their proper historical background forty characters of the Old Testament. Attention is called to geography, customs and contemporary movements among nations that influenced the Hebrews, with assignments dealing with these topics in the library. (One semester.)

Texts used:

The Old Testament.

Gardner: "Old Testament Characters." Sampey: "Heart of the Old Testament."

Parallel Reading.

The New Testament.

The purpose of this course is to outline the events of the first century A.D. as related in the New Testament. The life of Christ will receive chief attention. A detailed study of the book of Acts will follow, with readings from the epistles accompanying it. Parallel work will be done in the library. The principal aim of this and of the class in Old Testament is to bring the student in reverence to the feet of the Great Teacher Himself. (One semester.)

Texts used:

The New Testament.

Robertson: "Harmony of the Gospels."

Robertson: "Studies in the New Testament."

Parallel Reading.

C-2. Homiletics—Of interest chiefly to ministerial students. Practice in preparation of sermons and in public speaking. Some discussion of pastoral problems.

Two hours a week for both semesters.

C-3. History of Christianity—Beginning with the life and teachings of Jesus and the founding of the church, the history of Christianity will be traced through the development of doctrinal differences, the Reformation, and later accomplishments. The subject will be treated as an organic part of general history, valuable as a cultural subject as well as offering invaluable light on doctrines, church polity, and missionary activity.

# Social Science

Mr. Ayscue

MR. EDWARDS

C-1. History of Western Europe. This course embraces the period from the decline of the Roman Empire through the Thirty Year War. Careful study is given to the growth and influence of the principal medieval institutions and movements as they bear upon modern problems.

Each student is required to keep a loose-leaf note-book for notes on collateral reading and for map-drawing.

Three hours a week for both semesters.

C-2. American History—First semester: Brief survey of the colonial period; study of the social, economic, and political conditions of the Revolutionary period; development of the national government. Second semester: Growth of sectionalism; the Civil War; the Reconstruction period and its problems; national expansion; present-day conditions and problems.

Three hours a week for both semesters.

C-3 General Economics—This course aims at a general understanding of the structure of our economic life together with the underlying principles. A study is made of production, distribution, and price adjusting. A survey of the business organizations which control our industrial life and their functions will receive attention during the latter part of the course.

# THE ACADEMY

# Requirements for Admission

For years the first seven grades preparatory to entrance into the high school department have been offered. Students completing this course, and those from other schools with a certificate of graduation from the seventh grade will be admitted to the high school.

Students for advanced standing must bring certificates from accredited schools. Candidates for entrance to the Junior and Senior Classes will be required to take examinations on English Grammar and Arithmetic. The faculty reserves the right to reclassify students whenever convinced that a mistake has been made in their classification.

# Requirements for Graduation

Two courses are offered leading to our high school diploma. The first course will admit students unconditionally to all colleges. The second course meets the requirements of technical and vocational colleges, and offers more electives to those not going to college. We strongly recommend the classical course to all students expecting to enter a college of liberal arts, and to those undecided about their future.

# Courses of Instruction

#### ENGLISH

The course in English combines composition and literature. To gain efficiency in oral and written English, emphasis will be given to grammar, spelling, punctuation, paragraph structure, and organization of themes. In the study of literature, effort will be made to enable the student to interpret for himself the writer's thought. The Literature and Life series, in four volumes, has been adopted for the work in literature throughout the high school. These volumes meet the college entrance requirements, containing judicious selections for class study and parallel reading.

- I. A. Correct English (Tanner).
  - B. Literature and Life (Greenlaw-Stratton), Book I.
- II. A. Composition and Rhetoric (Tanner.)
  - B. Literature and Life (Greenlaw-Stratton), Book II.
- III. A. Composition and Rhetoric (Tanner).
  - B. Literature and Life (Greenlaw-Miles), Book III.
- IV. A. Guide to Composition (Royster-Thompson).
  - B. Literature and Life (Greenlaw-Miles), Book IV.

#### LATIN

- A—I. Latin for Today (First Year) (Gray and Jenkins). Thoroughness in forms and principles of syntax emphasized. Regular translation and practice in writing simple English into Latin.
- A—II. Latin for Today (Second Year) (Gray and Jenkins). Bennett's Latin Grammar, Reviews and Drills. Composition (Bennett, Part I).
- A-III. Cicero—Six Orations (Bennett). Bennett's Latin Grammar. Composition (Bennett, Part II).
- A—IV. Vergii's Æneid—Books I to VI (Bennett). Bennett's Latin Grammar. Composition (Bennett, Part III).

#### FRENCH

A—I. A Complete French Course (one-half) (Greenberg).

Emphasis on pronunciation and accuracy in forms and construction, written exercises, reading—La Belle France, A. de Monvert. Le Voyage de M. Perrichon, Labiche et Martin.

A—II. A Complete French Course (completed) (Greenberg). Composition, sight reading—Le Roi des Montagnes, E. About. La Mare au Diable, Sand.

#### MATHEMATICS

- A. Business Arithmetic (Sutton and Lennes).
- A—I. Algebra, Modern High School (Wells and Hart) to quadratics. Special drills on fundamental principles, factoring, fractions and equations. Special attention given to solutions of problems and quadratics.
- A—II. Algebra, Modern High School (Wells and Hart). Quadratics, logarithms, binomial theorem, graphs duly emphasized, thorough reviews.
- A—III. Plane Geometry (Strader and Rhoads). Students are taught to reason, not memorize. Original exercises.

#### HISTORY

- A-I. Civics, Community and Vocational Civics (Hill).
- A—II. History of Europe, Ancient and Medieval (Robinson and Breasted). Special emphasis on the growth of institutions, government, and literature.
  - A—III. History of Europe, Our Own Times (Robinson and Beard).
- A—IV. History of the American People (West). This is an advanced course, requiring additional readings, themes and note books. Admission to this course is restricted to juniors and seniors.

#### BIBLE

- A—I. (a) Study of the Bible—Old Testament (Burroughs). New Testament (Robertson).
- (b) New Sunday School Normal Manual (Spillman, Leavell and Burroughs).
  - (c) Other Books of the Normal Course.

#### SCIENCE

- A—I. Everyday Problems in Science (Pieper and Beauchamp). Simple experiments, practical applications. Note books are required to be kept by each student.
- A—II. Biology, New Biology (Smallwood, Reverley and Bailey). An introductory study of fundamental principles of biology, emphasizing some of the most important elements of physiological biology by the solving of concrete problems in the laboratory and classroom. Three hours a week recitation, four hours a week laboratory.
- A—III. Chemistry. This course acquaints the student with the methods and procedure of chemistry not only from a theoretical but also from a practical standpoint, showing some of the applications to industries and daily life. Three hours a week recitation, four hours a week laboratory.

# School of Business and Higher Accounting

# I. M. WALLACE, Instructor

The 20th Century Bookkeeping and Gregg Shorthand Courses now used by many of the Business Colleges of the North and South, have been offered here for a number of years, and we feel safe in saying that no school in the State gives courses more thorough or more helpful than ours. Our motto is: "Learn to Do by Doing."

Any person with fifteen (15) units of High School work, who completes the following subjects will be awarded a diploma in Bookkeeping: Bookkeeping, Banking, Higher Accounting, Commercial Arithmetic, Business Calculations, Business Penmanship, Commercial Law, Business Correspondence, and Spelling. Any person with fifteen (15) units from a High School, completing the following subjects will be awarded a diploma in Shorthand: Shorthand, Typewriting, Business Correspondence, Spelling. Student has the privilege of taking Business Penmanship. A student without the full fifteen (15) units, who completes all subjects in either Shorthand or Bookkeeping courses, except Higher Accounting, will be awarded a certificate. A student could make up the required units in the Literary Department and then be awarded a diploma from this department. The faculty reserves the right to accept or reject any of the high school units which a student brings from another school.

The Bookkeeping and Higher Accounting course, by the use of the Budget System, teaches Bookkeeping on an actual business plan. The moment a student takes up this subject he becomes as an actual Bookkeeper. Individual help is given in this department. The teacher thus comes in personal contact with the student, enabling him to give his best help. The student is not hindered by the progress or deficiencies of other students, and may proceed with his work as rapidly as he may be inclined. Our Banking Course is very practical and gives the student a good idea of the modern Banking System.

The Higher Accounting presupposes a thorough knowledge of the theory of accounts from the constructive standpoint. Constructive theory will therefore be referred to only with regard to the reasons for its adoption and the underlying scientific principles. In the treatment of the more Advanced Theory and Practice, the principal aim is to give a thorough professional training in Practical Accounting, Theory and Auditing in preparation for the higher positions of auditor, comptroller or executive of large corporations, and also to assist in passing the C. P. A. Examinations.

### COMMERCIAL LAW

A knowledge of law controlling or affecting ordinary business transactions in any of the various branches of commercial affairs is of inestimable value to those engaged in them. It increases the value of the service of a clerk, bookkeeper or other office assistant. An employee having such knowledge of law renders a safer service, and naturally becomes more competent to make sales, offer terms for contracts, decide upon acceptance or proposals, and to attend to other matters entrusted to him in the absence of his employer.

### Business Arithmetic

The instruction given in this particular branch offers the student the finest opportunity for becoming accurate, rapid and proficient. The subjects of Interest, Percentage, Stock and Bonds, Insurance, Banking, Averaging Accounts and Partnership settlements receive special attention. The shorter methods of computing interest and discounts are freely and profitably used.

# PENMANSHIP

All students receive daily instruction in penmanship. Our purpose is to train the student in a plain, business handwriting. The necessity for ability to write well is unquestionable and students must possess this ability in order to fill acceptably positions in any office.

# SHORTHAND

No other subject more quickly, more lastingly and more surely brings a young person up from the no-salary and noopportunity period to the Independence Day of Good Salaries and contact with big men and big business. And it is not difficult to master. If it were, the thousands of successful reporters and secretaries and the countless other thousands who make Shorthand a means to a higher end, would have failed in the learning, for they were no duller, no brighter than the rest of you.

Ladies fill good positions with grace and acceptability. There is no better way for them to gain a livelihood and to become useful women. Male stenographers are in great demand.

#### TIME

From six to nine months is required to complete the work in bookkeeping and higher accounting, and about five or six months for shorthand, depending, of course, upon the advancement and capacity of the student.

## Tuition

Course (five months) in either the bookkeeping or the shorthand for \$25.00 if paid in advance, or \$5.50 in advance if paid by the month. The shorthand department is supplied with a number of new Remington machines.

We offer you the best courses within our knowledge. Investigate it and be convinced.

# Department of Music

Mr. Lynch Miss Canaday Miss Brooks
Mr. McDuffie

For thirty-two years we have been maintaining a strong Music Department, piano and vocal, and for nineteen years we have had our own band and orchestra. This explains why so many of our students become leaders and teachers of music. We believe there is no junior college in our State that offers finer advantages in this art. We have enlarged our Music Department and strengthened our teaching force.

For all who desire to extend the study of music, individual and class instruction is given at small cost. We study Theory, Public School Music, Music Pedagogy, and all subjects necessary to make one capable to teach music or become a leader in sacred and secular music. Great numbers of our former pupils are to be found teaching and leading music classes.

Certificates will be awarded those students who complete the preparatory course offered in vocal and instrumental music.

Diplomas will be awarded those students who complete the college course in music.

# Piano Department

Mr. McDuffie

MISS CANADAY

### PREPARATORY

First Year—Correct use of arm, wrist, hand and fingers at piano. Major and minor scales, one octave, hands separately. Studies suggested: Bilbo, First Lesson in Piano; Crosby Adams, First Reading Book. Pieces suggested: Rogers, First Robin; Gaynor, Hunting Horn, Cradle Song; Hannah Smith, The Violet; Gurlitt, By the Swing, Slumber Song.

SECOND YEAR—Continued study of the arm, hand and fingers; major and harmonic minor scales, two octaves, hands separately; the formation of triads; writing exercises. Studies suggested: Duvernoy, Op. 176; Burgmüller, Op. 100; Gaynor, Studies in Embellishments. Pieces suggested: Friml, The Chase; Gurlitt, Hunting Song; Schumann, Little Romance, Happy Farmer; Mrs. Virgil, Fragrance of May, Summer Fancies; Deunee, Petite Valse. Easy Sonatinas.

Third Year—Technical exercises continued. Major and harmonic minor scales two octaves hands together; major and minor arpeggios. Suggested studies: Kohler, Op. 50; Cramer, Studies in Embellishments; Heller, Op. 47. First year Bach, arranged by Foote. Suggested pieces: Mayer, Butterflies; Merkel, Boy's Mountain Song; Lemont, The Polish Dance; Beaumont, Tarantella; West, March in A Major; Friml, Twilight and Dawn. Sonatinas.

FOURTH YEAR—Technical work continued. Major and harmonic minor scales four octaves hands together; Arpeggio study continued. Suggested studies: Heller, Op. 46; Duvernoy, Op. 120; Jensen, 25 Studies. Bach, Little Preludes. Suggested pieces: Nevin, Barchetta; Schytte, Nocturue in A, Youth and Joy; Deunee, Tarantella; Merkel, Butterfly. Easy Sonatas. First Year Theory required.

### COLLEGE

First Year—Technique applied to the needs of the student. All major and both forms of minor scales, similar and contrary motion. Arpeggios in major and minor triads, dominant and diminished sevenths. Trills and Octaves.

Etudes: Czerny, Op. 299; Heller, Op. 46.

Bache, Two-part Inventions.

Sonatas: Mozart or Haydn.

Standard pieces memorized.

Second Year—Major and minor scales in thirds, sixths and tenths. Dominant and diminished seventh Arpeggios; also in sixths, eighths and tenths.

Etudes: Czerny, Op. 299, continued; Cramer selected studies; Heller, Op. 45.

Bach, Three-part Inventions.

Sonatas: Beethoven.

Pieces of standard composers memorized.

A public recital required.

Sophomores may elect Public School Music or Music Pedagogy—one hour each week throughout the year.

# DEPARTMENT OF ORGAN

First Year—Pedal technique; Organ touch; Stainer, Organ School; Bach, Easy Preludes and Fugues; Hymn playing. Pieces by standard composers.

Second Year— Carl, Master Studies for Organ; Bach, Little Preludes and Fugues. Transposing Hymn tunes; modulation; sight reading; accompanying solos and anthems. Public recital.

Certificates will be awarded students who complete the twoyear organ course.

### GENERAL REMARKS

Only those students who offer fifteen units may be enrolled as a regular College music student. The courses outlined above in both preparatory and college departments are especially for those wishing to specialize in piano. Students not wishing to specialize in piano only without taking the regular course of study may do so. Such students will be given some credit for the study of piano.

Regular practice hours are assigned to each student. College students are expected to practice thirteen hours per week. Preparatory students must practice not less than one hour daily.

All private lessons are thirty minutes in length, two lessons being given each week.

Recitals are given throughout the year, at which the student learns how to appear in public.

### Music Supplies

A deposit of \$2.50 is required of all music students each semester to secure their sheet music. Any unused part will be returned. No music will be charged to students.

# Department of Voice

### Mr. Lynch

The aim of this department is to teach in a very practical way. To do so the work has been divided into three courses:

COURSE I—Those who have no knowledge of music will be taught the rudiments of music in its simplest form. Correct posture; development of the lungs and breath control; proper use of the diaphragm and abdominal muscles; technique of the lips, tongue and chin; development resonance. Text-books: Music Reader No. 2 (Ruebush); Special studies and pieces designed to develop the medium compass of voice; folk songs, carols, part song easy exercise.

Course II—Further development of tone; legato singing, articulation studies in major and minor scales. Much time used in development of accurate reading of notes. Many cases taught to sing syllables. Text-books: Class and Chorus (Towner-Root series and other exercise books); easy songs by American composers; songs of moderate difficulty by leading composers. Public appearance required in music recitals. Special work given in quartets, choir and group singing.

COURSE III—Extended work in tone placement, resonance and breath control. Special instructions in sacred solos, directing choirs in all kinds of church work. Text-book: Studies by Petrie, concours; Essentials in Conducting, by Gehrkens. To graduate in the course outlined above the pupil must have completed the high school English course.

# Bepartment of Violin

### Miss Brooks

### PREPARATORY COURSE

Primary Studies: Correct position of Violin and bow, scales in first position with Staccato and Legato bowings.

Instruction Books and Exercises: Hohmann, Vol. 1 and 2; Sevcik, Part one and two; Mazas, Vol. 1; or Hersey, Modern Method for Violin; Levensen, Vol. 1; Little Pieces by Papini, Winn, Schumann and other Standard Solos in the first position.

Intermediate Studies: All Major and Minor Scales in two octaves. Hrimaly, Scale Studies; Blumenstengel, Scales and Arpeggios; Levensen, Vol. 2; Wholfart, Studies for Third Position; Kayser, 36 Etudes; Sevcik, Vol 1 and 2. Pieces and Concertos in first, second, and third positions; Dancla, Airs Varies V and VI, and other solos of similar difficulty.

## FOR CERTIFICATE

Students majoring in violin are required to study piano two years, and Harmony and Theory one year for certificate.

- 1. Theoretical and practical knowledge of all positions.
- 2. All Major and Minor Scales and Arpeggios with all Staccate and Legate bowings in three octaves.
- 3. Complete in a creditable manner; Seveik Violin Technic, Vol. 1 and 2 and Op. 8 and 9, Kayser, Etudes, Bk. 3; and Kreutzer, first 20 Etudes.
- 4. Pieces and Concertos by Schubert, Sarasate, Raff, Dancla, Accolay, etc.
  - 5. Give a Public Recital.

# FOR DIPLOMA

Students wishing to take their Diploma in Violin are required to complete the four years' course in Piano and one year in Harmony and Theory.

1. All Major and Minor Scales and Arpeggios in three octaves and with double stops and various bowings; studies from Kruetzer, Fiorillo, Rode, de Beriot.

- 2. Sonatas of Bach.
- 3. Pieces and Concertos by Viotti, Mozart, Wieniawski, Mendelssohn, Tschaikowsky, etc.
- 4. To give a public recital of standard works from memory in a creditable manner.

Two Violin classes meet each week. All students are required to attend one class a week. Part of the time will be given to technical work by the whole class in concert; part to Solo work which will be criticized by the class. Trios and Quartets, Symphonies, and other Orchestral music will be studied and practiced.

# Orchestral Instruments

### Miss Brooks

It is the purpose of the Violin Department to build up an Orchestra in the school each year. In order to do this instruction will be given in time and notation and production of tone on Orchestral Instruments.

Orchestra rehearsal once a week. Overtures, Church Music, and the lighter Symphonies will be practiced. Violin students who are finishing the Preparatory course and those who play music in third position will play in the Orchestra.

# School of Art

### Mrs. Edwards

The purpose of the Art Department is not only to give the student a knowledge of drawing and painting but to develop his observation of the numberless beauties of nature, and to inspire devotion in the hearts of those whom we try to teach to the Creator of all beauty.

The Art Class meets in a well-lighted room in the new D. Rich Memorial Building. It is equipped with individual lockers, easels and other necessary material and furnishings.

A China kiln has recently been installed, and China painting is now one of the most fascinating courses of Art taught here.

During the first year's course special emphasis is placed upon the training of the eye to see.

Throughout the entire course the individuality of the student is encouraged and originality emphasized.

First Year—Elementary drawing, outline drawing from objects, study of lights and shadows. Painting simple landscapes, flowers and still-life studies in water-color, oil and pastels.

SECOND YEAR—Charcoal work from the antique—hands, feet, busts, statues, perspective designing and stenciling; painting in oil, pastel and water colors.

THIRD YEAR—Drawing from life, pen and ink illustrations, sketching landscapes, painting from nature; composition and Art History.

Certificates will be awarded those who complete the required course together with the full course in English.

# Library and Reading Room

### Mrs. Harris

A few years ago a generous, public-spirited citizen of our community donated a number of useful volumes as the nucleus for a library for the school. To these many kind friends made valuable gifts, until we had about 1,500 volumes in the library. These were lost in the fire. We are rapidly rebuilding the library, having at present about 4,000 volumes.

The following magazines and papers come regularly to our Reading Room:

The American, American Magazine, Asheboro Courier, Atlantic Monthly, The Baptist, Biblical Recorder, Charity and Children, Chatham Record, Christian Herald, Christian Index, Current History, Dunn Dispatch, Etude, Forum, Greenville Reflector, Greensboro Daily News, Harnett County News, The Independent, Ladies Home Journal, Literary Digest, Manufacturers Record, Moody Monthly Magazine, Nation, National Geographic, News and Observer, New York Times, Normal Instructor, Outlook, Progressive Farmer, Popular Science, Robesonian, Review of Reviews, Sampson Independent, Saturday Evening Post, Sunday School Times, Scribners, Success, Smithfield Herald, Tarboro Southerner, Watchman-Examiner, Western Recorder, Woman's Home Companion, World's Work, Winston-Salem Journal.

The following friends have contributed books to the Library during the year:

Allyn & Bacon, Atlanta, Ga., 37 volumes; Adelphi Company, New York, 4 volumes; S. O. Brandon, Buie's Creek, N. C., 7 volumes; Miss Lula Brooks, Buie's Creek, N. C., 4 volumes; Miss Flora B. Canaday, Benson, N. C., 3 volumes; L. H. Campbell, Buie's Creek, N. C., 11 volumes; Carolina Motor Co., Greensboro, N. C., 1 volume; Charles Taylor Edgerton, Buie's Creek, N. C., 1 volume; Grover C. Hawley, Columbia, S. C., 2 volumes; Miss Olivia Hocutt, Ashton, N. C., 2 volumes; High School Junior Class, Campbell College, 3 volumes; Miss Gladys Harris, Cullen, Va., 10 volumes; D. C. Heath & Co., Atlanta, Ga., 2 volumes; Mr. and Mrs. A. E. Lynch, Buie's Creek, N. C., 2 volumes; MacDowell Music Club of Campbell College, 7

volumes; Hon. John A. Oates, Fayetteville, N. C., 1 volume; Miss Evelyn Snider, Conway, S. C., 2 volumes; Mrs. Abbie B. Bonsteel, Buie's Creek, N. C., 15 volumes; Mr. and Mrs. Francis P. Carvan, Roslyn, L. I., 1 volume; E. H. H. Simmons, N. Y., 1 volume; Hon. Josephus Daniels, 1 volume.

The following friends have contributed funds to the Library during the year amounting to from one to twenty-five dollars:

Miss Nettie Shoaf, Charlotte, N. C.; Rev. John E. Ayscue, Buie's Creek, N. C.; B. P. Marshbanks and family, Buie's Creek, N. C.; Mrs. A. B. Bonsteel, Buie's Creek, N. C.; Miss Mabel Powell, Buie's Creek, N. C.; Mrs. A. E. Alderman, Dunn, N. C.; Rev. Fred N. Day, Winston-Salem, N. C.; Rev. I. L. Yearby, Greenville, S. C.; John W. King, Bunn Level, N. C.; W. D. Holland, Dunn, N. C.; Miss Gladys Strickland, Dunn, N. C.; Mr. and Mrs. B. F. Parker, Buie's Creek, N. C.; Miss Nettie Moon, Franklinville, N. C.; Mrs. Mary A. Harris, Oran, Mo.; Miss Ada M. Overby, Angier, N. C.; H. T. McDuffie, Lumberton, N. C.; Mr. and Mrs. G. L. Edwards, Buie's Creek, N. C.; Miss Estelle Burt, Buie's Creek, N. C.; Mrs. J. E. Ayscue, Buie's Creek, N. C.; Mrs. Marie M. Shore, Winston-Salem, N. C.; Mrs. G. T. Noel, Dunn, N. C.; Rev. J. R. Jester, Winston-Salem, N. C.; B. F. McLeod, Buie's Creek, N. C.; Rev. Fred Womack, Winston-Salem, N. C.; Miss Ada Burt, Buie's Creek, N. C.; Miss Rosa Edwards, Winston-Salem, N. C.; Dr. Holt, Jr., Erwin, N. C.; Dr. R. L. Pittman, Fayetteville, N. C.; P. E. Seagle, Raleigh, N. C.; Hon. D. B. Teague, Sanford, N. C.; Miss Annie Shaw, Pleasant Hill, N. C.; M. E. Tyson, Farmville, N. C.; S. P. Jordan, Elizabeth City, N. C.; Miss Mary McCormac, Dillon, S. C.; Miss Constance Midkiff, Winston-Salem, N. C.; James A. Taylor & Son, Dunn, N. C.; W. M. Pearson, Chalybeate Springs, N. C.; Dr. R. B. Wilkins, Raleigh, N. C.; Pearce's Bakery, Dunn, N. C.; Miss Grace Alderman, Wilson, N. C.; D. T. Dickie, Henderson, N. C.; Dr. J. B. Turner, Raleigh, N. C.; Liston Wallace, Kentucky; Mrs. Catherine Brooks, Buie's Creek, N. C.; J. D. Cox, Winterville, N. C.; Miss Theresia Dickens, Halifax, N. C.; W. D. Poe, Oxford, N. C.; Harnett County Club, Campbell College; J. W. Gordan, Dunn, N. C.; Montag Brothers, Atlanta, Ga.; Mr. and Mrs. J. H. Barnes, Garland, N. C.; Miss Lillie Harper, Louisburg, N. C.; Mr. and Mrs. W. M. Morgan, Angier, N. C.; Miss Ethel Murray, Louisburg, N. C.; Hon. N. McK. Salmon, Lillington, N. C.; High School Senior Class, Campbell College; Business Department, Campbell College; College Freshman Class, Campbell College; High School Sophomore Class, Campbell College; Eu. Society, Campbell College; Phi. Society, Campbell College; Sappho Society, Campbell College; Astro Society, Campbell College; College Sophomore Class, Campbell College.

# Summer School

Since 1902 we have been conducting a Summer School, beginning about the middle of May, and continuing for six weeks.

The summer session does regular classroom work and credit is given towards a High School diploma for work completed. The Literary and Commercial branches are taught by members of our regular faculty.

# Religious Advantages

Each student is required to attend the chapel exercises, and encouraged to enter into the spirit of worship to the Creator. In these exercises the school attempts to impress upon the students the wisdom of pure, upright living, and the folly and ruin of sin in its every form.

The Buie's Creek Baptist Church, of which the Principal has been pastor for thirty-six years, holds its preaching services on the second and fourth Sundays in each month, morning and night.

A well-organized Sunday School is conducted by the Buie's Creek Baptist Church, which students are required to attend. Prof. I. M. Wallace is Superintendent, and he is actively supported by every member of the faculty. The State Sunday School Board has mapped out a special week of study for Sunday School workers to be given annually. Students are thus given opportunity to see a large, enthusiastic Sunday School at work and catch the spirit of service in their home churches.

The Baptist Young People's Union, divided into four sections, with four groups in each section, meets weekly. All of these Unions are very active. Special study courses are conducted annually under the direction of the State director, assisted by the faculty with almost unanimous coöperation of the students.

A Young People's Prayer Meeting, conducted mainly by students, meets every first and third Sunday nights. This organization, under the control of Mr. J. F. Blackmon, is maintaining a high standard of service.

In addition to these larger religious organizations, smaller groups are formed of active Christians interested in special phases of work. The Y. W. A. for girls at their dormitory is a live organization, meeting twice a month, devoted to the religious needs of the girls. The Volunteer Band for girls and the Ministerial Conference for boys are composed of those who are offering themselves for special lines of religious work.

Unifying and promoting the activities of all of these organizations is the Baptist Student Union, created in the fall of 1927. This organization at frequent intervals conducts the devotional exercises at the chapel hour, laying special emphasis upon topics vitally related to the student life. Through its work leadership in the different groups is more widely distributed and the responsibility of each officer is more definitely realized.

The Methodist Episcopal Church, with Sunday School every Sunday and preaching monthly, is near enough for students to attend.

The Presbyterian Church, with a neat house of worship, has preaching monthly, with Sunday School every Sunday.

Evangelistic meetings are held once or twice a year. Last year these meetings were conducted in the spring term by Dr. John W. Ham, Evangelist, of Atlanta, and Singer W. P. Martin, of Alabama. In these meetings and during our regular preaching services there have been about fifty baptisms for the year. A brick church costing about \$25,000, is well equipped with Sunday-school rooms, a pipe organ costing \$2,500, and is a great addition to our chance to serve those who come to us.

A prominent professor in one of our leading colleges has said: "Of all the preparatory schools in the State with which I am acquainted (and I know the principal ones) there is not another where the influences for good morals are equal to yours."

#### SUNDAY SCHOOL LECTURES

For a number of years we have had the services of expert Sunday-school workers, who have given us a series of lectures on Normal Training, with emphasis on the preparation of Sunday-school workers.

## Public Lectures and Addresses

September 3rd—Rev. E. N. Gardner, Dunn, N. C.; Rev. Fred N. Day, Winston-Salem, N. C.; Rev. H. T. Stevens, High Point, N. C.; Hon. F. Hunter Creech, Washington, D. C.

September 6th—Rev. E. Gibson Davis, Raleigh, N. C.

September Sth-Rev. N. M. McCall, Cuba.

September 18th—Dr. Edwin Mims, Vanderbilt University.

September 22nd—Rev. N. G. Duncan, Buie's Creek, N. C.

September 29th—Rev. J. E. Lanier, Wallace, N. C.

October 4th-Rev. E. N. Gardner, Dunn, N. C.

October 9th-Rev. C. H. Norris, Cary, N. C.

October 16th-Rev. J. F. Menius, Lillington, N. C.

October 19th—Library Day—Rev. Fred N. Day, Winston-Salem, N. C.; Rev. J. R. Jester, Winston-Salem, N. C.

October 28th—Gov. Pat N. Neff, Texas.

November 11th-Hon. Jas. Best, Dunn, N. C.

November 13th—Prof. J. Shepard Bryan, Dunn, N. C.

December 10-19th—Vocational Week:

December 10th—N. E. Edgerton, Business, Raleigh, N. C.

December 11th—Dr. C. O'H. Laughinghouse, Medicine, Raleigh, N. C.

December 13th—Prof. J. L. Memory, Teaching, Wake Forest, N. C.

December 16th—Dr. W. C. Riddick, Engineering, Raleigh, N. C.

December 17th—Hon. Charles Ross, Law, Lillington, N. C.

December 18th—Rev. Chas. B. Howard, Ministry, Youngsville, N. C.

December 19th—M. G. Mann, Farming, Raleigh, N. C.

December 17th—Miss Evangeline Lawson, Louisburg College, Louisburg, N. C.

January 1st—Dr. Carlyle Campbell, Hartsville, S. C.

January 6th—Rev. E. N. Gardner, Dunn, N. C.

January 20-24—B. Y. P. U. Training School:

Rev. J. A. Ivey, Raleigh, Rev. C. B. Howard, Youngsville; Miss Winnie Rickett, Raleigh, N. C.

January 25th—Society Anniversary—Prof. I. B. Hudson, Lumberton, N. C.; Rev. I. L. Yearby, Greenville, S. C. January—Miss Laura Forbes, Piedmont Lyceum, Asheville, N. C. January—Y. W. A. Study Course, Miss Alva Lawrence, Raleigh, N. C.

February 2nd-Dr. B. W. Spillman, Kinston, N. C.

February 18th-March 2nd—Dr. John W. Ham, Atlanta, Ga., Revival Services; Plunkett Martin, Singer, LaFayette, Ala.

February 28th—Judge Heriot Clarkson, Raleigh, N. C.

March 3rd—Glenn Morris, Electrical Performance, Piedmont Lyceum. April 1st—Rev. H. A. Ellis, Henderson, N. C.; Rev. R. E. Brickhouse,

Louisburg; Rev. A. J. Smith, Goldsboro, N. C.

# Literary Societies

In connection with the school there are four enthusiastic and well-organized literary societies—Astro, Sappho, Eutrophian, and Philologian.

The Astro and Sappho for young ladies meet Wednesday evenings for debates, readings, essays, discussions, and the transaction of business.

The Eutrophian and Philologian for young men meet Friday night for debate, declamations, reading essays, and the transaction of business.

Interest in the work of the four literary societies has been greatly increased by the inauguration of inter-collegiate debating in 1929. Under the direction of faculty representatives all members of the societies are instructed in the art of debating and encouraged to compete for places on the teams. Boys and girls alike have manifested a keen interest in this new student activity.

All boarding students are required to join one of the literary societies within thirty days after registration, unless excused by the faculty.

Any student expelled from a society becomes subject to expulsion from school.

All applications for membership in any society shall be approved by a committee of the faculty, and neither society shall have more than three-fifths of the aggregate membership of both societies.

No student is allowed to be signed up for either society or to attend a meeting of either society until the eighth day after registering as a student.

## Epsilon PI ETA Society

The Epsilon Pi Eta Society was organized in the fall of 1928, for the express purpose of promoting character, leadership, and scholarship. Membership in the society is gained by the nomination of at least twenty-five per cent of both the faculty in the high school and college department of the society, in addition to attaining a fixed scholarship record for at least one year. Membership in the organization is restricted to high school senior and college classes.

# MEDALS AND PRIZES

Medals and prizes are awarded annually as follows:

Ten dollars in gold for best all-round student, Mr. Claude Gore.

Excelsior Medal, for best student of the opposite sex.

The J. W. Jordan Orator's Medal.

Best declamation.

Best recitation.

Booster pin given by Miss Moon.

Dr. Henry B. Day Music Improvement Medal.

Music Scholarship Medal.

The J. R. Carter Medal, given by Mr. P. A. Carter of New York, in memory of his brother, for best student in languages.

Athletics and Scholarship, given by Prof. L. H. Campbell.

The literary societies award medals at the end of each term for best improvement in society work, and the Philologian and Eutrophian societies award a medal for best debater.

# PUBLICATIONS

In addition to the Quarterly Bulletin for the purpose of disseminating information concerning the work of the school, the students publish a semi-monthly newspaper, Creek Pebbles, and a college annual, The Pine Burr. Both of these publications are under the supervision of faculty advisers and are representative of the spirit of the institution.

# MINISTERIAL LOAN FUND

Through the liberality of Mr. M. C. Treat, of California, we are permitted to offer a loan of from \$25 to \$75 a year to worthy ministerial students who cannot otherwise attend school. The young men applying for help must show evidence of consecration and capability, giving recommendation from their pastor and church.

Parties receiving help are required to give their note, to be paid in four years time; earlier if convenient.

# HELP FROM EDUCATION BOARD

The Education Board of the North Carolina Baptist State Convention is helping young men preparing for the ministry. All such applications for help must be endorsed by the church of which the beneficiary is a member, by the Moderator of the Association, and by the Chairman of the Executive Board. Application blanks can be secured by writing to the Principal.

# Athletics

Mr. Hays Mr. Brandon Mr. Edwards
Miss Moon

We believe that relaxation and exercise are necessary for the physical and mental development of students; that athletic contests, when properly safeguarded, have an important place in school life in accomplishing these aims. While we do not encourage professionalism, nor allow unnecessary loss of time from school work, we seek to enlist every student in some form of regular exercise. Faculty supervision and coaching is provided for various forms of gymnastic exercise and games with the view of developing clean sportsmanlike conduct on the part of all students. We have teams in all the major sports, football, baseball, basketball, track, and tennis, which compare favorably with teams from other schools in our section.

For the first time a full-time director of athletics has been employed to offer expert coaching in the major sports. In this capacity Mr. Robert S. Hays, from the University of Missouri, more recently from the coaching staff of Wake Forest College, has been secured. The wisdom of this choice is already proven by the enviable record of the Hays-coached teams. Mr. Hays is assisted by Mr. Brandon and Mr. Edwards with athletics for boys, while Miss Moon directs the girls in their physical education.

We are well equipped to develop the physical life of our students with our spacious campus containing many courts for mass games and tennis; with a large athletic field under the control of the school; and with our new gymnasium 60x90 feet, supplied with toilets and shower baths.

All boarding students are required to attend regular classes in physical education meeting three times a week. Graduation will be denied those who fail to come up to the standards of the department. The course includes gymnastics, competitive games, and instruction in hygiene.

No student will be allowed to represent the school on any team whose deportment and scholastic record fails to meet the approval of the faculty. Profanity and rowdyism on the athletic field are not tolerated.

The school awards monograms in football, basketball, baseball, track, and tennis.

# Boarding Arrangements

GIRLS' DORMITORY. Young ladies board in Treat Dormitory or the Fred N. Day Annex, and are under the supervision of the Dean of Women. They are not allowed to receive company at the dormitory, except under the supervision of the Dean. The buildings have electric lights, the dormitory is steamheated, and both are supplied with running water.

Boys' Dormitory. A dormitory for boys has been built. It is a two-story building, fifty-eight rooms, is supplied with electric lights, steam heat and water. Members of the faculty room here and have the oversight of the boys.

FURNISHINGS. Those who room in the dormitories and the annex must furnish one pair of sheets, one pair of pillow-cases, one pillow, one quilt, towels, comb, etc. Most of our rooms are equipped with double beds.

Deposit. Each applicant for room in dormitories must deposit \$5 to secure assignment, the same to be deducted from last payment less any unnecessary damage to room. This deposit will be refunded, provided applicant decides not to take the room and notifies the College by August 25. If room is not claimed within one week after the opening of school, the same will be declared vacant.

PRIVATE HOMES. Young men may board and room in private homes. In these homes some families give board and furnished rooms. In other families "clubs" are conducted, at the end of the month each member of the club paying his *pro rata* expense of the board.

No student will be allowed to board or room in any private home, unless the keeper of the home pledges to support the government of the school and to report weekly as to the conduct of students in the home.

# Expenses

(For Semester of 18 Weeks)

# TUITION AND FEES

Elementary Department\$	15.00
Academy	22.50
Junior College	27.50
Matriculation (Includes Registration, Library, Medical, and	
Athletic Fees, etc.)	20.00
Publication Fee	2.00
Board	
In Dormitory, with Room, Heat, and Lights\$	90.00
In Private Families, Regular Board and Room\$100.00 to \$	112.50
Extras	
Music (Vocal, Piano, Violin, Orchestra, Preparatory, each)\$	22.50
Music (College)	27.50
Orchestral Instruments in Class	12.00
Rental of Instruments per term	2.00
Piano Practice (Preparatory)	2.50
Piano Practice (College)	3.75
Harmony, Theory and Music History	5.00
Expression	22.50
Business Course	22.50
Shorthand and Typewriting	22.50
Laboratory fees, Chemistry and Biology (Academy), each	2.00
Laboratory fees, Chemistry and Biology (Junior College), each	4.00
Microscope rental fee	1.50

In literary department ministerial students are given free tuition and a discount of fifty per cent on tuition is given orphans, widows, and ministers' children.

# SETTLEMENTS

- 1. All fees, amounting to \$20.00, must be paid before students are admitted to classes and are not returnable after 48 hours.
- 2. Settlement for tuition is due upon entrance. A student whose conduct requires expulsion forfeits his tuition for the remainder of the semester.
- 3. Charges for board must be paid for each half-semester in advance. Since room in dormitories and dining hall is limited, students who do not remain for the full semester are charged ten per cent for room and board for the time they are present.

- 4. No deduction is made in any department for absence for the first two weeks. No deduction for board can be made for an absence of less than two weeks and then for only half time.
- 5. Any variation in the above terms of settlements must be approved by the President before entrance.
- 6. No credits for work completed in school will be given students until satisfactory settlement of all charges has been made.

# Rules and Covernment

- 1. We will not play cards or any games of chance.
- 2. We will not carry concealed weapons.
- 3. We will not use profanity.
- 4. We will not drink wine, whiskey, or any other intoxicants.
- 5. We will not leave the College community without the permission of the Dean or his representative.
  - 6. We will neither write nor pass notes.
- 7. We will not use tobacco in the schoolrooms, nor smoke in and around the buildings.
- 8. We will not mark, cut or in any way deface the school furniture or buildings, and will pay for all damage done to property by us.
- 9. At night we will not be away from our boarding places after dark, except by permission.
- 10. Students leaving the school are required to get permission from the Dean or his representative on the faculty.
- 11. Students missing chapel exercises, without being excused, five times, may be summoned before the faculty; for ten unexcused absences the student may be expelled. Students absent from three recitations on any subject during a month, without being excused, may be required to stand examination on that subject.
- 12. Students are required to have written permission from their parents in leaving school. Parents are urged to give their children as few permissions as possible. Except in cases of emergency, no student can have permission to be away more than eight times during the year.
- 13. Students are not allowed to miss classes on the day before or the day after a holiday.

- 14. Students will endeavor to refrain from any conduct, either in or out of school, known to them to be damaging to themselves or the interests of the school.
  - 15. Students are required to attend religious services.

Before matriculating, all students will be required to subscribe to the above rules of government, pledging their honor to cheerful obedience.

# Suggestions About Dress

The following suggestions are offered to aid the girl in planning her wardrobe for the school year:

Girls are requested to dress inexpensively and modestly.

High-heel shoes should not be worn to class rooms.

Gymnasium suit (knickers or bloomers, slip-over sweaters, and tennis shoes) are required for classes in physical education.

White dresses of heavy cotton material are worn by all the girls (except seniors) during commencement.

# Honors Credits

To be entitled to graduation in the college department a student in addition to the quantitative requirements must have an equal number of qualitative credits awarded as follows: for 90 or above, 3 credits for each semester hour of the course; for 85 to 90, two honors credits for each semester hour; for 80 to 85, one honors credit.

A student may graduate from the high school department without honors credits, but will not be recommended to college with less than sixteen such credits, each unit being counted as a semester hour above.

# Special Notes

- 1. Students coming by railroad will be met at Dunn, Coats, or Lillington, if notified.
- 2. We have a healthful location. No school in the State furnishes a better atmosphere for student life.
- 3. Post office in sight of the Academy. Three mails daily, except Sunday. The Carolina Telephone Company's line extends to Buie's Creek, with central at Dunn.
- 4. Our buildings are new, comfortable, commodious, and well furnished.
- 5. The school is highly endorsed by its patrons and other prominent men who are acquainted with our work.
  - 6. Firm but mild discipline is enforced.
- 7. Lectures on morals, etiquette, etc., are given, from time to time, by the President and other members of the faculty. Public lectures by prominent men at least quarterly.
- 8. Eight hundred students last year. Why so many? (1) Because of the thorough and practical work done here—merit. (2) Unsurpassed moral advantages. Fewer temptations to idleness and immorality than almost any other community, and parents are learning that it does not pay to disregard the moral advantages in deciding where to send to school. (3) The school is cheaper than other schools of similar grade, offering equal advantages. (4) We are doing what we can to make the school a blessing to the people, and are depending on God to help us.
- 9. We have an able faculty, representing Wake Forest College, Chowan College, Columbia University, Ohio Valley College, Bowling Green Business University, University of North Carolina, Meredith College, Furman University, New York School of Music, Moody Training School, North Carolina College for Women, Georgetown College, Baptist Bible Institute, Southwestern Training School, Louisville Training School, Bessie Tift College, University of Chicago, Coker College.

# Commencement, 1929

# SUNDAY, MAY 12TH

11:30 a.m.—Sermon, Rev, J. W. Lynch, D.D., Wake Forest, N. C.

#### TUESDAY, MAY 14TH

8:15 p.m.—Elementary Grades.

# WEDNESDAY, MAY 15TH

- 10:30 a.m.—Orator's Contest.
  - 2:30 p.m.—Declaimer's and Reciter's Contest.
- 8:30 p.m.—Class Day Exercises.

#### THURSDAY, MAY 16TH

- 11:00 a.m.—Literary Address—Mr. W. J. Cameron, Dearborn, Michigan.
- 12:30 p.m.—Delivery of Diplomas.
- 1:00 p.m.—Alumni Luncheon—Dr. J. B. Turner, President, Raleigh, N. C.

Alumni Address-Mr. Leroy Martin, Raleigh, N. C.

- 3:30 p.m.—Baseball, Fort Bragg vs. Campbell College.
- 4:00 p.m.—Art Exhibit.
- 8:30 p.m.—"Robin Hood," Presented by Dramatic Club.

# Decisions of Three Indaes

(W. P. STACY, CHIEF JUSTICE OF N. C.)

Buie's Creek Academy is situated in a healthy locality. It is conducted under Christian influences and offers a wholesome solution for those who are faced with the problem of selecting a school for their children.

## (JUDGE E. H. CRANMER, SUPERIOR COURT)

I recall, often, my visit to your splendid school. You are doing, and have done, a wonderful work. Your school is one of the bright spots in North Carolina, and I wish, sincerely, you could take ten times as many students as your present plant will accommodate. I wish, too, a few thoughtful men and women from each county in North Carolina could visit your fine school.

As a North Carolinian I am proud of, and grateful for, Buie's Creek Academy.

# (JUDGE W. A. DEVIN, SUPERIOR COURT)

I have had opportunity to visit Buie's Creek Academy on two occasions. I have known its honored Superintendent many years, and some of his assistants. I have watched the careers of a number of young men who were students there. From this personal knowledge and through other sources of information, I have formed the opinion that nowhere can better, cleaner, saner mental training be had, nor do I know of an institution where the environment is more fitted for the development of moral character. You are doing a great work there and I rejoice in it.

# What School Superintendents Say

## (Hon. A. T. Allen, Superintendent of Public Instruction for N. C.)

I want to congratulate you on your large enrollment for this year. Buie's Creek Academy has done a great work in North Carolina and I am delighted to know that its prospects for the future are so bright. I certainly hope this work will continue to grow in usefulness and service and I know it will as long as your hand guides its destinies.

#### (Hon. J. Henry Highsmith, Supervisor of High Schools for N. C.)

I take pleasure in speaking in commendation of Buie's Creek Academy. The school has rendered a very fine service in the equipment of young people for entrance to college and for engaging in various kinds of work. There is a decidedly wholesome atmosphere about the school. Many young men and women who are more mature than average high school boys and girls enter the school each year and find the work not only pleasant, but stimulating, and are encouraged to complete their secondary school course. This is a distinctive feature of the work of the Academy. Buie's Creek Academy has rendered an unusually effective service to students who have had limited school advantages. This school is a real educational asset to North Carolina.

# (FROM HON. J. Y. JOYNER, EX-SUPT. OF PUBLIC INSTRUCTION FOR NORTH CAROLINA)

I retain most delightful recollections of my visit to your school. I was greatly impressed with the fine spirit of your students, the excellence of your Commencement exercises, and the pride of the people of the community in Buie's Creek Academy and their admirable loyalty to it. The marvelous success of your school

in a rural district, four miles from any railroad, and the transformation that has been wrought by its influence in that section of the country, is a splendid object lesson in what can be accomplished by pluck, energy, faith, and consecration to a noble work. Your school is doing a blessed work by placing excellent educational advantages within the reach of hundreds of young men and young women of moderate means, and within the reach of many absolutely without means.

#### (FROM SUPT. B. P. GENTRY, HARNETT COUNTY)

The opportunities for the proper training of young men and young women at Buie's Creek are so well known that it seems sufficient to me to say Buie's Creek will carry the right message. These two words have almost become synonyms of growth, development, and progress in Christian education. They suggest a place of power and achievement. Viewing the school and its work as an interested and close observer, I do not hesitate to class it as a big asset, not only to Harnett County, but to the State and county as a whole. Properly located and controlled by men who always dare to do the right, it will ever remain a fit training place for the youth of our land.

# What College Presidents Say

(FROM HON. E. C. BROOKS, EX-SUPT. OF PUBLIC INSTRUCTION FOR NORTH CAROLINA, NOW PRESIDENT OF STATE COLLEGE)

I was very much impressed during my recent visit to Buie's Creek with the fine spirit that prevails in your community. The loyalty of the students to the institution and the admiration and respect in which it is held by the people are an evidence that your institution fills a large place not only in Harnett County, but in the State. It has grown up around a man who seems to have a genius for stimulating and inspiring young men and young women.

#### (FROM PRESIDENT POTEAT, WAKE FOREST COLLEGE)

I beg to congratulate you upon the fact that your school had forty-two men in Wake Forest College the past session, and that of that number ten were in the graduating class. I congratulate you further upon the high purpose, the seriousness, and the habit of work which we have here come to recognize as characteristic of the Buie's Creek men.

#### (FROM PRESIDENT BOATWRIGHT, UNIVERSITY OF RICHMOND)

The young men who have come to Richmond College from Buie's Creek Academy have been students of character and high purpose. Their college work has indicated careful training, and on this basis I am glad to give my cordial endorsement to the work of your Academy.

#### (FROM PRESIDENT FOUST, N. C. COLLEGE FOR WOMEN)

It gives me much pleasure to bear testimony to the excellent work that is being done by your institution. We have had several students from your school and they have shown good preparation. I believe that you are doing a great work and that your school deserves the support and encouragement that it is receiving from our best citizens.

#### (FROM DR. CHAS. E. BREWER, PRESIDENT OF MEREDITH COLLEGE)

I know of no school that is doing greater work than is being done at Buie's Creek Academy under the direction of Rev. J. A. Campbell. The students coming from that institution are not only well prepared for their class work, but also have the right attitude.

(FROM PRESIDENT L. R. SCARBOROUGH, SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY, TEXAS)

From what I saw the day I visited the school I put it down in my deepest soul that there can be no better place in this country for a boy or girl to get a start in education. I do not know of a place anywhere that I would rather have my children educated than in Buie's Creek Academy. I count it one of the greatest spiritual assets Baptists have in the South.

(FROM PRESIDENT H. W. CHASE, UNIVERSITY OF NORTH CAROLINA)

I am very glad to say that it has been our experience that the men who come here from Buie's Creek Academy come well prepared for work at the University. They are good men, and we are always glad to have them.

You will be interested to know that one of the men you sent us this year has thus far made a record of over ninety-five per cent in five of the six courses which he has so far completed. This is a most extraordinary record for a first-year man.

(FROM PRESIDENT W. J. McGLOTHIN, FURMAN UNIVERSITY, S. C.)

It has been my good fortune to touch the students who come from Buie's Creek in one way and another for many years, and it is a pleasure to testify that they have uniformly been filled with the highest spirit of devotion to the work of education and to all the higher things of the spirit. There is no secondary school among Baptists which has a better influence upon its students than Buie's Creek, in my judgment. I heartily commend it to all who are seeking a high-grade Christian secondary school.

(FROM PRESIDENT E. W. SIKES, CLEMSON COLLEGE, S. C.)

The spirit of Buie's Creek Academy is one of the finest that I have ever known. Great emphasis is placed upon character building. There is an atmosphere of culture and refinement that greatly edifies. There is much there of the spirit of the famous old high schools that have become historical. High morals and religion are kept above par. The atmosphere of the place stimulates one for higher things. Any young man is fortunate who has had the advantages of such training for four years.

# What Other Prominent Men Say

(Dr. J. R. JESTER, PASTOR FIRST BAPTIST CHURCH, WINSTON-SALEM.)

In the Fall of 1924, it was my pleasure to spend ten days at Buie's Creek speaking twice each day, in Revival Services. In all of my ministry I do not recall a more delightful season. The spiritual atmosphere that exists in Buie's Creek Academy is most wholesome. Every effort is made to implant the highest ideals of Christian character in the minds and hearts of the students. If any student fails to respond to such influence, we feel that such failure cannot be charged to those who are giving their lives and best effort in a sacrificial way to train the students for real service. The Buie's Creek spirit is unique. We have seen no school that exerts a finer Christian influence. May heaven's favor continue upon J. A. Campbell and those associated with him in the noble work of this Institution.

(FROM HON. J. A. POWERS, SOLICITOR FOR SIXTH DISTRICT.)

Many of your students were class-mates of mine at Wake Forest College. Many others I have known personally and by reputation, I think I can speak with authority when I say that your institution is rendering the greatest service of any institution within my knowledge. I never hesitate to recommend your school whenever and wherever I have opportunity.

## (FROM HON. JOSEPHUS DANIELS, EX-SECRETARY U. S. NAVY)

One of the institutions that is doing the most good in this section of the State is Buie's Creek Academy, Harnett County. It is not ambitious for greatness, but its principal, Rev. J. A. Campbell, is ambitious to see it grow in usefulness. It has been like a light set on a hill to a large section of country, and has shed a radiance of better education and enlarged opportunities that will tell for the State's betterment in all the years that are to come. If every section of the State had such an academy, North Carolina would in a few years take front rank.

## (FROM REV. C. E. MADDRY, D.D., SECRETARY OF BOARD OF MISSIONS FOR N. C.)

We judge any institution by its finished product. Measured by this standard, Buie's Creek can meet the test. As a high-grade preparatory school it ranks second to none in North Carolina. The students going out from this school stand shoulder to shoulder with those of any other school.

But the finest asset of Buie's Creek is its wholesome, Christian atmosphere. The school is built up and lives around the great historic spirit of its founder and director. The spirit of noble sacrifice and unselfish service sooner or later grips and dominates every young life that touches Buie's Creek. May the blessings of heaven, without stint and measure, be poured out continually upon the great school.

#### (From Dr. Clarence H. Poe, Editor Progressive Farmer, Raleigh, N. C.)

It gives me great pleasure to bear testimony to the splendid work of Buie's Creek Academy, especially as it impressed itself upon me during my recent visit. I remarked upon my return that I doubted whether any other school in North Carolina has accomplished as much in proportion to the money expended upon it. You have reached a class of young men from our farms, most of whom no other institution would have reached, and the good accomplished is incalculable.

#### (FROM REV. LIVINGSTON JOHNSON, D.D., EDITOR BIBLICAL RECORDER)

It was my great pleasure to visit Buic's Creek recently. I had heard much of this school and its excellent work, but can truly say that my expectations, high as they were, were more than met. Nearly five hundred pupils are gathered from sixty-five counties of this State, and from many other States.

These young men and women impress one as having an earnest purpose in life. They are there to better prepare themselves for future usefulness.

Most of them are poor, and could not secure an education were it not for the peculiar advantages offered them by Buie's Creek Academy. Any parent can feel safe in putting his child under the care of Professor Campbell. There is a spiritual atmosphere pervading the whole institution which impresses one as soon as he reaches the community.

#### (FROM HON. J. A. OATES, FAYETTEVILLE, N. C.)

One of the great marvels in the educational revival in North Carolina is the wonderful internal and expansive growth of the Buie's Creek Academy. It was once the school of Rev. J. A. Campbell, but is now the school of the people. The State does not own it, yet it is a public school. No church owns it, yet its strong influence for Bible truth and morality cannot be calculated. Buie's Creek needs the people and the people need Buie's Creek.

The elements have met in Buie's Creek to make it a great Southern preparatory school. These elements are a practical, consecrated principal of experience, a school with an enviable record already established, a patronage which means loving friends, a location ideal. The people of North Carolina could do the educational work of their State no better service than to take stock in Buie's Creek Academy.

(FROM REV. B. W. SPILMAN, D.D., FIELD SECRETARY SUNDAY SCHOOL BOARD, KINSTON, N. C.)

I have recently spent several days at Buie's Creek Academy. It is in many respects the best academy in North Carolina. The building is equipped with modern appliances. There is a faculty whose superior is not to be found in any academy in the State, and the spirit of Christ pervades the institution.

# (FROM DR. G. W. PASCHAL, WAKE FOREST, N. C.)

I have never been at Buie's Creek to see your plant, but I know your school. "By their fruits ye shall know them." For twenty-six years now I have been dealing with students fresh from Buie's Creek. Without exception they have shown the influence of such training in books, in religion, in character, as I could wish that my own sons may receive in their high school course.

## (FROM REV. C. H. DURHAM, D.D., LUMBERTON, N. C.)

It was my privilege to visit Buie's Creek Academy recently. For a number of years I have viewed it from a distance with increasing admiration. On this occasion it was my great pleasure to view it at close range and become better acquainted with its inner life and work. Having heard so long of some of the chief characteristics of the place, it was not surprising to find the moral and religious tone of the community to be very pronounced. Also to find it remarkably free from loud, worldly display, so prevalent nowadays. The visitor soon has the conviction that faithful, honest work is done here. And he soon finds himself prepared to believe that the students of this institution move in an atmosphere which is calculated to develop strong, healthy, Christian character. Of course, every one agrees that the godly life of Principal J. A. Campbell is stamped on the school and the entire community. Few men are loved and respected by their pupils, associates and neighbors as much as he is. The work that he and his faithful teachers are doing can't be estimated this side of eternity. To all the Baptist people in North Carolina it should be a source of profound gratitude that we have such a school as this.

# What Our Patrons Say

# (Dr. C. E. SCHAIBLE, CHAIR OF BIBLE, COKER COLLEGE, S. C.)

We are very much pleased with the progress that Maynard has been making, since he has gone to Buie's Creek Academy. We feel that we did well in sending him to you. I shall be glad to recommend Buie's Creek Academy to anyone. Your Christian standards and ideals are bound to work good to anyone who can respond at all to good influences.

# (HON. J. C. MEEKINS, JR., WASHINGTON, N. C.)

I consider your institution the best preparatory school in this State.

To my mind there are four qualities, which are absolutely necessary to a boy's success, in after life: Religion, thoroughness, thrift and economy. In visiting my boy, who is with you, I find that these conditions are stressed at Buie's Creek more than at any place I have ever seen. I have two more boys for you, one will go next year and the other as soon as he is prepared to enter.

#### (FROM REV. FRED N. DAY, WINSTON-SALEM, N. C.)

I have been for a number of years personally acquainted with Professor Campbell and his school. I have had three sons under his care and am also interested in educating others there. In my opinion there is no safer or better school to which to send your children.

#### (FROM MR. J. L. AYCOCK, ELBERON, N. C.)

For the last two years my son has been a student of Buie's Creek Academy, and I am well pleased with the progress which he has made. He is very enthusiastic about his work there and speaks in highest terms of the school and faculty. It has been my privilege to visit Buie's Creek a few times, and I think that I have never seen such loyalty to the school and the things that are best among any student-body as is shown by the boys and girls of your institution.

## (FROM REV. E. R. NELSON, BAPTIST PASTOR, HENDERSON, N. C.)

It affords me pleasure to commend both you and your school. I have been most favorably impressed with your methods and with the conduct of the work and my admiration and love for you increase with every visit.

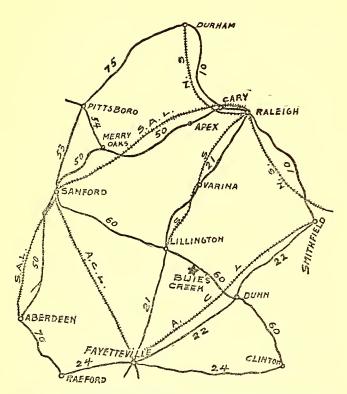

I shall always be glad that I sent my daughter to Buie's Creek Academy. This is a Christian secondary school of the highest order. I have a well-founded suspicion that the head of the school is very careful as to whom he associates with himself in the work.

## (FROM MR. I. D. HARRELSON, FARMER, WINNABOW, N. C.)

Having been a student at your school more than twenty years ago, it was not hard for me to decide where to send my children when ready for high school. I sent you my oldest son. He is now in Richmond doing well. You now have my oldest daughter and six others are getting ready for Buie's Creek. I am perfectly satisfied so long as my children are under your watchful eyes. I regard your school as second to none on earth. My father, now eighty-six years old, wishes me to add that he has been watching your school with prayerful interest since its first beginnings, and he will never cease to love you and the school for what it has done for the Master's cause.

#### (FROM MR. C. C. JONES, CARTHAGE, N. C.)

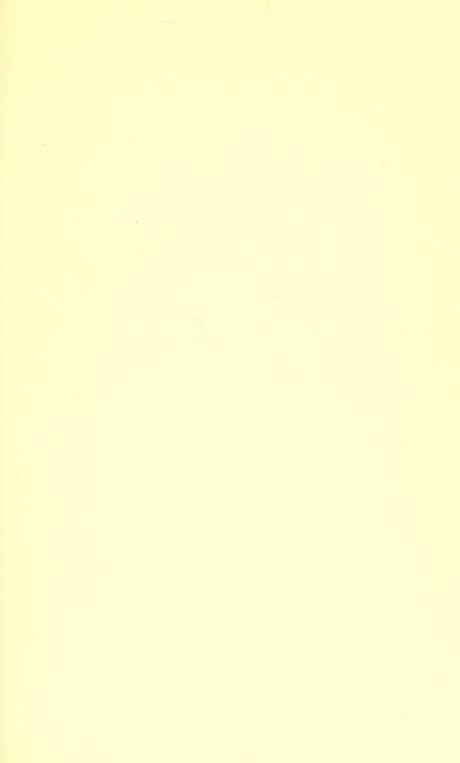

If an institution is to be judged by its fruits (and how else shall we judge it?) I know of one man who as a boy attended this school, got his bearings, and often refers to it as the deciding factor in his life's work, who if he were the only one that could be pointed to as a credit to the school, it would have been worth all the efforts ever put forth there, and the school would be counted a great success. But I know of many such. They are scattered all over the country. That seems to have been and is the aim of the school-to help boys and girls find their life's work. Too many are aimlessly drifting, jumping from pillar to post, and have no purpose in life; Buie's Creek helps them to find themselves and gives them a vision of the "life beautiful." I know of no better influence anywhere, and the good that this school has done can never be estimated as we estimate things in this world. Any man having money he desires to invest in boys and girls, where it will pay large dividends in things that abide forever, while empires crumble, would do well to look into the work of Buie's Creek. Its guiding hand all these years has been that matchless man, J. A. Campbell. How he has done the work he has is a marvel.

# OUR ACKNOWLEDGMENT

To our benefactors, whose earnings have thus been dedicated to the cause of Christian Education; to our patrons, who have entrusted us with their most cherished possessions; to our students, who have impressed others by the nobility of their lives; to the many other friends, who have maintained an abiding confidence in the institution, we are indebted for the continued growth of Campbell College through its forty-four years of history. Looking to God for His continued help and guidance, we hope with the aid of our friends to do even better work, and to make the institution a more efficient agency for the uplift of humanity.

# Calendar for 1931-1932

# 1931

June 1-Opening of Summer School.

July 10-Closing of Summer School.

August 31—Arrival of New Students—Dining Hall opens with noon meal.

September 1-2—Registration and Classification of New Students and Examinations for Removal of Deficiencies.

September 3—Registration and Classification for Returning Students.

September 4-Class Work Begins.

September 20-25—B. Y. P. U. Study Courses.

October 17—Library Day.

October 24-Founders' Day.

October 24-Fall Debate.

November 26-Thanksgiving Day.

December 12-Joint Meeting of Societies.

December 18-Christmas Vacation Begins at Noon.

December 30-College Work Resumed 8:00 a.m.

#### 1932

January 6-11—First Semester Examinations.

January 13—Second Semester Begins.

January 17-21—Sunday School Training Courses.

January 22-Anniversary of Societies.

February 25—Spring Debate.

February 26-Arbor Day.

March 28-Easter.

May 7-Joint Meeting of Societies.

May 12-17—Examinations.

May 15-Commencement Sermon.

May 17—Exercises by Elementary Grades.

May 18—Society and Class Day Exercises.

May 19-Literary Address, Delivery of Diplomas.

# **FACULTY**

# JAMES ARCHIBALD CAMPBELL, B.A., D.D., PRESIDENT

Principal Buie's Creek Academy since 1887; Superintendent Harnett County Public Schools, 1890-1894. 1897-1899; B.A., Wake Forest College, 1911; D.D., Wake Forest College, 1926; Baptist Pastor since 1886

# BURGESS PINCKNEY MARSHBANKS, M.A., LL.B., VICE-PRESIDENT

B.A., Wake Forest College, 1908; M.A. and LL.B., Wake Forest College, 1909; Assistant in Physics Wake Forest College, 1908-1909; Graduate Student State College, 1924; Mathematics and History, Campbell College, 1909—

Mathematics

# LESLIE HARTWELL CAMPBELL, M.A., DEAN

B.A., Wake Forest College, 1911; M.A., Wake Forest College, 1916; Graduate Student University of North Carolina, 1912, 1926; Graduate Student Columbia University, 1918, 1924; English and Latin, Campbell College, 1911-

English and Education

# MABEL POWELL, M.A.

B.A., Georgetown College, 1924; M.A., University of North Carolina, 1930; Chair of English, Saint Mary's Seminary, 1920-1921; English and Latin, Campbell College, 1924—

Latin

# GEORGE GREER RICHARDS, B.A.

B.A., Wake Forest College, 1926; Mathematics, Campbell College, 1926-

Mathematics

# S. O. BRANDON, B.A.

B.A., Wake Forest College, 1926; Mathematics, Mountain View College, 1924-1925; Mathematics, Mars Hill College, 1925-1926; Mathematics and Assistant in Athletics, Campbell College, 1926— Director of Athletics and Mathematics

# JOHN EDWARD AYSCUE, M.A., B.D.

M.A., Wake Forest College, 1903; B.D., University of Chicago, 1905; Pastor Greenville Baptist Church; Bible and History, Campbell College, 1926—

Bible and History

## MRS. JESSIE ALLEN PARKER, M.A.

M.A., Meredith College, 1923; M.A., University of North Carolina, 1930; French and German, Wingate Junior College, 1923-1926; Modern Languages, Campbell College, 1926—

Modern Languages

# GEORGE LOREN EDWARDS, B.S.

B.S., Wake Forest College, 1926; University of North Carolina Extension, 1929; Principal Junior High School, 1922-1924; Science and History, Campbell College, 1924—

History and Science

# MRS. ABBIE BENTON BONSTEEL, M.A.

B.M.T., Woman's Missionary Union Training School, 1914; B.A., Bessie Tift College, 1926; M.A., Mercer, 1930; Diploma in Commercial Law; English, History, Bible, Brewton-Parker Institute, Georgia, 1921-1922; W. M. U. and S. S. Field Secretary, Georgia, 1913-1916, 1922-1923; Stewardship Chairman, Wilmington Division, 1927; Author of "Hidden Pearls"; Campbell College, 1926—

English and Bible

# GLADYS STRICKLAND, M.A.

B.A., Meredith College, 1924; M.A., Cornell University, 1927; French and English, Salemburg High School, 1924-1925; French and English, Campbell College, 1925-1926; Campbell College, 1927—

English and Modern Language

# EVELYN SNIDER, M.A.

B.A., Coker College, 1928; M.A., University of North Carolina, 1929; Campbell College, 1929—

English and Physical Education for Girls

# HUBBARD FULTON PAGE, M.A.

B.A., Wake Forest College, 1905; M.A., Harvard University, 1911; English and Latin, Buie's Creek Academy, 1906-1907; English, Wake Forest College, 1908-1908; Instructor in English, Texas Christian University, 1911-1912; Assistant Professor of English, Agricultural and Mechanical College of Texas; 1916-1926; Assistant Professor of English, Mississippi College, 1928; English, Campbell College, 1930—

English

#### R. LESTER POPLIN, M.S.

B.A., Wake Forest College, 1922; M.S. North Carolina State College, 1927; Science, The Wingate School, 1922; Chemistry, Hugh Morson High School, Raleigh, N. C., 1927; Chemistry, Wingate Junior College, 1922-1926, 1928-1929; Chemistry, Campbell College, 1930—

Chemistry

# CLINTON F. DODSON, M.S.

B.S., Mississippi State Teachers' College, 1927; M.S., University of Alabama, 1930; Head of Science Department, Greene County Agriculture High School, 1928-1929; Fellowship University of Alabama, 1930; Biology, Campbell College, 1930—

Biology

## OLIVIA BLANCHE HOCUTT, A.B.

A.B., Meredith College, 1923; Graduate Student, Columbia University, Summer 1927; Graduate Student University of North Carolina, 1928-1930; Stoneville High School, 1923-1926; Mills Home, 1926-1929; Campbell College, 1929—

French and English

## EUGENE NORFLEET GARDNER, M.A., Th.M.

B.A., Richmond College, 1914; M.A. Ibid., 1915; Pastor of Churches, 1915-1916; Th.M., Southern Baptist Theological Seminary, 1920; B.D., University of Chicago, 1920; Pastor of Churches, 1920; Instructor in Bible, Orphanage High School (Thomasville, N. C.), 1925-1929; Campbell College, 1930—

Greek and English

# MRS ELLA LORD GILBERT

New England Conservatory, 1914-1917; Private pupil Harry C. Whittemore, 1917-1926; Fellowship St. Louis, 1919; Graduate Student, Temple University; Theory, Psychology, Philosophy, Dr. LeRoy B. Campbell, 1921; Student Matthay Piano School, London, 1928; Research work in music, France, Italy, Spain, Summer of 1928; Teacher of Piano, Theory, Harmony, Pinkerton, eleven years; Campbell College, 1930—

Dean of Music Piano, Organ

## ARCHIBALD EDGAR LYNCH

Shenandoah Institute, 1914-1915; Student New York School of Music and Arts; Student Moody Training School; Student Winona Lake; Evangelistic Singer Home Board, 1919-1922; Vocal Music, Campbell College, 1922—

Vocal Music

# HENRY TROY McDUFFIE, DIPLOMA IN MUSIC

Graduate Southern Conservatory, 1927; Student Columbia University; Member Faculty Campbell College, 1923-24; Director Music Orrum and Barnesville High Schools, 1927-28; Campbell College, Music Department, 1928—

Piano, Public School Music, Band, Harmony

# LULA FRANCES BROOKS

Graduate Brockman School of Music, 1898; Graduate Baptist Bible Institute, 1923; Sherwood Music School, Pupil Marinus Paulsen; Graduate Student Moody Bible Institute, 1926; Teacher of Violin, Baptist Bible Institute; Member of Faculty, Campbell College, 1924—

Violin and Director of Orchestra

## MRS. ETHEL THOMAS EDWARDS

Oxford College; New York University; Teacher of Art, Fruitland Institute, 1922-1924; Teacher of Art, Campbell College, 1924—

Art

## ESTELLE BURT

Graduate Campbell College, 1920; Private Pupil of Florence Adams, Washington, D. C.; Columbia University; Bush Conservatory, 1928; Member Faculty, Campbell College, 1924—

Expression

## I. M. WALLACE, B.S., B.C.S.

B.S., Ohio Valley College; B.C.S., Bowling Green Business University; Teacher Commercial Department, Oklahoma City Schools; Principal Commercial Department, Clinton College, Kentucky; Commercial Department, Campbell College, 1915—

Commercial Department

#### MRS. LITTLIE H. BOULDIN

Graduate Averett College, Danville, Va.; One year's work at University of Virginia; Teacher two years in H. S. Department of Averett College; Assistant Dean, East Carolina Teachers' College, Greenville, N. C., Summer 1929; Dean of Women, Campbell College, 1930—

Dean of Women

F. H. FLEMING, M.D.

School Physician

ADA OVERBY

Secretary to President

J. F. BLACKMON

Bursar and Superintendent Boys' Dormitory

MRS. A. N. JONES
MRS. LUCY ADCOCK
Matrons Girls' Dormitory

#### MRS. MARY E. HARRIS

Will Mayfield College; Missouri State Teachers College; Librarian Will Mayfield College, 1921-1922; Campbell College, 1926—

Librarian

## R. E. DUNCAN

Superintendent of Buildings and Grounds

### **Grade Teachers**

#### MABEL BURT

Graduate Buie's Creek Academy; Two years a Student at Chowan College; Student of University of North Carolina; Columbia University, 1927; Member of Buie's Creek Academy, 1920—

Seventh Grade

#### MARGUERITE CAIN

Graduate Buie's Creek Academy, 1921; Student State College, 1922-1923; Student Wake Forest College, 1927; Graduate Campbell College, 1930.

Sixth Grade

#### MRS. ETHEL UPCHURCH BROADHURST

Student Meredith College, Wake Forest College, 1921-1926-1927; University of North Carolina; State College, 1923; Member of Faculty of Buie's Creek Academy, 1923—

Fifth Grade

#### MRS. VIRGINIA KIVETT CHENAULT

Graduate Buie's Creek Academy; Two years Student of N. C. C. W.; Student Southwestern Baptist Seminary; Member of Faculty Buie's Creek Academy, 1923—

Fourth Grade

#### ALTA CHITTY

B.S., Chowan College, 1927; Member of Faculty, Buie's Creek Academy, 1927—

Third Grade

#### MRS. ANA BLAND

Powhatan College, 1900; Meredith, 1901-1903; Student State College, 1923; Wake Forest Colege, 1924; Member of Faculty of Buie's Creek Academy, 1926—

Second Grade

### MRS. J. E. AYSCUE

Graduate of N. C. C. W., 1899-1904; Teacher N. C. C. W., 1904-1906; Student N. C. C. W., 1927, Member of Faculty, Buie's Creek Academy, 1926—

First Grade and Superintendent of Grades

### MRS. I. T. NELSON

Graduate of Oxford High School; Student Elon College; Wake Forest College, 1923-1926; Student University of North Carolina, 1927-1928; Member of Faculty of Buie's Creek Academy, 1928—

First Grade

# Officers of Administration

- J. A. CAMPBELL, President
- B. P. Marshbanks, Vice-President
  - L. H. CAMPBELL, Dean

MRS. LITTLIE BOULDIN, Dean of Women

- Religious Organizations-Miss Snider, Miss Strickland, Mrs. Bonsteel, Miss Hocutt.
- Standard of Work-Heads of the Departments.

# Campbell College

# LOCATION

Campbell College is most fortunately situated in that section of North Carolina where "east meets west," in the busy Piedmont with its varied interests and activities. It is located on State Highway number 60, the great traffic artery that carries its commerce from the industrial Piedmont across the Blue Ridge on the west, and through the fertile fields down to the sea on the east. Raleigh, the Capitol City and educational center, is less than an hour's ride to the north, and the historic city of Fayetteville is about equally distant to the south. Dunn and Lillington, progressive towns close by, afford convenient shopping centers for articles not available in Buie's Creek.

The community is exceedingly healthful, quiet, and favorable to study. It would be difficult to find a community with fewer causes to divert the mind from study, or more favorable for student life. A prominent pastor of this state writes: "The moral and religious atmosphere of the school is superior to any school I ever knew."

# HISTORICAL SKETCH

On Jan. 5, 1887, Campbell College had its beginning in a small one-room building, forty-eight by twenty-two feet in dimensions, newly built by local citizens for starting a community school. President Campbell assumed full financial responsibility for maintaining the institution, rather pretentiously called Buie's Creek Academy, which was hardly expected to continue for a full session of five months. The surprising growth of the institution throughout the spring necessitated an additional room during the summer eighteen by twenty-four feet for the primary department, which was joined to the east side of the building. In 1893 another wing, eighteen by thirty feet, was added on the west side. By 1896 the growth of the institution prompted the construction of a three-story addition fifty by thirty-six feet, with a front projection fourteen by sixteen feet.

The new building, now 136 feet in length, contained six large recitation rooms, an Art hall, a Commercial hall, a library, and two nicely furnished literary society halls. This entire building was swept away by fire on the closing day of the fall term, Dec. 20, 1900, at the hands of an incendiary.

Probably all that saved the institution from extinction was a large, open, unfloored tabernacle eighty by ninety feet, which had been erected in the spring of 1898 for Commencement exercises. Thanks to the heroic efforts of students, patrons, and friends, within twenty days seven commodious classrooms had been improvised and equipped in this roughly constructed tabernacle, and school reopened on Jan. 8, 1901. For three years until the completion of the new administration building, now known as the Kivett building, these temporary quarters kept the school intact and growing.

The erection of the new administration building was one of the greatest, most sacrificial ventures ever undertaken by the school. With no money and no large contributions, remotely situated from any railroad, made even more remote by bad roads, the President, students, and friends set about the construction of a brick building to cost over \$30,000. Friends subscribed nickles and dimes to buy brick; students without money cut cord wood to burn brick made on our own grounds, and supplied brick to masons on the job. The genius of the whole construction was Z. T. Kivett, who burned the brick and directed the erection of the building as money and credit were slowly obtained.

From the opening of the first session an increasing number of boarding students was attracted from this and other states. Not until the fall semester 1913 did the institution possess its first dormitory, now known as the Treat Dormitory for girls. Prior to that date all students were cared for in private families. The school at present has in addition a dormitory for boys, constructed in 1923, as well as the Fred N. Day Annex, the Fred N. Day home, and several rooms provided in other buildings.

For years the President conducted the school on his own financial responsibility without assistance from others. Though from the very beginning essentially Christian in spirit, it was not until 1911 that the Baptist denomination, through the Little River Association, owned any interest in the property. Under the name of Buie's Creek Academy, Inc., twenty trustees, elected by the Little River Association, controlled Treat Dormitory. Later the library building was deeded by its donor, D. Rich, to the denomination. In 1925 all the property owned by J. A. Campbell and wife, together with that controlled by the local Association, was deeded to the Baptist State Convention, in whose hands it now is held. Under an agreement entered into with the Baptist State Convention, the President still assumes personal responsibility for financing the school, though the Convention contributes toward its maintenance.

With the consent of the Baptist Board of Education, the institution added a year of college work beginning with the fall semester 1926. The Baptist State Convention of the same year authorized the advancement of the institution to the rank of a junior college, and by the Hamby resolution changed its name to Campbell College. The resolution reads as follows:

"In view of the fact that our brother, Dr. J. A. Campbell, working strenuously and untiringly through a period of forty years, has built a great school at Buie's Creek, known through the years as Buie's Creek Academy, Inc., and recently changed to Buie's Creek Junior College, and,

"Whereas, it is eminently fitting that such devotion to the cause of education should be kept in memory perpetually, and the name and work of Brother Campbell be preserved as a cherished memorial of North Carolina Baptists, be it,

"Resolved, that the Baptist State Convention now in session, request its Board of Education and the Board of Trustees of Buie's Creek Academy, Inc., to change the name from Buie's Creek Academy, Inc., to Campbell College."

The college received immediate recognition by the State Department of Education and has operated since that date as a fully accredited junior college. The work of the institution has from time to time attracted many friends in and out of the state, who have given generously to its needs. Among its largest benefactors have been William Pearson, Z. T. Kivett, M. C. Treat, of California, Fred N. Day, D. Rich, B. N. Duke, of New York, D. H. Senter, W. C. Ellis, Alonzo Parrish, and J. F. Kitchen. These have aided in securing additional buildings and other property, the school water system, and the beginnings of an endowment fund. Grateful acknowledgement is hereby made to these and a host of unnamed contributors, to whom the institution owes its origin and perpetuation.

# **BUILDINGS**

The D. Rich Memorial Administration Building was constructed during the spring and summer of 1926 with that portion of the D. Rich bequest, approximately \$150,000, available at his death. It is built of tapestry face brick, trimmed with Indiana limestone, fireproof throughout. The building, 160 feet long and 120 feet wide, includes an auditorium to seat 1,250 comfortably, fourteen class rooms, two laboratories, two society halls, and several offices.

THE CARRIE RICH MEMORIAL LIBRARY, donated by D. Rich in memory of his wife, Carrie Rich, was opened for use during the spring 1925. In planning this memorial, which includes two large reading rooms, stack rooms, and the President's office, all elegantly furnished, it was Mr. Rich's one purpose to have the building as flawless and beautiful as was the Christian character of his beloved wife.

The William Pearson Music Building, 1915, was made possible by a loan from Harnett County, to be repaid out of the contract for teaching the public school for this district. At first it was used by the elementary school grades. The building was remodeled and converted into a music building in the year 1926-'27. It bears the name of the man who made the first canvass to establish the school in 1887. Until his death on May 25, 1915, he always supported the institution by word and purse.

THE KIVETT BUILDING, named for Z. T. Kivett, its constructor, was nearly three years in building, from the laying of

its cornerstone on May 23, 1901, to Nov. 2, 1903. The main body of the building is two stories high, containing ten large class rooms with other smaller rooms and offices. Since the completion of the D. Rich Memorial Administration building, the Kivett building is used by the elementary school and by special departments.

TREAT DORMITORY, 1913, contains thirty-two rooms for girls on the two upper floors, besides the large basement floor, which provides an ample dining hall for all boarding students. The building is named for M. C. Treat, of California, its largest contributor.

FRED N. DAY ANNEX, originally known as the Beavers' property, was purchased and donated to the school in February 1920 by Evangelist Fred N. Day, to be used as an annex to the Treat Dormitory.

Boys' Dormitory, 1923, contains forty-five rooms. In 1928 an addition of thirteen rooms was built out of money given by the late B. N. Duke.

THE GYMNASIUM. In December, 1923, Mr. D. Rich made a proposition to give \$2,500 toward erecting a building to be used as a gymnasium and temporarily used for an auditorium, on the condition that the other friends of the school would raise a similar amount. Contract was let for this building December 31, 1923, and was used first April 10, 1924. The building is 60 by 90 feet, has basement, is of brick veneer, and cost more than \$15,000. This building is furnished with necessary equipment for physical training, indoor games, shower baths, etc.

FRED N. DAY HOME. In January, 1925, Rev. Fred N. Day purchased for \$2,000 a seven-room residence, with adjacent lots amounting to about two acres of land. This property adjoins the school grounds and was donated to Buie's Creek Academy. It is planned to use this home for married students. The school now owns two such homes and it is hoped that others may be provided by individuals, churches and associations. The trustees will be glad to donate the land for such purposes.

# THE D. RICH BEQUEST

September 26, 1923, Mr. D. Rich conducted the devotional exercises at chapel. At that time he told us that he slept but little on the previous night, because much of the time was spent in talking with the Lord about Buie's Creek. There was born in his soul that night, he said, this striking expression: "Buie's Creek must live." He expressed the hope that he might be able to do something for Buie's Creek. On October 21, 1924, he fell on sleep, having left in his will to the trustees of Buie's Creek Academy one-eighth of his estate. One-half of this amount, approximately \$150,000 was used to erect the new D. Rich Memorial Administration Building.

### MR. DUKE'S GIFTS

For many years one of the imperative needs of the school has been a modern system of sanitation. In 1923 Mr. Alonzo Parrish, Benson, an alumnus of the institution and member of the Board of Trustees, gave the school a deep-well pump, gasoline engine, steel tower and a 15,000 gallon tank. A deep well was sunk on the campus, which gives an ample supply of water for all school purposes. No funds were available for completing the sewerage line and installing the equipment in the buildings. In the spring of 1926 Mr. B. N. Duke gave the school \$25,000 for completing the sewerage system, connecting all the buildings with sewer, and for meeting other needs. Three additional gifts made by Mr. Duke during the year bring his contributions to \$50,000.00.

#### ENDOWMENT

During the Commencement exercises in 1924, Mr. W. C. Eillis, Greenville, S. C., suggested a plan for increasing our endowment on an insurance plan. Alumni of the school are asked to take a ten-year endowment policy payable to the school for amounts from \$100 up. The members of the senior class of 1925 subscribed in this way, about \$5,000 to this fund. Other alumni are cooperating in this movement. Policies in force and pledges at present amount approximately to \$15,000.

Out of the \$50,00 given to the college by Mr. B. N. Duke, approximately \$10,000 has been preserved after installing the sewerage system and making several necessary improvements to our buildings. This money is placed on interest and used as endowment.

One of the greatest needs of the school is a stable income to supplement the small fees paid by our students. In no more effective way can the friends of the institution lend their help than in adding to this fund.

## LOAN FUND

We are happy to announce the establishment of the following loan funds for worthy students. These sums, coming unsolicited, express the confidence of these benefactors in the work of Campbell College and their sympathy with poor boys and girls struggling for an education. In behalf of those to be blessed by these amounts, we express our thanks for the following loans:

D. H. Senter Loan Fund. Some years ago Mr. D. H. Senter, Chalybeate Springs, contributed one thousand dollars to endow a loan fund for worthy students, preferably Harnett County students. With the accrued interest it at present totals about \$1,500.00.

The Masonic Loan. The Masonic fraternity of North Carolina has established a loan fund of \$1,000.00 for needy students, who could not otherwise pursue their training.

James A. Buchanan Loan Fund. Mindful of his own struggles to stay in school at Buie's Creek Academy years ago, Mr. Buchanan has set aside \$100.00 to help other worthy students, with the intention of later increasing this fund.

Tom Chears Loan Fund. During the year Mr. Chears sent the President the sum of \$25.00 to be used in some way to help some struggling students. After some deliberation it has been decided to offer this as a loan to those most needy.

Ministerial Loan Fund. Through the liberality of Mr. M. C. Treat, of California, we are permitted to offer a loan of from \$25.00 to \$75.00 a year to worthy ministerial students who cannot otherwise attend school. The young men applying for help

must show evidence of consecration and capability, giving recommendation from their pastor and church.

Parties receiving help are required to give their note, to be paid in four years' time; earlier if convenient.

#### SCHOLARSHIPS

During the year a few friends have indicated their purpose to offer several scholarships to the needy, worthy students, who might otherwise be deprived of coming. A full scholarship is valued at \$55. These scholarships, unless otherwise designated by the donors, will be awarded to those most needy and worthy.

# MUSIC SCHOLARSHIP

An unnamed benefactor awards annually a music scholarship, valued at \$250, to a student specializing in music, based on ability and need.

### HELP FROM EDUCATION BOARD

The Education Board of the North Carolina Baptist State Convention is helping young men preparing for the ministry. All such applications for help must be endorsed by the church of which the beneficiary is a member, by the Moderator of the Association, and by the Chairman of the Executive Board. Application blanks can be secured by writing to the Principal.

### EXPENSES

(For Semester of 18 Weeks)

#### TUITION AND FEES

Elementary Department\$	
Academy	
Junior College	27.50
Matriculation (Includes Registration, Library, Medical, and	
Athletic Fees, etc.)	20.00
Publication Fee	2.00
Board	
In Dormitory, with Room, Heat, and Lights \$	90.00

In Private Families, Regular Board and Room\_\_\_\_\$100.00 to \$112.50

#### EXTRAS

Music (Vocal, Piano, Violin, Orchestra, Preparatory, each) \$	22.50
Music (College)	27.50
Orchestral Instruments in Class	12.00
Rental of Instruments per term	2.00
Piano Practice (Preparatory)	2.50
Piano Practice (College)	3.75
Harmony, Theory and Music History	5.00
Expression	22.50
Business Course	22.50
Shorthand and Typewriting	22.50
Laboratory fees, Chemistry and Biology (Academy), each	2.00
Laboratory fees, Chemistry and Biology (Junior College), each	4.00
Microscope rental fee	1.50
Penmanship	4.50
Typewriting	4.50
Band and Orchestra	5.00
Solfeggio	5.00
Piano Methodics	5.00

In literary department ministerial students are given free tuition and a discount of fifty per cent on tuition is given orphans, widows, and ministers' children.

#### SETTLEMENTS

- 1. All fees, amounting to \$20.00, must be paid before students are admitted to classes and are not returnable after 48 hours.
- 2. Settlement for tuition is due upon entrance. A student whose conduct requires expulsion forfeits his tuition for the remainder of the semester.
- 3. Charges for board must be paid for each half-semester in advance. Since room in dormitories and dining hall is limited, students who do not remain for the full semester are charged ten per cent for room and board for the time they are present.
- 4. No deduction is made in any department for absence for the first two weeks. No deduction for board can be made for an absence of less than two weeks and then for only half time.

- 5. Any variation in the above terms of settlements must be approved by the President before entrance.
- 6. No credits for work completed in school will be given students until satisfactory settlement of all charges has been made.

# COLLEGE DEPARTMENT

WORK APPROVED BY STATE DEPARTMENT

The Standardizing Committee of the State Board of Education, after carefully investigating the work of the school, gave rating as a Standard Junior College beginning with the session 1927-1928. The administration is carefully adhering to all requirements of the North Carolina College Conference, steadily making improvements in the work of the departments as defects appear.

# REQUIREMENTS FOR ENTRANCE

Requirements for entrance into the college conform to the regulations adopted by the North Carolina Association of Colleges. A minimum of fifteen units leading to High School graduation is required of all regular students. The following units are prescribed: English, 3; Mathematics, 3; Foreign Language, 2; Science, 1; History, 2. The remaining units may be earned from the list of subjects printed on the following page.

Students are admitted in the following ways:

- 1. By certificate. A certificate of graduation, with recommendation for college entrance, from high schools of approved standing admits a student without examination.
- 2. By examination. Students from a non-accredited high school may be admitted only by the removal of such deficiencies by examination. These examinations will be held upon the first day of the fall term. Candidates for admission by examination should forward to the President their application for examination on the required subjects.
- 3. By special permission. In accordance with the practice of other colleges, students of mature years are admitted by permission of the President as "special" students. Such students must demonstrate their ability to profit by the courses taken. Positively no credit towards graduation will be allowed "special" students until the entrance requirements are fully met.

# REQUIREMENTS FOR GRADUATION

Five courses of sixty-four semester hours each, leading to the "Associate in Arts" diploma, are offered. Satisfactory completion of one of these groups, with sixty-four "honors credits," is necessary for graduation. These courses are planned to meet the respective needs of students seeking classical, scientific and vocational training. Students undecided as to their future plans are urged to elect Group 1.

In addition to the course of study specified in each group, Physical Education, meeting three times per week both years, is required, for which a total of four semester hours is allowed.

Group I. "Associate in Arts," "Classical" (Course).

English I and II12	hours
Mathematics I6	
History I6	hours
Bible I 6	hours
Biology8	hours
or	
Chemistry10	hours
Latin I6	
French I6	hours
or	
German I6	hours
or	
Greek I10	hours
Electives to total64	hours

Electives: History C-II, French C-II, German C-II, Mathematics C-II, Education C-I, Greek C-II, Biology C-I or Chemistry C-I, Journalism, Physiology and Hygiene, General Economics, Argumentation, History of Christianity.

Three units in Latin and two in French, or four units in Latin, are required for entrance in Group 1.

Group II. "Associate in Arts," "Normal" Course.

English I and II	$^{2}$	hours
History II	6	hours
Education I	6	hours
Modern Language	6	hours
Science	8	hours

Bible	6	hours
Geography	<b>2</b>	hours
Children's Literature	<b>2</b>	hours
Child Study	3	hours
From the following	8	hours
a. Public School Music		
b. Physical Education		
c. Biology C-II		
Electives to total6	4	hours

For entrance into this group, two units each in any two foreign languages are required.

Group III. "Associate in Arts," General Course.

English I and II12 ho	urs
*Mathematics I 6 ho	urs
History I 6 ho	urs
Science 8 ho	urs
Bible I 6 ho	urs
Foreign Language 6 ho	urs
Electives to total64 ho	urs

For entrance to course III two units in Foreign Language are required. The same language offered for entrance must be pursued for one year.

Group IV. "Associate in Arts," leading to B.M. Degree.

Freshman Year	
Piano or Organ 6	hours
Harmony I 4	hours
Solfeggio2	hours
History6	hours
English6	hours
Modern Language 6	hours
Music Appreciation 2	hours
Total	hours
Sophomore Year	
Piano or Organ 6	hours
Harmony II 4	hours

<sup>\*</sup>Mathematics I in Group III is elective for girls, but should be taken by those needing it for further college credit. We strongly recommend an additional year of Foreign Language.

Theory2	hours
Form and Analysis2	hours
History of Music4	hours
Piano Methodics 2	hours
English	hours
Modern Language6	
Total32	hours
Group V. "Associate in Arts," Business Administrati	on.

Marketing6	
Commercial Law 3	
Electives to total64	
Effectives to total	nours

Electives: Modern Language, History I, Mathematics I, Bookkeeping or Shorthand and Typewriting, full course; will be accepted for 6 semester hours, but will not be accepted for credit at all senior colleges.

# COURSES OF INSTRUCTION

# Education

MR. CAMPBELL

Mr. McDuffie

- C-1. An Introduction to Education—This course aims to acquaint the prospective teacher in the elementary school with the responsibilities and duties of the teacher. Practically one-half the year is devoted to the study of methods with special emphasis on the teaching of reading and language; the second half covers the problems of classroom management. Library assignments and observation in the elementary school supplement the class instruction.
- C-2. Physical and Commercial Geography—This course is designed to meet the needs of teachers by offering advancd study of the earth as man's home.

Two hours a week for one semester.

- C-3. Public School Music.
- a. Primary Grade Methods.

This course meets for two hours per week during the first semester. Materials and methods for grades one to thre inclusive will be studied; rote songs singing games, etc. Solfeggio I is a prerequisite for this course.

b. Grammar Grade Methods.

This course meet for two hours per week during the second semester. materials and methods for grades from four to seven inclusive will be studied. The prerequisite for this course is Public School Music Methods for Primary grades.

Two hours a week for each semester.

C-4. Child Study—A study of the nature of the child's well-rounded growth with particular application to the kind of scholastic training needed throughout. The development of the child's mental faculties and the influence of heredity and environment will be studied.

Three hours a week, one semester.

C-5. Childern's Literature—This course includes a study of the best literature of the grammar grades, as well as the methods to be used in cultivating oral language.

Two hours a week, one semester.

#### CERTIFICATION CREDIT

Students who complete thirty-two semester hours work, including Education C-I and other prescribed courses offered, will at the end of their first year be entitled to State Elementary A Certificate. Those who graduate with the work prescribed for Group II, "Normal" Course, will be entitled to a Grammar Grade C or a Primary C Certificate.

# English

Mr. Page Mr. Campbell MISS STRICKLAND
MISS SNIDER

- C-1. Composition—This course consists of a more thorough mastery of the fundamental principles of composition and an intensive study of selected masterpieces as a basis for constant practice in self-expression. Weekly themes, reports, and conferences. Three hours a week, both semesters.
- C-2. English Literature—A survey of English Literature with emphasis on historical movements and developments of types of literature. Three hours a week, both semesters.
- C-3. American Literature—A survey of American Literature with emphasis on the writers since the beginning of the nineteenth century. Special papers and reports. Three hours a week for both semesters.
- C-4. Journalistic Writing—An elementary course in the practice of news writing, including a study of the feature story, the editorial, and the newspaper make-up. Two hours a week for both semesters.
- C-5. Argumentation—A course in the theory and practice of debating, intended primarily for those interested in public speaking. Processes of reasoning, brief-making, and refutation will be combined with a study of methods of presentation. Frequent practice both in constructing speeches and in delivery will be offered.

Two hours a week for both semesters.

C-6. Business Correspondence—Comprises a study of types, style, and form of business correspondence with much drill in the needed fundamental principles underlying all writing. Three hours a week, one semester.

# Foreign Languages

MISS POWELL
MRS. PARKER

MISS HOCUTT
MISS STRICKLAND

#### LATIN

C-A. Cicero; Vergil. This course comprises (1) a study of syntax and prose composition; (2) the translating of selections from Cicero's Orations, and Vergil's Æneid; (3) a brief survey of Roman history; (4) Mythology. Prerequisite, two units of high school Latin.

Five hours a week for both semesters.

C-1. Cicero; Horace. This course is concerned chiefly with translating selections from Cicero's Essays and Letters, first semester. However, special emphasis is placed on the literary value of the selections

read, and on the political and social conditions of the period. A brief survey of Latin literature is made, and various reports are given on the private life of the Romans.

Three hours a week for both semesters.

#### FRENCH

C-A. Elementary French—A beginner's course, covering the principles of French grammar, and the reading of elementary texts. The equivalent of two years of high school work. Credit of six semester hours will be given upon completion of French C-1.

Four hours a week for both semesters.

C-1. French Literature of the Nineteenth Century. Prerequisite, two units of French for entrance. Consist of readings from great novelists and dramatists of the nineteenth century with a brief history of the literature; a careful study of grammar, composition and conversation.

Three hours a week for both semesters.

C-2. French Drama of the Seventeenth Century—A study of the earlier French drama as an introduction to the reading of selected plays from Cornelia, Moliere, and Racine.

Three hours a week for both semesters.

#### GERMAN

- C-1. Elementary German—This course for beginners offers careful study of grammar, practice in pronunciation and composition and the translation of two hundred pages of comparatively difficult German.
  - Three hours a week for both semesters.
- C-2. Reading of selections from German prose of the nineteenth century. Prose composition. Careful review of grammar. Practice in conversation.

Three hours a week for both semesters.

# Mathematics

#### Mr. Marshbanks

- C-1. a. College Algebra—Rapid review of elementary algebra. Theory of equations, quadratics, inequalities, variations, progressions, binomial theorem, logarithms. Three hours a week for first semester.
- b. Trigonometry. Trigonometrical equations, theory of logarithms, solution of right and oblique triangles, special problems. Three hours a week for second semester.

C-2. a. Analytic Geometry—Open to students who have completed C-1. Three hours a week for the first semester.

b. Solid Geometry-Three hours a week for the second semester.

# Natural Science

Mr. Dodson

Mr. Poplin

#### BIOLOGY

C-1. General Biology—A general survey of the field biology. This course deals with the essential distinguishing characteristics, structures, functions, and interrelations of plants and animal, and their relations to inorganic nature.

Three hours a week recitation and lectures, four hours a week laboratory, both semesters.

C-2. Physiology and Hygiene—Elementary human physiology with so much of anatomy, histology and cytology as may be necessary. Personal and public hygiene treated from the standpoint of ugenics. Two hours a week for lectures, demonstrations, and recitations both semesters.

#### CHEMISTRY

C-1. General Chemistry—Emphasis is placed on the fundamental chemical laws and principles of Chemistry from the historical, practical and theoretic standpoints, being chiefly inorganic with an introduction to organic.

Three hours a week recitation and lectures, four hours a week laboratory, both semesters.

# Physical Education

Mr. Brandon

Mr. Dodson

#### MISS SNIDER

All colleges and high school students, unless exempted for special reasons by the Dean, are required to take a course in Physical Education, consisting of calisthenic exercises, and games, three times a week. Health talks are also included from time to time.

Plays and Games—For those preparing to teach, games for children are practiced during the Physical Education hours.

Coaching for Teachers—Under the direction of the coaches for the major sports boys showing ability in athletics will be given instruction in coaching athletic teams and directing Physical Education classes.

# Religion

MR. GARDNER

Mr. Ayscue

### PRESIDENT CAMPBELL

C-1. A comprehensive study of the Old and the New Testament.

Old Testament Characters.

The purpose of this course is to acquaint the student with the historical movements of the people of Old Testament times, and to present in their proper historical background forty characters of the Old Testament. Attention is called to the geography, customs and contemporary movements among nations that influenced the Hebrews, with assignments dealing with these topics in the library. (One semester.)

Texts used:

The Old Testament.

Gardner: "Old Testament Characters."

Sampey: "Heart of the Old Testament."

Parallel Reading.

The New Testament.

The purpose of this course is to outline the events of the first century A.D. as related in the New Testament. The life of Christ will receive chief attention. A detailed study of the book of Acts will follow, with readings from the epistles accompanying it. Parallel work will be done in the library. The principal aim of this and of the class in Old Testament is to bring the student in reverence to the feet of the Great Teacher Himself. (One semester.)

Texts used:

The New Testament.

Robertson: "Harmony of the Gospels."

Robertson: "Studies in the New Testament."

Parallel Reading.

- C-2. Homiletics—Of interest chiefly to ministerial students. Practice in preparation of sermons and in public speaking. Some discussion of pasoral problems.
- C-3. History of Christianity. For description of course see Social Science C-4.

### Social Science

MR. AYSCUE

Mr. EDWARDS

C-1. History of Western Europe. This course embraces the period from the decline of the Roman Empire through the Thirty Year War. Careful study is given to the growth and influence of the principal medieval institutions and movements as they bear upon modern problems.

Each student is required to keep a loose-leaf note-book for notes on collateral reading and for map-drawing.

Three hours a week for both semesters.

C-2. American History—First semester: Brief survey of the colonial period; study of the social, economic, and political conditions of the Revolutionary period; development of the national government. Second semester: Growth of sectionalism; the Civil War; the Reconstruction period and its problems; national expansion; present-day conditions and problems.

Three hours a week for both semesters.

- C-3. General Economics—This course aims at a general understanding of the structure of our economic life together with the underlying principles. A study is made of production, distribution, and price adjusting. A survey of the business organizations which control our industrial life and their functions will receive attention during the latter part of the course. Three hours a week, both semesters.
- C-3. History of Christianity—Beginning with the life and teachings of Jesus and the founding of the church, the history of Christianity will be traced through the development of doctrinal differences, the Reformation, and later accomplishments. The subject will be treated as an organic part of general history, valuable as a cultural subject as well as offering invaluable light on doctrines, church polity, and missionary activity. Two hours a week, both semesters.
- C-4. Physical and Commercial Geography. Physiographic factors and principles underlying our economic problems. The physical divisions are studied as a basis for understanding the social and economic life of man. Two hours a week, one semester.
- C-5. Accounting. An elementary course covering the principles and practice of accounting. The laboratory method of understanding the problems and technique of accounting with actual application to the several business organizations is used. Three hours a week, both semesters.
- C-6. American Economic History. This course traces the economic development of the United States to the present, with emphasis upon the relation of those factors, such as agriculture, manufacturing, foreign trade, and currency, on our social and political development. Three hours a week, one semester.
- C-7. Commercial Law. A study of law as it applies to ordinary business transactions, including the making of contracts and negotiable instruments, to corporations, partnerships, and bankruptcy proceedings. Three hours a week, one semester.
- C-8. Marketing. This course attempts to make a survey of various marketing systems, their organizations, methods, and exchanges, as well as the principles underlying the distribution of economic goods. Three hours a week, both semesters.

# REQUIREMENTS FOR ADMISSION

For years the first seven grades preparatory to entrance into the high school department have been offered. Students completing this course, and those from other schools with a certificate of graduation from the seventh grade will be admitted to the high school.

Students for advanced standing must bring certificates from accredited schools. Candidates for entrance to the Junior and Senior Classes will be required to take examinations on English Grammar and Arithmetic. The faculty reserves the right to reclassify students whenever convinced that a mistake has been made in their classification.

# REQUIREMENTS FOR GRADUATION

Three courses are offered leading to our high school diploma. The first course will admit students unconditionally to all colleges. The second course meets the requirements of many colleges, and offers more electives to those not going to college. The third course aims to serve those seeking a broader preparation than is offered by short commercial courses found in most business colleges. We strongly recommend the classical course to all students expecting to enter a college of liberal arts, and to those undecided about their future.

# COURSES OF INSTRUCTION

#### ENGLISH

The course in English combine composition and literature. To gain efficiency in oral and written English, emphasis will be given to grammar, spelling, punctuation, paragraph structure, and organization of themes. In the study of literature, effort will be made to enable the student to interpret for himself the writer's thought. The Literature and Life series, in four volumes, has been adopted for the work in literature throughout the high school. These volumes meet the college entrance requirements, containing judicious selections for class study and parallel reading.

- I. A. Correct English (Tanner).
  - B. Literature and Life (Greenlaw-Straton), Book I.
- II. A. Composition and Rhetoric (Tanner).
  - B. Literature and Life (Greenlaw-Straton), Book II.
- III. A. Composition and Rhetoric (Tanner).
  - B. Literature and Life (Greenlaw-Miles), Book III.
- IV. A. Guide to Composition (Royster-Thompson).
  - B. Literature and Life (Greenlaw-Miles), Book IV.

#### LATIN

- A—I. Latin for Today (First Year) (Gray and Jenkins). Thoroughness in forms and principles of syntax emphasized. Regular translation and practice in writing simple English into Latin.
- A—II. Latin for Today (Second Year) (Gray and Jenkins). Emphasis placed on syntax and prose composition.
- A—III. Cicero—Six Orations (Bennett). Syntax and prose composition based on Cicero.
- A—IV. Vergil's Æneid—Books I to VI (Bennett). Allen and Greenough's Latin Grammar. Prose composition.

#### FRENCH

A-I. A Complete French Course (one-half) (Greenberg).

Emphasis on pronunciation and accuracy in forms and construction, written exercises, reading—La Belle France, A de Monvert, Le Voyage de M. Perrichon, Labiche et Martin.

A—II. A Complete French Course (completed) (Greenberg). Composition, sight-reading—Le Roi des Montagnes, E. About. La Mare au Diable, Sand.

#### MATHEMATICS

- A. Business Arithmetic (Sutton and Lennes).
- A—I. Algebra, Modern High School (Wells and Hart) to quadratics. Special drills on fundamental principles, factoring, fractions, and equations. Special attention given to solutions of problems and quadratics.
- A—II. Algebra, Modern High School (Wells and Hart). Quadratics, logarithms, binomial theorem, graphs duly emphasized, thorough reviews.
- A—III. Plane Geometry (Strader and Rhoads). Students are taught to reason, not memorize. Original exercises.

#### HISTORY

- A-I. Civics, Community and Vocational Civics (Hill).
- A—II. History of Europe, Ancient and Medieval (Robinson and Breasted). Special emphasis on the growth of institutions, government, and literature.
  - A-III. History of Europe, Our Own Times (Robinson and Beard).
- A—IV. History of the American People (West). This is an advanced course, requiring additional readings, themes and note books. Admission to this course is restricted to juniors and seniors.

In all history courses geography is stressed through map drawing.

#### BIBLE

- A-I. (a) Study of the Bible-Old Testament (Burroughs). New Testament (Robertson).
- (b) New Sunday School Normal Manual (Spilman, Leavell and Burroughs).
  - (c) Other Books of the Normal Course.

#### SCIENCE

- A—I. Everyday Problems in Science (Pieper and Beauchamp). Simple experiments, practical applications. Note books are required to be kept by each student.
- A—II. Biology, New Biology (Smallwood, Reverley and Bailey). An introductory study of fundamental principles of biology, empasizing some of the most important elements of physiological biology by the solving of concrete problems in the laboratory and classroom. Three hours a week recitation, four hours a week laboratory.

A—III. Chemistry. This course acquaints the student with the methods and procedure of chemistry not only from a theoretical but also from a practical standpoint, showing some of the applications to industries and daily life. Three hours a week recitation, four hours a week laboratory.

#### VOCATIONAL COURSES

A-I—Bookkeeping. A-4—Commercial Law.
A-2—Shorthand. A-5—Business Arithmetic.
A-3—Typewriting A6—Penmanship.

For description of the above courses, see under School of Business.

# SCHOOL OF BUSINESS

# I. M. WALLACE, Director

For years this institution has offered in the Commercial Department thorough courses in bookkeeping, shorthand, and typewriting, similar to those offered by the best business colleges. Many students seeking this technical training have recognized the big advantage of study in a junior college. They enjoy all the advantages shared by college students in athletics, literary societies, musical organizations, dramatics, and other student activities, with no loss from their technical training. At the same time, excellent opportunities are afforded commercial students to get practical experience in the college by doing clerical work.

In order that students in the academic and college departments who need some vocational training may share the advantages offered by this department, it is this year reorganized so as to serve larger numbers. A college course in Business Administration, a Commercial Course leading to high school graduation, and the shorter courses in "Bookkeeping," Shorthand and Typewriting, and the Secretarial Course are designed to meet the needs of all who desire commercial training.

#### COLLEGE COURSE IN BUSINESS ADMINISTRATION

This is designed primarily to meet the needs of those wanting a two-year course in business administration. It does, at the same time, satisfy in general the requirements of the first two years at a senior college for those who desire further study. The broad fundamental principles underlying business are studied with a view to aiding the business executive.

This course is outlined in the College Department as Group III under "Requirements for Graduation." Admission to the course is based on the regular requirements for college entrance. The "Associate in Arts" diploma is awarded for satisfactory completion of the course as outlined.

# HIGH SCHOOL COMMERCIAL COURSE

Students who desire a commercial course leading to high school graduation should follow course III as outlined in the high school department. This course is recommended only to those who expect to continue their training in some business college, or who require this training preparatory to securing a clerical position. A high school diploma is awarded upon graduation.

Short Courses

Short courses, requiring from six to nine months for completion, are offered in bookkeeping, shorthand and typewriting, and a combination of these two courses. For the completion of any of the courses listed below as outlined in this catalogue, a

# Bookkeeping Course

Penmanship
Spelling
Bookkeeping
Banking
Business Correspondence
Commercial Law
Commercial Arithmetic and Rapid Calculation

Shorthand and Typewriting Course

Shorthand
Typewriting
Spelling
Penmanship
Business Correspondence

certificate will be awarded.

#### Secretarial Course

Shorthand
Typewriting
Penmanship
Spelling
Bookkeeping (one budget)
Commercial Arithmetic
Business Correspondence

# DESCRIPTION OF COURSES

#### BOOKKEEPING

Bookkeeping I. Proprietorship. The fundamental principles of bookkeeping, including a knowledge of the laws of debiting and crediting, posting, the working of trial balance, and financial statements, etc., most commonly needed in small business units.

Bookkeeping II. Partnership. Advanced work with more complicated business transactions in partnerships and larger organizations.

Bookkeeping III. Corporations. Bookkeeping for larger business units, covering the study of complex forms and records required by big corporations.

Banking. A very practical course, giving the student a good insight into the modern banking systems.

# SHORTHAND

The Gregg system, used by most of the best business colleges in the country, is offered. A study of the principles of shorthand is followed by frequent practice in writing business letters, taking dictation, and developing speed. Students are required to attain a minimum of 100 words per minute to receive credit.

#### Typewriting

Typewriters are owned by the institution. The touch system is taught. From thirty-five to forty words per minute must be written to receive credit.

#### COMMERCIAL ARITHMETIC

A thorough course in common and decimal fractions, percentage, interest and discount, stocks and bonds, and other business calculations is offered. Frequent drills in rapid calculations are given to develop speed in handling figures.

# BUSINESS CORRESPONDENCE

All students applying for either a diploma or certificate must satisfactorily complete this course in practical business English, which includes a study of the most common speech errors, and the mechanics and types of business letters.

### COMMERCIAL LAW

Constitutes a study of the law as it affects and controls ordinary business transactions in the various branches of commercial enterprises.

### PENMANSHIP

Penmanship is required of all pupils applying for a certificate or diploma who are unable to pass a proficiency test in handwriting. The course is also open to any students desiring to improve their handwriting, upon payment of a small fee.

#### Positions

We cannot guarantee positions. At the same time, with our help, graduates with proven ability and character have usually been placed in good paying positions. Many leading business concerns rely upon us for stenographers and bookkeepers. Our first concern is to prepare our students for good jobs, and then to assist in securing them.

# SCHOOL OF MUSIC

ELLA LORD GILBERT, Dean

ARCHIBALD EDGAR LYNCH

HENRY TROY McDUFFIE

# LULA FRANCES BROOKS

Facilities for the study of music as a cultural and a vocational subject are provided from the very beginning lessons to the completion of the college sophomore year. The work is conducted in a separate building consisting of studios and practice rooms.

College credit toward a Bachelor of Music Degree is allowed in the Freshman and Sophomore classes for those majoring in music.

Certificates will be awarded those who complete the preparatory course offered in vocal or instrumental music.

Special students may arrange for any desired course.

The Glee Club, Band and Orchestra add greatly to the pleasures of campus life.

### MACDOWELL CLUB

The MacDowell Club gives an instructive and pleasurable program each month; sponsors concerts and other cultural college activities. It is open to college and high school students, and has the hearty support of the faculty, many of whom are members. The membership fee is one dollar a year.

# GLEE CLUB MR. LYNCH

The Glee Club is a most enthusiastic and successful organization. Membership is limited to students who have singing ability. A number of concerts are given on the campus each year and a tour of the State is made during the season.

#### ORCHESTRA

The College Orchestra is composed of students from both high school and college departments and meets for two hours practice each week. Drill in ensemble playing, technique of instruments, notation and interpretation is stressed. The Orchestra plays for chapel services, recitals, concerts, and other college exercises. Fee for orchestra training is five dollars each semester.

#### BAND

### Mr. McDuffie

The College Band, composed mainly of students of the College department, meets for two hours practice each week. Drill in ensemble playing, technique of instruments, notation, and interpretation is stressed. Each player is given individual help in interpretation, transposition, and practice conducting. Fee for band training is five dollars each semester. One fee permits anyone to play in both Band and Orchestra.

### PIANO DEPARTMENT

#### Mr. McDuffie

#### PREPARATORY

FIRST YEAR—Correct use of arm, wrist, hand, and fingers at the piano. Major and minor scales, one octave, hands together. Studies suggested: Those of John M. Williams; Mrs. Crosby Adams; Tobias Matthay, Czerny-Liebling, Book I. Pieces suggested: Preston, Sand Man's Song; Campbell, Brownie at the Brook; N. Louise Wright, A School Dance; Bilbro, A Lesson, and others selected.

SECOND YEAR—Continued study of the arm, hand, and fingers; major and harmonic minor scales, two octaves, hands together; the formation of triads; writing exercises, etc. Studies suggested: Czerny-Liebling, Book I, continued; W. S. B. Matthews course; Hannon studies; Pedal studies; Matthay, Easier Sonatinas and selected studies from Heller, op. 45. Suggested pieces: Foote, Tarantella; Heller, Curious Story; selected pieces from the work of Schumann, Le'Roy B. Campbell, Ernest R. Kroeger, Rose Gaynor, Gertrude Ross, and others.

Third Year—Technical exercises continued. Major and harmonic minor scales, four octaves, hands together; major and minor arpeggios. Suggested studies: Matthey; Czerny-Liebling, Book II; W. S. B. Matthews; First Year Bach; Sonatinas. Selected studies from Meller, op. 47. Introduction to other works of Bach; pedal studies continued. Suggested pieces: Grieg, Patriotic Song; Haydn, Gypsy Rondo; Tschaikowski, Song of the Lark, and selected pieces from works of Gena Branscum, Mendelssohn, Borowski, Schumann, Schubert, Handel, and Haydn.

FOURTH YEAR—Technical work continued. Major and harmonic minor scales, four octaves, hands together, similar and contrary motion; arpeggio study continued. Suggested studies: Matthay; Czerny-Liebling Book II continued; pedal studies; Bach, Little Preludes and Fugues; Sonatinas; selected studies from Heller, op. 46. Suggested pieces: Beethoven, Scherzo, op. 2

and 3; Adagio, op. 13; Dupre, La Cascade; MacDowell, To a Wild Rose; From an Indian Lodge; Cooke, Forest Voices, and other selected pieces.

#### Piano

#### College

### MRS. GILBERT

FRESHMAN YEAR. 6 hours.

Development of piano touches based on Matthay Principles. Major and minor scales in parallel and contrary motions in various forms and rhythms. Arpeggios in triads, dominant seventh and dominant ninth chords with inversions.

Technical studies by Matthay, Czerny, Clemente. Bach, Three-part Inventions; Preludes and Fugues. Selected works of Schumann, Schubert, Debussy, Chopin, Liszt, Foote, Campbell, Parker, Beach, MacDowell, and others.

Ensemble works by modern composers.

Sophomore Year. 6 hours (including recital).

Continuation of technic on Matthay Principles. Scales and arpeggios in various touches at increased tempo.

Technical studies by Matthay, Czerny, Clemente. Bach, Two-part Inventions; Preludes and Fugues. Selected works of Schumann, Schubert, Debussy, Chopin, Liszt, Foote, Campbell, Parker, Beach, MacDowell, and others.

Ensemble works of classic composers.

#### Organ

#### Course 1.

Pedal Studies by Sir John Stainer. James H. Rogers Choral Preludes for Manuels, Book V (Peters Edition); trios for manuels and pedals; hymn playing.

### Course 2.

Continuation of *Pedal Studies* by Stainer. Short Preludes and Fugues by Bach; selections from classic and modern composers; hymn playing and improvisation.

### VOICE DEPARTMENT

#### Mr. Lynch

The aim of the department is to provide all pupils with a practical knowledge of music and its interpretation in song.

COURSE I. Rudiments of music, including key signatures, pitch, time, rhythm, elementary studies for breath control, freedom of the articulating organs, and the emission and development of tone. Formation of vowels and consonants.

Text-books: Music Reader No. 2 by Ruebush, F. W. Root Synthetic Exercises; Marchesi, Twenty Vocalises op. 15; selected vocalises from Sieber. 36 eight-measure vocalises.

Suggested songs: When Love is Done, Fox; There is No Unbelief, Wooler; songs by Kounts, Foster, etc.

Course II. Further exercises for breath control and development of tone. English diction. Vocalises by Sieber, Concone, and Root for agility and resonance.

Suggested songs: Lad of Mine, Clarke; Lead Thou My Soul, Rob Roy Peery; One Golden April Morning, Gulesian.

Course III. Advanced studies in vocalization. Treatment of embellishments, vocalises by Sieber, Concone, Lutgen, and Max Spicker. Modern songs analyzed for individual feeling.

Suggested songs: A Heap o' Livin, Mrs. M. H. Gulesian; At Twilight, Friml; Candle Lightin' Time, S. Coleridge-Taylor; Iris, Ware; other songs by Foote, Buck, Morrison, Bartlett, and others.

### DEPARTMENT OF VIOLIN

#### Miss Brooks

FIRST YEAR. The first year course covers the requirements for first position playing. The studies are progressively arranged for systematic development of the left hand and also fundamental bowing and rhythmic needs.

Second Year. The exercises for the second year include scales in two octaves and studies for the development of technical dexterity. Correction of faulty intonation, relaxation of the bow-arm and wrist are given. Solos in the first three positions are played.

THIRD YEAR. Scales and Arpeggios in all keys. Etudes by Kayser, and Mazas, Technical Studies by Sevcik. Solos and easy Concertos in the first three positions.

FOURTH YEAR. Special studies for tone development. Etdues by Dont, Kayser, and Kreutzer. Technical Studies by Seveik, op. 8 and 9. Concertos, Sonatos and Solos in five positions studied.

FIFTH YEAR. Tone development continued. Scales and Arpeggios in three octaves and advanced bowing exercises given. Studies from Kreutzer and Rode. Solos and Concertos suited to the fifth grade are studied.

Sixth Year. Tone development continued, scales in double stops, and octaves. Kreutzer, and Fiorillo Etudes are studied. Technical exercises by Sevcik and others. Sonatos by Bach, Concertos by De Beriot and Mendelssohn studied.

On the completion of the course the student must give a public recital from memory, in which a standard concerto is played.

VIOLIN ENSEMBLE. The loose leaf method is used for class lessons and quartettes by Auer and others are played. This is a three-year course. Students doing third year work may join the orchestra.

### **Orchestral Instruments**

It is the purpose of the Violin Department to build up an Orchestra in the school each year. In order to do this instruction will be given in time and notation and production of tone on Orchestra Instruments.

Orchestra rehearsal once a week. Overtures, Church Music, and the lighter Symphonies will be practiced. Violin students who are finishing the Preparatory course and those who play music in third position will play in the Orchestra.

# THEORETICAL AND HISTORICAL MUSIC COURSES

MRS. GILBERT

Mr. Lynch

MR. McDuffie

Solfeggio I. Ear Training, Sight Reading, Dictation. Rudiments of music, notation of pitch, duration, signature, intervals, construction of scales and chords. Sight reading and ear training by dictation.

One hour a week, first and second semesters.

THEORY II. Primary laws of acoustics and tone colors of various instruments. Musical embellishments and combinationsigns, abbreviations, combination-rhythms and their treatment.

Textbook: Theory of Music, Elson.

HARMONY I. Primary and secondary triads and inversions, cadences, sequences, connection of triads, melody writing, four part harmonization of melodies, dominant seventh and dominant ninth chords and their inversions, figured bass, melodic dictation.

Two hours a week, first and second semesters.

Textbook: Modern Harmony, Foote and Spaulding.

HARMONY II. Continuation of Harmony I. Modulation, secondary seventh chords in major and minor, figured bass continued, chromatic progressions and alerations, suspensions, passing tones, organ-point and composition of simple forms.

Two hours a week, first and second semesters.

Textbook: Modern Harmony, Foote and Spaulding.

FORM AND ANALYSIS II. The study and analysis of music forms; figure, motive and phrase, to fugue and sonata.

Illustrations from Bach, Haydn, Mozart, Beethoven, Schubert, Mendelssohn, MacDowell, Beach.

One hour a week, first and second semesters.

Textbooks: Form and Analysis by Goetschius. Music Form by Anger.

Appreciation of Music II. Lecture course. Music as a language; the importance of music in a cultural education. Observation and listening lessons, the construction of simple

melodies and harmonies to express ideas, tone color as a means of depicting feeling in music, rhythms and harmonies of various countries. Sacred music, early and modern.

One hour a week, first and second semesters.

HISTORY OF MUSIC II. Study of music history from the time of the primitive savage to the present day. Illustrated by pictures, maps, manuscripts, and outlined by chronological plates.

Two hours a week, first and second semesters.

Textbooks: Histories of Music by Pratt and Baltzell. Outlines of Musical History by Hamilton.

PIANO METHODICS II. A practical course in the technical and aesthetical difficulties of music interpretation for piano, including tone production, anatomical survey and pupil's repertoire.

One hour a week, first and second semesters.

### Notes

Only those students who offer fifteen units may be enrolled as regular college music students. The courses outlined in both preparatory and college departments are arranged for those wishing to specialize in music, but as the courses are designed with view to the most rapid progress, special students will follow the same general plan except that theoretical subjects will not be required, unless desired. Special students in the college department are allowed certain credits toward graduation.

Regular practice hours are assigned each student. College students practice thirteen hours each week, and all students are required to practice at least one hour daily.

All private lessons are of thirty minutes duration, two lessons being given each week.

Recitals are given at intervals during the year, that pupils may develop confidence and poise in public performance.

A deposit of two dollars and fifty cents is required of all music students each semester for supplies. Any unused part will be returned. Music and books will not be charged to students.

### SCHOOL OF ART

#### Mrs. Edwards

The purpose of the Art Department is not only to give the student a knowledge of drawing and painting but to develop his observation of the numberless beauties of nature, and to inspire devotion in the hearts of those whom we try to teach to the Creator of all beauty.

The Art Class meets in a well-lighted room in the new D. Rich Memorial Building. It is equipped with individual lockers, easels and other necessary material and furnishings.

A China kiln has recently been installed, and China painting is now one of the most fascinating courses of Art taught here.

During the first year's course special emphasis is placed upon the training of the eye to see.

Throughout the entire course the individuality of the student is encouraged and originality emphasized.

First Year—Elementary drawing, outline drawing from objects, study of lights and shadows. Painting simple landscapes, flowers and still-life studies in water-color, oil and pastels.

Second Year—Charcoal work from the antique—hands, feet, busts, statues, perspective designing and stenciling; painting in oil, pastel and water colors.

Third Year—Drawing from life, pen and ink illustrations, sketching landscapes, painting from nature; composition and Art History.

Certificates will be awarded those who complete the required course together with the full course in English.

### LIBRARY AND READING ROOM

### MRS. HARRIS

A few years ago a generous, public-spirited citizen of our community donated a number of useful volumes as the nucleus for a library for the school. To these many kind friends made valuable gifts, until we had about 1,500 volumes in the library. These were lost in the fire. We are rapidly rebuilding the library, having at present about 4,000 volumes.

The following magazines and papers come regularly to our Reading Room:

The American, American Magazine, Asheboro Courier, Atlantic Monthly, The Baptist, Biblical Recorder, Charity and Children, Chatham Record, Christian Herald, Christian Index, Current History, Dunn Dispatch, Etude, Forum, Greenville Reflector, Greensboro Daily News, Harnett County News, The Independent, Ladies Home Journal, Literary Digest, Manufacturers Record, Moody Monthly Magazine, Nation, National Geographic, News and Observer, New York Times, Normal Instructor, Outlook, Progressive Farmer, Popular Science, Robesonian, Review of Reviews, Sampson Independent, Saturday Evening Post, Sunday School Times, Scribners, Success, Smithfield Herald, Tarboro Southerner, Watchman-Examiner, Western Recorder, Woman's Home Companion, World's Work, Winston-Salem Journal, The Courier, The Texas Standard, Canadian Baptist.

#### GIFTS

The following friends have contributed books to the library this year:

Mrs. M. H. Gulesian, Boston, Mass., large collection of sheet music and student material for Piano and Voice Departments; Mrs. P. A. Carter, New York, 380 hymn books; Northwestern University, two sets of Church Music Bulletins with historical data; Musical America, given by publishers; Musical Observer, given by publishers; Ella Lord Gilbert, "Hymnology," by Mrs. Crosby Adams, National Music Magazine, Junior Music Magazine, Music in Religious Education; Mrs. C. N. McHose and Musical Art Society of Lancaster, Pa., Collection of sheet

music, value about \$100, one hundred seventy-five volumes of school songs and theoretical music works, File of Etudes, January 1925 to December, 1929; Mrs. E. J. Ottoway, "Music in America," by John Tasker Howard; Rev. J. B. Currin, 52 volumes; Rev. T. Y. Seymour, 16 volumes; Prof. C. L. Harris, set of science books, 13 volumes; Mrs. W. V. Martin, 19 volumes; The Century Company, 2 volumes; Chilean Nitrate of Soda, Educational Bureau, 2 volumes; Rev. H. T. Stevens, Paschal's History of North Carolina Baptists.

### SUMMER SCHOOL

Since 1902 we have been conducting a Summer School, beginning about the middle of May, and continuing for six weeks.

The summer session does regular classroom work and credit is given towards a high school or college diploma for work completed. All courses are taught by members of our regular faculty.

### RELIGIOUS ADVANTAGES

Each student is required to attend the chapel exercises, and encouraged to enter into the spirit of worship to the Creator. In these exercises the school attempts to impress upon the students the wisdom of pure, upright living, and the folly and ruin of sin in its every form.

The Buie's Creek Baptist Church, of which the Principal has been pastor for thirty-seven years, holds its preaching services on the second and fourth Sundays in each month, morning and night.

A well-organized Sunday School is conducted by the Buie's Creek Baptist Church, which students are required to attend. Prof. L. H. Campbell is Superintendent, and he is actively supported by every member of the faculty. The State Sunday School Board has mapped out a special week of study for Sunday School workers to be given annually. Students are thus given opportunity to see a large, enthusiastic Sunday School at work and catch the spirit of service in their home churches.

The Baptist Young People's Union, divided into four sections, with four groups in each section, meets weekly. All of these Unions are very active. Special study courses are conducted

annually under the direction of the State director, assisted by the faculty with almost unanimous coöperation of the students.

A Young People's Prayer Meeting, conducted mainly by students, meets every first and third Sunday nights. This organization, under the control of Mr. J. F. Blackmon, is maintaining a high standard of service.

In addition to these larger religious organizations, smaller groups are formed of active Christians interested in special phases of work. The Y. W. A. for girls at their dormitory is a live organization, meeting twice a month, devoted to the religious needs of the girls. The Volunteer Band for girls and the Ministerial Conference for boys are composed of those who are offering themselves for special lines of religious work.

Unifying and promoting the activities of all of these organizations is the Baptist Student Union, created in the fall of 1927. This organization at frequent intervals conducts the devotional exercises at the chapel hour, laying special emphasis upon topics vitally related to the student life. Through its work leadership in the different groups is more widely distributed and the responsibility of each officer is more definitely realized.

The Methodist Episcopal Church, with Sunday School every Sunday and preaching monthly, is near enough for students to attend.

The Presbyterian Church, with a neat house of worship, has preaching monthly, with Sunday School every Sunday.

Evangelistic meetings are held once or twice a year. Last year these meetings were conducted in the spring term by Dr. H. T. Stevens, Baptist State Evangelist for North Carolina. In these meetings and during our regular preaching services there have been about forty baptisms for the year. A brick church costing about \$25,000, is well equipped with Sunday-school rooms, a pipe organ costing \$2,500, and is a great addition to our chance to serve those who come to us.

A prominent professor in one of our leading colleges has said: "Of all the preparatory schools in the State with which I am acquainted (and I know the principal ones) there is not another where the influences for good morals are equal to yours."

#### Public Lectures and Addresses

September 2—Rev. J. Clyde Turner, D.D., Greensboro; Rev. I. L. Yearby, Greenville, S. C.; Hunter Creech, Esq., Washington, D. C.

September 12-Rev. J. W. Kincheloe, D.D., Rocky Mount.

September 21-26—B.Y.P.U. Study Courses, led by Rev. J. A. Ivey, Miss Alva Lawrence, Raleigh, N. C.; Mrs. W. K. McGhee, Burlington, N. C.

October 22—Rev. P. E. Burroughs, D.D., Nashville, Tenn.; Rev. A. J. Smith, Goldsboro, N. C.; Rev. Clay I. Hudson, Nashville, Tenn.

November 7-Rev. H. T. Stevens, D.D., High Point, N. C.

November 30—Dr. A. C. Campbell, President Coker College, Hartsville, S. C.

December 2—Rev. Fred N. Day, Winston-Salem, N. C.; Rev. B. Townsend, Winston-Salem, N. C.

January 5-Founder's Day, Senator J. W. Bailey, Raleigh, N. C.

January 19-23—S. S. Courses, Mr. Perry Morgan, Raleigh, N. C.; Miss Mary Ayscue, Miss Winnie Rickett, Raleigh, N. C.

January 24—Society Anniversary—Judge J. A. McLeod, Dunn, N. C.; Rev. S. N. Lamb, Whiteville, N. C.

February 11-Rev. Chas. B. Howard, Louisburg, N. C.

February 15-23-Revival Services-Rev. H. T. Stevens, D.D., Raleigh.

March 25-Evangelist M. L. Mott, Winston-Salem.

March 25—Mrs. Ruth Hallor Ottoway, President National Federation of Music Clubs of America, Port Huron, Mich.

April 13-Dr. B. W. Spilman, Kinston, N. C.

April 16-Dr. C. R. Bugg, Raleigh, N. C.

April 17-Dr. D. B. Dryan, Wake Forest, N. C.

April 20-Dr. N. Y. Gulley, Wake Forest, N. C.

April 21-Mr. U. B. Blalock, Raleigh, N. C.

May 17-President Howard E. Rondthaler, Winston-Salem, N. C.

May 21-U. S. Senator Cameron Morrison, Charlotte, N. C.

### LITERARY SOCIETIES

In connection with the school there are four enthusiastic and well-organized literary societies—Astro, Sappho, Eutrophian, and Philologian.

The Astro and Sappho for young ladies meet Wednesday evenings for debates, readings, essays, discussions, and the transaction of business.

The Eutrophian and Philologian for young men meet Friday night for debate, declamations, reading essays, and the transaction of business.

Interest in the work of the four literary societies has been greatly increased by the inauguration of inter-collegiate debating in 1929. Under the direction of faculty representatives all members of the societies are instructed in the art of debating and encouraged to compete for places on the teams. Boys and girls alike have manifested a keen interest in this new student activity.

All boarding students are required to join one of the literary societies within thirty days after registration, unless excused by the faculty.

Any student expelled from a society becomes subject to expulsion from school.

All applications for membership in any society shall be approved by a committee of the faculty, and neither society shall have more than three-fifths of the aggregate membership of both societies.

No student is allowed to be signed up for either society or to attend a meeting of either society until the eighth day after registering as a student.

#### EPSILON PI ETA SOCIETY

The Epsilon Pi Eta Society was organized in the fall of 1928, for the express purpose of promoting character, leadership, and scholarship. Membership in the society is gained by the nomination of at least twenty-five per cent of both the

faculty in the high school and college department of the society, in addition to attaining a fixed scholarship record for at least one year. Membership in the organization is restricted to high school senior and college classes.

### MEDALS AND PRIZES

Medals and prizes are awarded annually as follows:

Ten dollars in gold for best all-round student, Mr. Claude Gore.

Excelsior Medal, for best student of the opposite sex.

The J. W. Jordan Orator's Medal.

Best declamation.

Best recitation.

Dr. Henry B. Day Music Improvement Medal.

Music Scholarship Medal.

The J. R. Carter Medal, given by Mr. P. A. Carter of New York, in memory of his brother, for best student in languages.

Athletics and Scholarship, given by Prof. L. H. Campbell.

The literary societies award medals at the end of each term for best improvement in society work, and the Philologian and Eutrophian societies award a medal for best debater.

### Publications

In addition to the Quarterly Bulletin for the purpose of disseminating information concerning the work of the school, the students publish a semi-monthly newspaper, Creek Pebbles, and a college annual, The Pine Burr. Both of these publications are under the supervision of faculty advisers and are representative of the spirit of the institution.

### ATHLETICS

Mr. Brandon

Mr. Dodson

MISS SNIDER

We believe that relaxation and exercise are necessary for the physical and mental development of students; that athletic contests, when properly safeguarded, have an important place in school life in accomplishing these aims. While we do not encourage professionalism, nor allow unnecessary loss of time from school work, we seek to enlist every student in some form of regular exercise. Faculty supervision and coaching is provided for various forms of gymnastic exercise and games with the view of developing clean sportsmanlike conduct on the part of all students. We have teams in all the major sports, football, baseball, basketball, track, and tennis, which compare favorably with teams from other schools in our section.

For the past year our Director of Athletics has been Mr. Brandon, who for the past several years has been Assistant Director. After his playing days at Wake Forest College, Mr. Brandon has had successful experience here and elsewhere as a coach. No small part of his success is due to his ability to make his men work hard and his insistence on manly character as an essential for sportsmen. Assisted by Mr. Dodson, a three-letter athlete from Mississippi State Teachers' College, he has kept athletics on a high plane that has merited the unprecedented support from the institution. Miss Snider has done equally efficient work with the girls.

We are well equipped to develop the physical life of our students with our spacious campus containing many courts for mass games and tennis; with a large athletic field under the control of the school; and with our new gymnasium 60x90 feet, supplied with toilets and shower baths.

All boarding students are required to attend regular classes in physical education meeting three times a week. Graduation will be denied those who fail to come up to the standards of the department. The course includes gymnastics, competitive games, and instruction in hygiene. No student will be allowed to represent the school on any team whose deportment and scholastic record fails to meet the approval of the faculty. Profanity and rowdyism on the athletic field are not tolerated.

The school awards monograms in football, basketball, base-ball, track, and tennis.

### ROOMS AND BOARD

GIRLS' DORMITORY. Young ladies room in Treat Dormitory or the Fred N. Day Annex, and are under the supervision of the Dean of women. They are not allowed to receive company at the dormitory, except under the supervision of the Dean. The buildings have electric lights, the dormitory is steam-heated, and both are supplied with running water.

Boys' Dormitory. The dormitory for boys is a two-story building, fifty-eight rooms, supplied with electric lights, steam heat and water. Members of the faculty room here and have the oversight of the boys.

FURNISHINGS. Those who room in the dormitories and the annex must furnish one pair of sheets, one pair of pillow-cases, one pillow, one quilt, towels, comb, etc. Most of our rooms are equipped with double beds.

BOARD. The College dining hall is on the ground floor of Treat Dormitory. All boys and girls rooming in college dormitories eat together under the supervision of our Dean of Women. The dining hall is commodious and well lighted. Every effort is made to have foods well prepared and everything thoroughly sanitary. Promptness in coming to meals, common politeness, and good etiquette are expected of every student.

Deposit. Each applicant for room in dormitories must deposit \$5 to secure assignment, the same to be deducted from last payment less any unnecessary damage to room. This deposit will be refunded, provided applicant decides not to take the room and notifies the College by August 25. If room is not claimed within one week after the opening of school, the same will be declared vacant.

PRIVATE HOMES. Young men may board and room in private homes. In these homes some families give board and furnished rooms. In other families "clubs" are conducted, at the end of the month each member of the club paying his *pro rata* expense of the board.

No student will be allowed to board or room in any private home, unless the keeper of the home pledges to support the government of the school and to report weekly as to the conduct of students in the home.

### RULES AND GOVERNMENT

- 1. We will not play cards or any games of chance.
- 2. We will not carry concealed weapons.
- 3. We will not use profanity.
- 4. We will not drink wine, whiskey, or any other intoxicants.
- 5. We will not leave the College community without the permission of the Dean or his representative.
- 6. We will not use tobacco in the schoolrooms, nor smoke in and around the buildings.
- 7. We will not mark, cut or in any way deface the school furniture or buildings, and will pay for all damage done to property by us.
- 8. At night we will not be away from our boarding places after dark, except by permission.
- 9. Students leaving the school are required to get permission from the Dean or his representative on the faculty.
- 10. Students missing chapel exercises, without being excused, may be summoned before the faculty; for ten unexcused absences the student may be expelled. Students absent from three recitations on any subject during a month, without being excused, may be required to stand examination on that subject.
- 11. Students are required to have written permission from their parents upon leaving school. Parents are urged to give their children as few permissions as possible. Except in cases of emergency, no student can have permission to be away more than eight times during the year.
- 12. Students are not allowed to miss classes on the day before or the day after a holiday.
- 13. Students will endeavor to refrain from any conduct, either in or out of school, known to them to be damaging to themselves or the interests of the school.
- 14. Students are urged to attend religious services. Attendance upon Sunday School and Sunday morning preaching services is compulsory.

Before matriculating, all students will be required to subscribe to the above rules of government, pledging their honor to cheerful obedience.

#### SUGGESTIONS ABOUT DRESS

The following suggestions are offered to aid the girl in planning her wardrobe for the school year:

Girls are requested to dress inexpensively and modestly.

High-heel shoes should not be worn to class rooms.

Gymnasium suit (bloomers, slip-over sweaters, and tennis shoes) are required for classes in physical education.

White dresses of heavy cotton material are worn by all the girls (except seniors) during commencement.

#### HONORS CREDITS

To be entitled to graduation in the college department a student in addition to the quantitative requirements must have an equal number of qualitative credits awarded as follows: for 90 or above, 3 credits for each semester hour of the course; for 85 to 90, two honors credits for each semester hour; for 80 to 85, one honors credit.

A student may graduate from the high school department without honors credit, but will not be recommended to college with less than sixteen such credits, each unit being counted as a semester hour above.

### COMMENCEMENT, 1930

#### SUNDAY, MAY 11TH

11:30 A.M.—Sermon, Rev. A. J. Smith, Goldsboro, N. C.

#### TUESDAY, MAY 13TH

8:15 P.M.—Elementary and Grammar Grades.

#### WEDNESDAY, MAY 14TH

10:30 A.M.—Orators' Contest.

2:30 P.M.—Declaimers' and Reciters' Contests.

8:30 P.M.-Class Day Exercises.

#### THURSDAY, MAY 15TH

11:00 A.M.—Literary Address, Hon. Santford Martin, Winston-Salem, N. C.

12:30 P.M.—Delivery of Diplomas.

1:00 P.M.—Alumni Luncheon, Dr. J. B. Turner, President, Raleigh, N. C.

Alumni Address, Dr. D. B. Bryan, Wake Forest, N. C.

3.30 P.M.—Baseball—State Freshmen vs. Campbell College.

4:00 P.M.-Art Exhibit.

8:30 P.M.—"Smiling Through" Presented by Dramatic Club.

#### MEDALS AND PRIZES 1929-1930

J. W. Jordan Orator's Medal-Winston Pearce, Franklin County.

Declaimer's Medal-Linwood Murphey, Franklin County.

Reciter's Medal-Marjorie Leslie, Moore County.

Best All Round Student-Inez Curtis, Randolph County.

J. R. Carter Language Medal-Edith Stephenson, Wake County.

Athletic and Scholarship-Marsh Myers, Iredell County.

Booster Pin-Ruby Rooks, Duplin County.

Phi. Debater's Medal-Raymond Canaday, Robeson County.

Phi. Improvement Medal—Talmadge Montague, Granville County.

Astro Improvement Medal—Eva Tolson, South Carolina.

Eu. Debater's Medal-Gurney Hinson, Randolph County.

Eu. Improvement Medal-Hugh Archie Matthews, Harnett County.

Music Medal—Evelyn Byrd, Harnett County.

Music Improvement Medal—Rosa Williams, Currituck County.

### SENIOR CLASS 1930-31

### College

Dolly Page Aycock, Warren County Carl Fenton Baxley, Robeson County Henry Judson Beeker, Davidson County Horace E. Jones, Harnett County Beatrice Lav Bennett, Brunswick Co. Charles Theodore Booth, Duplin County William Frederick Lowe, Gaston Co. James Boyce Brooks, Duplin County Annie Allen Byrd, Harnett County Lois Tomlinson Byrd, Harnett County Margaret Evelyn Byrd, Harnett County Carl Lee Ousley, Harnett County William B. Byrd, Harnett County W. Frank Cale, Chowan County William Horry Causey, Craven County Harold George Petty, New Hanover Co. Mary Emma Chambers, Duplin County Ella Mae Clark, Montgomery County Mary Lee Clarke, Hertford County Beulah Wilma Council, Wake County Walter Carr Cox, Hyde County A. G. Crumpler, Sampson County Inez Curtis, Randolph County Marguerite Dunn, Forsyth County Frank Vernon Ellenberg, South Caro. John Vinson Ellenberg, South Carolina Herman Godwin, Harnett County Haywood Nixon Harris, Craven County Leila Mae Watson, South Carolina Grover Charles Hawley, South Carolina Lunette Wilder, Harnett County Charles Herbert Hood, Georgia Annie Bishop Hudgins, Harnett Co. Helen Marie Jernigan, Harnett County Berles Clabern Johnson, Harnett Co.

Esther Mae Johnson, Harnett County Olla Fay Johnson, Harnett County Ethel Liles, Wake County David L. McLean, Cumberland County Nell James May, Franklin County Howard Leonard Moss, Granville Co. Thomas Meredith Parker, Hertford Co. Jesse Parker Perry, Perquimans Co. Darnell Dorothy Phillips, Franklin Co. Leslie Evelyn Prevatt, Robeson County Ernestine Rhodes, Robeson County Greene Titus Rogers, Harnett County Alice V. Rouse, Duplin County Lloyd Hildred Scott, Duplin County Norwood Sorrell, Harnett County Esther Hazel Strickland, Cumberl'd Co. Daniel Byron Teachey, Duplin County Mildred Frances Thomas, Onslow Co. Ruby Iona Thomasson, Moore County Monroe Williamson, Lee County Rosa S. Williams, Currituck County Mary Gladys Womble, Harnett County

### High School Seniors

Alice Adcock, Granville County Lucy Evelyn Ayscue, Moore County Hymon Bizzell, Lenoir County Edward Chester Chamblee, Wake Co. John C. Dail, Wake County William Howard Duke, Warren County William Glenn Pate, Harnett County Hugh V. Edwards, Harnett County Virginia Epling, Wake County Clara McLendon Fisher, Cumberland Co. Lois Pear Tilley, Orange County Julius Sellars Funderburk, South Caro, John Alvin Tart, Harnett County Callie Hildred Hight, Harnett County Kathleen Jones, Harnett County Marguerite Johnson, Harnett County

Iva Roder Johnson, Harnett County Floyd Gertrude Johnson, Harnett Co. Lillie Long, Harnett County Ruth Ludlum, Brunswick County Virginia Helen Moss, Halifax County William A. Rackley, Sampson County Arthur Robertson, Wake County William Hubert Taylor, Wilson County Pat Henry Taylor, Hertford County William Tilghman, Wake County

#### Commercial Students

Beady Viola Allen, Johnston County
Aileen Rose Best, Wayne County
Huldah Bethune, Harnett County
Louise Brewer, Harnett County
Doris Brown, Wayne County
Mildred Davis, Wayne County
Cecil Deaver, Cumberland County
John R. Davis, Robeson County
Morris Daniels, Virginia
Isabel Edwards, Robeson County
Inez Ellis, Wayne County
Carlyle Harmon, Harnett County
Oscar R. Honeycutt, Sampson County

Marion Lillian Kivett, Robeson County
Myrtice McPhail, Harnett County
Oldham Patterson, Lee County
Marion Porter, Cumberland County
Emily Robertson, Wake County
Janet Rodwell, Warren County
Conoly Smith, Robeson County
Margaret Russell, Harnett County
Mozelle Smith, Wake County
Geraldine Stewart, Harnett County
Sumter C. Weathers, South Carolina
Annie Dove Wilson, Harnett County
Annie Ruth Willis, Robeson County

#### CERTIFICATES

#### College Piano

Evelyn Byrd, Harnett County Lois Byrd, Harnett County Mildred Thomas, Onslow County Lunette Wilder, Harnett County

### High School Piano

Rosalyn Adcock, Granville County

### High School Art

Virginia Moss, Halifax County

#### Expression

Mary Lee Clarke, Hertford County Inez Curtis, Randolph County

# Decisions of Three Judges

(W. P. STACY, CHIEF JUSTICE OF N. C.)

Buie's Creek Academy is situated in a healthy locality. It is conducted under Christian influences and offers a wholesome solution for those who are faced with the problem of selecting a school for their children.

## (JUDGE E. H. CRANMER, SUPERIOR COURT)

I recall, often, my visit to your splendid school. You are doing, and have done, a wonderful work. Your school is one of the bright spots in North Carolina, and I wish, sincerely, you could take ten times as many students as your present plant will accommodate. I wish, too, a few thoughtful men and women from each county in North Carolina could visit your fine school.

As a North Carolinian I am proud of, and grateful for, Buie's Creek Academy.

#### (JUDGE W. A. DEVIN, SUPERIOR COURT)

I have had opportunity to visit Buie's Creek Academy on two occasions. I have known is honored Superintendent many years, and some of his assistants. I have watched the careers of a number of young men who were students there. From this personal knowledge and through other sources of information, I have formed the opinon that nowhere can better, cleaner, saner mental training be had, nor do I know of an institution where the environment is more fitted for the development of moral character. You are doing a great work there and I rejoice in it.

# What School Superintendents Say

(Hon. A. T. Allen, Superintendent of Public Instruction for N. C.)

I want to congratulate you on your large enrollment for this year. Buie's Creek Academy has done a great work in North Carolina and I am delighted to know that its prospects for the future are so bright. I certainly hope this work will continue to grow in usefulness and service and I know it will as long as your hand guides its destinies.

## (HON, J. HENRY HIGHSMITH, SUPERVISOR OF HIGH SCHOOLS FOR N. C.)

I take pleasure in speaking in commendation of Buie's Creek Academy. The school has rendered a very fine service in the equipment of young people for entrance to college and for engaging in various kinds of work. There is a decidedly wholesome atmosphere about the school. Many young men and women who are more mature than average high school boys and girls enter the school each year and find the work not only pleasant, but stimulating, and are encouraged to complete their secondary school course. This is a distinctive feature of the work of the Academy. Buie's Creek Academy has rendered an unusually effective service to students who have had limited school advantages. This school is a real educational asset to North Carolina.

(From Hon, J. Y. Joyner, Ex-Supt. of Public Instruction for North Carolina)

I retain most delightful recollections of my visit to your school. I was greatly impressed with the fine spirit of your students, the excellence of your Com-

mencement exercises, and the pride of the people of the community in Buie's Creek Academy and their admirable loyafty to it. The marvelous success of your school in a rural district, four miles from any railroad, and the transformation that has been wrought by its influence in that section of the country, is a splendid object lesson in what can be accomplished by pluck, energy, faith, and consecration to a noble work. Your school is doing a blessed work by placing excellent educational advantages within the reach of hundreds of young men and young women of moderate means, and within the reach of many absolutely without means.

## (FROM SUPT. B. P. GENTRY, HARNETT COUNTY)

The opportunities for the proper training of young men and young women at Buie's Creek are so well known that it seems sufficient to me to say Buie's Creek will carry the right message. These two words have almost become synonyms of growth, development, and progress in Christian education. They suggest a place of power and achievement. Viewing the school and its work as an interested and close observer, I do not hesitate to class it as a big asset, not only to Harnett County, but to the State and county as a whole. Properly located and controlled by men who always dare to do the right, it will ever remain a fit training place for the youth of our land.

# What College Presidents Say

(From Hon. E. C. Brooks, Ex-Supt. of Public Instruction for North Carolina, Now President of State College)

I was very much impressed during my recent visit to Buie's Creek with the fine spirit that prevails in your community. The loyalty of the students to the institution and the admiration and respect in which it is held by the people are an evidence that your institution fills a large place not only in Harnett County, but in the State. It has grown up around a man who seems to have a genius for stimulating and inspiring young men and young women.

# (FROM PRESIDENT POTEAT, WAKE FOREST COLLEGE)

I beg to congratulate you upon the fact that your school had forty-two men in Wake Forest College the past session, and out of that number ten were in the graduating class. I congratulate you further upon the high purpose, the seriousness, and the habit of work which we have here come to recognize as characteristic of the Buie's Creek men.

#### (FROM PRESIDENT BOATWRIGHT, UNIVERSITY OF RICHMOND)

The young men who have come to Richmond College from Buie's Creek Academy have been students of character and high purpose. Their college work has indicated careful training, and on this basis I am glad to give my cordial endorsement to the work of your Academy.

## (FROM PRESIDENT FOUST, N. C. COLLEGE FOR WOMEN)

It gives me much pleasure to bear testimony to the excellent work that is being done by your institution. We have had several students from your school

and they have shown good preparation. I believe that you are doing a great work and that your school deserves the support and encouragement that it is receiving from our hest citizens.

#### (From Dr. Chas. E. Brewer, President of Meredith College)

I know of no school that is doing greater work than is heing done at Buie's Creek Academy under the direction of Rev. J. A. Campbell. The students coming from that institution are not only well prepared for their class work, hut also have the right attitude.

# (FROM PRESIDENT L. R. SCARBOROUGH, SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY, TEXAS)

From what I saw the day I visited the school I put it down in my deepest soul that there can be no hetter place in this country for a hoy or girl to get a start in education. I do not know of a place anywhere that I would rather have my children educated than in Buie's Creek Academy. I count it one of the greatest spiritual assets Baptists have in the South.

#### (FROM PRESIDENT H. W. CHASE, UNIVERSITY OF NORTH CAROLINA)

I am very glad to say that it has been our experience that the men who come here from Buie's Creek Academy come well prepared for work at the University. They are good men, and we are always glad to have them.

You will be interested to know that one of the men you sent us this year has thus far made a record of over ninety-five per cent in five of the six courses which he has so far completed. This is a most extraordinary record for a first-year man.

#### (FROM PRESIDENT W. J. McGLOTHIN, FURMAN UNIVERSITY, S. C.)

It has heen my good fortune to touch the students who come from Buie's Creek in one way and another for many years, and it is a pleasure to testify that they have uniformly heen filled with the highest spirit of devotion to the work of education and to all the higher things of the spirit. There is no secondary school among Baptists which has a hetter influence upon its students than Buie's Creek, in my judgment. I heartily commend it to all who are seeking a high-grade Christian secondary school.

#### (FROM PRESIDENT E. W. SIKES, CLEMSON COLLEGE, S. C.)

The spirit of Buie's Creek Academy is one of the finest that I have ever known. Great emphasis is placed upon character huilding. There is an atmosphere of culture and refinement that greatly edifies. There is much there of the spirit of the famous old high schools that have become historical. High morals and religion are kept ahove par. The atmosphere of the place stimulates one for higher things. Any young man is fortunate who has had the advantages of such training for four years.

# What Other Prominent Men Say

(Dr. J. R. JESTER, PASTOR FIRST BAPTIST CHURCH, WINSTON-SALEM)

In the Fall of 1924, it was my pleasure to spend ten days at Buie's Creek speaking twice each day, in Revival Services. In all of my ministry I do not recall a more delightful season. The spiritual atmosphere that exists in Buie's Creek Academy is most wholesome. Every effort is made to implant the highest ideals of Christian character in the minds and hearts of the students. If any student fails to respond to such influence, we feel that such failure cannot be charged to those who are giving their lives and best effort in a sacrificial way to train the students for real service. The Buie's Creek spirit is unique. We have seen no school that exerts a finer Christian influence. May heaven's favor continue upon J. A. Campbell and those associated with him in the noble work of this Institution.

# (FROM HON. J. A. POWERS, SOLICITOR FOR SIXTH DISTRICT)

Many of your students were classmates of mine at Wake Forest College. Many others I have known personally and by reputation, I think I can speak with authority when I say that your institution is rendering the greatest service of any institution within my knowledge. I never hesitate to recommend your school whenever and wherever I have opportunity.

# (From Hon. Josephus Daniels, Ex-Secretary U. S. Navy)

One of the institutions that is doing the most good in this section of the State is Buie' Creek Academy, Harnett County. It is not ambitious for greatness, but its principal, Rev. J. A. Campbell, is ambitious to see it grow in usefulness. It has been like a light set on a hill to a large section of country, and has shed a radiance of better education and enlarged opportunities that will tell for the State's betterment in all the years that are to come. If every section of the State had such an academy, North Carolina would in a few years take front rank.

#### (From Rev. C. E. Maddry, D.D., Secretary of Board of Missions for N. C.)

We judge any institution by its finished product. Measured by this standard, Buie's Creek can meet the test. As a high-grade preparatory school it ranks second to none in North Carolina. The students going out from this school stand shoulder to shoulder with those of any other school.

But the finest asset of Buie's Creek is its wholesome, Christian atmosphere. The school is built up and lives around the great historic spirit of its founder and director. The spirit of noble sacrifice and unselfish service sooner or later grips and dominates every young life that touches Buie's Creek. May the blessings of heaven, without stint and measure, be poured out continually upon the great school.

#### (From Dr. Clarence H. Poe, Editor Progressive Farmer, Raleigh, N. C.)

It gives me great pleasure to bear testimony to the splendid work of Buie's Creek Academy, especially as it impressed itself upon me during my recent visit. I remarked upon my return that I doubted whether any other school in North Carolina has accomplished as much in proportion to the money expended upon it. You have reached a class of young men from our farms, most of whom no other institution would have reached, and the good accomplished is incalculable.

#### (FROM REV. LIVINGSTON JOHNSON, D.D., EDITOR BIBLICAL RECORDER)

It was my great pleasure to visit Buie's Creek recently. I had heard much of this school and its excellent work, but can truly say that my expectations, high as they were, were more than met. Nearly five hundred pupils are gathered from sixty-five counties of this State, and from many other States.

These young men and women impress one as having an earnest purpose in life. They are there to better prepare themselves for future usefulness.

Most of them are poor, and could not secure an education were it not for the peculiar advantages offered them by Buie's Creek Academy. Any parent can feel safe in putting his child under the care of Professor Campbell. There is a spiritual atmosphere pervading the whole institution which impresses one as soon as he reaches the community.

#### (FROM HON. J. A. OATS, FAYETTEVILLE, N. C.)

One of the great marvels in the educational revival in North Carolina is the wonderful internal and expansive growth of the Buie's Creek Academy. It was once the school of Rev. J. A. Campbell, but is now the school of the people. The State does not own it, yet it is a public school. No church owns it, yet its strong influence for Bible truth and morality cannot be calculated. Buie's Creek needs the people and the people need Buie's Creek.

The elements have met in Buie's Creek to make it a great Southern preparatory school. These elements are a practical, consecrated principal of experience, a school with an enviable record already established, a patronage which means loving friends, a location ideal. The people of North Carolina could do the education work of their State no better service than to take stock in Buie's Creek Academy.

# (From Rev. B. W. Spilman, D.D., Field Secretary Sunday School Board, Kinston, N. C.)

I have recently spent several days at Buie's Creek Academy. It is in many respects the best academy in North Carolina. The building is equipped with modern appliances. There is a faculty whose superior is not to be found in any academy in the State, and the spirit of Christ pervades the institution.

# (From Dr. G. W. Paschal, Wake Forest, N. C.)

I have never been at Buie's Creek to see your plant, but I know your school. "By their fruits ye shall know them." For tweny-six years now I have been dealing with students fresh from Buie's Creek. Without exception they have shown the influence of such training in books, in religion, in character, as I could wish that my own sons may receive in their high school course.

# (From Rev. C. H. Durham, D.D., Lumberton, N. C.)

It was my privilege to visit Buie's Creek Academy recently. For a number of years I have viewed it from a distance with increasing admiration. On this occasion it was my great pleasure to view it at close range and become better acquainted with its inner life and work. Having heard so long of some of the chief characteristics of the place, it was not surprising to find the moral and religious tone of the community to be very pronounced. Also to find it remarkably free from loud, worldly display, so prevalent nowadays. The visitor soon

has the conviction that faithful, honest work is done here. And he soon finds himself prepared to believe that the students of this institution move in an atmosphere which is calculated to develop strong, healthy, Christian character. Of course every one agrees that the godly life of Principal J. A. Campbell is stamped on the school and the entire community. Few men are loved and respected by their pupils, associates and neighbors as much as he is. The work that he and his faithful teachers are doing can't be estimated this side of eternity. To all the Baptist people in North Carolina it should be a source of profound gratitude that we have such a school as this.

# What Our Patrons Say

(Dr. C. E. Schaible, Chair of Bible, Coker College, S. C.)

We are very much pleased with the progress that Maynard has been making, since he has gone to Buie's Creek Academy. We feel that we did well in sending him to you. I shall be glad to recommend Buie's Creek Academy to anyone. Your Christian standards and ideals are bound to work good to anyone who can respond at all to good influences.

# (Hon. J. C. Meekins, Jr., Washington, N. C.)

I consider your institution the best preparatory school in this State.

To my mind there are four qualities, which are absolutely necessary to a boy's success, in after life; Religion, thoroughness, thrift and economy. In visiting my boy, who is with you, I find that these conditions are stressed at Buie's Creek more than at any place I have ever seen. I have two more boys for you, one will go next year and the other as soon as he is prepared to enter.

# (FROM REV. FRED N. DAY, WINSTON-SALEM, N. C.)

I have been for a number of years personally acquainted with Professor Campbell and his school. I have had three sons under his care and am also interested in educating others there. In my opinion there is no safer or better school to which to send your children.

# (FROM MR. J. L. AYCOCK, ELBERON, N. C.)

For the last two years my son has been a student of Buie's Creek Academy, and I am well pleased with the progress which he has made. He is very enthusiastic about his work there and speaks in highest terms of the school and faculty. It has been my privilege to visit Buie's Creek a few times, and I think that I have never seen such loyalty to the school and the things that are best among any student-body as is shown by the boys and girls of your institution.

#### (From Rev. E. R. Nelson, Baptist Pastor, Henderson, N. C.)

It affords me pleasure to commend both you and your school. I have been most favorably impressed with your methods and with the conduct of the work and my admiration and love for you increase with every visit.

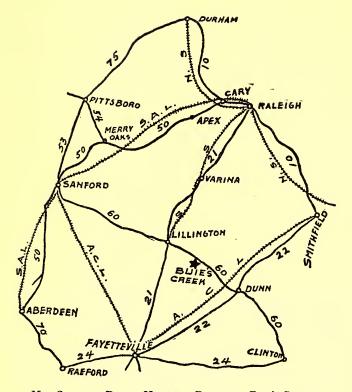

I shall always be glad that I sent my daughter to Buie's Creek Academy. This is a Christian secondary school of the highest order. I have a well-founded suspicion that the head of the school is very careful as to whom he associates with himself in the work.

#### (FROM MR. I. D. HARRELSON, FARMER, WINNABOW, N. C.)

Having been a student at your school more than twenty years ago, it was not hard for me to decide where to send my children when ready for high school. I sent you my oldest son. He is now in Richmond doing well. You now have my oldest daughter and six others are getting ready for Buie's Creek. I am perfectly satisfied so long as my children are under your watchful eyes. I regard your school as second to none on earth. My father, now eighty-six years old, wishes me to add that he has been watching your school with prayerful interest since its first beginnings, and he will never cease to love you and the school for what it has done for the Master's cause.

# (From Mr. C. C. Jones, Carthage, N. C.)

If an institution is to be judged by its fruits (and how else shall we judge it?) I know of one man who as a boy attended this school, got his bearings, and often refers to it as the deciding factor in his life's work, who if he were the only one that could be pointed to as a credit to the school, it would have been worth all the efforts ever put forth there, and the school would be counted a great success. But I know of many such. They are scattered all over the country. That seems to have been and is the aim of the school—to help boys and girls find their life's work. Too many are aimlessly drifting, jumping from pillar to post, and have no purpose in life; Buie's Creek helps them to find themselves and gives them a vision of the "life beautiful." I know of no better influence anywhere, and the good that this school has done can never be estimated as we estimate things in this world. Any man having money he desires to invest in boys and girls, where it will pay large dividends in things that abide forever, while empires crumble, would do well to look into the work of Buie's Creek. Its guiding hand all these years has been that matchless man, J. A. Campbell. How he has done the work he has is a marvel.

MAP SHOWING DIRECT HIGHWAY ROUTES TO BUIS'S CREEK

The Carolina Coach Company's bus lines from Raleigh, Fayetteville, Smithfield, Dunn and Lillington pass Buie's Creek, making three return trips daily.

# OUR ACKNOWLEDGMENT

To our benefactors, whose earnings have thus been dedicated to the cause of Christian Education; to our patrons, who have entrusted us with their most cherished possessions; to our students, who have impressed others by the nobility of their lives; to the many other friends, who have maintained an abiding confidence in the institution, we are indebted for the continued growth of Campbell College through its forty-five years of history. Looking to God for His continued help and guidance, we hope with the aid of our friends to do even better work, and to make the institution a more efficient agency for the uplift of humanity.

# Campbell College

# LOCATION

Campbell College is most fortunately situated in that section of North Carolina where "east meets west," in the busy Piedmont with its varied interests and activities. It is located on State Highway number 60, the great traffic artery that carries its commerce from the industrial Piedmont across the Blue Ridge on the west, and through the fertile fields down to the sea on the east. Raleigh, the Capitol City and educational center, is less than an hour's ride to the north, and the historic city of Fayetteville is about equally distant to the south. Dunn and Lillington, progressive towns close by, afford convenient shopping centers for articles not available in Buie's Creek.

The community is exceedingly healthful, quiet, and favorable to study. It would be difficult to find a community with fewer causes to divert the mind from study, or more favorable for student life. A prominent pastor of this state writes: "The moral and religious atmosphere of the school is superior to any school I ever knew."

# HISTORICAL SKETCH

On Jan. 5, 1887, Campbell College had its beginning in a small one-room building, forty-eight by twenty-two feet in dimensions, newly built by local citizens for starting a community school. President Campbell assumed full financial responsibility for maintaining the institution, rather pretentiously called Buie's Creek Academy, which was hardly expected to continue for a full session of five months. The surprising growth of the institution throughout the spring necessitated an additional room during the summer eighteen by twenty-four feet for the primary department, which was joined to the east side of the building. In 1893 another wing, eighteen by thirty feet, was added on the west side. By 1896 the growth of the institution prompted the construction of a three-story addition fifty by thirty-six feet, with a front projection fourteen by sixteen feet.

The new building, now 136 feet in length, contained six large recitation rooms, an Art hall, a Commercial hall, a library, and two nicely furnished literary society halls. This entire building was swept away by fire on the closing day of the fall term, Dec. 20, 1900, at the hands of an incendiary.

Probably all that saved the institution from extinction was a large, open, unfloored tabernacle eighty by ninety feet, which had been erected in the spring of 1898 for Commencement exercises. Thanks to the heroic efforts of students, patrons, and friends, within twenty days seven commodious classrooms had been improvised and equipped in this roughly constructed tabernacle, and school reopened on Jan. 8, 1901. For three years until the completion of the new administration building, now known as the Kivett building, these temporary quarters kept the school intact and growing.

The erection of the new administration building was one of the greatest, most sacrificial ventures ever undertaken by the school. With no money and no large contributions, remotely situated from any railroad, made even more remote by bad roads, the President, students, and friends set about the construction of a brick building to cost over \$30,000. Friends subscribed nickels and dimes to buy brick; students without money cut cord wood to burn brick made on our own grounds, and supplied brick to masons on the job. The genius of the whole construction was Z. T. Kivett, who burned the brick and directed the erection of the building as money and credit were slowly obtained.

From the opening of the first session an increasing number of boarding students was attracted from this and other states. Not until the fall semester 1913 did the institution possess its first dormitory, now known as the Treat Dormitory for girls. Prior to that date all students were cared for in private families. The school at present has in addition a dormitory for boys, constructed in 1923, as well as the Fred N. Day Annex, the Fred N. Day home, and several rooms provided in other buildings.

For years the President conducted the school on his own financial responsibility without assistance from others. Though from the very beginning essentially Christian in spirit, it was not until 1911 that the Baptist denomination, through the Little River Association, owned any interest in the property. Under the name of Buie's Creek Academy, Inc., twenty trustees, elected by the Little River Association, controlled Treat Dormitory. Later the library building was deeded by its donor, D. Rich, to the denomination. In 1925 all the property owned by J. A. Campbell and wife, together with that controlled by the local Association, was deeded to the Baptist State Convention, in whose hands it now is held. Under an agreement entered into with the Baptist State Convention, the President still asumes personal responsibility for financing the school, though the Convention contributes toward its maintenance.

With the consent of the Baptist Board of Education, the institution added a year of college work beginning with the fall semester 1926. The Baptist State Convention of the same year authorized the advancement of the institution to the rank of a junior college, and by the Hamby resolution changed its name to Campbell College. The resolution reads as follows:

"In view of the fact that our brother, Dr. J. A. Campbell, working strenuously and untiringly through a period of forty years, has built a great school at Buie's Creek, known through the years as Buie's Creek Academy, Inc., and recently changed to Buie's Creek Junior College, and,

"Whereas, it is eminently fitting that such devotion to the cause of education should be kept in memory perpetually, and the name and work of Brother Campbell be preserved as a cherished memorial of North Carolina Baptists, be it,

"Resolved, that the Baptist State Convention now in session, request its Board of Education and the Board of Trustees of Buie's Creek Academy, Inc., to change the name from Buie's Creek Academy, Inc., to Campbell College."

The college received immediate recognition by the State Department of Education and has operated since that date as a fully accredited junior college. The work of the institution has from time to time attracted many friends in and out of the state, who have given generously to its needs. Among its largest benefactors have been William Pearson, Z. T. Kivett, M. C. Treat, of California, Fred N. Day, D. Rich, B. N. Duke, of New York, D. H. Senter, W. C. Ellis, Alonzo Parrish, and J. F. Kitchen. These have aided in securing additional buildings and other property, the school water system, and the beginnings of an endowment fund. Grateful acknowledgement is hereby made to these and a host of unnamed contributors, to whom the institution owes its origin and perpetuation.

# BUILDINGS

The D. Rich Memorial Administration Building was constructed during the spring and summer of 1926 with that portion of the D. Rich bequest, approximately \$150,000, available at his death. It is built of tapestry face brick, trimmed with Indiana limestone, fireproof throughout. The building, 160 feet long and 120 feet wide, includes an auditorium to seat 1,250 comfortably, fourteen class rooms, two laboratories, two society halls, and several offices.

THE CARRIE RICH MEMORIAL LIBRARY, donated by D. Rich in memory of his wife, Carrie Rich, was opened for use during the spring 1925. In planning this memorial, which includes two large reading rooms, stack rooms, and the President's office, all elegantly furnished, it was Mr. Rich's one purpose to have the building as flawless and beautiful as was the Christian character of his beloved wife.

The William Pearson Music Building, 1915, was made possible by a loan from Harnett County, to be repaid out of the contract for teaching the public school for this district. At first it was used by the elementary school grades. The building was remodeled and converted into a music building in the year 1926-'27. It bears the name of the man who made the first canvass to establish the school in 1887. Until his death on May 25, 1915, he always supported the institution by word and purse.

THE KIVETT BUILDING, named for Z. T. Kivett, its constructor, was nearly three years in building, from the laying of its cornerstone on May 23, 1901, to Nov. 2, 1903. The main body of the building is two stories high, containing ten large class rooms with other smaller rooms and offices. Since the completion of the D. Rich Memorial Administration building, the Kivett building is used by the elementary school and by special departments.

TREAT DORMITORY, 1913, contains thirty-two rooms for girls on the two upper floors, besides the large basement floor, which provides an ample dining hall for all boarding students. The building is named for M. C. Treat, of California, its largest contributor.

FRED N. DAY ANNEX, originally known as the Beavers' property, was purchased and donated to the school in February 1920 by Evangelist Fred N. Day, to be used as an annex to the Treat Dormitory.

Boys' Dormitory, 1923, contains forty-five rooms. In 1928 an addition of thirteen rooms was built out of money given by the late B. N. Duke.

The Gymnasium. In December, 1923, Mr. D. Rich made a proposition to give \$2,500 toward erecting a building to be used as a gymnasium and temporarily used for an auditorium, on the condition that the other friends of the school would raise a similar amount. Contract was let for this building December 31, 1923, and was used first April 10, 1924. The building is 60 by 90 feet, has basement, is of brick veneer, and cost more than \$15,000. This building is furnished with necessary equipment for physical training, indoor games, shower baths, etc.

FRED N. DAY HOME. In January, 1925, Rev. Fred N. Day purchased for \$2,000 a seven-room residence, with adjacent lots amounting to about two acres of land. This property adjoins the school grounds and was donated to Buie's Creek Academy. It is planned to use this home for married students. The school

now owns two such homes and it is hoped that others may be provided by individuals, churches and associations. The trustees will be glad to donate the land for such purposes.

# THE D. RICH BEQUEST

September 29, 1923, Mr. D. Rich conducted the devotional exercises at chapel. At that time he told us that he slept but little on the previous night, because much of the time was spent in talking with the Lord about Buie's Creek. There was born in his soul that night, he said, this striking expression: "Buie's Creek must live." He expressed the hope that he might be able to do something for Buie's Creek. On October 21, 1924, he fell on sleep, having left in his will to the trustees of Buie's Creek Academy one-eighth of his estate. One-half of this amount, approximately \$150,000, was used to erect the new D. Rich Memorial Administration Building.

# MR. DUKE'S GIFTS

For many years one of the imperative needs of the school has been a modern system of sanitation. In 1923 Mr. Alonzo Parrish, Benson, an alumnus of the institution and member of the Board of Trustees, gave the school a deep-well pump, gasoline engine, steel tower and a 15,000 gallon tank. A deep well was sunk on the campus, which gives an ample supply of water for all school purposes. No funds were available for completing the sewerage line and installing the equipment in the buildings. In the spring of 1926 Mr. B. N. Duke gave the school \$25,000 for completing the sewerage system, connecting all the buildings with sewer, and for meeting other needs. Three additional gifts made by Mr. Duke during the year bring his contributions to \$50,000.00.

#### ENDOWMENT

During the Commencement exercises in 1924, Mr. W. C. Eillis, Greenville, S. C., suggested a plan for increasing our endowment on an insurance plan. Alumni of the school are asked to take a ten-year endowment policy payable to the school for amounts from \$100 up. The members of the senior class of 1925

subscribed in this way, about \$5,000 to this fund. Other alumni are cooperating in this movement. Policies in force and pledges at present amount approximately to \$15,000.

Out of the \$50,000 given to the college by Mr. B. N. Duke, approximately \$10,000 has been preserved after installing the sewerage system and making several necessary improvements to our buildings. This money is placed on interest and used as endowment.

One of the greatest needs of the school is a stable income to supplement the small fees paid by our students. In no more effective way can the friends of the institution lend their help than in adding to this fund.

## LOAN FUND

We are happy to announce the establishment of the following loan funds for worthy students. These sums, coming unsolicited, express the confidence of these benefactors in the work of Campbell College and their sympathy with poor boys and girls struggling for an education. In behalf of those to be blessed by these amounts, we express our thanks for the following loans:

D. H. Senter Loan Fund. Some years ago Mr. D. H. Senter, Chalybeate Springs, contributed one thousand dollars to endow a loan fund for worthy students, preferably Harnett County students. With the accrued interest it at present totals about \$1,500.00.

The Masonic Loan. The Masonic fraternity of North Carolina has established a loan fund of \$1,000 for needy students, who could not otherwise pursue their training.

James A. Buchanan Loan Fund. Mindful of his own struggle to stay in school at Buie's Creek Academy years ago, Mr. Buchanan has set aside \$100.00 to help other worthy students, with the intention of later increasing this fund.

Tom Chears Loan Fund. During the year Mr. Chears sent the President the sum of \$25.00 to be used in some way to help some struggling students. After some deliberation it has been decided to offer this as a loan to those most needy.

Ministerial Loan Fund. Through the liberality of Mr. M. C. Treat, of California, we are permitted to offer a loan of from \$25.00 to \$75.00 a year to worthy ministerial students who cannot otherwise attend school. The young men applying for help must show evidence of consecration and capability, giving recommendation from their pastor and church.

Parties receiving help are required to give their note, to be paid in four years' time; earlier if convenient.

#### SCHOLARSHIPS

During the year a few friends have indicated their purpose to offer several scholarships to the needy, worthy students, who might otherwise be deprived of coming. A full scholarship is valued at \$55. These scholarships, unless otherwise designated by the donors, will be awarded to those most needy and worthy.

#### MUSIC SCHOLARSHIP

An unnamed benefactor awards annually a music scholarship, valued at \$250, to a student specializing in music, based on ability and need.

#### HELP FROM EDUCATION BOARD

The Education Board of the North Carolina Baptist State Convention is helping young men preparing for the ministry. All such applications for help must be endorsed by the church of which the beneficiary is a member, by the Moderator of the Association, and by the Chairman of the Executive Board. Application blanks can be secured by writing to the Principal.

#### EXPENSES

(For Semester of 18 Weeks)

### TUITION AND FEES

I CITION AND I LLS	
Elementary Department\$	15.00
Academy	22.50
Junior College	27.50
Matriculation (Includes Registration, Library, Medical, and	
Athletic Fees, etc.)	20.00
Publication Fee	2.00

#### BOARD

In Dormitory, with Room, He	at, and Lights	\$ 90.00
In Private Families, Regular	Board and Room	.\$100.00 to \$112.50

#### EXTRAS

Music (Vocal, Piano, Violin, Orchestra, Preparatory, each)\$	22.50
Music (College)	27.50
Orchestral Instruments in Class	12.00
Rental of Instruments per term	2.00
Piano Practice (Preparatory)	2.50
Piano Practice (College)	3.75
Harmony, Theory and Music History	5.00
-Expression	22.50
Business Course	22.50
Shorthand and Typewriting	22.50
Laboratory fces, Chemistry and Biology (Academy), each	2.00
Laboratory fees, Chemistry and Biology (Junior College), each	4.00
Microscope rental fee	1.50
Penmanship	4.50
Typewriting	4.50
Band and Orchestra	5.00
Solfeggio	5.00
Piano Methodics	5.00

In literary department ministerial students are given free tuition and a discount of fifty per cent on tuition is given orphans, widows', and ministers' children.

#### SETTLEMENTS

- 1. All fees, amounting to \$20.00, must be paid before students are admitted to classes and are not returnable after 48 hours.
- 2. Settlement for tuition is due upon entrance. A student whose conduct requires expulsion forfeits his tuition for the remainder of the semester.
- 3. Charges for board must be paid for each half-semester in advance. Since room in dormitories and dining hall is limited, students who do not remain for the full semester are charged ten per cent for room and board for the time they are present.

- 4. No deduction is made in any department for absence for the first two weeks. No deduction for board can be made for an absence of less than two weeks and then for only half time.
- 5. Any variation in the above terms of settlements must be approved by the President before entrance.
- 6. No credits for work completed in school will be given students until satisfactory settlement of all charges has been made.

# COLLEGE DEPARTMENT

## WORK APPROVED BY STATE DEPARTMENT

The Standardizing Committee of the State Board of Education, after carefully investigating the work of the school, gave rating as a Standard Junior College beginning with the session 1927-1928. The administration is carefully adhering to all requirements of the North Carolina College Conference, steadily making improvements in the work of the departments as defects appear.

# REQUIREMENTS FOR ENTRANCE

Requirements for entrance into the college conform to the regulations adopted by the North Carolina Association of Colleges. A minimum of fifteen units leading to High School graduation is required of all regular students. The following units are prescribed: English, 3; Mathematics, 3; Foreign Language, 2; Science, 1; History 2. The remaining units may be earned from the list of subjects printed on the following page.

Students are admitted in the following ways:

- 1. By certificate. A certificate of graduation, with recommendation for college entrance, from high schools of approved standing admits a student without examination.
- 2. By examination. Students from a non-accredited high school may be admitted only by the removal of such deficiencies by examination. These examinations will be held upon the first day of the fall term. Candidates for admission by examination should forward to the President their application for examination on the required subjects.
- 3. By special permission. In accordance with the practice of other colleges, students of mature years are admitted by permission of the President as "special" students. Such students must demonstrate their ability to profit by the courses taken. Positively no credit towards graduation will be allowed "special" students until the entrance requirements are fully met.

# SUBJECTS WITH ENTRANCE CREDITS

Subject	Courses Described	Unit
English I.	Grammar, Rhetoric and Composition	1
English II.	Rhetoric, Composition and Literature	1
English III.	Composition and Literature	1

# REQUIREMENTS FOR GRADUATION

Five courses of sixty-four semester hours each, leading to the "Associate in Arts" diploma, are offered. Satisfactory completion of one of these groups, with sixty-four "honors credits," is necessary for graduation. These courses are planned to meet the respective needs of students seeking classical, scientific and vocational training. Students undecided as to their future plans are urged to elect Group 1.

In addition to the course of study specified in each group, Physical Education, meeting three times per week both years, is required for which a total of four semester hours is allowed.

Every college student is also required to take Religion C-IV, Choice of a Vocation, meeting once a week for one year.

Group I. "Associate in Arts," "Classical" Course.

English I and II12	hours
Mathematics I 6	hours
History I 6	hours
Bible I 6	hours
Biology 8	hours
or	
Chemistry10	hours
Latin I	
French I	hours
or	
German I6	hours
or	
Greek I10	hours
Electives to total64	hours

Electives: History C-II, French C-II, German C-II, Mathematics C-II, Education C-I, Greek C-II, Biology C-I or Chemistry C-I, Journalism, Physiology and Hygiene, General Economics, Argumentation, History of Christianity.

Three units in Latin and two in French, or four units in Latin, are required for entrance in Group 1.

Group II. "Associate in Arts," "Normal" Course.

English	I and	II	12	2	hours
History	II		6	;	hours
Education	on I		6	;	hours

Modern Language	6	hours
Science	8	hours

Electives: Modern Language, History I, Mathematics I, Bookkeeping or Shorthand and Typewriting, full course; will be accepted for 6 semester hours, but will not be accepted for credit at all senior colleges.

# COURSES OF INSTRUCTION

# Education

Mr. Camprell.

Mr. McDuffie

- C-1. An Introduction to Education—This course aims to acquaint the prospective teacher in the elementary school with the responsibilities and duties of the teacher. Practically one-half the year is devoted to the study of methods with special emphasis on the teaching of reading and language; the second half covers the problems of classroom management. Library assignments and observation in the elementary school supplies the class instruction.
- C-2. Physical and Commercial Geography—This course is designed to meet the needs of teachers by offering advanced study of the earth as man's home.

Two hours a week for one semester.

- C-3. Public School Music.
- a. Primary Grade Methods.

This course meets for two hours per week during the first semester. Materials and methods for grades one to three inclusive will be studied; rote songs singing games, etc. Solfeggio I is a prerequisite for this course.

b. Grammar Grade Methods.

This course meets for two hours per week during the second semester. Materials and methods for grades from four to seven inclusive will be studied. The prerequisite for this course is Public School Music Methods for Primary grades.

Two hours a week for each semester.

C-4. Child Study—A study of the nature of the child's well-rounded growth with particular application to the kind of scholastic training needed throughout. The development of the child's mental faculties and the influence of heredity and environment will be studied.

Three hours a week, one semester.

C-5. Children's Literature—This course includes a study of the best literature of the grammar grades, as well as the methods to be used in cultivating oral language.

Two hours a week, one semester.

#### CERTIFICATION CREDIT

Students who complete thirty-two semester hours work, including Education C-I and other prescribed courses offered, will at the end of their first year be entitled to State Elementary A Certificate. Those who graduate with the work prescribed for Group II, "Normal" Course, will be entitled to a Grammar Grade C or a Primary C Certificate.

# English

Mr. Page Mr. Campbell MISS STRICKLAND MISS SNIDER

- C-1. Composition—This course consists of a more thorough mastery of the fundamental principles of composition and an intensive study of selected masterpieces as a basis for constant practice in self-expression. Weekly themes, reports, and conferences. Three hours a week, both semesters.
- C-2. English Literature—A survey of English Literature with emphasis on historical movements and developments of types of literature. Three hours a week, both semesters.
- C-3. American Literature—A survey of American Literature with emphasis on the writers since the beginning of the nineteenth century. Special papers and reports. Three hours a week for both semesters.
- C-4. Journalistic Writing—An elementary course in the practice of news writing, including a study of the feature story, the editorial, and the newspaper make-up. Two hours a week for both semesters.
- C-5. Public Speaking—Special emphasis is given to analysis, brief making and debating, though other forms of public speaking are presented. Frequent practice both in constructing speeches and in delivery will be offered.

Two hours a week for both semesters.

C-6. Business Correspondence—Comprises a study of types, style, and form of business correspondence with much drill in the needed fundamental principles underlying all writing. Three hours a week, one semester.

# Foreign Languages

MISS POWELL MRS. PARKER MISS HOCUTT
MISS STRICKLAND

#### LATIN

C-A. Cicero; Vergil. This course comprises (1) a study of syntax and prose composition; (2) the translating of selections from Cicero's Orations, and Vergil's Æneid; (3) a brief survey of Roman history; (4) Mythology. Prerequisite, two units of high school Latin.

Five hours a week for both semesters.

C-1. Cicero; Horace. This course is concerned chiefly with translating selections from Cicero's Essays and Letters, first semester. However, special emphasis is placed on the literary value of the selections read, and on the political and social conditions of the period. A brief survey of Latin literature is made, and various reports are given on the private life of the Romans.

Three hours a week for both semesters.

#### FRENCH

C-A. Elementary French—A beginner's course, covering the principles of French grammar, and the reading of elementary texts. The equivalent of two years of high school work. Credit of six semester hours will be given upon completion of French C-1.

Four hours a week for both semesters.

C-1. French Literature of the Nineteenth Century. Prerequisite, two units of French for entrance. Consists of readings from great novelists and dramatists of the nineteenth century with a brief history of the literature; a careful study of grammar, composition and conversation.

Three hours a week for both semesters.

C-2. French Drama of the Seventeenth Century—A study of the earlier French drama as an introduction to the reading of selected plays from Cornelia, Moliere, and Racine.

Three hours a week for both semesters.

## GERMAN

C-1. Elementary German—This course for beginners offers careful study of grammar, practice in pronunciation and composition and the translation of two hundred pages of comparatively difficult German.

Three hours a week for both semesters.

C-2. Reading of selections from German prose of the nineteenth century. Prose composition. Careful review of grammar. Practice in conversation.

Three hours a week for both semesters.

# **Mathematics**

#### MR. MARSHBANKS

- C-1. a. College Algebra—Rapid review of elementary algebra. Theory of equations, quadratics, inequalities, variations, progressions, binomial theorem, logarithms. Three hours a week for first semester.
- b. Trigonometry. Trigonometrical equations, theory of logarithms, solution of right and oblique triangles, special problems. Three hours a week for second semester.
- C-2. a. Analytic Geometry—Open to students who have completed C-1. Three hours a week for the first semester.
  - b. Solid Geometry-Three hours a week for the second semester.

## Natural Science

Mr. Dodson

Mr. Poplin

#### BIOLOGY

C-1. General Biology—A general survey of the field biology. This course deals with the essential distinguishing characteristics, structures, functions, and interrelations of plants and animals, and their relations to inorganic nature.

Three hours a week recitation and lectures, four hours a week laboratory, both semesters.

C-2. Physiology and Hygiene—Elementary human physiology with so much of anatomy, histology and cytology as may be necessary. Personal and public hygiene treated from the standpoint of eugenics. Two hours a week for lectures, demonstrations, and recitations both semesters.

#### CHEMISTRY

C-1. General Chemistry—Emphasis is placed on the fundamental chemical laws and principles of Chemistry from the historical, practical and theoretic standpoints, being chiefly inorganic with an introduction to organic.

Three hours a week recitation and lectures, four hours a week laboratory, both semesters.

# Physical Education

Mr. Brandon

MISS SNIDER

Mr. Dodson

All colleges and high school students, unless exempted for special reasons by the Dean, are required to take a course in Physical Education, consisting of calisthenic exercises, and games, three times a week. Health talks are also included from time to time.

Plays and Games—For those preparing to teach, games for children are practiced during the Physical Education hours.

Coaching for Teachers—Under the direction of the coaches for the major sports boys showing ability in athletics will be given instruction in coaching athletic teams and directing Physical Education classes.

# Religion

Mr. GARDNER

Mr. Ayscue

PRESIDENT CAMPBELL

C-1. A comprehensive study of the Old and the New Testament. Old Testament Characters.

The purpose of this course is to acquaint the student with the historical movements of the people of Old Testament times, and to present in their proper historical background forty characters of the Old Testament. Attention is called to the geography, customs and contemporary movements among nations that influenced the Hebrews, with assignments dealing with these topics in the library. (One semester.)

Texts used:

The Old Testament.

Gardner: "Old Testament Characters."

Sampey: "Heart of the Old Testament."

Parallel Reading.

The New Testament.

The purpose of this course is to outline the events of the first century A.D. as related in the New Testament. The life of Christ will receive chief attention. A detailed study of the book of Acts will follow, with readings from the epistles accompanying it. Parallel work will be done in the library. The principal aim of this and of the class in Old Testament is to bring the student in reverence to the feet of the Great Teacher Himself (One semester.)

Texts used:

The New Testament.

Robertson: "Harmony of the Gospels."

Robertson: "Studies in the New Testament."

Parallel Reading.

- C-2. Homiletics—Of interest chiefly to ministerial students. Practice in preparation of sermons and in public speaking. Some discussion of pastoral problems.
- C-3. History of Christianity. For description of course see Social Science C-4.
- C-4. Choice of a Vocation—The course includes a comprehensive study of the various occupations and the special qualifications required for success in each. An effort will be made to assist the student in diagnosing his own abilities and aptitudes in order to arrive at an intelligent choice of occupation. One hour a week, one semester.

# Social Science

Mr. Ayscue

Mr. Edwards

C-1. History of Western Europe. This course embraces the period from the decline of the Roman Empire through the Thirty Year War. Careful study is given to the growth and influence of the principal medieval institutions and movements as they bear upon modern problems.

Each student is required to keep a loose-leaf note-book for notes on collateral reading and for map-drawing.

Three hours a week for both semesters.

C-2. American History—First semester: Brief survey of the colonial period; study of the social, economic, and political conditions of the Revolutionary period; development of the national government. Second semester: Growth of sectionalism; the Civil War; the Reconstruction period and its problems; national expansion; present-day conditions and problems.

Three hours a week for both semesters.

- C-3. General Economics—This course aims at a general understanding of the structure of our economic life together with the underlying principles. A study is made of production, distribution, and price adjusting. A survey of the business organizations which control our industrial life and their functions will receive attention during the latter part of the course. Three hours a week, both semesters.
- C-3. History of Christianity—Beginning with the life and teachings of Jesus and the founding of the church, the history of Christianity will be traced through the development of doctrinal differences, the Reformation, and later accomplishments. The subject will be treated as an organic part of general history, valuable as a cultural subject as well as offering invaluable light on doctrines, church policy, and missionary activity. Two hours a week, both semesters.
- C-4. Physical and Commercial Geography. Physiographic factors and principles underlying our economic problems. The physical divisions are studied as a basis for understanding the social and economic life of man. Two hours a week, one semester.
- C-5. Accounting. An elementary course covering the principles and practice of accounting. The laboratory method of understanding the problems and technique of accounting with actual application to the several business organizations is used. Three hours a week, both semesters.
- C-6. American Economic History. This course traces the economic development of the United States to the present, with emphasis upon the relation of those factors, such as agriculture, manufacturing, foreign trade, and currency, on our social and political development. Three hours a week, one semester.
- C-7. Commercial Law. A study of law as it applies to ordinary business transactions, including the making of contracts and negotiable instruments, to corporations, partnerships, and bankruptcy proceedings. Three hours a week, one semester.
- C-8. Marketing. This course attempts to make a survey of various marketing systems, their organizations, methods, and exchanges, as well as the principles underlying the distribution of economic goods. Three hours a week, both semesters.

# THE ACADEMY

# REQUIREMENTS FOR ADMISSION

For years the first seven grades preparatory to entrance into the high school department have been offered. Students completing this course, and those from other schools with a certificate of graduation from the seventh grade will be admitted to the high school.

Students for advanced standing must bring certificates from accredited schools. Candidates for entrance to the Junior and Senior Classes will be required to take examinations on English Grammar and Arithmetic. The faculty reserves the right to reclassify students whenever convinced that a mistake has been made in their classification.

# REQUIREMENTS FOR GRADUATION

Three courses are offered leading to our high school diploma. The first course will admit students unconditionally to all colleges. The second course meets the requirements of many colleges, and offers more electives to those not going to college. The third course aims to serve those seeking a broader preparation than is offered by short commercial courses found in most business colleges. We strongly recommend the classical course to all students expecting to enter a college of liberal arts, and to those undecided about their future.

# COURSES OF INSTRUCTION

#### ENGLISH

The course in English combines composition and literature. To gain efficiency in oral and written English, emphasis will be given to grammar, spelling, punctuation, paragraph structure, and organization of themes. In the study of literature, effort will be made to enable the student to interpret for himself the writer's thought. The Literature and Life series, in four volumes, has been adopted for the work in literature throughout the high school. These volumes meet the college entrance requirements, containing judicious selections for class study and parallel reading.

- I. A. Correct English (Tanner).
  - B. Literature and Life (Greenlaw-Straton), Book I.
- II. A. Composition and Rhetoric (Tanner).
  - B. Literature and Life (Greenlaw-Straton), Book II.
- III. A. Composition and Rhetoric (Tanner).
  - B. Literature and Life (Greenlaw-Miles), Book III.
- IV. A. Guide to Composition (Royster-Thompson).
  - B. Literature and Life (Greenlaw-Miles), Book IV.

#### LATIN

- A—I. Latin for Today (First Year) (Gray and Jenkins). Thoroughness in forms and principles of syntax emphasized. Regular translation and practice in writing simple English into Latin.
- A—II. Latin for Today (Second Year) (Gray and Jenkins). Emphasis placed on syntax and prose composition.
- A—III. Cicero—Six Orations (Bennett). Syntax and prose composition based on Cicero.
- A-IV. Vergil's Eneid-Books I to VI (Bennett). Allen and Greenough's Latin Grammar. Prose composition.

#### FRENCH

A-I. A Complete French Course (one-half) (Greenberg).

Emphasis on pronunciation and accuracy in forms and construction, written exercises, reading—La Belle France, A de Monvert, Le Voyage de M. Perrichon, Labiche et Martin.

A—II. A Complete French Course (completed) (Greenberg). Composition, sight-reading—Le Roi des Montagnes, E. About. La Mare au Diable, Sand.

#### MATHEMATICS

- A. Business Arithmetic (Sutton and Lennes).
- A—I. Algebra, Modern High School (Wells and Hart) to quadratics. Special drills on fundamental principles, factoring, fractions, and equations. Special attention given to solutions of problems and quadratics.
- A—II. Algebra, Modern High School (Wells and Hart). Quadratics, logarithms, binomial theorem, graphs duly emphasized, thorough reviews.
- A—III. Plane Geometry (Strader and Rhoads). Students are taught to reason, not memorize. Original exercises.

#### HISTORY

- A-I. Civics, Community and Vocational Civics (Hill).
- A—II. History of Europe, Ancient and Medieval (Robinson and Breasted). Special emphasis on the growth of institutions, government, and literature.
  - A-III. History of Europe, Our Own Times (Robinson and Beard).
- A—IV. History of the American People (West). This is an advanced course, requiring additional readings, themes and note books. Admission to this course is restricted to juniors and seniors.

In all history courses geography is stressed through map drawing.

## BIBLE

- A-I. (a) Study of the Bible-Old Testament (Burroughs). New Testament (Robertson).
- (b) New Sunday School Normal Manual (Spilman, Leavell and Burroughs).
  - (c) Other Books of the Normal Course.

#### SCIENCE

- A—I. Everyday Problems in Science (Pieper and Beauchamp). Simple experiments, practical applications. Note books are required to be kept by each student.
- A—II. Biology, New Biology (Smallwood, Reverley and Bailey). An introductory study of fundamental principles of biology, emphasizing some of the most important elements of physiological biology by the solving of concrete problems in the laboratory and classroom. Three hours a week recitation, four hours a week laboratory.

A—III. Chemistry. This course acquaints the student with the methods and procedure of chemistry not only from a theoretical but also from a practical standpoint, showing some of the applications to industries in daily life. Three hours a week recitation, four hours a week laboratory.

#### VOCATIONAL COURSES

A-1—Bookkeeping A-4—Commercial Law A-2—Shorthand A-5—Business Arithmetic

A-3—Typewriting A-6—Penmanship

For description of the above courses, see under School of Business.

# SCHOOL OF BUSINESS

# I. M. WALLACE, Director

For years this institution has offered in the Commercial Department thorough courses in bookkeeping, shorthand, and typewriting, similar to those offered by the best business colleges. Many students seeking this technical training have recognized the big advantage of study in a junior college. They enjoy all the advantages shared by college students in athletics, literary societies, musical organizations, dramatics, and other student activities, with no loss from their technical training. At the same time, excellent opportunities are afforded commercial students to get practical experience in the college by doing clerical work.

In order that students in the academic and college departments who need some vocational training may share the advantages offered by this department, it is organized so as to serve larger numbers. A college course in Business Administration, a Commercial Course leading to high school graduation, and the shorter courses in "Bookkeeping," Shorthand and Typewriting, and the Secretarial Course are designed to meet the needs of all who desire commercial training.

## COLLEGE COURSE IN BUSINESS ADMINISTRATION

This is designed primarily to meet the needs of those wanting a two-year course in business administration. It does, at the same time, satisfy in general the requirements of the first two years at a senior college for those who desire further study. The broad fundamental principles underlying business are studied with a view to aiding the business executive.

This course is outlined in the College Department as Group III under "Requirements for Graduation." Admission to the course is based on the regular requirements for college entrance. The "Associate in Arts" diploma is awarded for satisfactory completion of the course as outlined.

### HIGH SCHOOL COMMERCIAL COURSE

Students who desire a commercial course leading to high school graduation should follow course III as outlined in the high school department. This course is recommended only to those who expect to continue their training in some business college, or who require this training preparatory to securing a clerical position. A high school diploma is awarded upon graduation.

## SHORT COURSES

Short courses, requiring from six to nine months for completion, are offered in bookkeeping, shorthand and typewriting, and a combination of these two courses. For the completion of any of the courses listed below as outlined in this catalogue, a certificate will be awarded.

# Bookkeeping Course

Penmanship
Spelling
Bookkeeping
Banking
Business Correspondence
Commercial Law
Commercial Arithmetic and Rapid Calculation

# Shorthand and Typewriting Course

Shorthand
Typewriting
Spelling
Penmanship
Business Correspondence

# Secretarial Course

Shorthand
Typewriting
Penmanship
Spelling
Bookkeeping (one budget)
Commercial Arithmetic
Business Correspondence

# DESCRIPTION OF COURSES

#### BOOKKEEPING

Bookkeeping I. *Proprietorship*. The fundamental principles of bookkeeping, including a knowledge of the laws of debiting and crediting, posting, the working of trial balance, and financial statements, etc., most commonly needed in small business units.

Bookkeeping II. Partnership. Advanced work with more complicated business transactions in partnerships and larger organizations.

Bookkeeping III. Corporations. Bookkeeping for larger business units, covering the study of complex forms and records required by big corporations.

Banking. A very practical course, giving the student a good insight into the modern banking systems.

#### SHORTHAND

The Gregg system, used by most of the best business colleges in the country, is offered. A study of the principles of shorthand is followed by frequent practice in writing business letters, taking dictation, and developing speed. Students are required to attain a minimum of 100 words per minute to receive credit.

#### Typewriting

Typewriters are owned by the institution. The touch system is taught. From thirty-five to forty words per minute must be written to receive credit.

#### COMMERCIAL ARITHMETIC

A thorough course in common and decimal fractions, percentage, interest and discount, stocks and bonds, and other business calculations is offered. Frequent drills in rapid calculations are given to develop speed in handling figures.

#### Business Correspondence

All students applying for either a diploma or certificate must satisfactorily complete this course in practical business English, which includes a study of the most common speech errors, and the mechanics and types of business letters.

#### COMMERCIAL LAW

Constitutes a study of the law as it affects and controls ordinary business transactions in the various branches of commercial enterprises.

# PENMANSHIP

Penmanship is required of all pupils applying for a certificate or diploma who are unable to pass a proficiency test in handwriting. The course is also open to any students desiring to improve their handwriting, upon payment of a small fee.

#### Positions

We cannot guarantee positions. At the same time, with our help, graduates with proven ability and character have usually been placed in good paying positions. Many leading business concerns rely upon us for stenographers and bookkeepers. Our first concern is to prepare our students for good jobs, and then to assist in securing them.

## SCHOOL OF MUSIC

## ELLA LORD GILBERT, Dean

ARCHIBALD EDGAR LYNCH HENRY T

HENRY TROY McDuffie

Facilities for the study of music as a cultural and a vocational subject are provided from the very beginning lessons to the completion of the college sophomore year. The work is conducted in a separate building consisting of studios and practice rooms.

College credit toward a Bachelor of Music Degree is allowed in the Freshman and Sophomore classes for those majoring in music.

Certificates will be awarded those who complete the preparatory course offered in vocal or instrumental music.

Special students may arrange for any desired course.

The Glee Club, Band and Orchestra add greatly to the pleasures of campus life.

## MACDOWELL CLUB

The MacDowell Club gives an instructive and pleasurable program each month; sponsors concerts and other cultural college activities. It is open to college and high school students, and has the hearty support of the faculty, many of whom are members. The membership fee is one dollar a year.

## GLEE CLUB

## Mr. Lynch

The Glee Club is a most enthusiastic and successful organization. Membership is limited to students who have singing ability. A number of concerts are given on the campus each year and a tour of the State is made during the season.

## ORCHESTRA

## Mr. McDuffie

The College Orchestra is composed of students from both high school and college departments and meets for two hours practice each week. Drill in ensemble playing, technique of instruments, notation and interpretation is stressed. The Orchestra plays for chapel services, recitals, concerts, and other college exercises. Fee for orchestra training is five dollars each semester.

## BAND

## Mr. McDuffie

The College Band, composed mainly of students of the College department, meets for two hours practice each week. Drill in ensemble playing, technique of instruments, notation, and interpretation is stressed. Each player is given individual help in interpretation, transposition, and practice conducting. Fee for band training is five dollars each semester. One fee permits anyone to play in both Band and Orchestra.

## PIANO DEPARTMENT

## Mr. McDuffie

#### PREPARATORY

FIRST YEAR—Correct use of arm, wrist, hand, and fingers at the piano. Major and minor scales, one octave, hands together. Studies suggested: Those of John M. Williams; Mrs. Crosby Adams; Tobias Matthay, Czerny-Liebling, Book I. Pieces suggested: Preston, Sand Man's Song; Campbell, Brownie at the Brook; N. Louise Wright, A School Dance; Bilbro, A Lesson, and other selected.

SECOND YEAR—Continued study of the arm, hand, and fingers; major and harmonic minor scales, two octaves, hands together; the formation of triads; writing exercises, etc. Studies suggested: Czerny-Liebling, Book I, continued; W. S. B. Matthews course; Hannon studies; Pedal studies; Matthay, Easier Sonatinas and selected studies from Heller, op. 45. Suggested pieces: Foote, Tarantella; Heller, Curious Story; selected pieces from the work of Schumann, Le'Roy B. Campbell, Ernest R. Kroeger, Rose Gaynor, Gertrude Ross, and others.

Third Year—Technical exercises continued. Major and harmonic minor scales, four octaves, hands together; major and minor arpeggios. Suggested studies: Matthey; Czerny-Liebling, Book II; W. S. B. Matthews; First Year Bach; Sonatinas. Selected studies from Meller, op. 47. Introduction to other works of Bach; pedal studies continued. Suggested pieces: Grieg, Patriotic Song; Haydn, Gypsy Rondo; Tschaikowski, Song of the Lark, and selected pieces from works of Gena Branscum, Mendelssohn, Borowski, Schumann, Schubert, Handel, and Haydn.

FOURTH YEAR—Technical work continued. Major and harmonic minor scales, four octaves, hands together, similar and contrary motion; arpeggio study continued. Suggested studies: Matthay; Czerny-Liebling Book II continued; pedal studies; Bach, Little Preludes and Fugues; Sonatinas; selected studies from Heller, op. 46. Suggested pieces: Beethoven, Scherzo, op. 2

and 3; Adagio, op. 13; Dupre, La Cascade; MacDowell, To a Wild Rose; From an Indian Lodge; Cooke, Forest Voices, and other selected pieces.

## Piano

#### College

## Mrs. GILBERT

FRESHMAN YEAR. 6 hours.

Development of piano touches based on Matthay Principles. Major and minor scales in parallel and contrary motions in various forms and rhythms. Arpeggios in triads, dominant seventh and dominant ninth chords with inversions.

Technical studies by Matthay, Czerny, Philipp. Bach, Two-part Inventions. Sonatas of Haydn, Mozart, Beethoven. Selected works of Schumann, Schubert, Chopin, Debussy, Foote, Beach, Crosby-Adams, MacDowell, and others.

Ensemble works by modern composers.

SOPHOMORE YEAR. 6 hours (including recital).

Continuation of technic on Matthay Principles. Scales and arpeggios in various touches at increased tempo.

Technical studies by Matthay, Czerny, Clemente, Moscheles. Bach, Three-part Inventions; Easier Preludes and Fugues. More difficult Sonatas. Selected works of Schumann, Chopin, Debussy, Liszt, Foote, Beach, Campbell, MacDowell, and others.

Ensemble works of classic composers.

#### ORGAN

Course 1.

Pedal Studies by Sir John Stainer. James H. Rogers Choral Preludes for Manuels, Book V (Peters Edition); trios for manuels and pedals; hymn playing.

Course 2.

Continuation of *Pedal Studies* by Stainer. Short Preludes and Fugues by Bach; selections from classic and modern composers; hymn playing and improvisation.

## VOICE DEPARTMENT

## Mr. Lynch

The aim of the department is to provide all pupils with a practical knowledge of music and its interpretation in song.

Course I. Rudiments of music, including key signatures, pitch, time, rhythm, elementary studies for breath control, freedom of the articulating organs, and the emission and development of tone. Formation of vowels and consonants.

Text-books: Music Reader No. 2 by Ruebush, F. W. Root Synthetic Exercises; Marchesi, Twenty Vocalises op. 15; selected vocalises from Sieber. 36 eight-measure vocalises.

Suggested songs: When Love is Done, Fox; There is No Unbelief, Wooler; songs by Kounts, Foster, etc.

COURSE II. Further exercises for breath control and development of tone. English diction. Vocalises by Sieber, Concone, and Root for agility and resonance.

Suggested songs: Lad of Mine, Clarke; Lead Thou My Soul, Rob Roy Peery; One Golden April Morning, Gulesian.

Course III. Advanced studies in vocalization. Treatment of embellishments, vocalises by Sieber, Concone, Lutgen, and Max Spicker. Modern songs analyzed for individual feeling.

Suggested songs: A Heap o' Livin, Mrs. M. H. Gulesian; At Twilight, Friml; Candle Lightin' Time, S. Coleridge-Taylor; Iris, Ware; other songs by Foote, Buck, Morrison, Bartlett, and others.

## DEPARTMENT OF VIOLIN

(Instructor not yet employed)

FIRST YEAR. The first year course covers the requirements for first position playing. The studies are progressively arranged for systematic development of the left hand and also fundamental bowing and rhythmic needs.

SECOND YEAR. The exercises for the second year include scales in two octaves and studies for the development of technical dexterity. Correction of faulty intonation, relaxation of the bow-arm and wrist are given. Solos in the first three positions are played.

THIRD YEAR. Scales and Arpeggios in all keys. Etudes by Kayser, and Mazas, Technical Studies by Sevcik. Solos and easy Concertos in the first three positions.

FOURTH YEAR. Special studies for tone development. Etudes by Dont, Kayser, and Kreutzer. Technical Studies by Seveik, op. 8 and 9. Concertos, Sonatos and Solos in five positions studied.

FIFTH YEAR. Tone development continued. Scales and Arpeggios in three octaves and advanced bowing exercises given. Studies from Kreutzer and Rode. Solos and Concertos suited to the fifth grade are studied.

Sixth Year. Tone development continued, scales in double stops, and octaves. Kreutzer, and Fiorillo Etudes are studied. Technical exercises by Sevcik and others. Sonatas by Bach, Concertos by De Beriot and Mendelssohn studied.

On the completion of the course the student must give a public recital from memory, in which a standard concerto is played.

VIOLIN ENSEMBLE. The loose leaf method is used for class lessons and quartettes by Auer and others are played. This is a three-year course. Students doing third year work may join the orchestra.

## **Orchestral Instruments**

It is the purpose of the Violin Department to build up an Orchestra in the school each year. In order to do this instruction will be given in time and notation and production of tone on Orchestral Instruments.

Orchestra rehearsal once a week. Overtures, Church Music, and the lighter Symphonies will be practiced. Violin students who are finishing the Preparatory course and those who play music in third position will play in the Orchestra.

# THEORETICAL AND HISTORICAL MUSIC COURSES

MRS. GILBERT

Mr. Lynch

MR. McDuffie

Solfeggio I. Ear Training, Sight Reading, Dictation. Rudiments of music, notation of pitch, duration, signature, intervals, construction of scales and chords. Sight reading and ear training by dictation.

One hour a week, first and second semesters.

THEORY II. Primary laws of acoustics and tone colors of various instruments. Musical embellishments and combinationsigns, abbreviations, combination-rhythms and their treatment.

Textbook: Theory of Music, Elson.

HARMONY I. Primary and secondary triads and inversions, cadences, sequences, connection of triads, melody writing, four part harmonization of melodies, dominant seventh and dominant ninth chords and their inversions, figured bass, melodic dictation.

Two hours a week, first and second semesters.

Textbook: Modern Harmony, Foote and Spaulding.

HARMONY II. Continuation of Harmony I. Modulation, secondary seventh chords in major and minor, figured bass continued, chromatic progressions and alerations, suspensions, passing tones, organ-point and composition of simple forms.

Two hours a week, first and second semesters.

Textbook: Modern Harmony, Foote and Spaulding.

FORM AND ANALYSIS II. The study and analysis of music forms; figure, motive and phrase, to fugue and sonata.

Illustrations from Bach, Haydn, Mozart, Beethoven, Schubert, Mendelssohn, MacDowell, Beach.

One hour a week, first and second semesters.

Textbooks: Form and Analysis by Goetschius. Music Form by Anger.

Appreciation of Music II. Lecture course. Music as a language; the importance of music in a cultural education. Observation and listening lessons, the construction of simple

melodies and harmonies to express ideas, tone color as a means of depicting feeling in music, rhythms and harmonies of various countries. Sacred music, early and modern.

One hour a week, first and second semesters.

HISTORY OF MUSIC II. Study of music history from the time of the primitive savage to the present day. Illustrated by pictures, maps, manuscripts, and outlined by chronological plates.

Two hours a week, first and second semesters.

Textbooks: Histories of Music by Pratt and Baltzell. Outlines of Music History by Hamilton.

PIANO METHODICS II. A practical course in the technical and aesthetical difficulties of music interpretation for piano, including tone production, anatomical survey and pupil's repertoire.

One hour a week, first and second semesters.

#### Notes

Only those students who offer fifteen units may be enrolled as regular college music students. The courses outlined in both preparatory and college departments are arranged for those wishing to specialize in music, but as the courses are designed with view to the most rapid progress, special students will follow the same general plan except that theoretical subjects will not be required, unless desired. Special students in the college department are allowed certain credits toward graduation.

Regular practice hours are assigned each student. College students practice thirteen hours each week, and all students are required to practice at least one hour daily.

All private lessons are of thirty minutes duration, two lessons being given each week.

Recitals are given at intervals during the year, that pupils may develop confidence and poise in public performance.

A deposit of two dollars and fifty cents is required of all music students each semester for supplies. Any unused part will be exturned. Music and books will not be charged to students.

## SCHOOL OF ART

#### Mrs. Edwards

The purpose of the Art Department is not only to give the student a knowledge of drawing and painting but to develop his observation of the numberless beauties of nature, and to inspire devotion in the hearts of those whom we try to teach to the Creator of all beauty.

The Art Class meets in a well-lighted room in the new D. Rich Memorial Building. It is equipped with individual lockers, easels and other necessary material and furnishings.

A China kiln has recently been installed, and China painting is now one of the most fascinating courses of Art taught here.

During the first year's course special emphasis is placed upon the training of the eye to see.

Throughout the entire course the individuality of the student is encouraged and originality emphasized.

First Year—Elementary drawing, outline drawing from objects, study of lights and shadows. Painting simple landscapes, flowers and still-life studies in water-color, oil and pastels.

Second Year—Charcoal work from the antique—hands, feet, busts, statues, perspective designing and stenciling; painting in oil, pastel and water colors.

Third Year—Drawing from life, pen and ink illustrations, sketching landscapes, painting from nature; composition and Art History.

Certificates will be awarded those who complete the required course together with the full course in English.

## LIBRARY AND READING ROOM

## MRS. HARRIS

A few years ago a generous, public-spirited citizen of our community donated a number of useful volumes as the nucleus for a library for the school. To these many kind friends made valuable gifts, until we had about 1,500 volumes in the library. These were lost in the fire. We are rapidly rebuilding the library, having at present about 4,000 volumes.

The following magazines and papers come regularly to our Reading Room:

The American, American Magazine, Asheboro Courier, Atlantic Monthly, The Baptist, Biblical Recorder, Charity and Children, Chatham Record, Christian Herald, Christian Index, Current History, Dunn Dispatch, Etude, Forum, Greenville Reflector, Greensboro Daily News, Harnett County News, The Independent, The Johnstonian, Ladies Home Journal, Literary Digest, Manufacturers Record, Moody Monthly Magazine, Nation, National Geographic, News and Observer, New York Times, Normal Instructor, Outlook, Progressive Farmer, Popular Science, Robesonian, Review of Reviews, Sampson Independent, Saturday Evening Post, Sunday School Times, Scribners, Success, Smithfield Herald, Tarboro Southerner, Watchman-Examiner, Western Recorder, Woman's Home Companion, World's Work, Harpers, Winston-Salem Journal, The Courier, The Texas Standard, Canadian Baptist.

#### GIFTS

The following friends have contributed books to the library this year:

Mrs. Abbie Bonsteel, Buie's Creek, N. C., 41 magazines; Senator J. W. Bailey, Raleigh, N. C., 13 volumes, Year Book of Agriculture; Miss Mary McCormac, Dillon, S. C., 1 volume; Rev. R. C. Lanier, Greensboro, N. C., 3 volumes; Mr. A. R. Weaver, Rocky Mount, N. C., 19 volumes; Nathan O'Berry, State Treasurer, 1 volume; Mrs. Mary A. Harris, Buie's Creek, N. C., 12 volumes; Dr. Campbell, President, 80 volumes; Sunday School Library, Buie's Creek, N. C., 4 volumes; Blue Seal Sunday School Class, Buie's Creek, N. C., 6 volumes; B. S. U. ## SUMMER SCHOOL

Since 1902 we have been conducting a Summer School, beginning about the middle of May, and continuing for six weeks.

The summer session does regular classroom work and credit is given towards a high school or college diploma for work completed. All courses are taught by members of our regular faculty.

## RELIGIOUS ADVANTAGES

Each student is required to attend the chapel exercises, and encouraged to enter into the spirit of worship to the Creator. In these exercises the school attempts to impress upon the students the wisdom of pure, upright living, and the folly and ruin of sin in its every form.

The Buie's Creek Baptist Church, of which the Principal has been pastor for thirty-eight years, holds its preaching services on the second and fourth Sundays in each month, morning and night.

A well-organized Sunday School is conducted by the Buie's Creek Baptist Church, which students are required to attend. Prof. L. H. Campbell is Superintendent, and he is actively supported by every member of the faculty. The State Sunday School Board has mapped out a special week of study for Sunday School workers to be given annually. Students are thus given opportunity to see a large, enthusiastic Sunday School at work and catch the spirit of service in their home churches.

The Baptist Young People's Union, divided into four sections, with four groups in each section, meets weekly. All of these Unions are very active. Special study courses are conducted annually under the direction of the State director, assisted by the faculty with almost unanimous coöperation of the students.

A Young People's Prayer Meeting, conducted mainly by students, meets every first and third Sunday nights. This organization, under the control of Mr. J. F. Blackmon, is maintaining a high standard of service.

In addition to these larger religious organizations, smaller groups are formed of active Christians interested in special phases of work. The Y. W. A. for girls at their dormitory is a live organization, meeting twice a month, devoted to the religious needs of the girls. The Volunteer Band for girls and the Ministerial Conference for boys are composed of those who are offering themselves for special lines of religious work.

Unifying and promoting the activities of all of these organizations is the Baptist Student Union, created in the fall of 1927. This organization at frequent intervals conducts the devotional exercises at the chapel hour, laying special emphasis upon topics vitally related to the student life. Through its work leadership in the different groups is more widely distributed and the responsibility of each officer is more definitely realized.

The Methodist Episcopal Church, with Sunday School every Sunday and preaching monthly, is near enough for students to attend.

The Presbyterian Church, with a neat house of worship, has preaching monthly, with Sunday School every Sunday.

Evangelistic meetings are held once or twice a year. Last year these meetings were conducted in the spring term by Rev. J. A. McIver. In these meetings and during our regular preaching services there have been about forty baptisms for the year. A brick church costing about \$25,000, is well equipped with Sunday School rooms, a pipe organ costing \$2,500, and is a great addition to our chance to serve those who come to us.

A prominent professor in one of our leading colleges has said: "Of all the preparatory schools in the State with which I am acquainted (and I know the principal ones) there is not another where the influences for good morals are equal to yours."

#### PUBLIC LECTURES AND ADDRESSES

September 1—Fall Opening—Dr. Geo. W. Sadler, Africa; Rev. J. C. Powell, Africa; Dr. Charles E. Maddry, Raleigh; President Carlyle Campbell, Coker College; Mr. D. H. Senter, Chalybeate Springs.

September 2-W. D. Matthews, Esq., Vass; Mr. C. L. Tyson, Vass.

September 7-Rev. Paul Hartsell, Durham.

September 22-Rev. C. C. Wheeler, Merry Oaks.

September 25-Rev. W. M. Page, Salem, Va.

October 5-Miss Pear Bourne, Birmingham, Ala.

October 12-Dr. J. T. Henderson, Knoxville, Tenn.

October 22-Dr. V. S. Collins, Wilmington, Del.

November 2-6—B. Y. P. U. Courses—Misses Winnie Rickett and Mary Ayscue.

November 8-Rev. L. B. Olive, Raleigh.

November 16-22—Revival Meetings—Rev. J. A. McIver.

November 22-25-Rev. H. W. Hines, Ph.D., Springfield, Ill.

January 10-Rev. Frank Hare, Jonesboro.

January 13—Birthday Celebration—Dr. D. B. Bryan, Wake Forest College; Dr. Charles E. Brewer, Meredith College; Dr. Charles E. Maddry, Baptist State Convention; Dr. B. W. Spilman, Kinston; Miss Evelyn Snider, Campbell College.

January 31-Rev. J. C. Powell, Africa.

February 5-Dr. C. L. Jackson, Pinebluff.

February 6—Society Anniversary—Rev. E. C. Shoe, Wake Forest; Rev. G. N. Ashley, Salemburg; Miss Inez Curtis, Franklinville; Miss Mary Lee Clarke, Winton.

February 7—Mr. Ben H. Spence, Washington, D. C.; Rev. C. A. Upchurch, Raleigh.

February 11-Dr. Z. P. Metcalf, State College.

February 25-Dr. L. R. Scarborough, Texas.

February 29-Miss Emma Leachman, Atlanta.

March 10-Dr. W. L. Poteat, Wake Forest.

March 11—Rev. E. N. Gardner, Dunn; Rev. Fred N. Day, Winston-Salem.

## LITERARY SOCIETIES

In connection with the school there are four enthusiastic and well-organized literary societies—Astro, Sappho, Eutrophian, and Philologian.

The Astro and Sappho for young ladies meet Wednesday evenings for debates, readings, essays, discussions, and the transaction of business.

The Eutrophian and Philologian for young men meet Friday night for debate, declamations, reading essays, and the transaction of business.

Interest in the work of the four literary societies has been greatly increased by the inauguration of inter-collegiate debating in 1929. Under the direction of faculty representatives all members of the societies are instructed in the art of debating and encouraged to compete for places on the teams. Boys and girls alike have manifested a keen interest in this new student activity.

Any student expelled from a society becomes subject to expulsion from school.

All applications for membership in any society shall be approved by a committee of the faculty, and neither society shall have more than three-fifths of the aggregate membership of both societies.

No student is allowed to be signed up for either society or to attend a meeting of either society until the eighth day after registering as a student.

## EPSILON PI ETA SOCIETY

The Epsilon Pi Eta Society was organized in the fall of 1928, for the express purpose of promoting character, leadership, and scholarship. Membership in the society is gained by the nomination of at least twenty-five per cent of both the faculty in the high school and college department of the society, in addition to attaining a fixed scholarship record for at least one year. Membership in the organization is restricted to high school senior and college classes.

## MEDALS AND PRIZES

Medals and prizes are awarded annually as follows:

Ten dollars in gold for best all-round student, Mr. Claude Gore.

Excelsior Medal, for best student of the opposite sex.

The J. W. Jordan Orator's Medal.

Best declamation.

Best recitation.

Dr. Henry B. Day Music Improvement Medal.

Music Scholarship Medal.

The J. R. Carter Medal, given by Mr. P. A. Carter of New York, in memory of his brother, for best student in languages.

Athletics and Scholarship, given by Prof. L. H. Campbell.
The literary societies award medals at the end of each term

for best improvement in society work, and the Philologian and Eutrophian societies award a medal for best debater.

#### PUBLICATIONS

In addition to the Quarterly Bulletin for the purpose of disseminating information concerning the work of the school, the students publish a semi-monthly newspaper, Creek Pebbles, and a college annual, The Pine Burr. Both of these publications are under the supervision of faculty advisers and are representative of the spirit of the institution.

## ATHLETICS

MR. BRANDON

Mr. Dodson

MISS SNIDER

We believe that relaxation and exercise are necessary for the physical and mental development of students; that athletic contests, when properly safeguarded, have an important place in school life in accomplishing these aims. While we do not encourage professionalism, nor allow unnecessary loss of time from school work, we seek to enlist every student in some form of regular exercise. Faculty supervision and coaching is provided for various forms of gymnastic exercise and games with the view of developing clean sportsmanlike conduct on the part of all students. We have teams in all the major sports, football, baseball, basketball, track, and tennis, which compare favorably with teams from other schools in our section.

For the past year our Director of Athletics has been Mr. Brandon, who for the past several years has been Assistant Director. After his playing days at Wake Forest College, Mr. Brandon has had successful experience here and elsewhere as a coach. No small part of his success is due to his ability to make his men work hard and his insistence on manly character as an essential for sportsmen. Assisted by Mr. Dodson, a three-letter athlete from Mississippi State Teachers' College, he has kept athletics on a high plane that has merited the unprecedented support from the institution. Miss Snider has done equally efficient work with the girls.

We are well equipped to develop the physical life of our students with our spacious campus containing many courts for mass games and tennis; with a large athletic field under the control of the school; and with our new gymnasium 60x90 feet, supplied with toilets and shower baths.

All boarding students are required to attend regular classes in physical education meeting three times a week. Graduation will be denied those who fail to come up to the standards of the department. The course includes gymnastics, competitive games, and instruction in hygiene.

No student will be allowed to represent the school on any team whose deportment and scholastic record fails to meet the approval of the faculty. Profanity and rowdyism on the athletic field are not tolerated.

The school awards monograms in football, basketball, baseball, track, and tennis.

## ROOMS AND BOARD

GIRLS' DORMITORY. Young ladies room in Treat Dormitory or the Fred N. Day Annex, and are under the supervision of the Dean of women. They are not allowed to receive company at the dormitory, except under the supervision of the Dean. The buildings have electric lights, the dormitory is steam-heated, and both are supplied with running water.

Boys' Dormitory. The dormitory for boys is a two-story building, fifty-eight rooms, supplied with electric lights, steam heat and water. Members of the faculty room here and have the oversight of the boys.

FURNISHINGS. Those who room in the dormitories and the annex must furnish one pair of sheets, one pair of pillow-cases, one pillow, one quilt, towels, comb, etc. Most of our rooms are equipped with double beds.

BOARD. The College dining hall is on the ground floor of Treat Dormitory. All boys and girls rooming in college dormitories eat together under the supervision of our Dean of Women. The dining hall is commodious and well lighted. Every effort is made to have foods well prepared and everything thoroughly sanitary. Promptness in coming to meals, common politeness, and good etiquette are expected of every student.

Deposit. Each applicant for room in dormitories must deposit \$5 to secure assignment, the same to be deducted from last payment less any unnecessary damage to room. This deposit will be refunded, provided applicant decides not to take the room and notifies the College by August 25. If room is not claimed within one week after the opening of school, the same will be declared vacant.

PRIVATE HOMES. Young men may board and room in private homes. In these homes some families give board and furnished rooms. In other families "clubs" are conducted, at the end of the month each member of the club paying his pro rata expense of the board.

No student will be allowed to board or room in any private home, unless the keeper of the home pledges to support the government of the school and to report weekly as to the conduct of students in the home.

## RULES AND GOVERNMENT

- 1. We will not play cards or any games of chance.
- 2. We will not carry concealed weapons.
- 3. We will not use profanity.
- 4. We will not drink wine, whiskey, or any other intoxicants.
- 5. We will not leave the College community without the permission of the Dean or his representative.
- 6. We will not use tobacco in the schoolrooms, nor smoke in and around the buildings.
- 7. We will not mark, cut or in any way deface the school furniture or buildings, and will pay for all damage done to property by us.
- 8. At night we will not be away from our boarding places after dark, except by permission.
- 9. Students leaving the school are required to get permission from the Dean or his representative on the faculty.
- 10. Students missing chapel exercises, without being excused, may be summoned before the faculty; for ten unexcused absences the student may be expelled. Students absent from three recitations on any subject during a month, without being excused, may be required to stand examination on that subject.
- 11. Students are required to have written permission from their parents upon leaving school. Parents are urged to give their children as few permissions as possible. Except in cases of emergency, no student can have permission to be away more than eight times during the year.
- 12. Students are not allowed to miss classes on the day before or the day after a holiday.
- 13. Students will endeavor to refrain from any conduct, either in or out of school, known to them to be damaging to themselves or the interests of the school.
- 14. Students are urged to attend religious services. Attendance upon Sunday School and Sunday morning preaching services is compulsory.

Before matriculating, all students will be required to subscribe to the above rules of government, pledging their honor to cheerful obedience.

## Suggestions About Dress

The following suggestions are offered to aid the girl in planning her wardrobe for the school year:

Girls are requested to dress inexpensively and modestly.

High-heel shoes should not be worn to class rooms.

Gymnasium suit (either bloomers and middy, or jumper suit, the latter to be obtained after arrival, and tennis shoes) are required for classes in physical education.

White dresses of heavy cotton material are worn by all the girls (except seniors) during commencement.

## Honors Credits

To be entitled to graduation in the college department a student in addition to the quantitative requirements must have an equal number of qualitative credits awarded as follows: for 90 or above, 3 credits for each semester hour of the course; for 85 to 90, two honors credits for each semester hour; for 80 to 85, one honors credit.

A student may graduate from the high school department without honors credit, but will not be recommended to college with less than sixteen such credits, each unit being counted as a semester hour above.

## COMMENCEMENT, 1931

## SUNDAY, MAY 17TH

11:30 a.m. Sermon—Dr. Howard E. Rondthaler, President Salem College, Winston-Salem, N. C.

#### TUESDAY, MAY 19TH

8:15 p.m. Elementary Grades.

#### WEDNESDAY, MAY 20TH

10:30 a.m. Orator's Contest.

2:30 p.m. Declaimers' and Reciters' Contests.

8:30 p.m. Class Day Exercises.

## THURSDAY, MAY 21ST

11:00 a.m. Literary Address—Senator Cameron Morrison, Charlotte,

12:30 p.m. Delivery of Diplomas.

1:00 p.m. Alumni Luncheon—Miss Constance Midkiff, President, Winston-Salem, N. C.

Alumni Address-Hon. D. B. Teague, Sanford, N. C.

3:30 p.m. Baseball-Fort Bragg vs. Campbell College.

4:00 p.m. Art Exhibit.

8:00 p.m. "Captain Applejack"—Presented by Dramatic Club.

#### MEDALS AND PRIZES 1930-31

Best All Round Student	Ethel Liles, Wake County
Orator's Medal	Carl Ousley, Harnett County
Language Medal	Herbert Hood, Georgia
Declaimer's Medal	Louis McLeod, Harnett County
Reciter's Medal	Alice Jones, Florida
Phi. Debater's Medal	
Eu. Debater's Medal	Hugh Archie Matthews, Harnett County
Phi. Improvement Medal	William Poole, Wake County
Athletic-Scholarship	A. G. Crumpler, Sampson County

# Decisions of Three Judges

(W. P. STACY, CHIEF JUSTICE OF N. C.)

Buie's Creek Academy is situated in a healthy locality. It is conducted under Christian influences and offers a wholesome solution for those who are faced with the problem of selecting a school for their children.

# (JUDGE E. H. CRANMER, SUPERIOR COURT)

I recall, often, my visit to your splendid school. You are doing, and have done, a wonderful work. Your school is one of the bright spots in North Carolina, and I wish, sincerely, you could take ten times as many students as your present plant will accommodate. I wish, too, a few thoughtful men and women from each county in North Carolina could visit your fine school.

As a North Carolinian I am proud of, and grateful for, Buie's Creek Academy.

### (JUDGE W. A. DEVIN, SUPERIOR COURT)

I have had opportunity to visit Buie's Creek Academy on two occasions. I have known its honored Superintendent many years, and some of his assistants. I have watched the careers of a number of young men who were students there. From this personal knowledge and through other sources of information, I have formed the opinion that nowhere can better, cleaner, saner mental training be had, nor do I know of an institution where the environment is more fitted for the development of moral character. You are doing a great work there and I rejoice in it.

# What School Superintendents Say

(Hon. A. T. Allen, Superintendent of Public Instruction for N. C.)

I want to congratulate you on your large enrollment for this year. Buie's Creek Academy has done a great work in North Carolina and I am delighted to know that its prospects for the future are so bright. I certainly hope this work will continue to grow in usefulness and service and I know it will as long as your hand guides its destinies.

# (HON. J. HENRY HIGHSMITH, SUPERVISOR OF HIGH SCHOOLS FOR N. C.)

I take pleasure in speaking in commendation of Buie's Creek Academy. The school has rendered a very fine service in the equipment of young people for entrance to college and for engaging in various kinds of work. There is a decidedly wholesome atmosphere about the school. Many young men and women who are more mature than average high school boys and girls enter the school each year and find the work not only pleasant, but stimulating, and are encouraged to complete their secondary school course. This is a distinctive feature of the work of the Academy. Buie's Creek Academy has rendered an unusually effective service to students who have had limited school advantages. This school is a real educational asset to North Carolina.

(FROM HON. J. Y. JOYNER, EX-SUPT. OF PUBLIC INSTRUCTION FOR NORTH CAROLINA)

I retain most delightful recollections of my visit to your school. I was greatly impressed with the fine spirit of your students, the excellence of your Commencement exercises, and the pride of the people of the community in Buie's Creek Academy and their admirable loyalty to it. The marvelous success of your school in a rural district, four miles from any railroad, and the transformation that has been wrought by its influence in that section of the country, is a splendid object lesson in what can be accomplished by pluck, energy, faith, and consecration to a noble work. Your school is doing a blessed work by placing excellent educational advantages within the reach of hundreds of young men and young women of moderate means, and within the reach of many absolutely without means.

### (FROM SUPT. B. P. GENTRY, HARNET COUNTY)

The opportunities for the proper training of young men and young women at Buie's Creek are so well known that it seems sufficient to me to say Buie's Creek will carry the right message. These two words have almost become synonyms of growth, development, and progress in Christian education. They suggest a place of power and achievement. Viewing the school and its work as an interested and close observer, I do not hesitate to class it as a big asset, not only to Harnett County, but to the State and county as a whole. Properly located and controlled by men who always dare to do the right, it will ever remain a fit training place for the youth of our land.

# What College Presidents Say

(From Hon, E. C. Brooks, Ex-Supt. of Public Instruction for North Carolina, Now President of State College)

I was very much impressed during my recent visit to Buie's Creek with the fine spirit that prevails in your community. The loyalty of the students to the institution and the admiration and respect in which it is held by the people are an evidence that your institution fills a large place not only in Harnett County, but in the State. It has grown up around a man who seems to have a genius for stimulating and inspiring young men and young women.

## (FROM PRESIDENT POTEAT, WAKE FOREST COLLEGE)

I beg to congratulate you upon the fact that your school had forty-two men in Wake Forest College the past session, and out of that number ten were in the graduating class. I congratulate you further upon the high purpose, the seriousness, and the habit of work which we have here come to recognize as characteristic of the Buie's Creek men.

# (FROM PRESIDENT BOATWRIGHT, UNIVERSITY OF RICHMOND)

The young men who have come to Richmond College from Buie's Creek Academy have been students of character and high purpose. Their college work has indicated careful training, and on this basis I am glad to give my cordial endorsement to the work of your Academy.

### (FROM PRESIDENT FOUST, N. C. COLLEGE FOR WOMEN)

It gives me much pleasure to bear testimony to the excellent work that is being done by your institution. We have had several students from your school and they have shown good preparation. I believe that you are doing a great work and that your school deserves the support and encouragement that it is receiving from our best citizens.

### (From Dr. Chas. E. Brewer, President of Meredith College)

I know of no school that is doing greater work than is being done at Buie's Creek Academy under the direction of Rev. J. A. Campbell. The students coming from that institution are not only well prepared for their class work, but also have the right attitude.

# (FROM PRESIDENT L. R. SCARBOROUGH, SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY, TEXAS)

From what I saw the day I visited the school I put it down in my deepest soul that there can be no better place in this country for a boy or girl to get a start in education. I do not know of a place anywhere that I would rather have my children educated than in Buie's Creek Academy. I count it one of the greatest spiritual assets Baptists have in the South.

### (FROM PRESIDENT H. W. CHASE, UNIVERSITY OF NORTH CAROLINA)

I am very glad to say that it has been our experience that the men who come here from Buie's Creek Academy come well prepared for work at the University. They are good men, and we are always glad to have them.

You will be interested to know that one of the men you sent us this year has thus far made a record of over nincty-five per cent in five of the six courses which he has so far completed. This is a most extraordinary record for a first-year man.

#### (From President W. J. McGlothin, Furman University, S. C.)

It has been my good fortune to touch the students who come from Buie's Creek in one way or another for many years, and it is a pleasure to testify that they have uniformly been filled with the highest spirit of devotion to the work of education and to all the higher things of the spirit. There is no secondary school among Baptists which has a better influence upon its students than Buie's Creek, in my judgment. I heartily commend it to all who are seeking a high-grade Christian secondary school.

### (From President E. W. Sikes, Clemson College, S. C.)

The spirit of Buie's Creek Academy is one of the finest that I have ever known. Great emphasis is placed upon character building. There is an atmosphere of culture and refinement that greatly edifies. There is much there of the spirit of the famous old high schools that have become historical. High morals and religion are kept above par. The atmosphere of the place stimulates one for higher things. Any young man is fortunate who has had the advantages of such training for four years.

# What Other Prominent Men Say

## (Dr. J. R. JESTER, PASTOR FIRST BAPTIST CHURCH, WINSTON-SALEM)

In the Fall of 1924, it was my pleasure to spend ten days at Buie's Creek speaking twice each day, in Revival Services. In all my ministry I do not recall a more delightful season. The spiritual atmosphere that exists in Buie's Creek Academy is most wholesome. Every effort is made to implant the highest ideals of Christian character in the minds and hearts of the students. If any student fails to respond to such influence, we feel that such failure cannot be charged to those who are giving their lives and best efforts in a sacrificial way to train the students for real service. The Buie's Creek spirit is unique. We have seen no school that exerts a finer Christian influence. May heaven's favor continue upon J. A. Campbell and those associated with him in the noble work of this Institution.

# (From Hon. J. A. Powers, Solicitor for Sixth District)

Many of your students were classmates of mine at Wake Forest College. Many others I have known personally and by reputation. I think I can speak with authority when I say that your institution is rendering the greatest service of any institution within my knowledge. I never hesitate to recommend your school whenever and wherever I have opporunity.

# (FROM HON. JOSEPHUS DANIELS, EX-SECRETARY U. S. NAVY)

One of the institutions that is doing the most good in this section of the State is Buie's Creek Academy, Harnett County. It is not ambitious for greatness, but its principal, Rev. J. A. Campbell, is ambitious to see it grow in usefulness. It has been like a light set on a hill to a large section of country, and has shed a radiance of better education and enlarged opportunities that will tell for the State's betterment in all the years that are to come. If every section of the State had such an academy, North Carolina would in a few years take front rank.

### (From Rev. E. C. Maddry, D.D., Secretary of Board of Missions for N. C.)

We judge any institution by its finished product. Measured by this standard, Buie's Creek can meet the test. As a high-grade preparatory school it ranks second to none in North Carolina. The students going out from this school stand shoulder to shoulder with those of any other school.

But the finest asset of Buie's Creek is its wholesome, Christian atmosphere. The school is built up and lives around the great historic spirit of its founder and director. The spirit of noble sacrifice and unselfish service sooner or later grips and dominates every young life that touches Buie's Creek. May the blessings of heaven, without stint and measure, be poured out continually upon the great school.

### (From Dr. Clarence H. Poe, Editor Progressive Farmer, Raleigh, N. C.)

It gives me great pleasure to bear testimony to the splendid work of Buie's Creek Academy, especially as it impressed itself upon me during my recent visit. I remarked upon my return that I doubted whether any other school in North Carolina has accomplished as much in proportion to the money expended upon it. You have reached a class of young men from our farms, most of whom no other institution would have reached, and the good accomplished is incalculable.

### (FROM REV. LIVINGSTON JOHNSON, D.D., EDITOR BIBLICAL RECORDER)

It was my great pleasure to visit Buie's Creek recently. I had heard much of this school and its excellent work, but can truly say that my expectations, high as they were, were more than met. Nearly five hundred pupils are gathered from sixty-five counties of this State, and from many other States.

These young men and women impress one as having an earnest purpose in life. They are there to better prepare themselves for future usefulness.

Most of them are poor, and could not secure an education were it not for the peculiar advantages offered them by Buie's Creek Academy. Any parent can feel safe in putting his child under the care of Professor Campbell. There is a spiritual atmosphere pervading the whole institution which impresses one as soon as he reaches the community.

### (From Hon. J. A. Oats, FAYETTEVILLE, N. C.)

One of the great marvels in the educational revival in North Carolina is the wonderful internal and expansive growth of the Buie's Creek Academy. It was once the school of Rev. J. A. Campbell, but is now the school of the people. The State does not own it, yet it is a public school. No church owns it, yet its strong influence for Bible truth and morality cannot be calculated. Buie's Creek needs the people and the people need Buie's Creek.

The elements have met in Buie's Creek to make it a great Southern preparatory school. These elements are a practical, consecrated principal of experience, a school with an enviable record already established, a patronage which means loving friends, a location ideal. The people of North Carolina could do the education work of their State no better service than to take stock in Buie's Creek Academy.

# (FROM REV. B. W. SPILMAN, D.D., FIELD SECRETARY SUNDAY SCHOOL BOARD, KINSTON, N. C.)

I have recently spent several days at Buie's Creek Academy. It is in many respects the best academy in North Carolina. The building is equipped with modern appliances. There is a faculty whose superior is not to be found in any academy in the State, and the spirit of Christ pervades the institution.

### (FROM DR. G. W. PASCHAL, WAKE FOREST, N. C.)

I have never been at Buie's Creek to see your plant, but I know your school. "By their fruits ye shall know them." For twenty-six years now I have been dealing with students fresh from Buie's Creek. Without exception they have shown the influence of such training in books, in religion, in character, as I could wish that my own sons may receive in their high school course.

# (FROM REV. C. H. DURHAM, D.D., LUMBERTON, N. C.)

It was my privilege to visit Buie's Creek Academy recently. For a number of years I have viewed it from a distance with increasing admiration. On this occasion it was my great pleasure to view it at close range and become better acquainted with its inner life and work. Having heard so long of some of the chief characteristics of the place, it was not surprising to find the moral and religious tone of the community to be very pronounced. Also to find it remarkably free from loud, worldly display, so prevalent nowadays. The visitor soon has the conviction that faithful, honest work is done here. And he soon finds

himself prepared to believe that the students of this institution move in an atmosphere which is calculated to develop strong, healthy, Christian character. Of course every one agrees that the godly life of Principal J. A. Campbell is stamped on the school and the entire community. Few men are loved and respected by their pupils, associates and neighbors as much as he is. The work that he and his faithful teachers are doing can't be estimated this side of eternity. To all the Baptist People in North Carolina it should be a source of profound gratitude that we have such a school as this.

# What Our Patrons Say

(Dr. C. E. Schaible, Chair of Bible, Coker College, S. C.)

We are very much pleased with the progress that Maynard has been making, since he has gone to Buie's Creek Academy. We feel that we did well in sending him to you. I shall be glad to recommend Buie's Creek Academy to anyone. Your Christian standards and ideals are bound to work good to anyone who can respond at all to good influences.

### (Hon, J. C. Meekins, Jr., Washington, N. C.)

I consider your institution the best preparatory school in this State.

To my mind there are four qualities, which are absolutely necessary to a boy's success, in after life: Religion, thoroughness, thrift and economy. In visiting my boy, who is with you, I find that these conditions are stressed at Buie's Creek more than at any place I have ever seen. I have two more boys for you, one will go next year and the other as soon as he is prepared to enter.

### (FROM REV. FRED N. DAY, WINSTON-SALEM, N. C.)

I have been for a number of years personally acquainted with Professor Campbell and his school. I have had three sons under his care and am also interested in educating others there. In my opinion there is no safer or better school to which to send your children.

#### (FROM MRS. J. L. AYCOCK, ELBERON, N. C.)

For the last two years my son has been a student of Buie's Creek Academy, and I am well pleased with the progress which he has made. He is very enthusiastic about his work there and speaks in highest terms of the school and faculty. It has been my privilege to visit Buie's Creek a few times, and I think that I have never seen such loyalty to the school and the things that are best among any student-body as is shown by the boys and girls of your institution.

# (From Rev. E. R. Nelson, Baptist Pastor, Henderson, N. C.)

It affords me pleasure to commend both you and your school. I have been most favorably impressed with your methods and with the conduct of the work and my admiration and love for you increase with every visit.

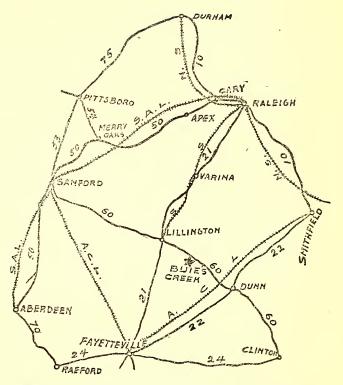

I shall always be glad that I sent my daughter to Buie's Creek Academy. This is a Christian secondary school of the highest order. I have a well-founded suspicion that the head of the school is very careful as to whom he associates with himself in the work.

## (FROM MR. I. D. HARRELSON, FARMER, WINNABOW, N. C.)

Having been a student at your school more than twenty years ago, it was not hard for me to decide where to send my children when ready for high school. I sent you my oldest son. He is now in Richmond doing well. You now have my oldest daughter and six others are getting ready for Buie's Creek. I am perfectly satisfied so long as my children are under your watchful eyes. I regard your school as second to none on earth. My father, now eighty-six years old, wishes me to add that he has been watching your school with prayerful interest since its first beginnings, and he will never cease to love you and the school for what it has done for the Master's cause.

### (From Mr. C. C. Jones, Carthage, N. C.)

If an institution is to be judged by its fruits (and how else shall we judge it?) I know of one man who as a boy attended this school, got his bearings, and often refers to it as the deciding factor in his life's work, who if he were the only one that could be pointed to as a credit to the school, it would have been worth all the efforts ever put forth there, and the school would be counted a great success. But I know of many such. They are scattered all over the country. That seems to have been and is the aim of the school-to help boys and girls find their life's work. Too many are aimlessly drifting, jumping from pillar to post, and have no purpose in life; Buie's Creek helps them to find themselves and gives them a vision of the "life beautiful." I know of no better influence anywhere, and the good that this school has done can never be estimated as we estimate things in this world. Any man having money he desires to invest in boys and girls, where it will pay large dividends in things that abide forever, while empires crumble, would do well to look into the work of Buie's Creek. Its guiding hand all these years has been that matchless man, J. A. Campbell. How he has done the work he has is a marvel.
